PITTSBURGH GAZETTE

surrender of their srms. The Lawrence men responded by professing their constant willingtheir arms. On this basis, finally, peace was affected, and the army of Missourians encamped octate the place was forthwith disbanded. Mr Sheekland says:

"The disbanding gave risits general murmu "The disbanding gave rise general marmure and executions of Shannon means the Missouri Stoops. Most of them resemd Westport on Sandaynight, baving suffered intensely during the previous night from a terrible storm of rain, snow, and wind, which terminated in plercing cold. They lost many horses, some having been stolen by the Indians, some having strayed sway, and others having died at Westport from fatigue. They also lost many of their arms.

At Westport they threatened to tear down the

their arms.
At Westport they threatened to tear down the hotel at Kansas City, and the committee from that place was appointed to go to Westport to remonstrate, the inhabitants detarmined to defend the hotel at all basards, should the remonstrance fail of effect. No demonstration

however, was made.
"We learn, moreover, that the report of the shooting of two or three of the Frps State me is without foundation. The only man shot we lause Barker, who was not a resident of Law James Barker, who was not a restored to the country reason, but lived some four miles from the town, and was near his house when killed. He was riding along the road when he was called to by a party, of which Major Richardson was one, and commanded to halt. He rode on without ad commanded to hair. He read to have seeding the summons, was pursued, shot down and left lying in the road. He was afterwards to the Lawrence dragoom taken by a company of the Lawrence dragoons into Lawrence."

The potato crop is at length raised, and its abundant produce has been stored up in excellant conditions. Some of the newer varieties of the frish sculent have turned out far beyond the first being severely pressed.

The potato crop is at length raised, and its abundant produce has been stored up in excellant conditions. Some of the newer varieties of the frish sculent have turned out far beyond the first warmen produce in several disconditions. Some of the respect to the frish sculent have turned out far beyond the first warmen produce in the sculent have been its characteristic during the past month, and every day a gradual increase of confidence is delevable when the variety inquired, and the loss score of the first sculent have been maintained for several lines, gave very ample produce. In several disconditions of the first sculent have been maintained for several lines, gave very ample produce. In several disconditions of the first sculent have been maintained for several lines, gave very ample produce. In several disconditions without creating the slightest sign of the species of the country, the gross amount of yield has been nearly 250 binhels were raised, and the less scales.

Kansas affairs. Mr. Shankland, who is again the several conditions of the country state of the maintenance of the country state of the money market had already created a strong tendency toward invasionates to the Democrat some particulars are still fit for cattle feeding, thus in a great degree making up for the less that might commented to fight, finally sent a demand where the country state of the money market had an extra country state of the money market had an extra country state of the country state of the country stat

and unmarketable potatoes, there will be found a net turn out of one hundred and fifty million bushels."

The value of this crop is estimated by the Mercury at 1s 8d per bus., giving to the entire crop a money value equal to twelve and a half million sterling, and this, too, without taking into estimation the small, the diseased, or the otherwise inferior portions of the aggregate crop. The quality of the yield is said to be very fine.

Kerfino the Ermine Above Suricon.—The New York Times states that the City Judge, Sidney as bribe, has sent his resignation to Albany.—The Judge protests his innocence, but thinks it his duty to resign because the ermine should not be tainted even with suspicion. This shows there is something of the tree metal in the Judge He is right in keeping the ermine should not be tainted even with suspicion. This shows there is something of the tree metal in the Judge He is right in keeping the ermine shows suspicion; for when the people of this country lose their confidence in the integrity of Judicial function—Judge Stuart, it will be remembered, was acquitted of the offence charged against him.

Rev. J. B. Ferguson, of Nashville, Tennessee, reports that he has a daughter of fourteen, a medium, who by stirring a spoon in an empty tea-cup produces medicines that ours a variety of obstinate diseases. He names some docum witnesses to the facts. The medicines are supposed to be eliminated from the elements of the atmosphere, by an eminent deceased chemist.

Rev. M. Ferguson evidently believes all this and more, which he keeps bank on account of the amazing incredulty of his fellow men.

cough, no pain, no spitting of the control of the control of the colds, any cough that may exist is attributed to a "little fresh cold," as it is called. Gradually the countenance becomes pale, the lips of a bluish color, and the whole features

The Potato Caor is Irriand. — A friend has handed us the Belfast Daily Moreowing for Bec. 1st, from which we take the following aboreout of the potato crop is at length raised, and its abundant produce has been stored up in exceptions. Some of the length raised, and its abundant produce has been stored up in exceptions of the first headlent have turned out far beyond the ordinary amount of vield, and even the
