HOPPER'S PATENT PLANE.

THE undersigned is prepared to supply CARPENTERS, CABINET-MAKERS and Wood-turners in Wood generally, with his Patented and valuable Plane. All who have tried it pronounce it a most valuable invention; that must soon come into general use. The following letters from practical workmen are but two among many letters the Patentee has received recommending this Plane above all others in use:

PITTSBURGH STEAM CABINET FACTORY, }
February 22, 1855. }

We hereby certify, that during the last twelve months we have used Hopper's Patent Plane, and do not hesitate to recommend it to Cabinet-Makers and Carpenters as superior to any other Plane in use.

It is adapted to planing oak, cherry, walnut and all sorts of hard wood, and for planing veneers, it is far superior to the old mode of scraping, besides being a great saving of time. (See plane, by using this Plane, will plane more veneers than five men can do by any other plane or method in use. H. H. RYAN & CO.

To MESSRS P. HOPPER, Esq.:

Dear Sir—I have examined Hopper's Paten Bench Plane, and believe it to be a most excellent article for the use for which it is intended, as a combination of plane and scraper.

It is particularly adapted to planing veneers, and it does not require one-fourth the time or labor of the old method, and I have no doubt, when its properties become generally known, but that it will entirely supersede the former tedious and laborious custom.

I most cheerfully recommend it to all persons engaged in the cabinet business, as from my knowledge of it, there is nothing as well fitted to give a smooth and beautiful finish to veneers as the Hopper Patent Bench Plane.

JAMES W. WOODRUFF,
Cabinet Furniture Warerooms, 97, 99 Third st., Pittsburgh.

Attorney for Hopper's Patent.

MOSES P. HATCH, of this city, is my sole Agent for the sale of Planes, or of rights to manufacture and sell them in Pittsburgh, March 21, 1855. WM. C. H. HOPPER.
