Spring Stock of Hamburg Pianos.

CHARLOTTE BLUME,

No. 115 *WOOD STREET*,

PITTSBURGH, PA.

THE HAMBURG PIANOS are unsurpassed by any manufactured in this country, and are unanimously recommended by the highest musical authorities, as being unequalled by any in use. Their great power, brilliancy of tone, and unrivalled facility of touch, have won for them the highest encomiums from the most eminent artists who have been constantly in the habit of using them. The *Pittsburgh Gazette*, speaking of them, says: "We visited the warerooms of Miss Blume, on Wood street, and were highly pleased with the instruments we saw there. We were shown a letter from Professor Henry Kolbrick, After describing the particular style, &c., which he wants the one we saw, one Grand and one Square Piano, he speaks as follows of their excellent qualities:

"My little daughter, who plays very well, must, with me, have a good instrument, and I can say the one you sent me is extremely good.

"Instruments are offered me on the most accommodating terms, but I do not like them; they have not the elasticity of touch and the tone of yours."

I remain yours respectfully,

HENRY ROSBROCK.

For sale only by CHARLOTTE BLUME,

at the old established 115 Wood st., 2 doors above 6th st.

Also, for sale, the Pittsburgh and Western Pianos, for which Messrs. Davis & Holmes, of Pittsburgh, are agents. For richness of tone, we consider them superior to either Pittsburgh or Hamburg, and they have all lately been introduced here, and offer to purchasers, on the most favorable terms. mh28

Great Improvement in the Covering of Violin Strings.

(Certificate of Premium.)

MANUFACTURED ONLY BY JAMES DODD.

INTRODUCING his new Cordes ou Violin to the notice of Professors, Amateurs and the Public at large. J. Dodd has great pleasure in announcing that the Committee of Inquiry of the Mechanics' Institute have unanimously awarded to him by Silver Medal, the highest premium offered for the best improvement in Violin Strings, during his visit to this country, as it is identical with that adopted on the Continent, where they have been for years manufactured for those great Violinists. They are beautiful in appearance, covered with real silver and possess a softness and brilliancy of tone unequalled by any of the strings; by present musical qualities, which he feels confident must insure the approbation of the musical World. He has also manufactured Violincello Strings on the same principle, with proportionate success, which he can likewise confidently recommend.

Dodd's Violin Strings are composed of the most delicate manufactured Frenzen, have been two and among many others,
