From the Montrose Independent Republican Oct. 4,

The undersigned, members of the State Republican Committee, deem it proper to say, that they went into the Committee on the 27th, at Harrisburg, to support the nomination of Passacans Williamsons for Genal Commissioner. They continued uniformly to support him during all the discussion that took place in that Committee, and in the Committees of Conference, and it was their purpose to stand by him so long as in their belief he should comtinue to be a candidate. They therefore did not soquiesse in the nomination of Tromas Ricustans; but, having since learned that Passacae Williamson had not actually accepted the nomination, and has since declined it, and being assisted that Tronas Ricustans is in favor of the Republican Platform adopted at the Convention at Pittaburgh, and that he does not belong to any secret political organization, they layor of the Republican Platform adopted at the Convention at Pittsburgh, and that he does not belong to any secret political organization, they now conver in the nomination of the latter gentleman, and commend him to the cordial support of our briends throughout the State.
