Whereas, The Committee appointed by Councils in 1855 to vote the stock of the City of Pittsburgh in the Ohio and Pennsylvania Railroad, at the election for Directors, to be held on the 24th January, A. D., 1856, has ceased to have a legal existence; and,

Mr. M'Clintock moved the following amendment:

"And any resolution of Councils repugnant or conflicting herewith be repealed."

Mr. Miller, the mover of the original resolution, accepted the amendment.

Mr. Errett moved that the preamble of the resolution be stricken out. Carried.

The resolution was then read a third time and passed.

The resolution was afterwards withdrawn.

On motion of Mr. McKelvy the Presidents of the Councils were placed upon the committee to vote the stock of the city in the O. & P. R. R. Action non-concurred in by S. C.

Mr. Weaver presented a petition to lay a water pipe on Miller street. Read and referred to Street Committee. Action concurred in by C. C.

The resolution of Mr. Miller, relative to the Ohio and Pennsylvania Railroad, as amended and passed in the Common Council, was taken up and read twice.

Mr. Jones called for a third reading and moved the previous question, which was carried by a vote of ten to five.

Mr. Drum moved for a reconsideration.

A very spirited discussion ensued, but the late hour of the evening prevents us publishing an abstract of the remarks made.

The motion for a reconsideration was lost.

The vote on the third reading was taken. The yeas and nays were called with the following result:

Yeas—Alexander, Clark, Drum, Jones, Kincaid, M'Cutcheon, Pollock, Reed, Smyth, Varnum, Wade, Weaver, President—13.

Road Company, the counties in Ohio and other Stockholders in the O. & P. R. R., in order to select and to vote for such a Board of Directors as will in their judgment best secure in future a radical reformation in the management of the executive duties of said Railroad. Read three times and passed. Action concurred in by C. C.

Mr. Lambert moved to amend by striking out all after the words, Resolved, and insert That the Committee appointed to vote the Stock of the O. & P. R. R. are hereby instructed to vote only for such Directors as are opposed to Wm. Robinson jr., for President of the Company. Lost.

Mr. Galway offered the following:

R. be instructed to vote for no persons for Directors but those who are in favor of completing the connection with Pittsburgh as now located, with as little delay as possible. Read three times and passed. Action concurred in by C. C.

CENTRAL BOARD OF EDUCATION.—The Central Board of Education held a meeting on Monday night. The necessary qualifications for admission to the High School at the February term were fixed.

By this arrangement, applicants must be examined in spelling, reading, writing, grammar, geography, arithmetic, history and algebra to simple equations. The questions to number ten in each branch—making eighty in all, of which thirty-five must be answered correctly.

It was also resolved to engage an Assistant for the colored Free Schools, and upon motion Miss Smith was duly chosen for the situation, at $250 per annum.

The semi-annual examination of applicants for admission to the High School will be held in February.

P. & S. RAILROAD DIRECTORS.—The Directors of the Pittsburgh and Steubenville Railroad, met yesterday, and elected the following officers:

Chief Engineer—D. Mitchell, Jr.
Secretary—S. F. Von Bonnhorst.
Treasurer—N. Holmes, Jr.

A HARD CUSTOMER.—Mayor Adams yesterday committed the well known Clark Hocsck to jail for thirty days for vagrancy. He had been acting in a very disorderly manner on Chestnut street, on the night previously, knocking people down, and committing other outrages.

VIOLATING THE LIQUOR LAW.—Wm. Jackson, keeper of a public house on Penn street, Fifth Ward, was arrested and held to bail to answer by Ald. Parkinson for selling two glasses of liquor to one James Alston on Monday night, contrary to the provisions of the late law.

A rare entertainment may be had on Thursday night by calling at the Rooms of the Iron City College, opposite the Post Office, and hearing a free lecture by the County Superintendent, Mr. B. M. Kerr, before the Ladies' Normal Class and Students of the College.

AN AMIABLE MAN.—William Paine, a husband and father, got intoxicated yesterday and proceeded to various acts of outrage in his house. His family were compelled to apply to Mayor Adams for protection, who thereupon had the fellow arrested and committed to jail.

ESTRAY.—Two of the night watch arrested four oxen straying about the city on Tuesday morning about three o'clock. The anxious owners can recover them by applying at Hare's Hotel, where they were left.

BROKE JAIL.—We learn from a gentleman from Washington that two of the prisoners confined in the jail there for some time past, broke out on Sunday night and made good their escape.

LIQUOR CASES.—The late Grand Jurry returned one hundred and twenty-seven bills against one hundred and two defendants for selling liquor, ninety of whom have run away or secreted themselves to avoid trial.

GONE TO RUSSIA.—It was announced the other day that Mr. Nicholas Wade, of this city, was about to go to Russia in the employment of Winans, Ross, & Winans, of Baltimore. Another gentleman had intended going in company with him, a very skilful man in all business pertaining to the manufacture of ordnance. Something occurred to frustrate his plan, but we have since learned that Mr. Marshall, a citizen of Pittsburgh, but late of St. Louis, has taken the place left vacant, and arrived in New York with his family in time to take passage on the Atlantic with Mr. Wade. He will receive $1,800 per annum, with expenses for himself and family paid to St. Petersburg and home again. They will probably remain in Russia until 1858 or 1859.

DISAPPOINTMENT.—LETTER FROM SAXE.—The Lecture Committee of the Library Association received a note from JOHN G. SAXE, Esq., yesterday, dated at Burlington, Vt., announcing that he had been seized with a paralytic attack, and would, consequently, be unable to fulfill his engagement to lecture in this city on Thursday night.

He also stated that he has been obliged to break off all his engagements for the winter and spring, numbering about seventy.

Our readers will join with us in the expression of our regret that the witty Poet will be unable to visit us, and more so that illness is the cause of the disappointment.

DISTRICT COURT.—Before Judge Williams.

Thomas Anderson vs. Thomas Murray. Plaintiff called and non-suited.

John Kells for use vs. William Trovillo; No. 521 April term 1855. Action for debt. Verdict for plaintiff for $98,46.

Alexander Rowland vs. John D. Miller *et al*; No. 391 January term, 1855. Courtney & Leslie for plaintiff; T. B. and Geo. P. Hamilton for defendant. Action of ejectment. Verdict for plaintiff for 6 cts. costs and 6 cts. damages, subject to the opinion of the Court, upon special case to be presented.

COURT OF OYER AND TERMINER, QUARTER SESSIONS, &c.—Judge M'Clure and Associates on the Bench.

Com. vs. John Tierman. Indictment, Nuisance. Prosecutor not appearing, the defendant was discharged.

Com. vs. James Woods. Indictment, Nuisance, in occupying a portion of the Steubenville turnpike, with the outhouses, sheds, &c., attached to his rolling mill in Sligo. The case occupied the entire day, and will probably consume this day and to-morrow.

FORESTALLING THE MARKET.—William Stewart, storekeeper, First Ward, Allegheny, was arrested yesterday, and arraigned before Mayor Adams on the charge of buying a quantity of apples during market hours, to sell again.—After a hearing of the facts in the case, the Mayor imposed the usual fine, whereupon the accused appealed.

A. Bell, storekeeper, Second Ward, Allegheny, was arraigned on a similar charge. He paid the fine and the costs of the suit.

TRIAL POSTPONED.—The case of Jessup vs Singerly, action for slander, was on motion of plaintiff's Counsel in the District Court yesterday, postponed, on the ground of the illness of the plaintiff.

This action is brought to recover damages for assertions made by Mr. Singerly in the Common Council of this city several years ago, in relation to Mr. Jessup, when the latter was a candidate for re-election for TAX Collector.

PASSING COUNTERFEIT MONEY.—Mary Schwambly, a German woman, appeared before Alderman Parkinson, and accused one Hiram, or "Pretty" Richards, with passing a $2 bill of the "Bank of Anacostia," District of Columbia, upon her. The bill is the very worst description of counterfeit, flimsy, roughly executed, and is besides on a Bank that has been out of existence for years. A warrant was issued.

FORMAL OPENING OF THE NINTH WARD SCHOOL BUILDING—LECTURE.—The formal opening of the new and handsome school buildings in the Ninth Ward will take place on Friday evening.

DANIEL L. EATON, Esq., of the *Commercial Journal*, was invited, and has consented to deliver the address on the occasion. We anticipate a very interesting time, and a crowded auditory.

SELLING LIQUOR ON SUNDAY.—A man named C. P. Roney, residing in South Pittsburgh, appeared before Alderman McMaster yesterday, and made oath and information against C. C. Seeley, keeper of a drinking house on Market street, for selling liquor on Sunday, and for maintaining a house for the sale of liquor. The magistrate issued a warrant.

CORRECTION.—Mr. McIlwaine was elected Market *Constable* on Monday night. Mr. Taggart is the Market Clerk.

COMMON CASES.—Mayor Bingham disposed of four common cases yesterday morning.

CONGRESSIONAL.

WASHINGTON CITY, Jan. 22.—HOUSE—Mr. Boyce moved the following preamble and resolution:

Whereas, Our relations with Great Britain are of a most threatening character, indicating that we may be upon the eve of most startling events; and whereas, it is the imperative duty of the House, at this juncture of imminent peril, not to abdicate in a great mission, but to fulfil it, by organizing, if possible, on such basis as will give peace to our distracted country, and enable it to present an undivided front to the common enemy; therefore, be it

Resolved, That the Conservative elements of this House to unite in a sincere effort to elect a Speaker who will represent the great ideas of peace, for ourselves and the sword for the stranger.

Mr. Stephens hoped the gentleman would be permitted to state the facts on which he made the announcement that we are on the eve of a war. If it were so, he knew nothing about it.

Objection was made to explanation, and on motion, Mr. Morgan's resolution was laid on the table.

Mr. M'Mullen made an ineffectual effort for a second resolution which precludes debate.

Mr. Tyson offered a resolution that any candidate for Speaker who shall at any time hereafter receive the highest number of votes from a quorum of members, though less than a majority of all the votes polled, shall be declared elected; provided that the Speaker so chosen and each of the other candidates shall have the appointment of the Standing Committees in proportion to the number of votes received respectively by each; but no candidate whose vote shall be less than 25 shall be entitled to any of the appointments under this resolution.

The resolution was laid on the table and the House then again voted for Speaker, the ballot resulting as follows—Banks, 91; Richardson, 67; Fuller, 29; Campbell, of Ohio, 5, and Pennington, Shorter and Porter, each one.

More unsuccessful ballots were then had, the last resulting precisely as above. The House then at a late hour adjourned.

NEW YORK, Jan. 22.—The Correspondent of the New York Times telegraphs from Washington that it has been ascertained from an authentic source, that the long talked of alliance between Spain, Great Britain and France has been formally consummated, the first binding herself to send into the field from 10,000 to 20,000 men in the Spring, while her interests particularly in Cuba are to be protected by France and England.

The Tribune Washington Correspondent telegraphs that the official advices by the America, do not in any way change our friendly relations with England. Mr. Buchanan writes that no real prospect of peace is entertained by the Ministry, and England is preparing the largest fleet that ever floated for operations against Russia in the Spring. Louis Nepoleon is still anxious to extricate himself from the war, having attained all the desired prestige of the occasion.

Gen. Cass is preparing a speech on the question of Slavery in the Territories for Thursday probably.

M. C. B. Livingston, member of the last Congress from Mississippi, has been confirmed as Consul at Havana and Mr. Brown, of Buffalo, Consul at Tangier.

The President communicated to the Senate in executive session to-day, Lord John Russel's letter, dated Jan. 19th, 1853, to Mr. Crampton, which was then submitted to Mr. Everett, Secretary of State, It declares that the British Government intends strictly to carry out the Clayton and Bulwer treaty and to assume no sovereignty directly or indirectly in Central America. The Senate has removed the injunction of secrecy and the letter will be published.

The Government has received no official information as to the recent bloody outrage in Kansas, announced by telegraph. The Senators to-day are informally convened as to the policy of advising the President to send military forces to Kansas to preserve peace and protect the Territory against the Missourian invaders. The Southern Senators predict that civil war is inevitable in a short time.

PHILADELPHIA, Jan. 22.—Dates from Port au Prince to Jan. 1st confirm the previous accounts of the Dominican troops having defeated the Hayteins, their loss being between 200 and 300 soldiers, besides all their munitions of war, and provisions, and the Emperor's Military chest containing all the funds intended for the prosecution of the war. Faustin 1st had marched 30,000 men against the eastern side of the Island and his defeat is represented as most complete. Faustin escaped from the battle field, but his place of refuge is unknown, and Gen. Lantander has offered a reward of 40,000 doubloons for his head. So great was the feeling against him that it is the general opinion if he escaped falling into the hands of the Spaniards he would be shot by his own people.

WASHINGTON CITY, Jan. 22.—Amid the many conflicting statements with reference to our foreign relations information from an authentic source warrants the assertion that so far from a special message being in preparation in relation to our foreign affairs to be sent to either House of Congress, it has not at any time been contemplated, much less has it been the subject of Cabinet consultation, although this government has demanded the recall of Mr. Crampton and the British Consuls engaged in recruiting for the Crimea. It can as confidently be stated that there has been no purpose in or out of the Cabinet, looking to the withdrawal of Mr. Buchanan from England unless at his own request. The negotiations between Great Britain and the United States are still open, disputes having been sent out by the last steamer and nothing has occurred since the President's Message to change the aspect of our relations abroad. Mr. Boyce's resolution offered in the House to-day declaring our relations with Great Britain of so critical a character as to indicate that we may be on the eve of startling events was not as some supposed submitted with the consent or knowledge of the executive, but was Mr. Boyce's independent position.

WILMINGTON, Jan. 22.—In the U. S. District Court to-day before Judge Hall at Newcastle, George M. Townsend was convicted of robbery of the Post Office at Wilmington. His sentence is deferred to the 1st February.

BALTIMORE, Jan. 22.—The American State Councils of Virginia in session at Richmond adjourned on Saturday last. Mr. Botts offered a Resolution striking out the 12th section of the Philadelphia platform; which was rejected and the entire platform approved. P. A. Bolling and J. D. Imbooton were elected delegates at large to the National Convention.

COMMERCIAL.

COMMITTEE OF ARBITRATION, FOR JANUARY GEO. W. CASS, V. P.—W. DAWSON, W. S. LAVELY, THOMAS BELL & P. SHRIVER.

REVIEW OF THE PITTSBURGH MARKET.

For the Week ending January 23, 1856.

Stagnation pervades the commercial world at all points, as well as here. The lakes and river ports are all frozen up, business being confined to the local trade of the several places. None of the railroads seem to be overburdened with freight tending east. In this city, the receipt of grain and small provisions has been quite large during the week from sleds, the fine state of the roads affording excellent facilities for that method of transportation. The principal amount brought in was Rye, of which a little over 14,000 bushels were sold. The O. & P. R. R. is bringing in a fair amount of produce, considerable of which is for the east, including about 3500 hogs. The number of hogs shipped east during the week was 3501.

There is a good local demand for flour, and the grain offered for sale finds a pretty ready market. The jobbing trade has a fair supply of orders for the season, and the wholesale grocers would be able to do more if they had larger stocks. The stocks of produce on hand are also small and transactions are therefore necessarily limited. The manufacturers are all steadily employed.

The demand for money is steady but not pressing. The Banks are also all in funds, none of them offering and none of them, we believe, have their discounts restricted.

At New York money matters are easing up. The abundance of exchange on Europe has shut off specie shipments and the Sub-Treasury, as well as large disbursements from the Sub-Treasury serve to strengthen the banks, restore confidence and reduce the rates of discount on paper. If it were not for stock speculations and the large demands of import, the rates by their over-importations, money would be decidedly easy.

The value of imports at New York, from foreign ports, for the first time in several weeks, shows a slight falling off, as compared with the corresponding week last year.

Annexed are the comparative figures:

For the week	1855	1856
Dry Goods,	$1,967,660	$1,803,781
General Merchandize,	1,750,792	1,415,914
Total.	$3,710 452	$3,219,695
Previously,	4,460,788	10,044,640
Total since Jan. 1st,	$8,161,240	$13,264,295

Our latest dates from New Orleans are to Jan 12. The Bulletin of that date says:

SUGAR—We have again to notice a most crate demand without any recovery in prices from the decline noticed in the last week's report. The sales embrace 2,500 hhds. mostly on Wednesday and Thursday, operations being prevented yesterday by the storm. This makes an aggregate for the week of 3750 hhds. The range our reduced figures is Common Fair 5¾@6¾; Fair 6¾@7¾; Prime 7¾@8; Choice 7¾@8. Common Rosin Sugar, 5; prime do. 5½; Sawyer's Tolled do. 10.

Over the Coffee market the Baltimore American of Monday says:

There has been rather more doing in Coffee to-day than for some days past. We note sales of 200 bags fair Rio at 11¾ cts, 500 bags good do at 11¾@12 cts and 84 bags selected do at 13¾ cts. Coffee is arriving pretty freely, but holders generally are firm, making an increase in no instance no disposition to sell except at full rates. We also learned yesterday that there is at present aboard the ship Isabella, with a cargo of 3,180 bags, and also the vessels of 1,743 bags Willis Gorman from Boston.

The stock of Coffee in Baltimore is now about 50,000 bags.

A MARVELLOUS REMEDY!
FOR A MARVELLOUS AGE!!

HOLLOWAY'S OINTMENT!
THE GRAND EXTERNAL REMEDY.

BY the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these the ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the kidneys, disorders of the liver, affections of the heart, Indigestion of the bowels, Coughs and Colds, all proceed from one cause, and require the same treatment. Consult your own feelings, and use the remedy that suits them best. Directions in all languages accompany each pot or box.

SORE LEGS, SORE BREASTS, WOUNDS AND ULCERS.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the most inveterate cases of ulcers, wounds, fistulous swellings and tumors. Professor Holloway has by command of the Allied Governments, supplied the Hospitals of the East large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds. It will cure any ulcer, however bad or long standing, abscess or contraction of the joints, even of 20 years standing.

PILES AND FISTULAS.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:

Bunions	Lumbago	Sore Legs	Swelled Glands
Burns	Mercurial Eruptions	Sore Throats	Stiff Joints
Chilblains	Piles	Sore Heads	Ulcers
Chapped Hands	Rheumatism	Scalds	Wounds of all kinds
