HOPPER'S PATENT PLANE.

THE undersigned is prepared to supply CARPENTERS, CABINET MAKERS, and Workers in Wood generally, with his Patented and valuable Planes. All who have tried it pronounce it the most valuable invention that must soon come into general use. The following letters from practical workmen are but two among many letters in the hands of the undersigned recommending this Plane above all others in use:

PITTSBURGH, PENNSYLVANIA CABINET FACTORY, February 22, 1855.

We hereby certify, that during the last twelve months we have used Hopper's Patent Plane, and do not hesitate to recommend it to Cabinet-Makers and Carpenters as superior to any other Plane in use. Having tried others, we know what we say, and the few will have equal cause for satisfaction. Remember Hopper's Patent Plane, cherry, walnut and all sorts of hard wood can be planed, without the least difficulty, in the old order of cutting, unlike being a great saving of time. One man, by using this Plane, will plane more in a given time than five men can do by any other plane or method in use. R. H. BEAN & CO.

To MOSES P. HAYDN, Esq.:

Dear Sir—We have examined Hopper's Patent Beach Plane, and believe it to be a most excellent article for the use for which it is intended, as a convenient Beach Plane and scraper.

It is particularly adapted to planing vessels' bottoms, and does not require one-fourth the time or labor of the old method; and I have no doubt, when its properties become generally known, that it will entirely supersede the former tedious and laborious custom.

I most cheerfully recommend it to all persons engaged in the Caulked business, as from my knowledge of it, there is nothing we want in it to render it amazing and beautiful finish to recommend the Hopper Patented Beach Plane. JAMES W. WOODWARD,

Furniture Warerooms, 67, 69 Third st., Pittsburgh, Pa., January 27, 1855.

MOSES P. HAYDN, Esq.: My sole Agent for the sale of Planes, or of rights to manufacture and sell them in Pittsburgh, March 21, 1855. WM. C. RIPPIN.
