one of the most amazing and discouraging signs of the times is, that these outrages against the very principles of justice and republican government do not more the people to a greater degree. Such lawless and disgraceful outrages have never been seen in any regular civilized government. Our Revolutionary fathers, could they witness our degeneracy, would be ashamed of their offspring. They waged a long and destructive war for less cause of complaint. A few years ago we were ready to enter into a war with England for a strip of territory on our North-Restern and on our North-Western bourders. But we calmly permit Slavery to wrest from us the fairest territory of the country, situated in its very heart, which had been conscrated to freedom. It was designed for the furnished of fraud and violence, to make room for the slave drivers and the slave breeder. If this outrage is permitted to be successful no.
