that so considerable an adva for the solemn moment of departure. I have had much experience of the mode of life into which that so considerable an autoned—modulug since April to 7s per out. on the raike in bond— should already have taken place, nor that, with the continuance of the present demand, a further rise should be confidently looked for." Kawaas.—The Washington Union, in speaking much experience of the mode of life into which early all our people are drawn, and I solemnly believe, that if the vessels which bring them over were suddenly to founder, and carry every area-ture on beard into the deplas of the ocean, they would have a being chance of solvetion that they

ture on board into the depths of the ocean, they would have a better chance of substitutes that hey have after they have lived for some time in this court by. So entirely coavinced am I of the fearful have of the hyshave lived for some time in this court by. So entirely coavinced am I of the fearful have of the sound, which is the result of coming have, that, were Almighty God to give ine the power of building a wall of firs round friend, to power of building a wall of firs round friend, to power of building a wall of firs round friend, to present its pools from learning it, it should be build dry. For the love of Jesus try to keep your you snatch a soul from bell." The reverent genifeman's plan of saving the bottem of it is capable of a much wider should comint sin it capable of a much wider abculd comint sin if they survive. Why not abculd comint is in if they survive. Why not avert a similar peril, by similar means, in other cases? Why not pray for another Irish famine, to succes the lish of the surve of the is reveal. We have a proper of the following a wall of save to succes the lish of the surve of the model and its mode light listed forci-bilited by a provide the substitute of the survive of the surve of the surve of the sould souther of the survey and the substitute of the survey of the sould souther of the survey istance of the pranised government of the Ter-tion of the survive. Why not avert a similar peril, by similar means, in other cases? Why not pray for another Irish famine, to sweep the lish perile is to the reveal of the reveal of the survey. It is the survey is a substead in the joide and adomen by Robert 8.

somewhat norel, -but the idee which Hes they application. He would drown them, lest they index application. He would drown them, lest they application. He would drown them, lest they index application. He would drown them, lest they index application application was fastfully stated in the jaide and abdomen by Robert S. Hebolas Hetel, is reported to be slowly rep the little singular that while the Know Nothings are seeking to cheek emigration, lest for the statement of preventing the emigration, lest for the statement of preventing the emigration, lest for the statement of preventing the emigration, lest for becoming Protestantism should be overrun by the fast of preventing the emigration lest of anger; Dipon the strength of this cortish of the sortism of the statement of the stateme
