ODD FELLOWS' HALL.—The annual meeting of the Old Fellows was held last night. The plan of the new Hall to be erected on Fifth street, opposite the Custom House, was presented for the inspection of the Stockholders. The building will be 80 feet by 120 and four stories in height. The first story will be arranged for stores, the second will have a Hall for Concerts and Balls, with all the necessary dressing rooms, dining rooms, &c., while the third and fourth stories will be fitted up for the Lodge and Encampment rooms, of which there will be six; in the upper stories will also be Committee, Library and Reception Rooms.

As soon as this Hall is finished, we understand there will be another one erected on the opposite side of Fifth, by one of our wealthy citizens. The object in holding back until that time is that the contemplated Hall may eclipse every other Hall in the city.

TRAINS DETAINED.—The two o'clock morning train West on the Ohio and Pennsylvania Railroad, yesterday was detained at a point below Sewickly, by the breaking of an axle of the baggage car, which caused the car to run off the track. A wreck train was sent down from the city.

The passengers were transferred to the mail train, which left the depot at 8 o'clock, A. M.—The accommodation train was detained about an hour after the usual time of its arrival at the depot.

DISTRICT COURT.—Judge Hampton sat yesterday, when the Trial List for the January term was taken up.

Covode and Graham vs. M. J. Breidenthal; Howard for plaintiff; no appearance for defence. Action on a promissory note. Verdict for plaintiff for $797,17.

John C. Michael vs. J. S. Craft. Action to recover for painting done at the Monongahela Cemetery, on the order of defendant. The defendant alleges that he gave the order as Agent. Verdict for plaintiff for $130,50.

Love & Son vs. Raquet & Co; A. H. Miller for plaintiffs; G. P. Hamelton for defendants. On trial.

EXCITEMENT.—We do not recollect to have seen so much excitement manifested in a municipal campaign as in the present. One portion of the Democracy expended a portion of this enthusiasm in a public meeting last night, preparatory to which, however, they had three Brass Bands playing in every corner of the city.

A large amount of money has also been staked on the result.

In Allegheny the Candidates for the Mayoralty have been working very hard, with what success the result to-night will tell.

MALICIOUS MISCHIEF.—A gentleman named A. Hostetter, appeared before Alderman Parkinson yesterday, and instituted a suit against two men named Baker and Decker for Malicious Mischief. Mr. H. charges that defendants pulled the screws from beneath a house which he was having raised, letting it down to the ground. The defendants were arrested and held to bail. The parties live in Lawrenceville.

FIRE IN EAST LIBERTY.—On Sunday afternoon a fire broke out in a small building attached to the dwelling house of Mr. Moses Phillips, East Liberty, entirely destroying the former. By the prompt interference of the citizens, the main building was saved, though not without some damage to house and furniture. The fire is supposed originated from a stove.

HOUSE THIEVING.—The residence of Reads Washington, Esq., Penn street, near Marbury, was entered by a negro on Monday nearly noon, who stole a cloak, coat, and other articles of dress. Mrs. Washington saw him and gave the alarm, when the thief leaped through the parlor window and made his escape.

ALLEGHENY CITY POOR HOUSE.—There are one hundred and nineteen inmates in the Allegheny City Poor House, about the same number as the Pittsburgh City Farm, and one hundred and six in the County Poor House, making a total of about three hundred and fifty paupers at present sustained in this county.

FIFTH WARD.—The following ticket will be voted for to-day in the Fifth Ward:

Select Council—William Wade.

Common Council—D. C. Hammerer, Joseph Irwin, Francis Felix, Robert Dickson, and Samuel McKelvy.

LOCK JAW FROM A BULLET WOUND.—On Christmas Eve a man named Robert Lees, residing in Allegheny city, while carelessly handling a gun, discharged the contents of it into one of his feet. Yesterday lock-jaw set in, and Dr. Dixon, his attending physician, says that he cannot live over to-night.

JACKSON'S VICTORY.—This day will be celebrated by the soldiery of the city in an appropriate manner. This evening the Washington Infantry will give a soiree.

THE OLD ALLEGHENY BRIDGE.—Last night the Old Allegheny Bridge was veiled in total darkness, owing to the freezing of the gas or some other cause. This has been the case several times during the recent cold weather.

PAID UP IN FULL.—Since the City Treasurer's Account, published in this paper to-day, was made up, Mr. Thomas B. Davitt, Collector of the Second Ward, has paid up his entire city tax.—Mr. Davitt has been a faithful and energetic officer, as the above proves, and deserves a reelection, which he will doubtless obtain.

ACCIDENT ON THE PENNSYLVANIA RAILROAD.—On Saturday the emigrant and freight train were run into by a second freight train coming west at Latimer's Station on the Pennsylvania Road. Seven or eight cars were badly damaged but no persons were injured.

LEGAL.—The Examining Committee for the present year is composed of the following gentlemen:

George P. Hamilton, J. P. Penny, Alex. W. Foster, James L. Kuhn, Ed. H. Stowe,

SENT TO THE HOUSE OF REFUGE.—Mayor Adams yesterday committed a boy to the House of Refuge, upon complaint of his parents, who are unable to control him.

CRIMINAL COURT.—Several speeches were made yesterday in the forgery case, Com. vs. Thomas. The concluding ones will be delivered to-day. The Court room was crowded.

INDEPENDENT CITIZENS' TICKET FOR THE NINTH WARD.—Select Council, John S. Norraine. Common Council, Samuel D. Hill, Wm. Hamilton.

ANNEXATION.—The citizens of Lawrenceville are agitating the question of annexing that borough to Pittsburgh.

DULL.—There was very little news floating yesterday, nearly every person being engrossed in political matters.

TELEGRAPHIC

FOUR DAYS LATER FROM EUROPE.

ARRIVAL OF THE ARAGO.

NEW YORK, Jan. 7.—The steamship Arago arrived with London dates to the 19th Dec. She sailed from Havre on the same day, with 240 passengers, and a cargo valued at over two millions of dollars.

The steamship Canada arrived at Liverpool from Boston on the 16th, and the Washington from New York reached Southampton on the 17th.

The London News affirms that Sweden has ratified the treaty with England and France. The allied powers guarantee the territorial integrity of Sweden and the latter engages not to alienate any part of her territory to Russia.

The rumors of peace are still abundant in France and England. Count Esterhazy left Vienna for St. Petersburg on the 16th ult., with important despatches containing propositions for a pacification. It is stated that if the Czar refuses their acceptance, Austria will withdraw her Ambassador from St. Petersburg.

Both the London News and Times express strong doubts of the acceptance of these propositions by the Czar.

Instructions have been given to Prince Esterhazy, to return immediately in the event of the Czar's refusal to negotiate.

The difficulty which existed between the English and French governments relative to the conditions on which peace should be made, have been arranged through the efforts of the King of Sardinia.

The surrender of Kars to the Russians is confirmed. Nine Pashas together with Gen. Williams and 16,000 troops have been taken prisoners. Among the munitions of war captured are 120 field pieces, some of which are very heavy guns.

The Russian General, Bebutoff, has established his head quarters at Kutais, and intends shortly to resume operations against Anakla and Redoubt Kali. His army is abundantly supplied with provisions by the Armenians.

The defiles between Kars and Erzeroum are held by the Russians.

Affairs in the Crimea are quiet.

Great preparations continue to be made for augmenting the British Baltic fleet in anticipation of operations in the spring. Contracts have been made in Sweden for the French fleets and the accompanying army.

The Persian Ambassador arrived at St. Petersburg on the 9th December.

LIVERPOOL, Dec. 19th.—Cotton quiet at the quotations now current, which present no change. The sales for the past three days have been 18,000 bales including 1500 to speculators.

BREADSTUFFS.—The market for Flour is dull; sales Western Canal at 42s; Ohio 44s; Wheat unchanged in price; red Wheat 11s@11s 3d; white 12s@12s 3d. In Corn there is but little speculative demand. The stormy weather checked the market.

PROVISIONS.—The market for Beef and Pork is quiet.

LONDON, Dec. 19th.—Consols are quoted at 88¼.

CONGRESSIONAL.

WASHINGTON CITY, Jan. 7.—SENATE.—Mr. Broadhead called up his resolution directing the Finance committee to enquire into the expediency of reporting General Appropriation Bills or adopting more speedy action on them in order to avoid the evils of night sessions at the close of each Congress, and scenes which his sense of delicacy prevents him from describing. He was in favor of doubling the compensation of members to induce shortening the sessions.

Mr. Clayton had no doubt of the power of the Senate to originate those bills; twenty-seven years ago the evil referred to was as great as now, but no measures have been taken competent to arrest it.

Mr. Toombs did not think this the true remedy; the difficulty is occasioned by the large number of amendments tacked on by both Houses at a late period of the session.

Mr. Seward, while favoring the resolution, would not commit himself as to the propriety of the remedy proposed.

The resolution was adopted after some further debate.

The Senate then then adjourned until Thursday.

HOUSE.—The House resumed balloting for Speaker. The 95th vote is as follows:—Banks; 107; Richardson 73; Fuller 29; Pennington 6; Scattering 5. Whole number 214; necessary to a choice 108.

Three additional votes were then had, the last as follows:—Banks 99; Richardson 72; Fuller 80; Pennington 9; Scattering 6. During the proceedings an enlivening episode was had.

Mr. Eustis, in defending the position of the American party of Louisiana, repudiated the eighth section of the Philadelphia platform, preferring that his right arm should wither, than that he should be connected with any party, whose purpose it was to persecute or proscribe the American Catholics.

Mr. Smith (Ala.) took issue with Mr. Eustis. He was opposed to Catholicism, because it owed allegiance to the Pope above the Constitution. There had never been a time when the priests, in their assemblies, did not cast their power against the people.

Mr. Florence pointed Mr. Smith to the Irish Catholics under Father Murphy, at Vinegar hill. (Laughter.)

Mr. Taylor, of Louisiana, referred to history, to show that in the French revolution, the priests joined the people in a successful warfare against the two other states, the nobles and the clergy.

Mr. Walker of Ala., conceived the purpose of the American party to be political. If he thought it religious persecution a prominent feature in it, he would cut loose from such an organization.

House then adjourned until Wednesday.

NEW YORK, Jan. 7.—The St. Louis from Aspinwall arrived this morning. This steamer left Norfolk on the 13th Dec. to carry the 4th Regiment of U. S. infantry to Aspinwall destined for Oregon. The St. Louis reached Aspinwall on the 23d Dec., when the troops were immediately transferred to the Golden Age and the Oregon without accident, all in good health. The Oregon sailed on the 26th and the Golden Age would follow on the arrival of the passengers that left New York on the 20th ult.

The Aspinwall Courier notices a rumor of a projected confederation between San Salvadore and Nicaragua.

The St. Louis brings advices from Sidney to the 1st October, from Valparaiso to the 30th Nov., Callao to Dec. 10 and Paita to Dec. 5th. The Australian dates furnish but little of importance. Gallego flour is selling in Sydney at 80s

From Chili it is stated that the treaty of amity and commerce with Great Britain had been definitely signed at Santiago.

The markets at Valparaiso were comparatively dull owing to limited arrivals. Sugar had slightly advanced, and there was some animation in flour, owing to large exports. In Australia the prices had advanced to $10,75.—Copper was in demand at $21,50.

Another revolution was brewing in Peru; arrests were being made in Lima and Castella's rule is fast approaching its end.

COLUMBUS, OHIO, Jan. 7.—The Senate of Ohio organized this morning, by electing the following officers: Clerk, W. T. Bascom, of Franklin; First Assistant, E. Forsman, of Wayne; Second Assistant, G. H. Shaw, of Brown; Sergeant at Arms, J. Fareon, of Lorain; First Assistant, J. W. Shirly, of Perry; Second Assistant, S. Matthews, of Franklin.

The Senate passed the usual joint resolution to proceed to count the votes for Governor, &c., on Wednesday. Then took a recess until three o'clock.

A very large number of persons were in attendance at the Hall of House of Representatives, to witness the organization.

The House was called to order by Dr. Trevitt, Secretary of State.

The members presented their credentials, and were sworn in by Judge Bailey of the Supreme Court.

The following gentlemen were then elected officers of the House: N. H. Van Vorheis, of Athens; Speaker; James S. Robinson, of Harden Clerk; W. C. Howell, of Ashtabula First Assistant, and J. W. Hall, of Delaware Second Assistant; Newton W. Brent, of Morgan Sergeant at Arms; Henry A. Hamilton, of Green First Assistant Sergeant, and A. C. Barber, Second Assistant Sergeant.

The House then took a recess.

The afternoon Session was principally occupied in listening to the reading of the Message of Gov. Medill. It is very lengthy

EASTON, Jan. 7.—An accident occurred on Lehaigh Valley railroad this afternoon near Catasaupna by which Charles Wolf and his son were injured. One of them severely.

The accident was occasioned by the train running over a horse and sleigh.

It is still snowing. The New York mail of Sunday, arrived at 7 o'clock this evening and goes in the morning. The Philadelphia mail of to-day arrived to-night.

WASHINGTON CITY, Jan. 7.—The roads between this city and Petersburg, and even south of that point, are blocked up with snow. Two trains are detained between Acquinta Creek and Fredericksburg.

The snow is six inches at Raleigh and drifted. The Telegraph Line is down beyond Raleigh.—The thermometer is at 5° 55°.

NEW YORK, Jan. 7.—The new City Government was organized to-day. Isaac O. Baker was chosen Pr. sident of the Board of Aldermen, and Benj. F. Pinckney President of the Board of Councilmen. Both are Americans.

The Mayors address receives warm commendation.

CAIRO, Jan. 7.—The first New Orleans mail, under the new contract arrived here to-day.—It was six days on the route.

The new depot of the Mound City Branch of the Illinois Railroad, was blown down this morning.

SALEM, N. Y., Jan. 7.—There is about 12 inches of snow on a level, and the thermometer, at 7 o'clock this morning, stood 4 degrees below zero.

HARRISBURG, Jan. 7.—The storm of Saturday was very severe in this vicinity, and roads are much blocked up.

We have had no trains from Philadelphia today.

In the Senate to-day, only 22 Senators were present, others being detained by the storm.

BUFFALO, Jan. 7.—Still snowing. The trains for eastward have all been delayed.
