LANGERIAN, Rot. 24, 1856.
Our towning Saturday, Nov. 24, 1856.
Our towning was thrown into a high state of sentencent on Thursday last by the intelligence from near Hickory Point, in this Territory, that Charles W. Dow, a young man about twenty two years of age, was most barbarously murdered by a party of dambns who rejuice in the appointment of Committinum its own hands—refeating to the Republicans as representing a party.

Very well. Such an indigality will be well remembered. The day will come when this hanghty and inscient majority will dwindle to a minority, and then there will be a long score to settle. The Begublicans can afford to wait and treasured to leave, and got away a few rods when his attention was discussed to Museage of buck shot in his bosom from a wretch nearest Column, and fell dead upon the spot. An attempt was made to arrest the murderer, but he was secreted by his pro-elavery abettors, and eccaped to Museout.

TUREDAY, Nov. 27, 4 o'CLOCK A. M.—A meeting of the citizens convened to-day on the ground where the murder was committed, and inquired into the facts at length. The proof corroborates our statement, that one of the most calcholocded murders or record had been compileted by E. N.

of a watchful press and people are upon them; and for one, we shall or, aloud and spare not, regardless of all personal considerations. These are no times for pattering or double-dealing, or the North. The times call for stury, plainness of speech, and bold, frank, open behavior upon the part of the peoples, representatives.

The anti-Nebraska masses of this State have not forgotten, if their servants have, upon what grounds those servants were chosen, and wol we look to the calliff who betrays them.

There is great deal of talk at Washington, we hear, about "mational" men. Mr. Campbell or Mr. Banks are opposed on the ground that they are "sectional" men, and that by suspens who were chosen upon pladges and avowale as sectional as any ever made by Mr. Campbell or Mr. Faller, we are told, is a "sational" man, Heaven save the mark! and this kind of twaddle is put forth by men at the Capital who would blush to meet the people at home of from Pennsylvania to Washington Git ve creat that keep war of long, or the distance from Pennsylvania to Washington Git ve creat that keep would be convened this morning.
