THE AUGUST ELECTIONS.—We are now in receipt of sufficient intelligence from the four Southern States which held their elections this month, to determine the result with accuracy. The telegraph has given the press but little assistance in this matter, and we have had to depend almost exclusively upon the mails.

Kentucky.—In this State the election was for a Legislature, members of Congress, and a full State ticket. The Know Nothings have elected their candidate for Governor by about 5,000 majority, which is less than the old Whig majority in that State, and their State ticket by about the same majority. The following are the State officers chosen; they hold their offices for four years:

Governor	Charles S. Morehead
Lieutenant Governor	James O. Hardy.
Attorney General	James Harlan.
Treasurer	R. C. Wintersmith.
President Board Inter. Improvement	David R. Haggard.
Superintendent Public Instruction	J. D. Matthews.
Land Register	Andrew McKinley.
Auditor	Thomas S. Page.

The Know Nothings, of course, carry the Legislature. The Congressional delegation will stand as follows, as compared with the old list. Those marked with a * are democrats; the rest, in the list of new members, are Know Nothings, and in the old list were called Whigs:

District.	*New Members.*	*Old Members.*
First District	*Henry C. Burnett,	*Linn Boyd.
Second District	John P. Campbell,	Ben. Edwards.
Third District	Wm. L. Underwood,	Grey.
Fourth District	*A. G. Talbott,	Fowler.
Fifth District	*Joshua H. Jewett,	Jas. S. Chrisman.
Sixth District	John M. Elliott,	Clement C. Hill.
Seventh District	Humphrey Marshall,	*John M. Elliott.
Eighth District	Alex. R. Marshall,	William Preston.
Ninth District	Leander M. Cox,	*J. C. Breckenridge.
Tenth District	Samuel F. Swope,	*R. H. Stanton.

Tennessee.—The election here was for Governor, Legislature and Congressmen. Gov. Johnson, dem., is re-elected by about 2,000 majority, which is very near the majority given him two years since. In the Legislature, the K. N. party gain one in the Senate, and the Democrats gain three in the House. It is probable that the Democratic majority in the House will slightly overbalance the K. N. majority in the Senate. The Congressional delegation will stand six Know Nothings to four Democrats; (Of the six Whigs in the last House from Tennessee, two (Charles Ready and Felix K. Zollicoffer) supported the Nebraska bill, while four (Robert M. Bugg, William Cullom, Emerson Etheridge and Nath'l G. Taylor) opposed it. Zollicoffer, Taylor and Ready are re-elected; so is Etheridge. Bugg was chosen from a strong Democratic district, and did not choose to run again. A Democrat (Jno. V. Wright) succeeds him. Taylor represents a Whig district, and was opposed by A. G. Watkins, (also a Whig) who was his predecessor, and who ran against him two years ago, when Campbell (Dem.,) slipped in between them. Campbell died, and Taylor was chosen in his stead at a special election. The new delegation compares with the old as follows. Democrats marked with a *:

District.	*New Members.*	*Old Members.*
First District	N. G. Taylor,	N. G. Taylor.
Second District	W. H. Sneed,	W. M. Churchwell.
Third District	*Samuel A. Smith,	*Samuel A. Smith.
Fourth District	*Thomas J. Jones,	*Wm. Cullom.
Fifth District	Charles Ready,	Charles Ready.
Sixth District	*Felix K. Zollicoffer,	*Felix K. Zollicoffer.
Seventh District	*John T. Wright,	*John V. Wright.
Eighth District	*A. G. Watkins,	R. M. Bugg.
Ninth District	E. Etheridge,	E. Etheridge.
Tenth District	Thomas Maclin,	*P. P. Stanton.

North Carolina.—The election was for Congressmen alone. The following is the list of members elect, compared with those in the last House. The Democrats are marked with a *:

District.	*New Members.*	*Old Members.*
First District	R. T. Paine,	*H. M. Shaw.
Second District	*Thos. Ruffin,	*Thos. Ruffin.
Third District	*Warren Winslow,	*W. S. Ashe.
Fourth District	*D. K. Branch,	S. H. Rogers.
Fifth District	E. G. Reade,	John Kerr.
Sixth District	R. C. Puryear,	R. C. Puryear.
Seventh District	*Burton Craige,	*Burton Craige.
Eighth District	*J. L. Clingman,	J. L. Clingman.

Mr. Puryear, it will be remembered, was one of the few Southern Whigs who voted against the Nebraska bill.

Alabama.—In this State a Governor, Legislature and Congressmen were chosen. Gov. Winston, the Democratic candidate, is re-elected by a large majority, notwithstanding the efforts of the telegraphic agents to induce a contrary belief; the Legislature is also largely Democratic, and the Congressional delegation will stand thus:

District.	*New Members.*	*Old Members.*
First District	Percy Walker,	Phillip Phillips.
Second District	Eli Shorter,	James Abercrombie.
Third District	Sampson W. Harris,	Sampson W. Harris.
Fourth District	Sydenham Moore,	William R. Smith.
Fifth District	George S. Houston,	George S. Houston
Sixth District	*W. W. Cobb,	W. R. W. Cobb.
Seventh District	James P. Dowdell,	James P. Dowdell.

All the new members are Democrats but Walker, from the 1st district, as all in the last House were, except Abercrombie, from the 2d district.

From this summary it would seem that the Know Nothings gain one member in Kentucky, and that the political preponderance in the delegations from the other States remains unchanged.

THE REMOVAL OF REEDER.—The Washington *Sentinel* is the friend and semi-official organ of the Administration, and it thus hurls in the teeth of Mr. Pierce his false excuse for the removal of Gov. Reeder. Mr. Pierce may be callous to the blows of his opponents, but when a friend crams a denial down his throat the dose must be a bitter one for the President to swallow. The *Sentinel* says:

"It will be remarked that the Administration places Gov. Reeder's removal *solely* upon the ground of his interest in, and connection with *land speculations*. Now, we say, that the gravamen of his official offence was in the encouragement of the Pressoilers, and the improper treatment of the *pro-slavery* emigration. We go farther, and say that we think it not improbable we can show that *several members of the Cabinet* rested their urgency for Gov. Reeder's removal upon this ground only.

We fear therefore, it is not quite ingenuous in the Administration to have placed their rebuke to Gov. Reeder upon the ground it has done. We cannot believe the Administration has passed over the graver for the lighter offence, and if it has not, it would have given a far greater moral force to its action, had it frankly avowed it."

The Washington *Star*, another petty official organ, talks in the same strain; and the Washington *Organ* says:

"Reeder was not removed for speculation in office, because that offence was avowed to the President in January last, and was not punished by removal. That he was not removed upon conviction of official immorality, because his removal had been determined upon before the evidence upon which he was convicted had been published. The inevitable inference is that his removal is due to his active advocacy of the Abolition cause in Kansas."

HOW WAS OUR ELECTION RETURNS.—An election was held in this city and county of St. Louis, on Monday, last to fill two offices—those of County Assessor and of Assistant Circuit Attorney. Not a whisper of result was sent to the Eastern Presses by the telegraph, simply because the Know Nothings were defeated. Had they elected a pound master in the remotest corner of Texas we should have been duly called upon to rescind the "great victory" among our very earliest dispatches.

The St. Louis *Republican* gives the following as the result of the vote in all the wards of the city and two precincts of the county:

FOR CIRCUIT ATTORNEY.	
Vonllaire, (anti-Know Nothing candidate)	3,816
Redman, (Know Nothing candidate)	3,140
Kinney, (Independent)	141
Coalter, (Independent)	53
FOR ASSESSOR.	
Pollitz, (anti-Know Nothing candidate)	3,677
Ross, (Know Nothing candidate)	3,112
Lucas, (Independent)	125
Knox, (Independent)	73

Messrs. Vonllaire and Pollitz are elected. The vote was light, and everything passed off quietly.—*N. Y. Tribune.*

MINIATURE.—We learn that a military company was organized on the Wakarusa, near Blanton's, on Saturday last. A large body of free State men are settled thereabout, and good material in abundance is to be had to make a good company. They have taken measures to arm themselves at an early day. "Arm for Freedom!" is the word. What other portion of the territory will follow the example of our Wakarusa friends?

Another.—Hickory Point free State men are on the alert; they have been subject to the most gross outrages some three or four times, and have organized a military company, and henceforth will protect each other from *foreign invaders*.—*Kansas Free Democrat.*

THE STATE OF AFFAIRS in KANSAS and Missouri can hardly be characterized by the use of ordinary terms. The best we can do is to let events speak for themselves. Here, for instance, is one for the contemplation of Methodists, the account of which is taken from the Cass Co. (Mo.) *Gazette*:

"A Preacher of the Northern Methodist church, Rev. Mr. Wylie, was accused of having promulgated, publicly, Abolition sentiments, and his case became the care of our citizens who assembled in a public meeting at the Court House on 27th of July, and appointed committees to investigate the charges.

After protracted and careful deliberation it was considered that Rev. Mr. Wylie's sentiments savored too thoroughly of Abolitionism, and that in a public capacity he had made himself obnoxious to the serious charges alleged against him, and that it was necessary for the peace and harmony of the county that he leave the State. And therefore it was resolved, that Rev. Mr. Wylie, *be required to leave the State within seven days, with injunction not to go into the adjoining Territory* of Kansas."

Here is a people, now, who not only decide that a man shall not live in their midst and enjoy the rights garanteed to him by the Constitution, but they determine where he shall not go to, outside of their state bounds! This is getting to be a free country, with a vengeance.

The correspondent of the St. Louis *Democrat*, writing from Kansas gives a sketch of a speech made by Stringfellow when the news of Reeder's removal and Dawson's appointment first reached there. We make an extract:

"The idea of a National Democratic party in Kansas, he said, was ridiculous. Every National Democrat is an Abolitionist in disguise; such a one might not steal a nigger himself, but would pat on the back those who do. *None out of ten men in the world are Abolitionists.* We want no more importations from Pennsylvania; we have enough of the Pennsylvania popular sovereignty men if this is the way they practice the doctrine.

He further said that if they desired to be congratulated upon the election of the present Legislature, he could do that. The work had been done thoroughly and well. He had never seen a legislature embracing more talent, or one whose laws were more indicative of wisdom. Their legislation would be sustained; he could pledge himself that the Supreme Court of the Territory was all right. The Legislature would pass laws making criminal the expression of Abolition sentiments.

He had been astonished that the people of Jackson county (Westport is in Jackson) allowed the headquarters of Abolitionism to be planted on their soil (Kansas City); *they were suspected of being unsound, for letting Northern emigrants cross their county on their way to Kansas; all Northern men were silly, and it was the duty of our people to prevent any Northern man from setting foot within our boundaries. What was wanted was more hemp, or honest men would not be killed. That main here in peace.* For himself, if Northern men were to hold Kansas he should seek a home further south."

A further letter from the same correspondent is as follows:

Kansas City, Wednesday, August 1.—I have just met at this place a gentleman who informs me that as he was returning from a visit to Shawnee Mission, in the public stage, he entered into conversation with Rees, Easton and Lowe, the two former members of the Territorial Council and the latter Clerk of the House, and was told by all that if "Dawson conducted himself right, perhaps he might get along, although they were down on any man but a Southern man; but if he attempted to carry out Reeder's policy, they'd murder him, by G——d." Thus, you see, the plan of operation with reference to the new governor.

Meeting of the Whig County Committee.

OFFICIAL REPORT.

The Whig County Committee met Tuesday, August 14, at eleven o'clock, in the District Court Room.

Hon. James Carothers, of Wilkins Township, took the Chair and called the meeting to order.

D. N. White and H. Woods, Esqs., were, on motion of Major Willock, appointed Secretaries.

The Chairman read the call for the meeting.

The list of members was read over and the following persons were found to be present:

Major Willock, First Ward, Pittsburgh; George Wilson, Second Ward; Hezekiah Nixon, First Ward, Allegheny; S. H. Geyer, Second Ward, Caspar Gang, Fourth Ward; J. M. Porter, Tarentum; D. N. White, Sewickley Borough; W. Porter, West Pittsburgh; Thomas Penney, McKeesport; L. B. Davison, Collins; Z. Wainwright, Lawrenceville; Joseph Higbee, Upper St. Clair; Geo. H. Thurston, Lower St. Clair; M. Henderson, Elizabeth; Christian Sdively, Penn; James Carothers, Wilkins; John Dixon, Sewickley tp.; J. McKinney Snodgrass, Mifflin; R. C. Walker, Elizabeth Borough.

Hezekiah Nixon moved that a Committee be appointed to prepare resolutions.

The following five gentlemen were appointed as the Committee:

H. Nixon, D. N. White, C. Snively, L. B. Davison, and M. Henderson. The Committee retired.

The following gentlemen were appointed to fill vacancies:

H. S. Donaldson, 4th Ward; Ed. Campbell, 3rd Ward; John S Miller, 9th Ward; and Robert Hilands, Ross.

The Committee returned and offered the following report, which, after discussion, amendment and substitution, was adopted:

1. *Resolved*, That the Whigs of Allegheny county, by their representatives here assembled, do most earnestly reiterate the sentiments unanimously adopted at our last county convention, to wit:—That we will maintain and defend the true purpose of our National compact, but that we will have no more compromises with slavery; that we will resist the introduction of slavery into Kansas and Nebraska, or any other Free Territory; that we will resist the admission of any more slave States into this Union; and also in view of the dangers of the crisis—a crisis overriding all former party distinctions—we hereby pledge ourselves as soldiers in the camp of freedom, for the whole war, and inscribe on our banner, Free Men, Free Labor and Free Soil.

Resolved, That although the future of the Whig party is in doubt, yet it is manifestly bad policy to nominate at this present time a separate Whig ticket; that while we are willing to preserve, if possible, the Whig organization, we are not willing to have it used as a tool in the hands of a hostile secret foe; nor do we wish to endorse Know Nothing candidates by Whig nominations, and thus re-enact the disreputable farce of last year.

Resolved, That the Democratic party having through its committee, and one of its public organs, refused, in advance of any offer on our part, to co-operate with the old line Whigs in opposition to the secret and treacherous party which, last year, betrayed us both; we earnestly recommend, for the present, to the Whigs of the county, a cordial co-operation with the true republican movement, as it offers a common ground on which men of all parties may stand, who desire to unite in opposing slavery as well on account of religion and birth-place, as on account of color—feeling without deserting any of our long cherished principles, and we extend to our fathers, who have happened to have been born abroad, protection and freedom equal to that which we would to the negroes of the South.

5. *Resolved*, That as evidence of our own deep sense of the great importance of the Republican movement we hereby pledge ourselves individually to active exertion in our several election districts to promote the organization and success of the Republican party.

6. *Resolved*, That Messrs. Edward Campbell, J. M'K Snodgrass, Hugh Fergus, R. C. Walker, Dr. James Carothers, James C. Lewis, Dr. John Dickson, and Thos. Penny, be, and are hereby appointed, delegates to the Whig State Convention to meet at Harrisburg, on the 11th of September next, and we authorize and direct them to use their utmost endeavors to induce that body to unite in the Republican movement.

7. *Resolved*, That the sentiments of the letter of Wm. B. Reed, Esq. of Philadelphia, resigning his membership in the Whig State Committee, meet with our cordial approbation; and we tender our hearty gratulations to the distinguished author for his firm and manly adherence to principle in a time of such general defection.

Mr. Campbell moved that a Whig Executive Committee of thirteen be appointed by the Chair. Carried.

The Chairman stated that the Committee would be duly announced.

The Committee then adjourned.

JAMES CAROTHERS, President.

WE TRUST our readers do not hold us in any degree responsible for the accuracy of the Telegraphic trash we are obliged to print from day to day in place of Election Returns. There is of this chaff, and we have no choice but to let it slide and caution our readers (by this time almost needlessly) against putting any trust in it. If it should happen to be in part true, they will learn that circumstance in due course of mail.

The controlling fact in the premises is the affiliation of the great mass of the eltegraphic operators and managers with the "Know Nothing" conspiracy, to whose furtherance this great engine is systematically prostituted. Hence it was that our own State appeared, for a day or two last November, to be threatened with a victation of nightmare in the persons of Ullman, Scroggs & Co. Hence the first confident reports of Gentry's election in Tennessee and the costiveness of the Telegraph with regard to that State, since it became impossible longer to deny his defeat. Hence the daily iteration and exaggeration of Morehead's majorities in Kentucky. Hence the pertinacious reports that Clingman had been beaten in North Carolina. Hence the reports that "Shorthridge, American," was chosen Governor of Alabama, when the contrary is the fact. This Shorthridge, we presume, is Geo. D. Shorthridge whom we have known as a candidate for one office after another in Alabama almost any time these dozen years, and always a noisy Democrat—quite as much so as Winston, who has now beaten him for Governor. He may have wriggled once or twice into the Legislature, but our general impression is that he has been as persevering and unlucky an office-seeker as any now engaged in hunting for place with a dark lantern.—Ullman, perhaps, excepted.

—The simple, undeniable truth is, that the Know-Nothing nag has done carrying people into office—in the forcible if not classical diction of the colored cadet, "his eyes is sot." And we trust one consequence of this wind-up will be a return of the Telegraph to its proper business of conveying information instead of doctoring and fabricating it.—*N. Y. Tribune.*

SPECIAL NOTICES.

McLane's Worm Specific.—The following, from a customer, shows the demand which this great medicine has created wherever it has introduced:

BLOOMSBURG, Tioga Co. Pa. March 10, 1850.

Gentlemen—In consequence of *the great consumption of* your "Worm Specific" in this place and vicinity, we have entirely exhausted our stock. We should feel obliged by your forwarding, via Corning, N. Y., 20 dozen, with your bill, on the reception of which we will remit you the money.

From the wonderful effects of said specific in this neighborhood, there could be sold annually a large quantity, if to be had, (wholesale and retail) from some local agent.—If you would compensate a person for trouble and expense of vending, I think I could make it to your advantage to do so. Yours, respectfully, WM. M. MALLORY.

Headache.—Dr. W. J. Randolph, of New Wilmington, Lawrence county, Pa., says in reference to Bonhave's *Holland* Bitters: "When I came to your store this morning, I was suffering severely with headache; I took a dose from the bottle you handed me, and it left me entirely relieved."

This preparation is really a remedy for sick and nervous headache. Look to the newspapers for the certificates of many of our most reputable citizens. When used for this affection, it should be taken in small doses—say half a tea-spoonful, regularly one hour before each meal.

See advertisement in another column. aall-d&w

Statement from Canada.—Quebec, Feb. 7th, 1854.—Messrs. B. A. Fahnestock & Co.—We had the pleasure of receiving, this morning, the within certificate of your Vermifuge, which will be very gratifying to you, as it was sent voluntarily.—We are, gentlemen, yours very truly, J. MURSON & CO.

GENTLEMEN—My little daughter, 4 years old, and my son, Oliver, were for a considerable time suffering from worms. I purchased two bottles of your Vermifuge, of which I gave them three doses, according to directions, and strange to relate, in the course of 24 hours afterwards, we less than FIVE HUNDRED WORMS, some of the extraordinary length of from 10 to 15 inches.

Having experienced so much of the beneficial effects of your Vermifuge, I feel it my duty to recommend it to the public as, in my opinion, one of the best specifics for worms that has ever been offered to the public.

Gentlemen, believe me to be, yours, most truly and humble servant, NATHANIEL LAMERS.

The Greatest Medical Discovery
OF THE AGE.

Mr. Kennedy, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures every kind of Humor, *from the worst Scrofula to a common Pimple.*

He has tried it in over eleven hundred cases, and never failed except in two cases (both thunder humor.) He has in his possession over two hundred Certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a raging sore mouth.

One to three bottles will cure the worst kind of pimples of the face.

Two to three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst case of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure salt rheum

Five to eight bottles will cure the worst cases of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing in the pastures, and along old stone walls, should cure every humor in the system: yet it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands, hums or ha's about it suiting some cases and not yours. I peddled over a thousand bottles of it in the vicinity of Boston. I know its effects in every case. It has already done some of the greatest good ever done in Massachusetts. I have it to children a year old: to old people of sixty. I have seen poor, puny, wormy looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache, one bottle will always cure it. It gives great relief to catarrh and dizziness. Some who have been costive for years, have taken and been regulated by it. Where the body is sound it work quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it. On the contrary, when that feeling is gone you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever was uttered to. No change of diet is ever necessary—eat the best you can get. I have likewise an herb, which, when simmered in sweet oil, dissolves scrofulous swelling of the neck and under the ears. Price 50 cents. Price of the Medical Discovery $1 per bottle.

DIRECTIONS FOR USE.—Adult, one table-spoonful per day. Children over eight years, dessert spoonful; fifteen from five to eight years, tea-spoonful. As no direction can be made applicable to all constitutions, take enough to operate on the bowels twice a day.

DR. E. KENNEDY gives personal attendance in bad cases of scrofula.

Sold, wholesale and retail, at Dr. KEYSER'S, No. 140 Wood street, corner of Virgin alley. feb24-d&wT

J. MURSON & CO.

truly

To Mothers, Wives and Daughters.—The noblest discovery of the science of medicine, and the one which has, and will continue to prove the greatest blessing to the human family, is the medical preparation known as Marshall's Uterine Catholicon.

It is designed to cure the various diseases incident to females, such as prolapsus, pain in the back, weakness, extreme prostration from nursing and a hundred other evils in their train, leave almost made ills a burden turned to disease into a daily and hourly curse. The most enlightened professors of the medical colleges in the old world, as well as in this country, have held the subject in cautious consideration, and they have finally determined that the old method of treating disease as local and separate disease was all wrong, and that a constitutional treatment was what was required. It is an old adage, that green bodies move slowly; and while the Faculty were endeavoring to harmonize their views and digest a system for general practice, Dr. Pomeroy, a physician with 15 years experience in the diseases of women and children reduced the theory to simple focus, and discovered a remedy which has cured, and will cure eighteen out of every twenty cases now existing. In some cases where the organs have been ruptured, or where they have been severely injured by bad medical treatment, nothing can be done but to alleviate the symptoms. "*No case is hopeless*" said Sydenham, the great leader of the English medical school, and, therefore, let no one despair until this remedy has been faithfully tried. Throw aside prejudice and the advice of an interested physician or reason for yourselves—see what the remedy has done for others, and then go on with a strong faith in the assurance that Marshall's Uterine Catholicon is no "quack remedy," but a scientific combination of medical virtues, which will preserve the constitution from destruction, will arrest the insidious approach of disease, and restore health to the already impaired vital power. Price $1.50 per bottle. Sold wholesale and retail at DR. GEO. H. KEYSER'S Drug Store, No. 140 Wood street.

A learned writer, Dendy, says: "Dryden, to ensure his brilliant visions of poesy, ate raw flesh; and Mrs. Radcliffe adopted the same plan. Green tea and coffee, if we no deep, inches dreaming. Bavarian Porta, for procuring quiet sest and pleasing dreams swallowed *horse radish* after supper. Coffee, under this condition which is termed a weak or irritable stomach, conduces to the most fruitful sources of visions. The immediate or direct cause of repletion, in totally altering the sensations and the digestion in waking moments is a proof of its power to derange the circulation of the brain and the mental faculties in sleep. People who are troubled with bedfellows, may scarcely get relief from Hostland's German Bitters," sold exclusively in this country by Dr. C. M. Jackson, 120 Arch st., Philadelphia, and by his agents. DR. LIBBY'S Pile Ointment is a certain cure for that distressing disease, the Piles, in all their varied forms. It has been used for more than six by years, and has exhibited the most happy effects in all cases. We publish the following names of gentlemen who have been cured by its use, and who, after suffering for years in the most distressing manner, have found the speedy and effectual relief in a few days, by using this wonderful remedy, after the skill of the most eminent physicians had been exhausted and all the usual remedies failed, fully justify me in recommending its use to all who may have been suffering from that dreadful malady.

I do not mean to say that it is adapted to all constitutions, or that it will afford the same relief in all cases; for, of course, I can know nothing about that—but from what I have known of its virtues, I would not hesitate to use it in any and every case of Scrofula, with persons for whom I felt an interest, or over whom I could exercise influence or control. Respectfully yours,
