HOPPER'S PATENT PLANE.

THE undersigned is prepared to supply CARPENTERS, CABINET-MAKERS, and Workers in Wood generally, with his Patent and valuable Planes, all who have tried it pronounce it a most valuable invention, and wonder it was not invented sooner. The first owning letters from practical workmen are but two among many stating the information was received recommending this Plane above all others in use.

PITTSBURGH STEAM CHEMICAL FACTORY.

We hereby certify, that during the last twelve months we have used Hopper's Patent Plane, and do not hesitate to recommend it to Cabinet-Makers and Carpenters as superior to any other Plane in use. We consider it invaluable for planing cak, cherry, walnut and all sorts of hard wood, and for planing veneers, it is far superior to the old mode of scraping and sanding, being a great saving of time. One man, by using this Plane, will plane more veneers than five men can do by any other Plane or method

H. H. RYAN & CO.

In use.

To MOSES P. HATCH, Esq.:

Dear Sir—I have examined Hopper's Patent Bench Plane, and believe it to be a most excellent article for the use for which it is intended, as a combination, of plane and scraper.

It is particularly adapted to planing veneers, and it does not require one-fourth the time or labor of the old method; and I have no doubt, when its properties become generally known, that it will entirely supersede the old, tedious and laborious custom.

I most cheerfully recommend it to all persons engaged in the cabinet business, as from my knowledge of it, there is nothing so well fitted to give a smooth and beautiful finish to veneers as the Hopper Patent Bench Plane.

JAMES W. WOODRUFF,

Furniture Warerooms, 97, 99 Third st., Pittsburgh. *Pittsburgh, February 27, 1855.*

MOSES P. HATCH, of this city, is my sole Agent for the above Patent Planes, or of right to manufacture and sell them.
