A New Phase of the Story Grand and Anthory Lippert, residing on Troy Hill, called at the Mayor's office and stated that he had been swindled out of \$20 in the following manner:

May Starberd!—Probable Murder.—Last evening about seven o'clock, a difficulty occurred between two men named Encodo Owens (know was also as Enoch Johnson) and William Cyres, at a house of ill-fame kept by Mrs. Delaney, at the head of "the steps" on Washington street, which resulted in Cyres' drawing a knife, and stabbing Owens. One wound was indicted on the right arm, one on the leg, one on the clower part of the abdomen, one on the thigh, and one—the severest received—on the stomach just below the navel. The latter wound is several inches in lateral extent and very deep, so that the intestines protruded. Soon after receiving theer these protruded. Soon after receiving theer stabs. BURGIABIES.—The burgiars are again operating extensively throughout the cities. We have several to record this morning:

He was committed for trial on all these charges. Bereral other articles were found on his person which are supposed to have been stolen.

FIRE AT THE ST. CHARLES.—A fire broke out in the fourth story of the back wing of the St. Charles Hotel yeaterday afternoon, about 3 o'clock. It is not known how it originated but probably it was owing to the carlessness of the servants who sleep in that part of the hallding. Fortunately the flames were extinguished: A violent windwas raging at the time, and had the fire got at all under headway the destruction of property would have been immense. As it was, \$100 will cover the loss.

Bobt Found.—Yesterday, morning, a human body was found floating in the Monongahela nearthe foot of Ferry street. Ald Mayor, setting in place of Coroner Lowery, who is absent from the city, held an inquest, and a verdict of "found drowned" was rendered. The deceased was apparently a middle-aged Gyrman who had been amployed as a deck-hand, and seemed to have been in the water for as long as two weeks. The body was buried by directions of the Guardian of the Poor.
