HOPPER'S PATENT PLANE.

THE undersigned is prepared to supply CARPENTERS, CABINET-MAKERS, and Workers in Wood generally, with his Patented and valuable Planes.

All who have tried it pronounce it a most valuable invention, that must soon come into general use. The following letters from strangers are but two among many letters the Patentee has received recommending this Plane above all others in use:

PITTSBURGH STEAM CABINET FACTORY,
February 22, 1855.

We hereby certify, that during the last twelve months we have used Hopper's Patent Plane, and do not hesitate to recommend it to Cabinet-Makers and Carpenters as superior to any other Plane in use. We consider it peculiarly valuable for planing oak, cherry, walnut and all woods of hard stock, and for planing veneers, it is far superior to [to be old mode of description, besides being a great saving of time. One man, by using this Plane, will plane more veneers than five men can do by any other mode or method in use.

H. H. RYAN & CO.

TO MOSES P. HATCH, Esq.:

Dear Sir—We have examined Hopper's Patent Bench Plane, and believe it to be a neat, excellent article for the purpose for which it is intended, as a combination of plane and scraper.

It is particularly adapted to planing veneers, and it does not require one-fourth of the time or labor of the old method; and I have no doubt, when its properties become generally known, but that it will entirely supersede the former tedious and laborious method.

I most cheerfully recommend it to all persons engaged in the Cabinet business, as from my knowledge of it, there is nothing as well fitted to give a smooth and beautiful finish to veneers as the Hopper "Steel Bench Plane.

JAMES W. WOODWELL,
Furniture Warerooms, 97, 99 Third st., Pittsburgh.
Pittsburgh, February 27, 1855.

MOSES P. HATCH, of this city, is my sole Agent for the sale of Planes, or of Rights to manufacture and sell them.
