NEW YEAR'S DAY.—We present our readers with the compliments of the season. In accordance with usage, no paper will be issued to-morrow.

☞ Some of the Carriers of our paper have inserted in their New Year's address, the terms of our subscription. The price of our paper is [illegible] Deductions are made to clubs.—Our correct terms can always be found at the head of our columns.

☞ Mr. William R. M'Laren, who has had charge of our "City Department" for some time back, has left the Press to try another vocation. We are sorry to lose Mr. M'Laren. Our intercourse has been very pleasant, and our readers have had good reason to be entirely satisfied. We think he has mistaken his mission in leaving the press. His true vocation is that of a journalist, and we have faith that he will soon come back to an occupation which he is fitted by education, habits and taste to elevate and adorn; and certainly there is no more honorable, nor more useful, or more influential position presented to the ambition of a young man in America, than is offered by the Daily Newspaper Press.

THE KANSAS TREATY.—The New York *Tribune* has been furnished by its Kansas correspondent, with a copy of the treaty entered into by Gov. Shannon, with the people of Lawrence and vicinity, or as he terms it, with the Free State citizens of Kansas. It is as follows:

"Articles of Negotiation and adjustment.

Whereas, There is a misunderstanding between the people of Kansas, on a question of them and the Governor thereof, arising out of the rescue near Hickory Point of a citizen under arrest, and some other matters; and *Whereas*, A strong apprehension exists that said misunderstanding may lead to civil strife and bloodshed; and *Whereas*, It is desired by both Governor Shannon, and the people of Lawrence and vicinity, to avert a calamity so disastrous to the interests of the Territory and the Union, and to place all parties in a correct position before the world;

Now THEREFORE, it is agreed by the said Governor Shannon, and the undersigned people of Lawrence, now assembled, that the matters in difficulty be settled as follows, to wit:

We, the said citizens of said Territory, protest that the said rescue was made without our knowledge or consent; but if any of our citizens were engaged, we pledge ourselves to aid in the execution of any legal process against them; that we have no knowledge of the previous, present, or prospective existence of any organization in the said Territory for the resistance of the laws, and that we have not, designed, and do not design to resist the legal service of any criminal process therein, but pledge ourselves to aid in the execution of the laws, when called on by proper authority, in the town or vicinity of Lawrence, and that we will use all our influence in preserving order therein; and we declare that we are now, as we ever have been, ready at any time to aid the Governor in securing a posse for the execution of such process. *Provided*, that any person thus arrested in Lawrence or vicinity, while a foreign force shall remain in the Territory, shall be duly examined before a United States District Judge of said Territory, in said town, and admitted to bail; and provided, futher, that Governor Shannon agrees to use his influence to secure to the citizens of Kansas Territory renumeration for any damages sustained, or any depredation, if any such have been committed by the Sheriff's posse, in Douglas county. And further, that Governor Shannon states that he has not called upon persons residents of any other States, to aid in the execution of the laws, and such as are here, in this Territory are here of their own choice, and that he has not any authority or legal power, to do so, nor will he exercise any such power, and that he will not call on any citizen of another State, to do so, while he may be here. That we wish it understood that we do not herein express any opinion as to the validity of the enactments of the Territorial Legislature.

WILSON SHANNON,
(Signed) C. ROBINSON,
J. H. LANE.

Charles Robinson and J. H. Lane: You hereby authorized and directed to take such force, and use the enrolled force under your command in such manner, for the preservation of the peace and the protection of the persons and property of the people of Lawrence and vicinity, as in your judgment shall best secure that end.

(Signed) WILSON SHANNON.
Lawrence, Dec. 9, 1855.

In this treaty Gov. Shannon concedes everything, the Free State men nothing. The latter agree to obey the laws, and to assist the legal execution of them, and they make a special provision for the examination of any suspected offenders before the United States authorities; and they are careful to have it stated that they are not to be considered as recognising the laws of the bogus Legislature.

On his part, Gov. Shannon acknowledges that he had no power to call upon the Missourians to assist in the execution of a legal process in Kansas, and promises that he will not call for such aid in future, and even disavows the army of Border Ruffians then in the territory headed by Stringfellow and Atchison, and declares that they did not make the invasion by his request, (what a whopper!) and that they were there by their own choice. He also promises to use his official influence to obtain remuneration for the citizens of Kansas for any damages sustained by the Sheriff's posse, and he finally invests Gen. Robinson and Gen. Lane, with full authority to use the enrolled and armed men under their command, for the preservation of order, and for the protection of the people and property of Lawrence.

This has Gov. Shannon disavowed the army [illegible] has recognized and legalized [illegible] This shows that [illegible] the Freemen of the [illegible] applying shoeholders from [illegible] Stringfellow and Atchison and [illegible] his bluster, succumbed to Sharp's [illegible] Sharps rifles! They are the [illegible] makers which [illegible] cast under [illegible]

Let voters take care, that they are not deceived.

PRESIDENT'S MESSAGE.—This document was presented to Washington yesterday in spite of the non-organization of the House. The step is without precedent and hardly justifiable. The document was probably in danger of spoiling if longer kept. It will be here to-morrow in due course of mail.

For the Pittsburgh Gazette.

MR. EDITOR.—I desire space sufficient in your paper to contradict, emphatically and distinctly, the assertion made in the columns of the "Evening Chronicle," of Saturday last, that I became a member of the "Know-Nothing Masonry Order," previous to the Mayoralty election in 1855. The accusation is false, and I again repeat, what I had occasion to do last winter, that I am not now, and never have been, secretly, oath-bound to any association of Know-Nothings.

In respect to the other anonymous and malicious communications, which have been permitted to appear in that same paper, as well as others, I would respectfully refer the writers, as well as the public, to my countenance therein, for the following observation of a wise thinker and journalist, viz:

"A gentleman has a right to know who his assailant is; and public writers, ought to be restrained within the bounds of truth and decency by the checks of publicity. There can be no doubt that the shield of secrecy is often abused to the most malignant purposes; and a writer who wields his pen in the darkness of disguise, is to incite falsehood, to insinuate false motives, or to indulge in wilful invention, or the grossest imputation, or outrageous language is a coward and a [illegible] and [illegible] a slanderer, [illegible] within the limits of the [illegible] Honorable. Lyon's Katharion.—The present immense sale of this article, is almost fabulous in amount, which alone proves the valuable appreciation it has received. Its reputation is based entirely upon its own merits. The astonishing results produced by the KATHARION in preserving the Hair from baldness, and restoring it when it has fallen into decay—freeing from dandruff, and all other impurities and imparting to it a beautiful gloss and silken texture together with its delightful perfume and perfect cleanness, have made it the most universally popular article of the toilet ever used. To guard against worthless imitations and counterfeits, always ask for LYON'S KATHARION. Sold everywhere, in large bottles, for only 25 cents.

Speaking What They Know.

These gentlemen take pleasure in testifying in regard to B. A. Fahnestock's Vermifuge, because two of the firm have used it in their private practice as physicians for a number of years, and they have known it by observation, to be good.

NEW ALBANY, Ind., July 4th, 1855.

To B. A. Fahnestock & Co.:—

GENTLEMEN—Having sold your valuable Vermifuge for some time, and having seen its many good results, we would recommend it to all as a safe and efficient remedy for all cases of worms. In no instance have we ever seen any evil results following its administration, but always found it to destroy the worms for which it was intended, and been entirely satisfactory.

Believing every article of merit that has been set forth in the public as the virtues is entitled to the same in observations not only as practitioners, but as men of business, we would unhesitatingly say to all who read this, that it is the best Vermifuge now in use, and that its virtues are best known when used.

Sold by all druggists. Price 25 cents per box.

Prepared and sold by B. A. FAHNESTOCK & CO., corner of Wood and Fourth.

The Greatest Medical Discovery OF THE AGE.

MR. Kennedy, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures every kind of disease, *from the worst scrofula to a common pimple.*

He has tried it in over eleven hundred cases, and never failed except in two cases (both drunken sinners). He has now in his possession over two hundred certificates of its values, all within twenty miles of Boston.

Two bottles are warranted to cure a running scrofula sore.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will break up the system of boils.

Two bottles are warranted to cure the worst canker in the mouth or stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humor in the eyes, of whatever kind.

Two bottles are warranted to cure running of the ear and blotches among the hair.

Five to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure any sensation of the skin.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Two to three bottles are warranted to cure the worst case of ringworm.

Three to four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the esteemed medicines of the day, as that a common weed growing by the roadside, and among old stone walls, should cure every humor in the system, yet so it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands, buts or ifs about it cutting the humor out and not even a blemish or scar is left. Location of it in the vicinity of Boston. I know its effects in every case. It has already done some of the greatest cures ever known in Massachusetts. I have it in children a year old to old people of sixty. I have sent poor, puny, worthless looking children, whom death was not sent and flabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache, one bottle will always cure it. It gives great relief to catarrh and dizziness. Some who have been coughing for years, have to ten and been regulated by it. Where the body is sound it work quite easy, but where there is any derangement of the functions of nature, it will cause very singular results, but you must not be alarmed—they always stop [illegible] from four days to a week. There is never a bad result from it. On the contrary, when that feeling is one you will feel yourself like a new person. I heard some of the most extraordinary experiences of it that ever was heard to. No change of diet is ever necessary—eat the best you can get. I have likewise an herb, which, when simply rubbed on the part, frees it from all pain. Also one that will dissolve scrofulous swelling of the neck, &c., under the ears. Price 50 cents. Price of the Medical Discovery $1 per bottle.

DIRECTIONS FOR USE.—Adult, one table-spoonful before each meal. Children, from 10 years upwards, half a table-spoonful. Infants, a tea-spoonful, according to constitutions, take enough to operate freely on the bowels. Attendance in bad cases [illegible] per day.

Sold by R. E. SELLERS & CO., corner of Wood and Fourth sts., Pittsburgh, and by druggists generally throughout the city. d&w

Nelson's Ambrotypes.

The Ambrotype is decidedly the most pleasing, beautiful and durable style of Portrait ever known to the art. Their tone is soft velvety and harmonious in the extreme, and when properly taken or placed in a case, they are exceedingly brilliant and yet unlike the Daguerreotype, they are perfectly distinct in any angle. Little children are pictured not only more beautifully but in almost less favorable points of time by the Ambrotype. By no other process can pictures be made so perfectly natural. We respectfully request our friends and the public generally to call and examine specimens and judge for themselves. Remember the place,
