THE SHERIFFALTY.

This is by far the most important of our county offices. To the Sheriff is committed the execution of all legal processes from the beginning to the end of a civil suit. Great care, promptness and accuracy are necessary from the issuing of the summons to the final return of the execution, and a single mis-step often occasions vexatious delays and serious loss to one or other of the parties. The Sheriff has the custody of all prisoners, the entire control of the jail, and must enforce the sentence of the Court whether imprisonment for a week, or execution on the gallows. He is the great conservator of the public peace and is clothed with power to command every citizen to aid him in quelling a riot or arresting a felon. In perilous times, therefore, the peace of society and the lives of our citizens, depend in a great measure, upon a prudent, judicious, faithful Sheriff. He furnishes the names of jurymen to sit in the trial of civil and criminal cases during the year, summons the panel, and if talesmen are wanted, takes whom he pleases from the bystanders or the community at large. His powers on an execution for the sale of property are irresistible and may be so used as to work great injustice to unfortunate debtors. He chooses the jury of inquest to fix the value of real estate, levies on and sells personally property where and when he pleases, and has the entire control of the bidding in the sale of either real or personal estate. During his term of office, hundreds of thousands of dollars pass through his hands. His commissions on sales, and the compensation allowed for keeping the prisoners, make the office, by far, the most lucrative in the county.

The Sheriff can also, if so disposed, exert a vast political influence. Constantly traversing the county by himself or his deputies; and mingling with all classes of society, he possesses the power and facilities of influencing public sentiment for good or evil, infinitely beyond that of any other man in the county.

From this hasty glance at the duties, powers and responsibilities of the Sheriff, the character and qualifications of the man can easily be determined. *He should be a man of thorough business qualifications and of incorruptible moral character.* Prompt, careful and accurate in everything, attentive to business, kind and accommodating in his disposition, yet firm when necessity requires, honest and impartial, devoted solely to the faithful discharge of his duties; and with a moral character above suspicion and beyond the reach of temptation, which will command universal respect and give dignity to the office.

Such a man is GEORGE R. RIDDLE, the Republican candidate for this office. Without descending to any invidious comparisons with the other candidates, we feel justified in saying, that, in the qualifications just mentioned, Mr. Riddle is their superior. All who know him will recognize his portrait in our description of what that officer should be. In fact we scarcely know of a man in the county who comes up so completely to our *beau ideal* of a good Sheriff.

Mr. Riddle was elected some years ago Prothonotary by the Democratic party, and it was admitted on all hands that he made one of the best officers the county ever had. He is noted for promptness and accuracy in all his transactions, for his honesty and integrity as a man and his great moral worth as a citizen. The foul spirit of calumny has never dared assail his character. In all the relations of life, whether as a public officer, or private citizen, he has stood above suspicion, and has ever commanded the respect and confidence of all who knew him.

Such a man *ought* to be elected. And we are greatly mistaken in our opinion of the intelligence and discrimination of the people of Allegheny county, if they do not rebuke the rampant spirit of party factions that now so unhappily distracts the community, and, on the 2d Tuesday of next month manifest their independence of party machinery, and vindicate themselves and the character of our county, by electing GEORGE R. RIDDLE, Sheriff.

BE NOT DECEIVED.

A most labored effort is made by both the Democrats and K. N.'s to create the impression that the Republican vote will be very small and the ticket stands no possible chance of being elected. In this way they hope to catch many votes that otherwise would be given to our ticket. Democrats beset old Whigs and Free Sollers to vote their ticket in order to defeat the rascally Know Nothings; and the K. N.'s in turn, make the same appeal in order to put down Locofocoism. And each pretends to think that the Republican ticket can't get a corporal's guard. But the truth is they both *fear the success of the Republican ticket*, and this is the method they have adopted to defeat it. It is quite true that when the Republican ticket was nominated, the prospect of success was far from being flattering.—It was an effort to get up a new party. There were two other parties in the field well organized and hard at work. The old Whigs were scattered and it was uncertain how many of them would vote. But since then things have greatly changed. Most of the old Whigs of the county have united cordially in the movement. Here there is a force to start with of at least 4500. Besides these there are many disaffected democrats and dissatisfied. Know Nothings who have openly avowed their determination to vote the Republican ticket. The extent of defection in the Know Nothing ranks is amazing. All over the county we can hear of men deserting the order and denouncing it for the unparalleled frauds committed at their nominations. But even among the adhering members there is a quiet yet ominous feeling at work which threatens utter ruin. The knowing ones among them admit that some of their candidates will be defeated. There never was a ticket of any party in this county which gave such general and deep dissatisfaction among its friends. Very few of them, indeed, intend to vote the whole ticket.—Every thing at this time augurs a most disastrous and overwhelming defeat to the whole K. N. ticket, *and they all feel it.*

And the Democracy are really no more hopeful. *They tremble with anxiety for the result.* Their only hope is in getting the old Whigs to vote their ticket. Every effort therefore is put forth to wheedle and coax them into voting with them. They know and feel that their case is perfectly hopeless without this aid.

Yes, the old Whigs of the county have the balance of power in their hands and well do the other parties know it. Right glad would they be to distract and divide that vote! The 4600 Whigs who voted for George Darsie, last fall, who never bowed the knee to Baal, but stood fast to their integrity, have the power to elect the Republican ticket, *and they intend to do it!* Whigs! Republicans! Be not deceived! Stand up for your ticket, do your duty and it will be elected! Our chances are decidedly the best. Our enemies feel it, and they are only trying to deceive you when they say otherwise. Again we say be not deceived! VOTE THE WHOLE REPUBLICAN TICKET. We have the best candidates in the field, a glorious cause to advocate, and the most cheering prospects of success. Oh TO THE BATTLE AND VICTORY WILL BE OURS!

☞ **No Baby Show at Providence.**—The authorities of Providence, R. I. have refused to grant a license for a Baby Show in that city.

The Supreme Court of Pennsylvania did not decide that the imprisonment of Passmore Williamson was either legal or just. This would seem to be the opinion of many persons and especially of some newspaper editors. The Court only decided that they had no power to interfere in his case, whether he was legally or illegally in prison. Judge Black, in delivering the opinion of the Court, expressly says they do not undertake to decide whether Judge Kane had jurisdiction of the case or not, or whether the offence charged against him was such as would justify an imprisonment. The ground of the decision is, that one Court has no right to interfere with another Court, in a question of *contempt*. That every Court must have the right to decide for itself what is a contempt of itself, and in such a decision no other Court should interfere. Judge Black admits that even if it clearly appeared that Judge Kane had no jurisdiction to compel the restoration of Wheeler's slaves, yet he had jurisdiction in the question of contempt, and having decided that, the Supreme Court would not look beyond the immediate cause of his commitment. Judge Lowrie, who concurred in the decision, admits that Judge Kane had no right to grant the writ of habeas corpus, that he had no jurisdiction whatever in the case, and consequently his act was tyrannical. But he refuses to interfere in the case because it would bring the United States and our State Courts into collision, which would be worse and more dangerous than the unlawful imprisonment of a single citizen. Judge Knox dissented from the majority of the Court, in a most able opinion, in which he pronounced the case a most flagrant outrage and one exceedingly dangerous as a precedent.

Not one of the Judges pretended to justify the course of Judge Kane, although Judge Black indulged in some sneers and unbecoming flings at the prisoner.

Passmore Williamson is, therefore, unjustly, illegally in prison. And our Supreme Court say there is no remedy but an impeachment of Judge Kane! Impeachment! What a farce that would be before the United States Senate, the majority of whom are slave-holders! But is there no other remedy? Will the citizens of Pennsylvania submit to such tyranny? No. Elect Passmore Williamson Canal Commissioner, and his prison door will soon be opened.

ANOTHER SLICE AT MEXICO.—It seems that our National Administration has been tampering with Santa Anna, the late Dictator of Mexico, for another slice of Mexican territory to "annex" to our Union, and thus further extend the area of slavery and add fresh fuel to sectional excitement. The Washington correspondents of the New York *Herald* and *Courier and Enquirer* give the particulars of a treaty which Santa Anna was about entering into with President Pierce, when the Mexican Dictator was compelled to flee his country. Although the project has failed for the present, it is more than likely that our Government can find some other Mexican traitor who will be willing to sell his country for a good round sum on which he can sport at ease the rest of his life. And as President Pierce is sold body and soul to the Slave Power, it is not likely he will cease his efforts to gain more slave territory. The correspondents referred to, say, that among the papers left behind in Mexico, by Santa Anna, after his flight from the capital, was the project of a treaty which General Gadsden, the American Envoy, had been discussing with the Dictator, the details being as follows: It proposed to dispense with the running and marking of the present boundary line between the United States and Mexico, by the cession to the former of all the territory north of the twenty-ninth parallel of latitude, and also the peninsula of Lower California, for a price which is not known. This negotiation was carried on by Santa Anna without the knowledge of his ministry; and it is also said that General Gadsden had acted without the authority or knowledge of our own Government. The treaty was concluded, but remained secret, depending upon the success of Santa Anna in firmly establishing his power. After his flight the document is said to have fallen into the hands of General Carrera and his associates, who at once notified General Gadsden that the treaty could not receive their approval. The writer in the *Courier* conjectures that the purchase money agreed upon must have reached forty millions of dollars.

ALLEGHENY COLLEGE, MEADVILLE, PA, BIBLICAL DEPARTMENT.—The conference of the M. E. Church patronizing this college recently authorized the opening of a Biblical Department. We are pleased to learn that the Rev. W. Hunter, well known as editor of the Pittsburgh Christian Advocate, in which capacity he served eight years, has been elected to fill this chair, under the style of Prof. of Hebrew and Biblical Literature. This Department has been open only a short time, and already numbers twenty-five pupils, surpassing the most sanguine expectations of its friends. Professor Hunter is discharging the duties of his chair with ability and to the entire satisfaction of all concerned.

We have received the following letter and publish it to correct any misunderstanding produced by the error referred to, in reference to the true position of the Republicans of Armstrong county:

FREEPORT, Sept. 27th, 1855.

Editor of the Gazette, Sir:

A copy of the Kittanning *Free Press* has just come to hand, purporting to give the Resolutions passed at the Republican Convention at Kittanning on the 20th inst. The Resolution approving of the nomination (by the State Convention) of Passmore Williamson, is placed in the minority rejected by the Convention. I know this to be incorrect. There was only one Resolution introduced by the minority, viz: that with regard to the nomination of a county ticket. The error *may have been* committed inadvertently by the Secretary. D. ATTER,

President of the Kittanning Convention.

MARRIED—On Thursday, the 20th inst., at the residence of Dr. George S. Hays, Bridgeville, by the Rev. Cyrus Braddock, JOHN T. WHITTEN to Miss BLANCHE B. HAWDON.

SPECIAL NOTICES.

Facts, without Comment—The Public Second Knew Them.—*New York, Oct.* 10, 1852.—Mrs. Hardey, No. 119 Suffolk street, writes us that she has been troubled with worms for some three years, and that she used *one vial of Dr. McLane's Celebrated Vermifuge*, which effectually expelled the whole of them. Her general health immediately returned.

Mrs. Quigley, No. 182 Essex st., New York, under date of Nov. 23, 1852, writes us that she had a child which had been unwell for better than two months. She procured a bottle of McLane's Vermifuge and administered it. The child passed a large quantity of worms, and in a few days was as hearty as ever it had been. Parents, with such testimony before them, should not hesitate when there is any reason to suspect worms, and lose no time in procuring and administering Dr. McLane's Vermifuge. It never fails, and is perfectly safe.

Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, and take none else. All other Vermifuges, in comparison, are worthless. Dr. M'Lane's Vermifuge, also his celebrated Liver Pills, can now be had at all respectable Drug Stores in the United States, and from the sole proprietors.

Also for sale by the sole proprietors, FLEMING BROS. successors to J. KIDD & CO., No. 60 Wood st. se22-d&w8

The Greatest Medical Discovery OF THE AGE.

Mr. Kennedy, of Roxbury, has discovered in one of our common pasture weeds a remedy that cure *every kind of Humor, from the worst Scrofula to a common Pimple.*

He has tried it in over eleven hundred cases, and never failed except in two cases (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure the worst case of mouth in One to three bottles will cure the worst kind of pimples of the face.

Two to three bottles will purify the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Two to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Two to three bottles are warranted to cure the worst case of ringworm.

Three to four bottles are warranted to cure salt rheum

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing in the pastures, and along old stone walls, should cure every humor in the system; yet it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands, hums or ha's about it suiting some cases and not yours. I peddled over a thousand bottles of it in the vicinity of Boston. I know its effects in every case. It has already done some of the greatest cures ever certified in Massachusetts. I have it to children a year old; to old people of sixty. I have seen poor, puny, wormy looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache, one bottle will always cure it. It gives great relief to catarrh and dizziness. Some who have been costive for years, have taken and been regulated by it. Where the body is sound, it will work quite easy, but where there is any derangement of the functions of nature, it will cause very singular reactings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it. On the contrary, when that feeling is gone you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that man ever listened to. No change of diet is ever necessary—eat the best the market affords. I have likewise an herb, which, when simmered in sweet oil, dissolves scrofulous swelling of the neck and under the ears. Price 50 cents. Price of the Medical Discovery $1 per bottle.

DIRECTIONS FOR USE.—Adult, one table-spoonful per day. Children over eight years, dessert spoonful; children from five to eight years, tea-spoonful. As a direction can be made applicable to all constitutions, take enough to operate on the bowels twice a day.

Mr. KENNEDY gives personal attendance in bad cases of scrofula.

We have only room to refer to the extraordinary cure of Samuel H. GENTLEMEN—For five years past, I have used B. A Fahnestock's Vermifuge for an anthelmintic in my practice and in every instance was first called to it in a case where I had failed to dislodge worms with calomel, pink and cowbags. A bottle was obtained and used with desirable effect since then I have prescribed it for hundreds of patients, and in a large majority of cases with complete success. In one case a single bottle of the medicine brought away from one patient *Ninety-Eight Worms.* I have never known it to do harm, and I am induced to make this statement from an honest conviction that it is the most valuable Vermifuge yet known. Such is my confidence in its "worm-killing" powers, that I recommend it to other physicians in this section, and furnish them with the article. Yours, &c., D. C. SAVAGE, M. D.

It appears that this remedy is fully up to truth in the extended notices of it, to be seen in our advertising columns, and that these are hardly even half the praise of it. The much we may add—of the long train of physical ills to which humanity is heir, there is none more distressing than the general derangement of the digestive apparatus, which never fails to accompany a disordered state of the liver. Sick headache, piles, languor, fretfulness, bilious tongue, a morbid breath, loss of appetite—in short, a full and complete catalogue of ailments, are the family of bile and life's wasting attendants. JACKSON, at the important Medical Depot, No. 120 Walnut street, is exciting unprecedented public attention, and the proprietor, who is a scientific physician, is making immense quantities of it. It appears that this remedy is fully up to truth in the extended notices of it, to be seen in our advertising columns, and that these are hardly even half the praise of it. The much we may add—of the long train of physical ills to which humanity is heir, there is none more distressing than the general derangement of the digestive apparatus, which never fails to accompany a disordered state of the liver. Sick headache, piles, languor, fretfulness, bilious tongue, a morbid breath, loss of appetite—in short, a full and complete catalogue of ailments, are the family of bile and life's wasting attendants. These diseases, which have baffled the skill of the oldest doctors, have been radically cured by Jacobian's German Bitters."

WELCH & GRIFFITH'S
PATENT GROUND SAWS.

HAVING purchased from Mr. Wm. Southwell his Patent Right, for grinding circular and other Saws, for which we have paid him a large sum, and we are the sole proprietors of this patent. We will reward any person giving information of infringements on the same.

This is the only Machine ever invented that will grind a Saw perfectly even in thickness.

They will require less set—will not heat while running—will run smooth—save lumber—and keep an edge longer than any other saws made—and are not liable to become untrue.

All our Saws are made from an Extra Quality of Cast Steel, imported expressly for our own use, at much higher cost than generally used for Saws.

We respectfully inform all manufacturers of Lumber, that no Saw will be sent from this Establishment but what is of superior Steel and workmanship; the Temper will be found more even and uniform than any Saw in use.
