The Republican Ticket CAN be Elected.

Last year the vote in our county was, for

Governor.	Canal Commissioner.	Supr. Judge.
Pollock, 10,467	Darsie, 4,627	Smyser, 4,441
Bigler, 5,118	Mott, 10,262	Black, 5,321
Bradford, 534		Baird, 5,705

ASSEMBLY.

Whigs.	Democratic.	Native.
Stevenson, 6111	Kirkpatrick, 5515	Eyster, 6120
Muse, 5501	Hamilton, 5197	Smith, 6477
Guy, 5053	Moorhead, 4992	Mays 403
Carnahan, 4287	Stewart, 4891	Appleton, 1518
Pollock, 4704	Carrol 4087	M'Ilheny, 3892

Register.	Recorder.	Clerk.
Woods, 5510	Magill, 4239	Hilands, 4871
Robb, 5718	Kennedy, 4762	Phillips, 4433
	Loomis, 6141	Horner, 6261

The K. N.'s took Pollock, Muse and Guy on the Whig ticket; and Baird, Eyster, Smith, Loomis and Horner from the the Natives; and, with the outside vote thus obtained, elected their whole ticket. By combining the votes of the distinctive Whig candidates, Darsie, Smyser, Stevenson, Carnahan, Pollock, Woods, Magill, and Hilands, and taking the average, we make the distinctive Whig vote 4833. The same rule applied to the distinctive Democratic candidates, makes the average Democratic vote 5111. And applying the same rule to Baird, Eyster, Smith, Loomis and Horner, the average vote is 6165.

There are in this county, probably, twenty thousand voters. In 1852, the aggregate vote for President was 18,047. The K. N. vote last fall was therefore less than one-third of the entire vote in the county, and if there should be a *full vote* this fall, and the K. N's poll the *same vote they did last fall*, they must be defeated. But admitting that the vote will not exceed 15 or 16,000, what are their chances? If the K. N's. can poll 6,000 votes for their ticket, it will most likely be elected. But can they poll 6,000 or even 5,000? Let us see.

Last fall the thing was new and attractive, and under the warm impulses of first love and the charm of secrecy and novelty, the members pretty generally *stuck to their ticket*. The ticket also got a very general outside vote. Many voted for the candidates through personal feelings, and many voted the entire ticket *without knowing it*. The fact of membership was then concealed, and many voters received their tickets from their old Whig or Democratic friends, who were in the Order, and who imposed the K. N. ticket upon these voters, who voted it without examination, believing it to be all right. In this underhanded way hundreds of unsuspecting men in the county were made to vote the whole K. N. ticket. Many men also, not members of the Order, but who were dissatisfied with the old parties and who knew but little of the new party, but hoped it might be better than the others, voted their ticket. It is highly probable that nearly if not quite one-fourth of their distinctive vote cast last fall was obtained through these influences and from men outside of their organizations.

How will it be this fall? In the first place they will lose nearly all this outside vote. Few will be imposed upon as they were last fall, and no one will vote this ticket under the delusion that the party is purer than the others. The K. N. vote will be confined to the members of the orders, and to a few persons here and there who will vote for some of their candidates through personal felings.

In the second place they will lose by dissensions among the different organizations. Last fall the whole vote of the Old Line Natives, of the Muscovies, and of the Protestant Association were cast for most of their candidates. This fall many of the "Old Guard" have openly rebelled, and the Muscovies and Protestant Association, being composed chiefly of foreign born citizens, cannot consistently, and will not vote their ticket. The Muscovies it is said are nearly disbanded, but the Protestant Association numbers a thousand foreign born citizens. A most desperate effort is being made to retain this vote, but it is past belief that these men can be fooled and bamboozled into voting for men who have taken the most solemn oaths forever and totally to proscribe them from all political offices whatsoever.

In the third place they will lose heavily from the great dissatisfaction at their nominations. It is now an admitted fact among the honest men of the party, that several of their candidates obtained their nomination by the grossest frauds. Besides that, their ticket is composed chiefly of city men, and most of them old, disaffected office seekers. *The country was proscribed and its candidates treated with utter contempt.* These things have excited a bitter feeling in the country that cannot be allayed. The country voters feel that they have been made the tools and victims of a corrupt, reckless and most unscrupulous clique in the cities, whose only principle of action is, rule or ruin.

Again; their loss will be severe among that large and respectable class of men who joined the Order through honest and pure motives.—Hundreds of the best men in the country were invegled into their Councils through false representations and the illusive idea that the Order would purify the politics of the country, and, discarding the old political demagogues and wire-workers, elect good, honest men to office.—Wofully have they been deceived. Many of them have confessed they have seen more corruption and more iniquity among the K. N. leaders in the last three months, than they ever saw in the old parties in 25 years. And the Ticket now presented for their suffrages is the bitterest pill ever offered to the voters of the county. *They will not vote it.* Many will desert the Order—many have already done so,—and many more will quietly vote another ticket or refuse to go to the polls at all.

In view of these facts and considerations let us see what is the probable strength of the K. N. Order in the county.

Last fall their vote was, say	6000
Deduct ⅓ for outside votes, &c.	1500
Leaving as the strength of the Order last fall	4500
Suppose they have increased in membership since last fall's election	1000
Which would make their membership now,	5500
Deduct for dissatisfaction, divisions, and withdrawal, &c.; and men who wont vote,	1500
Leaving as their available membership	4000

We hear it often said that they number some seven or eight thousand in the county. But one fact is very significant. The Executive committee have the names of the members of every council in the county. It would, therefore, be a very easy matter to tell exactly their number in the county. And if they have such a large majority would it not be particularly and boldly set forth? What would be more likely to strengthen the weak and give assurance of success? *Yet they have never done it.* This fact proves conclusively that they have not got the members. They make a great blow about their strength, talk loud and brag like a regular gamester, *but they are afraid to show their hand.* The truth is, *they depend on outside votes to elect their ticket.*

Another significant fact confirms this view of the matter. At their primary meetings their weakness. At their primary meetings their highest vote was only something over 3400, a level sticky of these were *Sogbs*; probably 3000 was about the correct vote of the Order at that election. That was a primary election it is true; but there were 84 candidates in the field, all hard at work *to get out a full vote.* It was not like the old delegate system, where a dozen was as good as a hundred at a primary meeting—the only object being to select two delegates. But at the K. N. primary meetings *every vote counted.* It was, therefore, of the highest moment for each candidate to get every friend out. The machinery of the order is also infinitely superior to that of the old parties. And yet with all their machinery and with their 84 candidates and their friends at work, they could only poll about 3000 votes. Add one-third more for absentees, and that is probably quite as many as they can *rely upon* among the absentees, and we have 4000 as the available strength of the Order.

In conceding that 4000 of their members may be induced to vote their ticket, we believe we have yielded more than they can realise. They may have more votes, but they must be made up of outsiders.

Let us now look at the other parties. Last fall the Democratic vote was 5111. When we see that six Democrats are on the K. N. ticket, and some of them men who were on the Democratic ticket last fall, we may fairly conclude that a good many Democrats have joined the Order since the last election. But we will suppose that the Democratic vote is about the same, and we certainly know of nothing whatever that should increase it one vote. Then, how stands it? Last fall the vote for Governor was, say, 16,000
Suppose the Dem. poll this fall, 5000
Take available K. N. membership, 4000
Add outside votes to K. N.'s, say, 1000—10,000
Leaving in the county, of other voters, 6,000

If the vote should be as large as it was last fall, and if the Democrats should have the same vote and the K. N.'s poll 5000, still there are enough left to elect the Republican ticket.

But view it in another light. Last year the average Whig vote was 4833; or take Darsie's vote, 4627. Where are all these Whigs now? Some of them no doubt have joined the K.N.Order. But so far as we have any information, a good many more have left it, or will do so this fall, than have joined. The distinctive Whig vote in the county at this time, if it can be rallied on our ticket, we believe is greater than it was last fall—we put it down at not less than 5000. Add to these the Free Soilers and anti-slavery Democrats—nearly all of whom were in the K. N. Order, but have left it, and we have a number quite sufficient to elect the Republican ticket over both the Democrats and K. N.'s.

Now the only question is can these votes be secured for the Republican ticket? Why not? Any candid man who will examine the three tickets must admit that the Republican presents the best and most suitable men. There being no Whig ticket in the field, every old line Whig, however strongly he may be attached to the old Whig name, can vote this ticket with much more consistency than either of the others. The platform of the party, being exclusively anti-slavery, is unobjectionable to the members of the old parties, and being the only one that boldly meets the great question of the age, affords an admirable rallying ground for all the friends of humanity and freedom. Whigs, Democrats and Free Soilers and Know Nothings can all meet on equal footing here. By electing the Republican ticket we place good men in office, and express, in the most emphatic terms, our hostility to the encroachments of the slave-power. We say, therefore to our Republican friends, *go to work*, and make a vigorous effort. The aspect of things is quite cheering. THE TICKET CAN BE ELECTED IF PROPER EFFORTS BE MADE.

For the Pittsburgh Daily Gazette.

MILD, BUT RESOLUTE.

Mr. Editor: I perceive that my worthy friend, the ex-editress of the *Visitor*, has been very much exercised about the authorship of my former article. She thinks she has found the culprit in the assistant editor of the *Gazette*; and then, somewhat doubtful of her guess, she says, "I do not believe it"—will not have it—will run smooth—save lumber—and keep an edge longer than any other saws made—and are not liable to become untrue.

All our Saws are made from an Extra Quality of Cast Steel, imported expressly for our own use, at much higher cost than generally used for Saws.

We respectfully inform all manufacturers of Lumber, that no Saw will be sent from the Establishment but what is of superior Steel and workmanship; the Temper will be found more even and uniform than any now in use.

Joy for the Invalid.—We cut the following from the "Philadelphia Saturday Gazette," and recommend our readers to pursue it carefully, and those suffering should not delay purchasing:

Dr. HOFFMAN'S GERMAN BITTERS.—This celebrated medicine, prepared by Dr. C. M. JACZKOY, at the Impartial German Medicine Store, No. 120 Arch street, is exciting much deserved public attention, and the proprietor, who is a scientific physician, is selling immense quantities of it. The virtues of this remedy are fully set forth in the extended notice of it, to be seen in our advertising columns, that there is hardly any room left for us to speak of it. This much we may say of the long train of Dyspepsia, all its to which humanity is heir, there is none more distressing than the general derangement of the digestive apparatus, which never fails to accompany a disordered state of the liver. Headache, piles, languor, restlessness, a bilious tongue, a morbid breath, loss of appetite—in short an indescribable wretchedness of existence, are its inseparable and ill resting attendants. These diseases, we have called the skill of the ablest Doctors, have been radically cured by Hoffman's German Bitters. See advertisement. au22-dwt

BRISTOL, N. H., June 9th, 1853.

To B. A. Fahnestock & Co.:—

GENTLEMEN—For five years past, I have used D. A. FAHNESTOCK'S VERMIFUGE as an anthelmintic in my practice; my attention was first called to it in a case where I had failed to dislodge worms with calomel, pink and bugs. A bottle was obtained, and the worms passed in eight hours. I have prescribed it for hundreds of patients, and in a large majority of cases with complete success. In one case a single bottle of the medicine brought away two gallons of worms. I have in fact never known it to do harm, and I am induced to make this statement from an honest conviction that it is the most valuable Vermifuge yet known. Such is my confidence in its virtues, that I recommend it to the profession as a safe remedy in all cases where I am consulted. Yours, &c., M. G. SAVAGE, M. D.

The Greatest Medical Discovery OF THE AGE.

Mr. Kennedy, of Roxbury, has discovered in one of our common pasture weeds a remedy that cure *every kind of Humor, from the worst Scrofula to a common Pimple.*

He has tried it in over eleven hundred cases, and never failed except in two cases (both thunder humor.) He has now in his possession over two hundred certificates of the value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Two to three bottles are warranted to cure the worst case of ringworm.

Three to four bottles will cure the worst case of scrofula.

Five to eight bottles will cure the worst case of confirmed cancer.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing in the pastures, and along old stone walls, should cure every humor in the system: yet it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands, hums or ha's about it suiting some cases and not yours. I peddled over a thousand bottles of it in the vicinity of Boston. I know its effects in every case. It has already done some of the greatest cures ever done in Massachusetts. I gave it to children a year old; to old people of sixty. I have seen poor, puny, wormy looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache, one bottle will always cure it. It gives great relief to catarrh and dizziness. Some who have been costive for years, have taken and been regulated by it. Where the body is sound, it work quite easy, but where there is any derangement of the functions of nature, it will cause very sluggish bowels, but you must not be alarmed—they always sleep pear in from four days to a week. There is never a bad result from it. On the contrary, when that feeling is gone you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that man ever listened to. No change of diet is ever necessary—eat the best you can get. I have thrown an herb, which, when simmered in sweet oil, dissolves gums, swellings of the neck and under the ears. Price 50 cents. Price of the Medical Discovery $1 per bottle.

DIRECTIONS FOR USE.—Adult, one table-spoonful per day. Children over eight years, dessert spoonful; children from five to eight years, tea-spoonful. As no direction can be made applicable to all constitutions, take enough to operate on the bowels twice a day.

Mr. KENNEDY gives personal attendance in bad cases of scrofula.
