## HALLOWED GROUND.

Hallowed is the ground
On which we tread,
For in the sleep of death profound,
Around us are the dead—
The dead! their memory twines
About our hearts alway,
Around the oak the clustering vines
Bright leaves and flowers display.

In every shady nook,
In every valley fair,
By every murmuring brook,
On every hillock bare,
In forests dark and dread,
Beneath the ocean's wave,
All calmly sleep the dead
Within their nameless graves.

A few, a few brief years—
How few no tongue can tell—
And all joy's notes and fears
We all must bid farewell.
A sigh—perchance a tear—
A hope to grief allied—
And they who mourn for us,
Will slumber by our side.

Hallowed is the ground
On which we daily tread,
For in the sleep of Death profound,
Around us are the dead.

## COURTS OF ALLEGHENY COUNTY.

COURT OF QUARTER SESSIONS.—Before Judges M'Clure, Adams and Boggs.

October 4th.—Commonwealth vs David Davis, indictment assault and battery with intent to kill. On oath of John Hephard. The Jury returned a verdict of guilty of simple assault and battery recommended the defendant to the mercy of the court.

Commonwealth vs. Nelson Jones, indictment assault and battery on oath of Frederick Reese very returned a verdict of not guilty, and that the prosecutor pay the costs.

Commonwealth vs. John Paisley, indictment assault and battery, on oath of Henry Scott. It was proved that Paisley had thrown two or three stones, one of which struck plaintiff on the leg, and also that Scott had held an axe in a threatening attitude at Paisley. There were cross bills; and Scott had been three months in jail for want of bail, but the grand jury ignored the bill at Paisley's cost, which had been preferred against him. Scott had said when he held the axe that he would kill Paisley before Paisley should kill him, but the latter had made no threats to kill. Col Gleun for prosecutor, and J. H. Hampton for defence. The jury returned a verdict of guilty. The Court sentenced Mr. Paisley to pay the costs on the ignored bill, and to pay a fine of $25, and costs on the case wherein he was convicted.

John Hephard, was sentenced to pay the costs in the surety of the peace case, on oath of David Davis, heard yesterday.

The Jurors through Mr. Roberts, the prosecuting attorney, requested the court to adjourn, in order that they might attend the County Fair. The court accordingly adjourned until 9 o'clock this morning.

DISTRICT COURT.—Before Judge Williams.

THURSDAY, October 4, 1855.

Court met and adjourned in order to enable Jurors and gentlemen of the Bar to visit the County Fair.

POCKETBOOKS ABOUT.—Two ladies at the Fair yesterday had gold watches stolen from them while they were in the dense crowd at Artists' Hall. The watches were worn in the very silly style which the ladies—vain creatures!—adopt for the purpose of displaying their jewelry; they were fastened on the exterior of their dresses, secured only small gold chains. The thieves cut the chains in two and away went the watches.

As soon as the losses were discovered, the police were applied to, to recover the watches. But such a thing was impossible. The police force, thirty-five men, were employed in watching the articles on exhibition, and dogging sundry gangs of pick-pockets, who were upon the ground. Several cases of pocket-picking occurred.

Mayor Volz was very active. In the forenoon he "spotted" two notorious thieves and had them turned out of the grounds. One of them was sent to the lock-up on an old charge.

It is singular that persons will go into such crowds with money upon their persons. The rogues are so expert now-a-days that they can finger the recesses of your pocket before you are aware of it, and you are left minus your cash, and plus a good lesson, viz: "never carry your pocket-book to the Fair."

PAINFUL ACCIDENT AND DEATH.—On Friday morning last, Daniel Meinhart, son of Jacob Meinhart, of Penn township, Westmoreland county, was instantly killed. The deceased was hauling wood with a wagon on a steep hill and riding on the saddle horse. A young and ferocious beast was on the off side, and the ground being very steep, the wagon was upset against a fence, the horse falling upon him, and the tongue striking him on the neck. The deceased was aged about 18 years, and had entered his name as a candidate for admission to communion in the Manoc Lutheran Church, under the patoral care of the Rev. Mechling.

THE COUNTY FAIR was visited yesterday by as many as ten thousand people. The weather was beautiful throughout the day. In regard to the exhibition itself, the general remarks is that it compares unfavorably with the Fairs of the past years. The Poultry and Cattle departments are very slim. The public were a good deal disappointed yesterday, that there was no female Equestrianism. Barring some unavoidable mud and wet, marshy spots, the grounds are in very fine order, and every person doubtless got their money's worth of enjoyment out of the affair.

THE ST. CLAIR.—The St. Clair Hotel, under the control of the ever-popular Connelly, is doing a "land-office business," now-a-days. Its arrivals number 500 and 600 a week, and what is better than all, nobody goes away who does not intend to book himself at the St, on his next return to the Smoky City. We cannot wonder at his success, for we believe Connelly was by nature intended for a landlord, so admirably does he perform the duties of that position.

FLOUR.—The following is the Flour Inspectors report for September:

| | |
|---|---|
| Superfine, | 13,222 bbls. |
| Fine, | 800 " |
| Middling, | 114 " |

THE WASHINGTON INFANTRY were out on parade yesterday, numbering ninety muskets, their appearance was very creditable, with the single exception of their plumes. Had they been of one color instead of three, they would have displayed better taste. The Infantry visited the Fair Grounds at ten o'clock, remaining there till evening.

THE RIDING AT THE FAIR GROUND.—We are requested by Mr. P. A. Wey, the President of the Agricultural Society, to announce that today, at eleven o'clock, a number of ladies will ride in the ring at the Fair Grounds. This is a portion of the entertainment which always excites the greatest interest, and will be witnessed by thousands.

WE notice among our steamers the W. H. Denny, a beautiful boat called after one of our most respectable citizens; she leaves this evening for New Orleans, under the chess sterling men, Capt. Tom Lyon, and Clerk, Martin Lyon; men who have no superiors upon the river for caution and correct dealing. Shippers and passengers bear will this in mind.

LET all our readers who wish a rare evening's entertainment attend at the opening of "College Hall" to night, for the future occupance of the Iron City College. We especially with the attention of our younger friends, both Ladies and Gentlemen. Educational subjects will be the theme of discussion by eminent speakers.

BURGLARY.—"Our House," William Bennett, proprietor, on Diamond Alley, was entered by burglars on Wednesday night through the back window, which was forced open by means of a chisel. Some ten or twelve dollars in money was taken from the drawer, and a quantity of liquor carred off. No clue to the perpetrators.

REMOVAL.—Our friend R. E. Sellers has removed his Drug Store to the corner of Second and Wood streets to the building formerly occupied by Messrs Ogden and Snowden, where he is prepared to furnish his old customers in good style—give him a call.

THE IRON CITY COMMERCIAL COLLEGE opens this evening at the new rooms, corner of Fifth and Smithfield streets. The exercises are expected to be interesting.

LOCAL ITEMS were like angel's visits yesterday, the only remarkable piece of news we heard was that news who remarkably scarce.

### MONETARY AND COMMERCIAL.

The Exchange market is very irregular, but with a decided downward tendency. The supply of commercial bills is in advance of the demand, and rates for such bills are ¼ to ¾ @ cent. lower than by the last steamer. The range of sterling we quote at 9¾@9¾, although some sales have been made by bankers at 9¾@9¾, and some bills with bills of lading attached have sold as low as 9¾@9⅝ @ cent. First class commercial signatures sold at the close at 9¾@9¾ @ cent, and for a large bill bankers would probably have accepted 9¾ @ cent. France 5,17½@5,15 with commercial sales at 5,12½, prominent signatures having been sold at the lowest rate. ¼ @ cent off. All Continental bills are heavy.

Money continues very active among stock operators at 1@2 @ cent up to 12@13 @ cent on good stocks The stringency appears to be quite equal to that of the worst day of last week.

Gold specie in the price of gold bars caused some purchases for shipment before the fall in Exchange took place yesterday and to-day, and $250,000 are engaged in the Baltic by Messrs. Brown Brothers & Co.—N. Y. Tribune.

TOBACCO—Firmness with a continued upward tendency in prices seems to be the feature in this staple. The sales are small, the stock is being light and none in any consequence arriving. We have again advanced our figures, and now quote logs $6,25 to $7, medium $7 to $8,50, fine $8,50 to $9,50, and extra fine $9,50 to $11. Besides the auction sales, 10 hhds manufacturing leaf were disposed of at private sale at $13. The sales of the week are 106 hhds.

FLOUR AND GRAIN—The stock continues light and transactions are confined to small lots. The last foreign news reporting a decline, has thrown a little damper over the market. We now quote superfine at $8,00 @ Wheat is now paying 300 @ bushel for new and corn and oats 60 @ bushel. Date we quote at 90@95c—the inside price is paid by dealers for prime lots. Corn meal still at 6s.—Barley we quote at 80c, rye at 75c.

FRUITS—Some dried fruit has arrived, and we quote from the country 50c for apples and 75c for peaches, and the last straw boards, A. Culbertson; 114 bus oats, Hall & Liggwitt.

COFFEE—The Coffee market, which for some days past has been quiet, has to-day been quite animated, and sales of about nearly 2,000 bags have been made. The sales include 1,400 bags Rio, out of the cargo of the bark Cortina, the price for which has not transpired, although it is understood to be at the same figure, and 300 bags damaged do, at 10½@10¾ cts. There is a large supply of Rio Coffee here and several other cargoes are coming forward soon, but holders continue firm in their views. We quote coffee as follows: prime Rio, 11 @11¼ cts; fair to good do, at 11¼@11½ cts., and prime do. at 11¾@ 12 cts. There is no Laguayra or Java Coffee in market.—Bait. American.

The "take" of fish on the upper lakes this season is very large. A correspondent of the Toledo Blade, is writing from Mackinac, gives a statement of the fisheries on the straits, which exhibits the quantity of fish packed and shipped at Mackinac so far this present season, at 14,183 barrels.—Taking former years as a criterion, the amount which will be packed up during the entire season will be 31,000 barrels. Seaver Islands pack 1,500 barrels. Hirch Point 500 barrels, making a total from the straits of Mackinac of 32,800 barrels. The correspondent says:

"The average of trout and white fish this year is about equal to last year the trout were the most abundant. The amount of fish taken last year was nearly one-third less than the present season, and the fish last year has been the most profitable season for the fishermen of any since 1847, from the fact that the fish are plenty and prices high."

The stringency experienced in the New York Money Market has had scarcely any perceptible effect here, and the demand for money continues moderate, and limited to prime paper, capital indebtedness for the latter, without any change of interest consists of Bank, ranges from 10 to 12 for prime paper, and 1@2 per cent. higher for Currency is in good supply, and a large amount of Eastern funds have been received during the week, viz: Beginning with Monday:

Exchange market is firm for Eastern at ¼@¾ premium. New Orleans is nominally ¾ discount to par, and Cincinnati and Wheeling are discharged @ Banker's checks. There was an active demand for gold on the 1st inst., and the lower Banks and prices advanced to ¾@¾ premium but to-day the market has again relapsed into a quiet state, and closed at ¾@¾ premium. Of Eastern Bills, the offerings have been moderate, and the demand fair, and sold at interest off for 30 days, and interest and ¾ off for 60 and 90 days. No time drafts on the South offering.—Gin. Price Current.

The Sub-Treasurer reports an accumulating balance of nearly seven millions of dollars. The Treasury is getting short on the expenses of our sanctioning her balances, as shown in the large accumulations of foreign manufactured goods. The most serious surprise is the Treasury is now twenty-two millions of dollars; and the Customhouse receipts have increased, while the expenditures fell off. second and third quarters of the late fiscal year.—N. Y. Commercial.

The Money Market continues to exhibit much the same features noticed last week. The loan is altogether unequal to the even currency paper and loans on demand.—The merchants are generally out of debt, and the best business paper that finds it way into the street for negotiation is readily taken at 6 per 8 per cent. on first class names, and the amount offering is not large. The pressure, therefore, for money is not severe, and many of the push who have been carrying Stocks in Wall street to Brokers and Banks with Banks and private Bankers for Money returnable on demand, are relieved. The Banks of the three prominent indicenons go to make up or aggravate the tension of the money market, their negotiations, first the sudden decline in the Bank reserve of specie to ten millions; secondly the withdrawing the redeeming of Bonds for Slave States, and consisting of Deed Bonds, Bonds, Stocks, Drafts, Dry Measures, Kins and Cherry Wash Boards, and all other kinds of ware in the line.
