LESTER'S IRON WORKS,
FOR THE MANUFACTURE OF
WOODSWORTH'S PLANING MACHINES
AND STEAM ENGINES,
57 Henry street, Brooklyn, N. Y.,
opposite New York City.

THE subscriber having been engaged for the last 15 years in the almost exclusive manufacture of this most important invention, *Woodsworth's Planing, Grooving and Matching Machines*, has recently completed the large additions to his already extensive Works, will execute with despatch all orders in the above line to an unlimited extent. The universally acknowledged superiority of Woodsworth's Planing Machines, manufactured by him, all over others, requires no reiteration.

In the manufacture of STEAM ENGINES, we claim a superiority for power and speed, beauty of construction and finish; and also guarantee the engines to transmit 500 per cent more power for the same money than can be furnished by any other manufacturer, and more than 100 per cent saving in wear and tear, as well as a large saving in the consumption of fuel.
