THE ELECTION.—As indicated in our last, the annual election in this county has resulted in the success of the entire Democratic ticket, by various majorities. This result has been produced by two causes; the division of the opposition forces, and the intense desire entertained by hundreds of Whigs to defeat Know Nothingism. We do not believe that the Democratic party is five hundred votes stronger now than last year, when it polled less than one-third of the votes of the county, but it was believed by many that it was the only party which could defeat the Know Nothings, and to promote that end it received an accession of from fifteen hundred to two thousand votes, which it could have received under no other circumstances, and will probably never receive again. It also received the liquor vote, which helped to swell its strength considerably.

This result is not one which we desired or sought to promote, and we are in no sense responsible for it. The responsibility falls on those Whigs who last year deserted the Whig party, for new affinities, and for new and proscriptive principles. At the beginning of 1854 the Whig party in this county was compact and well organized, and contained a working majority of two thousand, which in a presidential election could be be run up to three thousand five hundred. It was an Anti-Slavery party, also, and could be depended upon in any emergency to resist the encroachments of slavery. If this party had remained intact this result could not have happened. There were numerous disappointed office-seekers and demogogues, who, despairing of success in the Whig party, determined to ruin it, and seize hold of the new and rising fantasy of Know Nothingism to accomplish their purpose. They found the public mind prepared for a change and thousands of good men were deceived and betrayed into the belief of something better to be found in Know Nothingism than the Whig party had afforded them. The consequence was, that the all-powerful Whig party was defeated last year, and found itself in the minority. A certain number could be induced to join the secret proscriptive order, but no inducements could win over a powerful minority. This minority consequently possessed the casting vote between the Know Nothings and Democrats, and it had a perfect right to cast it where it believed the most permanent good could be accomplished. The Know Nothings had no right to claim it, no shadow of reason to demand it. The Know Nothing party was the natural enemy of this Whig remnant, as it had ruined the once potent Whig party, and it could therefore expect no quarter, and it received none. This Whig remnant was divided at the election on Tuesday—one part of it voted the Republican ticket, the other voted direct for the Democracy.

The *Republican* party was originated by those who, like ourselves, could not consistently and conscientiously support either the Know Nothings or the Democrats. Both were obnoxious.—One was the ally of slavery, and the supporter of the disgraceful administration of Franklin Pierce and of the Nebraska swindle. The other was a secret, oath-bound, proscriptive party, possessed of anti-American and anti-Republican principles and practices. There was a necessity therefore for a party to present a ticket for the suffrages of those who could unite on neither of the others. This originated the Republican party. We understand that some of the Know Nothing leaders throw the blame of their defeat on the Republicans. They have no right to do this, for they had no claim to this vote, and would not probably have received it under any circumstances. Had there been no Republican ticket in the field, the probability is that this vote would not have been cast at all, or if cast, divided between the two parties.

The result indicates two things. One is, that the majority of the voters of the county are opposed to the proscriptive principles of Know Nothingism. Another is, that the tendancy of that Order is to increase and strengthen the Democracy There is now not the slightest chance for Know Nothingism to ever obtain the ascendancy. Its tendency is to a rapid decrease. The masses of its members are honest, and they are generally disgusted with the workings of the system, at the fraud perpetrated in the nominations, and infinitely dissatisfied with the result. Freemen cannot longer be retained in such an organization. Success might have retained them a while longer, but defeat is ruinous. They will demand to be placed in a position to battle successfully with their old and natural enemies, the Democrats, and to be marshaled in battle array with the opponents of slavery aggression.

Although matters look gloomy for the anti-Nebraska cause yet these disasters may result in the greatest good. There is an undoubted anti-Nebraska majority in Pennsylvania. The great difficulty is to unite and harmonize it.—If the success of the Democracy in the state shall secure this result, as we trust it will, we shall have no reason next fall, when we have a Congress and President to elect, to mourn our defeat this year.

One object of the Know Nothings was to break down the old parties. In this object the failure is complete. The Whig party is destroyed, but the Democracy is stronger than before. Know Nothingism has divided and weakened the opposition to Democracy and to the encroachments of slavery, and has thus almost destroyed the chances of resisting successfully the establishment of slavery in Kansas. But for it, we should now have had in the Northern states a united and all-powerful Anti-Nebraska party, instead of divided, weakened and factious forces. As we believe the masses of those who have been allured into the organization to be well-meaning and honest, we have confidence that they will relieve themselves from their anomalous position, as soon as they clearly discover the total failure of their well-meant endeavors; and we are not without hope that the next annual election will find the Anti-Nebraska forces of this county and state united in one solid body, and that the defeat of the Nebraska Democracy will be as signal as their triumph now.

OHIO.—We have better news from Ohio. Returns have been received from 51 counties which give Chase 12,279 majority. In the same counties Medill had 40,813 majority two years ago, thus showing again for Chase of 52,092. There are 43 counties yet to hear from. We think there is no doubt of Chase's election, notwithstanding the treachery practised towards him.—The legislature will be Republican throughout.

LATER.—Chase is certainly elected. The *Union* and *Post* bragged too soon.

From the returns received from the state it would seem that there is very little left of the "American" party. They elect two members of the House in Philadelphia, and perhaps two in Huntingdon and Blair; but beyond that we can hear of nothing for them, just now. They will doubtless carry a few other counties, however. They are beaten 300 in Westmoreland, and even Fayette goes against them on the legislature. Nicholson is beaten 25,000 for Canal Commissioner, according to the last report. It is an overwhelming defeat.

New Brighton, Beaver county, gave Kenmore Williamson 112 votes, Cleaver 79, Nicholson 84, Plumer 22.

THE REPUBLICAN PARTY.—This young party begins well, considering all the circumstances of its first effort at the ballot-box. Although scarcely six weeks old, it gave Eleven Hundred votes for PASSMORE WILLIAMSON in the two cities, and probably over two thousand in the whole county. Although this is much less than it should have been, it is a great deal under the circumstances. Being the new and the weak party, and the impression being riveted on the public mind that the contest lay between the Democrats and the Know Nothings, the Republican party suffered loss both ways. There is no doubt that at least fifteen hundred old line Whigs, who preferred the Republican to the other parties, voted directly for the Democrats, from the intense desire to defeat the Know Nothings. On the other hand, there were hundreds of persons friendly to the Republican party, and anxious for its success, who voted direct for the Know Nothings to defeat the liquor men, who had adopted the Democratic ticket.—Thus the Republican ticket, although commanding the good wishes and friendly regards of the voters, lost the majority of its strength from the prevailing impression that it had no chance, and from the intense desire to defeat the Know Nothing ticket by some of its friends, and to defeat the liquor league by others. We do not think it is wide of the mark to say, that at least three thousand persons voted for the Democrats and Know Nothings for the above stated reasons, who really preferred the Republican principles and ticket, and would have voted for it had they believed it had a chance of success.

Although we have not elected our ticket, yet we have succeeded in establishing an organization, and in procuring a consideration of our principles and position. This is doing much. We are now prepared for future campaigns, and can take the ground early and with good prospects of success.

"A LIGHT VOTE."—We hear it said in various quarters that the vote on Tuesday was a light one. In 33 districts, from which we have the full vote, it was 10,666; while last year, when the vote was remarkably full, the same districts gave 10,882. It will be found, on examination, that the vote was a very large one for an ordinary County election, and will fall but little below that cast for Governor last year.

THE SHERIFFALTY.—Returns from nearly all the county were received yesterday. Patterson is elected Sheriff by about 400 majority over Jones.

THE DESERTED WIFE.—By Mrs. Emma D. N. Southworth. T. B. Peterson, Philadelphia. Our readers will be pleased to see a new work announced from the pen of Mrs. Southworth whose works of fiction are very popular. The "Deserted Wife" is pronounced by those who have read it to be one of the most brilliant and fascinating of the works of the lady author.

From the Herald of Freedom, Sept. 22.

GOV. SHANNON'S RECEPTION AT LAWRENCE.—We stated in the last number of the Herald of Freedom, that Governor Shannon had passed this place the day previous, and had gone to Lecompton, not condescending to call at Lawrence, the oldest and most important settlement in the territory, as well as the most populous. By some means it was reported that the Governor would return on Saturday, and pay a visit on his return trip to the Shawnee Mission, where it is understood, his headquarters are established. The people were determined on giving him a public reception, and appointed a committee of fifteen to make necessary arrangements.

In the afternoon, the mass from the country began to assemble, and by evening there was a very large collection in our streets, all waiting anxiety the Governor's arrival. About 4 o'clock, P. M., it was reported he had arrived. The crowd made their way to the Cincinnati House, where he stopped, to extend to him an enthusiastic greeting, each one determined to do his best towards making the Governor feel himself at home while in Lawrence. His appearance, slight in passing the place the day previous, without designing to notice the town, was forgotten, as was the fact that he accepted of a public reception from the invaders of Kansas while in Missouri, on his way to the territory.

It had been represented that Gov. Shannon, while addressing the people of Westport, declared that every law, whether right of itself, or otherwise, enacted by the late mock legislature, should be enforced to the letter, and that he had expressed a determination to put the institutions of Missouri upon the border of Kansas. It was but natural that those who were to be influenced by such remarks, should hear from the Governor's own lips whether he had thus disgraced his official position—they wished for a confirmation or denial of the rumors, and congratulated themselves that the time had come when the line of policy marked out by the new administration should be submitted to the public.

The Committee, with Hon. J. H. Lane as chairman, called upon the Governor at his room. The committee were severally introduced by Mr. Lane, who was an associate of Gov. Shannon's in Congress. After the ceremonials, the Colonel informed the Governor of the object of the visit, and the desire of the people to address him, and to listen to a response from his Excellency. The Governor replied that "circumstances had placed it out of his power to comply with the request."

Col. L. assured him that the entire time consumed would embrace but a few minutes; that as the Governor had expressed a desire to go to Franklin, three miles distant, that night, if his party desired they might go on, and he, the Colonel, would carry him down in his own carriage that evening, or in time to regain his party on the morning, if he preferred. Gov. Shannon peremptorily declined the honor, but promised to return on the 23d of October, when he should visit Lecompton again, *on the occasion of a sale of city lots.*

These facts became known to the masses, several hundred of whom were collected in front and around the hotel, and produced a decided impression. Many felt indignant that the Governor should refuse this mark of honor at their hands. They called to recollection the pleasant time they had a year previous, when Gov. Reeder first called upon them, and accepted a pioneer dinner at their hands, and contrasted the kindness and urbanity of one with the coldness and incivility of the other.

As Governor Shannon entered his carriage and cracked his whip to depart, we were pained to observe that several persons joined by a few boys, commenced groaning rather loudly, which was restrained with great difficulty by the more cool and sedate. No circumstance can occur when such indignities will be justified towards a public officer. Our citizens felt that Governor Shannon had grossly insulted them, as well as the people of the territory at large, in accepting a public demonstration from an adjoining State, and refusing it at the hands of those he was sent to govern; but this was no excuse for such an outrage, and can hardly be offered as a palliation.

Governor Shannon drove to Franklin that night and on the day following, Sunday, made his way to the Mission, accompanied by his honor *Rev.* Thomas Johnson, late speaker, and we believe Chaplain of the Council, and who joined in a memorial praying for Governor Reeder's removal from office, urging as one of the principal reasons that Gov. Reeder caused labor to be done upon the public building at Pawnee, on the Sabbath, in order to fit it for the accommodation of the Legislative Assembly, which he had convened at that point.

THE INDIANS AT BLUE RIVER.—There is some fault found over Gen. Harney's recent fight with the Indians at Blue River, and a portion of the press do not scruple to call it a massacre more disgraceful to the United States forces than any defeat possibly could have been. We confess ourselves to feeling some sensation of shame when reading the accounts of the battle, and have looked with anxiety for an explanation that would relieve it of the features of a mere surprise and cruel slaughter that have so far attached to it. But a considerable allowance must be made in judging of the mode of dealing with these wandering bands of savages. If they are to be punished at all it must be done by surprise and in the summary manner carried out by Col. Harney.—*Balt. Amer.*

SPECIAL NOTICES.

The Great Restorative—Fever and Ague *Cured by Dr. McLane's Liver Pills*—Mr. Jonathan Hough man, of West Union, Park county, Illinois, writes to the proprietors that he had suffered greatly from a severe and protracted attack of Fever and Ague, and was completely restored to health by the use of the Liver Pills alone.—These Pills undoubtedly possess great tonic properties, and can be taken with decided advantage for many diseases requiring invigorating remedies but the Liver Pills stand pre-eminent as a means of restoring a disorganized Liver to healthy action; hence the great celebrity they have attained. The numerous formidable diseases arising from a diseased Liver, which so long baffled the skill of the most eminent physicians of the United States, are now rendered easy of cure, thanks to the study and perseverance o. the distinguished physician whose name this great medicine bears—a name which will descend to posterity as one deserving of gratitude. This invaluable medicine should always be kept within reach; and on the appearance of the earliest symptoms of diseased Liver, it can be safely and usefully administered.

P. R. Dr. M'Lane's celebrated Vermifuge and Liver Pills can both be obtained at any of the respectable Drug Stores in this city.

☞ Purchasers will please be careful to ask for and take none but Dr. M'Lanes Vermifuge and Liver Pills. There are other Vermifuges and Pills now before the public, but all comparatively worthless

The Greatest Medical Discovery OF THE AGE.

Mr. Kennedy, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures every kind of Humor, *from the worst Scrofula to a common Pimple.*

He has tried it in over seven hundred cases, and never failed except in two cases (both thunder humor.) He has in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth

One to three bottles will cure the worst kind of pimples of the face.

Two to three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humor in the blood.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and rioting ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to four bottles are warranted to cure the worst case of ringworm.

Three to four bottles are warranted to cure salt rheum

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the powerful medicines of the day, as that a common weed growing in the pastures, and along old stone walls, should cure every humor in the system: yet it is now a fixed fact. If you have a humor it has to start from the root in some shape. Now is the time to get rid of some cases and not yours. I peddled over a thousand bottles of it in the vicinity of Boston. I know its effects in every case. It has already done some of the greatest cures ever done in Massachusetts. I have it to children a year old; to old people of sixty. I have seen poor, puny, scrofulous sickly children, whose flesh was soft and flabby, restored to a perfect state of health in one month.

To those who are subject to a sick headache, one bottle will always cure it. It gives great relief to catarrh and dizziness. Some who have been costive for years, have to take but one bottle to be relieved. It is the best spring and fall purifying medicine in the country, and should be used by every one. Now is the time to get rid of your humors, before they settle in your joints, and become chronic. Then they will require long and severe treatment to cure. Now is the time to get rid of your humors, before they settle in your joints, and become chronic. Then they will require long and severe treatment to cure. No change of diet is ever necessary—eat the best you can get. I have likewise an herb, which, when steeped in sweet oil, dissolves scrofulous swelling of the neck and under the ears. Price 50 cents. Price of the Medical Discovery $1 per bottle.

Dr. Kennedy's Saratoga Cologne, also table-spoonful pe day. Children over eight years, dessert spoonful; children from five to eight years, teaspoonful. As no direction can be given to suit every case, a little experience will enable any person to operate on the bowels twice a day.

Mr. KENNEDY will be in constant attendance in bad cases of scrofula.

BOSTON, N. H., June 9th, 1855.

To B. A. Fahnestock & Co.:—

GENTLEMEN—For five years past, I have used B A Fahnestock's Vermifuge for an anthelmintic in my practice; my attention was first called to it in a case where I had failed to dislodge worms with calomel, jalap and castile soap. A bottle was obtained and used with desirable effect; since then I have prescribed it for hundreds of patients, and in a large majority of cases with complete success. In no case where a single bottle of it was given, has a worm come away from one patient *Ninety-Eight Worms.* I have never known it to do harm, and I am induced, to make this statement from an honest conviction that it is the most valuable worm medicine in use. I have used it in its "worm-killing" powers, that I recommend it to other physicians in this section, and furnish them with the article.

WELCH & GRIFFITH'S PATENT GROUND SAWS.

HAVING purchased from Mr. Wm. Southwell his Patent Right, for grinding circular and other Saws, for which we have paid him a large sum, and we are the sole proprietors of this patent. We will reward any person giving information of infringements on the same.

This is the only Machine, ever invented that will grind a Saw perfectly even in thickness.

They will require less set—will not heat while running—will run smooth—save lumber—and keep an edge longer than any other saws made—and are not liable to become untrue.

All our Saws are made from an Extra Quality of Cast steel, imported expressly for our own use, at much higher cost than generally used for Saws.

We respectfully inform all manufacturers of Lumber, that no Saw will be sent from this Establishment but what is of superior Steel and workmanship; the Temper will be found more even and uniform than any Saw in use.
