PITTSBURGH GAZETTE.

PUBLISHED BY D. N. WHITE.

PITTSBURGH:

MONDAY MORNING, AUGUST 20, 1855.

☞ To Advertisers.—Neither the Editorial Room or Printing Establishment of the *Daily Gazette* are opened on Sunday. Advertisers who desire their notices to appear in the paper on Monday morning, will please hand them in before 5 o clock, on Saturday.

Advance Payments.—Hereafter no subscription will be taken for the Daily or Weekly Gazette, unless payment is made in advance. Whenever the time is up to which the subscription is paid, the paper will be invariably stopped, unless the subscription is renewed by advance payment. All transient advertising, of every description, will be required to be paid in advance. The only exceptions will be where special month ly or yearly contracts are made. sepbdaw

☞ The Pittsburgh Weekly Gazette.—The extensive circulation of our Weekly *Gazette* offers to our business men a most desirable medium of making their business known. Our circulation is between four and five thousand, reaching almost every merchant, manufacturer and shop-keeper in Western Pennsylvania, and Eastern Ohio.

Reading Matter on each page of this paper.

Resolutions.—If wishes were horses how beggars would ride! If resolutions were a passport to public favor, how popular the K. N. party of this county would be!

The Executive Committee of that party has already favored us with *four* series of resolutions during this summer, all looking in one direction; and not content with this they have furnished a fifth series from a mass meeting (without the masses) held in the open air. All these resolutions affect to be intensely anti-Slavery; and those who look on in amazement at the prodigality of their manufacture would hardly imagine that those who are engaged in this new branch of domestic industry owe predominant allegiance to a State and National Council which repudiate their action. The public, however, is esteemed to be gullible; and resolutions are the pabulum with which it is now fed.

But, there is one drawback to the credibility and force of these resolutions: they emanate almost exclusively from a band of office-hunters, whose eyes are turned with a hungry glare upon the fat places of the county, and whose shark-like jaws are watering in anticipation of the glorious repast at which they are aiming. The Executive Committee, having entire control of the machinery of the party, has been made the receptacle of all the prominent political aspirants in the Order; and at this hour, if it could be dissected, it would be found to consist almost altogether of those who either want office this fall, or are looking forward to another campaign. That such fellows should adopt a series of anti-Slavery resolutions every week or so is not, therefore, to be wondered at, for their only chance of salvation is in getting upon the anti-Slavery tide; but that a gang of mercenary camp followers should ask us to give credit to their resolutions, is a little too much for patient endurance. It is self-aggrandizement, and not the interests of freedom, which they are concerned about; give them but what they ask and they will let the world wag on with never a thought about Slavery or Northern rights. We do not believe there is a sincere anti-Slavery man in the Committee; and instead of winning public confidence by their resolutions they will but excite the contempt of those who are not too blind to see the utter selfishness which actuates them. The principles which lie at the bottom of the anti-Nebraska movement are too sacred to be made the sport of unprincipled place hunters; therefore let them beware how they trifle therewith.

As a fair exemplification of the resolution-passing spirit of the K. N. office hunters in this county, we give the following, said to have been passed by the Executive Committee of St. Lawrence county, New York. We must say that the resolutions of the St. Lawrence Know Nothings have the advantage of frankness over those adopted here, the object in both instances being the same:

Resolved, That we must carry this county—at some rate.

Resolved, That we are not able to do it without help from outsiders.

Resolved, That the County Clerk's Surrogate's and Sheriff's offices are worth something and we want them—we must have them.

Resolved, That in order to carry these offices, or make a respectable show in the county, the Organ must play fair Free Soil and Temperance tunes, from this forward.

Resolved, That plantations and "niggers" are well enough, but if we can't get them, we will cheat on the Free Soil question, and take the offices in St. Lawrence county—if we can.

Resolved, That we must have office—that is what we got up the party for.

Taxes your Time.—The Supreme Court of this State, after hearing the arguments in the case of Passmore Williamson, on an application for a writ of *habeas corpus*, without giving any decision adjourned to meet at Sunbury, on the first Monday in October.

There is nothing like taking plenty of time for deliberation. It is only a citizen of the State who is wrongfully and cruelly imprisoned; let him endure his chains and wrongs until their honors have slept for a moon upon the matter. The world was not made in a day; and it is a very serious thing to decide on a man's constitutional rights. Some eighty years ago, when blood flowed faster in American veins, such things would have been done more expeditiously; but this is a progressive age; and it will not do to strike off a man's fetters too suddenly, even where the case is as clear as noonday. Learned Judges must have time to consult the authorities, weigh conflicting arguments with great precision, split hairs with professional accuracy, and see that human rights do not get too thorough a sanction. The maxim, "Whatsoever ye would that men should do unto you do ye even so to them," however sound it may be deemed, and however beautiful it may seem, is not, it must be remembered, laid down in the law books.

Republican Primary Meetings.—These take place on next Saturday. It is important that every Ward, Borough and Township should be represented, that there may be a full interchange of sentiment, and a ticket which will give general satisfaction selected. We hope the friends of the cause will be on the alert, and no voter friendly to the movement will be absent from the primary meetings. It is more important even than if the party was thoroughly organized, as those who attend its first primary meetings will greatly impress its future action. Do not put off preparations until late in the week. Look about and find out the best man for delegates, and inquire who are the friends of the cause, that no imposition may be practised. Send up good men as delegates, warm-hearted, honest, true men, without regard to their former political views. Are they now honestly Republicans? is the only question to be asked. We are laying the foundations of a party which will undoubtedly be the dominant one in the Northern States at the next Presidential election, and if any one is disposed to depreciate it, in this county as a small affair, let him go. He will learn better after the election, and be glad to be seen at the primary meetings next year. Be firm, be brave in duty, be energetic and zealous, and we have no fears of the result.

Ohio.—The administration papers of Ohio seize upon the late factional movement of a few pro-slavery Whigs, in bringing out ex-Gov. Trimble as a candidate for Governor in opposition to Mr. Chase, as a very good send. It is very well understood throughout the State that Mr. Trimble can receive but very few votes; and a friend of his, writing to the Cleveland *Herald* from Scioto valley, where, if anywhere, he ought to have strength, says that in that region he will take as many votes from Medill as Chase, which is doubtless true; yet here we have a paper published at Zanesville and called the *Aurora*, trying to delude the public with the assertion that the contest is between Medill and Trimble! Why, if this paper were not, as its name imports, published in broad daylight, we should be tempted to exclaim—"this is the very error of the moon!" If the editor be not a thorough knave he *must* be a lunatic. The only contest between Medill and Trimble will be as to which will be defeated the worst, and in *this* contest it matters but little which comes off the victor. The few scattering votes that will be cast for Trimble will hardly be worth counting; and if Medill gets a few more or a few less it will not be a matter of sufficient consequence to fight about.

Political Movements.—The Know Nothings of Franklin county have nominated F. S. Stumbaugh and James Lowe for Assembly. The Chambersburg *Whig* speaks of it as a ticket that will be easily beaten.

The Democrats of Fulton have nominated Joseph Elenhard for Assembly. Bedford, Fulton and Cambria is the Assembly district, and sends two members. George N. Smith had before been nominated in Cambria county.

In Mifflin county, Davis Bates has received the democratic nomination for Assembly.

In Schuylkill county the democrats have nominated C. M. Straub for the Senate and S. R. Dickson and J. G. Frick for Assembly. There appears to be some dissatisfaction with the ticket.

In the Clarion district, which has three members, the democrats have named M. K. Bowyer, of Jefferson, and Geo. Rogers, of Armstrong, for Assembly; Clarion has to name the third. The Know Nothings have nominated James U. Gillespie, of Jefferson.

The Know Nothings of Fayette have nominated the following ticket:

Assembly—Jesse B. Ramsey, Luzerne.
Treasurer—Jesse Reed, Menallen.
Commissioner—John Holmes, U. Borough.
Auditor—Hugh Doyarron, George.
Poor House Director—Matthew Clark, U. Borough.
Coroner—Dr. Post, Menallen.

In York county, the democratic ticket is as follows:

Senate—William H. Welsh.
Assembly—Col. James Ramsey, Isaac Beck, Samuel Maneer.

In Erie county, a Republican county convention is called to assemble on the 30th inst.

Massachusetts.—The meeting of prominent men in Massachusetts to promote the Republican movement, of which we have given some account, adopted the following resolutions:

Resolved, That the time has fully come for the people of Massachusetts to act in concert with the friends of Freedom throughout the Union with a view of restraining the alarming encroachments of Slavery.

Resolved, That as a means to this end there should be an early assemblage of the people of this Commonwealth in Mass Convention.

A Committee of one from each county, with Samuel Hoar as chairman, was appointed for consultation with political organizations, and to call a Mass State Convention in favor of the fusion movement at early day.

The meeting, though not numerously attended, was highly respectable in character and quite enthusiastic.

The Republican Movement.—As an indication of the onward tendency of this movement we may state that in Maine the Hon. Hannibal Hamlin, the democratic United States Senator from that State has fully given in his adhesion to the republican party, and at the Republican mass convention recently held in Portland, Maine, Ex-Gov. Cleveland, a leading Democrat of Connecticut and for several years a member of congress from that State, was one of the speakers, and a letter of concurrence in the objects of the party was read from Hon. Benjamin F. Butler, a leading democrat of New York and Attorney General under the presidency of Martin Van Buren.

The Washington (Pa.) *Examiner*, a democratic paper, is very anxious to prevent the nomination of a Whig ticket in that county, and betrays a trepidation concerning it which is unusual, if not suspicious. In times not long past, the democratic party of that county seemed rather to court than avert a contest with the opposing party; but that was when men were really what they pretended to be, and political concealments were unknown. Those who acquire a fondness for guerrilla warfare seldom relish a hand-to-hand contest in the open field.

The Rivers—Sudden Rise.—The river at this point commenced running on Tuesday, and a considerable amount of drift-wood came down with the current. Intelligence immediately came that the Missouri was swelling very fast from the heavy rains prevalent in its vicinity. The lower end of that river was rising, at last accounts, at the rate of two feet in twelve hours, and is probably still increasing at the same ratio. The tributaries of the Missouri are full. On Tuesday night the river commenced rising here more rapidly, and up to 6 o'clock last evening, the total rise was about 6½ feet. Yesterday morning the river presented a wild appearance. The drift-wood had increased in quantity, and some large trees went down with the current. Numerous skiffs went fishing for wood, and are reaping a plentiful harvest. The rise was so sudden and unexpected that several loads of freight, grain, &c., were caught, and found partly submerged in the water, yesterday morning. They will be damaged, of course. The swell still continues unabated. Eight feet was the last report to Cairo, but the swell will already increase the water three feet to that point. We have no news of the Mississippi rising below Keokuk, and the last arrival reports thirty-two inches on the Lower Rapids. The Illinois was also stationary at last accounts. We may, however, look for a rise in the Upper Mississippi and Illinois rivers, as rains have been plentiful on all through the upper country. The prospect now is, that we will have a good stage of water in all the rivers, for the fall trade. Arrivals yesterday were numerous, and receipts fair.—Weather warm and rain-like.

The Rise in the Missouri River.—The first intelligence we had of the late rise of the Missouri river, was brought by a steamer which reported a swell of two feet on Monday night. Since this, there has been no arrival by river. We learn, however, that on Tuesday the river rose from eight to ten feet, and that it was rising at the rate of three inches per hour yesterday. We are not yet apprised of the distance this rise extends up the river. The lower end at least is already high, and is the principal source of the rise at this point.

Exactly So.—The Buffalo *Commercial*, in an article relating to the wheat crop, and the damages thereto by sprouting, says that the worst that should be believed, is that the wheat in the Genesee region has been injured "just enough to reduce it to the level of the first class Western or Canada grain." In connection it speaks of the "humbug and imposition" which for a long time has been practised in regard to Genesee flour thus:

"For the last fifteen years—ever since, in fact the wheat of that region attained its high reputation—there has been sold under the designation of 'Genesee,' at exaggerated prices, at least ten times as much flour as the entire product of the Genesee country. Canada, Ohio and white Michigan wheat, all of which resemble Genesee so closely, that an experienced miller might well be puzzled to point out the difference, have been mixed with inferior wheat of Illinois and Wisconsin, and made into flour, which has been branded and sold as "Genesee" at a price far above its real value.

"Every day Rochester millers are in our market buying Canadian wheat of all grades, all of which, when floured is palmed off on consumers as 'Genesee,' at a price above that which it would command if bearing a Canadian brand. If, as before stated, the Genesee wheat is bound to loose its prestige this year, the public will derive the advantage of the fall of this description of flour to its proper level. In quality it is no better than the best white Michigan, the white Ohio, or the Canadian; but the trouble has been that instead of falling to the value of these descriptions of grain, its celebrity has enabled it not only to keep its own price up above the proper standard—but to palm off under its name thousands of barrels of flour made from other and inferior wheat."

Agriculture in South Carolina.—The Agricultural Convention of South Carolina, recently in session at Columbia, in the address present a disheartening picture of the Agricultural interests of the State. The Committee who originated the report say:

"Your Committee would earnestly bring to the attention of this Convention the mournful fact, that the interest heretofore taken by our citizens in Agricultural improvement has become stationary; that our old fields are enlarging, our homesteads have been decreasing fearfully in numbers, and our energetic sons are annually seeking the rich and fertile lands of the South-west, upon which they imagine that treble the amount of profits can be made upon capital than upon our own soil. Nor is this all. We are not only losing some of our most energetic and useful citizens to supply the bone and sinew of other States, but we *are losing our slave population, which is the true wealth of the State.* Our stock of hogs, horned mules and cattle are diminishing in size and decreasing in number, and our purses are being strained for the last cent to supply their places from the Northwestern States."

The Charleston *Standard* admits the existence of all the evils enumerated, but thinks that the inferiority of the State is much more apparent than real, and so far as it has had any existence, resulted from causes hitherto and at present beyond control. The elements of a solid and controlling prosperity, it claims, still remain to the State undestroyed and powerful for future advancement.

A church of deaf mutes has been regularly organized in New York city. Four lots have been purchased for the church building, to contain a lecture room, reading room and library.

REPUBLICAN COUNTY CONVENTION

To the Citizens of Allegheny County:

The violation of national faith in the repeal of the Missouri Compromise, and the events which have followed upon the enactment of the Kansas-Nebraska Bill, call upon the people of the Free States to inaugurate a political movement for the protection of the rights and the interests of Freedom and Free Labor; and this is the more imperatively called for since, the disruption and disorganization of the old parties have left very many without a home in any political organization on which they can depend for the practical and successful defence and assertion of their principles. We therefore call upon all who regard Slavery as local and Freedom as national—who are opposed to the extension of Slavery into any of our territories, and to the increase of its political power by the admission into the Union of new Slave States, or otherwise—who are ready to demand of the General Government an immediate redress of the wrongs involved in the repeal of the Missouri Prohibition—and who believe that Freedom rather than Slavery should be the controlling element in our national politics—to unite with us in giving vitality to a Republican party on the above basis; which shall be independent of and distinct from all parties now existing among us. And for this purpose we hereby recommend that such of our fellow-citizens as concur with us in these views, meet in their respective election districts on Saturday, the 25th day of August, between the hours of 3 and 7 P. M., for the purpose of electing two delegates from each, to assemble in County Convention, at the Court House in Pittsburgh, on Wednesday, the 29th, at 11 o'clock A. M., to complete the organization and nominate a county ticket.

In this movement we invite the co-operation of all who agree with us, without regard to former party distinctions; and recommend that in the selection of delegates a generous confidence should be shown, and a total oblivion of all former political differences.

REPUBLICAN STATE CONVENTION.

The citizens of Pennsylvania, without regard to former party distinctions, who are willing to unite in a new organization to resist the further spread of Slavery and the increase of the Slave power, are requested to meet in Mass Convention at Pittsburgh, on Wednesday, the 5th day of September, 1855, at 11 o'clock, A. M., to organize a Republican party in this State, which shall give expression to the popular will on the subjects involved in the repeal of the Missouri Compromise, and co-operate with other organizations of a similar character in other States.

George Darsie, Allegheny county.
William Robinson, Jr., Allegheny county.
Charles Avery, Allegheny county.
David Taggart, Northumberland county.
G. W. Detwiler, Butler county.
John W. Ray, Crawford county.
John S. Mann, Potter county.
John Allison, Beaver county.
John M. Kennedy, Philadelphia county.
Wm. B. Thomas, "
Joseph Markle, Westmoreland county.
Benjamin Frick, Northumberland county.
Martin Bell, Blair county.
H. H. Fraehm, Susquehanna county.
M. H. Cobb, Tioga county.
Thaddeus Stevens, Lancaster county.
Alex. K. McClure, Franklin county.
Alfred Matthias, Indiana county.
T. H. Maddock, Delaware county.
Ebastus Reynolds, Lancaster county.
John Williamson, Huntingdon county.
J. Edward Barnes, Schuylkill county.
P. R. Hickman, Berks county.

Papers friendly to the cause will please copy. Arrangements are making to secure the attendance from abroad of eminent speakers, whose names will be duly announced.

Second Growth of Wheat.—On some lots near this town says the Winchester *Virginian*, may be seen the unusual spectacle of a second growth of wheat, from the stubble of the gathered crop. Some stalks shown to us were between one and two feet high, and exhibited imperfectly formed heads of about half the common size. Stubble thus growing up was in a green condition at harvest, and the recent growth, if we mistake not, is the result of the recent rains.

In Franklin County, Pa., the Whig Convention adopted resolutions denouncing the repeal of the Missouri Compromise, reserving the old whig principles, in favor of the sale of the public works, etc. Wm. McClellan and A. K. McClure were elected delegates to the Whig State Convention. Mr. McClure is one of the signers to the call for a Republican State Convention.

A locomotive built to burn anthracite has been running a hundred miles a day on the Reading railroad for the past four weeks. Her performance is perfectly satisfactory. Good judges on the road think her the best for passengers they have ever known; has abundance of steam, and throws no dirt or sparks. It will be, if entirely successful, an economy of 48 per cent.

The Lancaster *Eagle* says, "The evidence that Atchison joined the Know Nothings in Washington City, for the avowed purpose of making use of its means to carry slavery into Kansas, is in existence and can be produced."

St. John (N. B.) papers notice the arrival of a large number of American ships at that port, chartered to load with lumber for Europe.

SPECIAL NOTICES.

Sale of Dr. McLane's Vermifuge.—A among the hundreds of letters, certificates and testimonials received by the proprietors of this medicine, the following are selected to show its character, and the effect of its use in a distant part of the West:

Royalton, Boone Co., Ia., May 10, 1850.
Messrs. J. Kidd & Co.—Gentlemen—I write to you to solicit an agency for the Vermifuge you now keep. Sometime since, I purchased one dozen vials of Mr. Kidd, and prescribed it in my practice, and it proved an effectual and speedy remedy in every case. *I have never given a preparation with satisfy the citizens of this village and vicinity*—I purchased my one gross of the Vermifuge immediately. Yours, &c., SAMUEL ROSS.

New Providence, Tenn., July 1, 1851.
Messrs. J. Kidd & Co.—Please send the Vermifuge for us as soon as possible, as we have a great demand for it *every great. We believe it to be the best Vermifuge* now in use. FOSTER & DYCUS.

☞ Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, and take none else. All other Vermifuges, in comparison, are worthless. Dr. M'Lane's Vermifuge, also his celebrated Liver Pills, can now be had at all respectable Drug Stores in the United States and from the sole proprietors.

☞ For sale by the sole proprietors, FLEMING BROS., successors to J. KIDD & CO., No. 60 Wood st. au14-d&w3

River Men, Notice.—Boerhave's Holland Bitters has proven the most valuable medicine to travelers in use. It will prevent the many unpleasant effects attending a change of water—it relieves, at, why *best* surely, the most distressing form of diarrhœa, and by gradually regulating the bowels, will restore the system to perfect order.

Fever and Ague, Chronic or Nervous Debility, Dyspepsia, Indigestion and headache, yield speedily to this delightful preparation.

☞ See advertisement in another column. aul5-daw3

A learned writer, Dendy, says: "Dryden, to ensure his brilliant visions of poesy, ate raw flesh; and Mrs. Radcliffe adopted the same plan. Green tea and coffee, if we do not sleep, induce dreaming. Bastists Porta for procuring quiet rest and pleasing dreams swallowed hens' tongues after supper. Indigestion, and that condition which is termed a weak or irritable stomach, constitute a most fruitful source of visions. The immediate or direct influence of repletion, in totally altering the sensations and the disposition in waking moments, is a proof of its power to derange the circulation of the brain, and the mental faculties in sleep. People who are troubled with indigestion, may surely get relief from Hoofland's German Bitters," sold extensively in this county by Dr. C. M. Jackson, 120 Arch st., Philadelphia, and by his agents.—See advertisements. aul5-daw2

HENRY H. COLLINS,
FORWARDING AND
COMMISSION MERCHANT,

The Sheriffalty.

A. P. ANSHUTZ, will be a candidate for the nomination for Sheriff, before the Republican County Convention, which meets on Wednesday the 29th inst.
August 15th, 1855-au18*

GEORGE R. RIDDLE, of the City of Allegheny, will be a candidate for the office of Sheriff of Allegheny County, at the ensuing election.

The Greatest Medical Discovery
OF THE AGE.

Mr. Kennedy, of Roxbury, has discovered in one of our common pasture weeds a remedy that cure every kind of Humor, *from the worst Scrofula to a common Pimple.*

He has tried it in over eleven hundred cases, and never failed except in two cases (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two boxes are warranted to cure a nursing sore mouth

One to three bottles will cure the worst kind of pimples of the face.

Two to three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of scrofula.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst case of ringworm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to four bottles are warranted to cure salt rheum

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improvable to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing in the pastures, and along old stone walls, should cure every humor in the system; yet it is sure to a fixed fact. You have a humor in bar to start. There are no ifs nor ands, hums or ha's about it suiting some cases and not yours. I peddled over a thousand bottles of it in the vicinity of Boston. I know its effects in every case. It has already done some of the greatest cures ever done in Massachusetts. I gave it to children a year old; to old people of sixty. I have seen poor, puny, wormy looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache, one bottle will always cure it. It gives great relief to catarrh and dizziness. Some who have been costive for years, have taken and been regulated by it. Where the body is sound it work quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it. On the contrary, when that feeling is gone you will feel yourself like a new person. I have used some of the most extravagant encomiums of it that man ever is tened to. No change of diet is ever necessary—eat the best you can get, and in any quantity you desire. Sugar, simmered in sweet oil, dissolves scrofulous swelling of the neck and under the jaws. Price 50 cents. Price of the Medical Discovery $1 per bottle.

DIRECTIONS FOR USE.—Adult, one table-spoonful per day. Children over eight years, dessert spoonful; children from five to eight years, tea-spoonful. As no direction can be made applicable to all constitutions, take enough to operate on the bowels twice a day.

Mr. Kennedy gives personal attendance in bad cases of scrofula.

Sold, wholesale and retail, at Dr. KEYSER'S, 140 Wood treet. corner of Virgin alley. 8d-14w7

To Mothers, Wives and Daughters.—The noblest discovery in the science of medicine, and the one which has, and will prove a thousand times a greater blessing to the human family, is the medical preparation known as Marshall's Uterine Catholicon.

It is designed to cure the various diseases incident to females, such as prolapsus, pain in the back, weakness, extreme prostration from nursing and a hundred other evils in their train, have almost made life a burden turned existence into a daily and hourly curse. The most enlightened men of the medical colleges of the old world, as well as in this country, have held the subject in anxious consideration, and they have finally determined that the old method of treating these as local and separate diseases was all wrong, and that a *constitutional treatment* was what was required. It is an old adage, that great bodies move slowly; and while the Faculty were endeavoring to harmonize their views and subject a system for general practice, Dr. Pomeroy, a physician with forty years experience in the diseases of women and children reduced the theory to simple facts, and discovered a remedy which has cured, and will cure eighteen out of every twenty cases now existing. In some cases where the cords have been ruptured, or where they have been severely injured by bad medical treatment, nothing can be done but to alleviate the symptoms. In one case *a hopeless* one, said Sydenham, the great leader of the healing art previous to his death, and, therefore, let no one despair until this remedy has been faithfully tried. Throw aside prejudice and the advice of an interested physician—reason for yourselves—see what the remedy has done for others, and then go on with a strong faith in the assurance that Marshall's Uterine Catholicon is no "quack remedy," but a scientific combination of nature's virtues, which will preserve the constitution from destruction, will arrest the insidious approach of disease, and restore health to the already impaired vital power. Price $1.50 per bottle. Sold wholesale and retail at DR. GEO. H. KEYSER'S Drug Store, No. 140 Wood street. 1y2-d&w

REMOVAL.

McCORD & CO., HATTERS,
Have removed to their new store, 131
Wood street, 4 doors above Fifth street, which we have built with the express adaptation to our increased business.

The first floor has been fitted up in MODERN STYLE exclusively for our retail trade, where will always be found a complete assortment of the MOST FASHIONABLE STYLES of Gents' and Youths' Hats and Caps, as well as LADIES' RIDING HATS and CHILDREN'S GOODS, adapted to the seasons. We shall be pleased to see our friends at our new store.

The four upper stories are expressly for our WHOLE SALE TRADE, where will be found a full stock of Hats and Caps, embracing Beaver, Silk, every variety; Soft, Panama, Leghorn, Braids, and Palm Leaf Hats; Silk Plush and Cloth Caps, and Children's Goods of all kinds.

Merchants visiting our city will find it their interest to examine our stock, as our facilities are such as to enable us to compete with any jobbing house in the eastern cities.

DR. LIBBY'S Pile Ointment is a certain cure for that distressing disease, the Piles, in all their varied forms. It has been used for more than sixty years, and has exhibited the most happy effects in all cases. We publish the following names of gentlemen who have been cured by its use, and who, after suffering for years, and exhausted every resource of the medical profession in vain.

Hon. Jas. D. Westcott, U. S. Senator from Florida,
Hon. J. Parsons, St. Paul, Minnesota,
Hon. Wm. Hayden, Hartford, Conn.
Hon. John Tullis'ers, Sheriff of the Washington,
Hon. Wm. Sprague, Esq., D. C. Kendall, Esq., Providence,
Gen. W. Mallett, Esq., Chief of Police,

For sale by the sole proprietors, FLEMING BROS., successors to J. KIDD & CO., No. 60 Wood st. aul5-daw3

River Men, Notice.—Boerhave's Holland Bitters has proven the most valuable medicine to travelers in use. It will prevent the many unpleasant effects attending a change of water—it relieves, at, why *best* surely, the most distressing form of diarrhœa, and by gradually regulating the bowels, will restore the system to perfect order.

Fever and Ague, Chronic or Nervous Debility, Dyspepsia, Indigestion and headache, yield speedily to this delightful preparation.

☞ See advertisement in another column. aul5-daw3

A learned writer, Dendy, says: "Dryden, to ensure his brilliant visions of poesy, ate raw flesh; and Mrs. Radcliffe adopted the same plan. Green tea and coffee, if we do not sleep, induce dreaming. Bastists Porta for procuring quiet rest and pleasing dreams swallowed hens' tongues after supper. Indigestion, and that condition which is termed a weak or irritable stomach, constitute a most fruitful source of visions. The immediate or direct influence of repletion, in totally altering the sensations and the disposition in waking moments, is a proof of its power to derange the circulation of the brain, and the mental faculties in sleep. People who are troubled with indigestion, may surely get relief from Hoofland's German Bitters," sold extensively in this country by Dr. C. M. Jackson, 120 Arch st., Philadelphia, and by his agents.—See advertisements. aul5-daw2
