Rec. Secretary—S. H. IRISH.

DISTRICT COURT.—Judge Hampton on the Bench.

The very interesting will case, which has been on trial for several days, occupied the attention of the Court on Saturday until the hour of adjournment. The various gentlemen engaged in the case addressed the jury. Judge Hampton will charge the jury this morning.

Robert B. McClure vs. Solomon K. Spears, No. 47, November term, 1854. Rule granted on John Montgomery, Esq., Sheriff of Indiana county, to pay into Court upon ten days notice of this rule, the money collected by him by virtue of writ of Test Fi. Fa., No. 87 January, 1856, or in default thereof to show cause why an attachment should not issue.

R. M. Blackburn & Co. vs James S. Hillman; No. 42, July, 1855. Execution attachment.—Rule to show cause why judgment should not be opened and the Garnishee, Vincent N. Long, allowed to pay into Court one hundred and six dollars, the amount in defendant's hands, and let into a defence as to the balance. Reasons filed.

PAUL JULIEN AND ADELINA PATTI, GRAND PARISIAN CONCERT, MUSICAL PRODIGIES.—The term 'prodigy' is generally applied to persons endowed with attainments of a higher order than might reasonably be expected from their years, but when the comparison exceeds this range it is very rarely that the "prodigy's" claims to superiority can be sustained. Miss Paul Julien, however, we claim an exception in his favor, for not only is he a prodigy as regards his years, but in talents and genius he is entitled to rank with the greatest living Artists. To the freshness and precocity of youth he unites the maturity of musical intellect which gives a peculiar charm to all his performances. Adelina Patti, also, the young child of song, but a prodigy among *Prima Donnas*. We may, therefore, anticipate a rich treat from the Maschic Hall, on Wednesday next, their last and only appearance in this city. August Goekel, the celebrated Pianist, and E. Barili, the eminent Barytone, add to the attractions of the programme, which is an unusually brilliant one.

AN INTERESTING HABEAS CORPUS CASE.—A writ of Habeas Corpus was granted several days ago by Judge M'Clure upon petition of Mathew Coward, to obtain possession of his daughter Thyrza Coward, a child of six years, from her aunt, the wife of Thomas Lawrence. The writ was made returnable on Saturday, and Thomas Lawrence, the respondent, accordingly appeared in Court with the child. He opposed the application on the ground that the father is of intemperate habits; that on the occasion of the death of his wife, which happened when the child was fifteen months old, he was intoxicated. Nothing else against his moral character was urged. A number of witnesses were examined on both sides, when Judge M'Clure ordered that the child be remanded to the custody of the wife of Thomas Lawrence, the respondent.

E. P. Jones, Esq., appeared for the relator and Thomas B. Hampton for the respondent.

DARING BURGLARY.—On Saturday morning about three o'clock, a clerk in the grocery and liquor store of James Patton, jr., Federal street, Allegheny, was awakened by the noise made by two robbers who had forced their way into the store. He was in the second story, but the hatchway being open and the gas lit he could see them in their operations. While they were engaged in eating cheese he fired a pistol, the contents taking effect on the person of one of the burglars. Before the clerk could reach the store room, however, they had made good their escape, without taking any thing with them.

The entrance was effected by cutting away the panel of a back door. This is the third or fourth attempt made to rob the store, but on every occasion the thieves have failed in securing plunder.

THE ALLEGHENY CONTESTED ELECTION CASE.—On Saturday, Judge McClure granted a rule, in the matter of the election for Alderman held in the 4th Ward, Allegheny, during Alderman Harrip's unexpired terms, on the ground that on account of residing out of the Ward that magistrate had lost his official position, to show cause why the petitions presented by J. I. Kuhn, Esq., on behalf of divers citizens of said ward [in favor of Ald; Harrip] should not be quashed.

SIGNOR BLITZ IN ALLEGHENY.—We cannot always have the Signor with us, and those who have not availed themselves of the opportunity which has been presented them for the past two or three weeks to see and hear him, must now go to Allegheny. He will give several exhibitions at Excelsior Hall. We are aware those who do not avail themselves of this last opportunity will be the worse for it, if they can appreciate fun, humor and mystery at all.

We are not much in the habit of puffing dry goods stores; but we think it is no more than our duty to the ladies, when we occasionally inform them where they can procure the very latest Paris and New York fashions. A. M'Tighe's, corner of Grant and Fifth streets, is just the place where all tastes can be suited. If you want a dress, made or unmade, a shawl at a high or low price, a good carpet or any other kind of dry goods, call at M'Tighe's, and you will just find the thing you want, and at prices unusually low.

ANNUAL BENEFIT.—Our theatre-going readers will perceive by the advertisement that on this evening Mrs. Foster, wife of the Manager, will take her annual benefit. This lady bears so good a reputa for the faithful and able discharge of all the duties of her position, that we entertain no doubt her very large circle of admirers will see that the testimonial this evening shall be a worthy one. The bill is very good.

At the annual meeting of the stockholders of the Erie Canal Company, held last Monday, the following named persons were elected Directors for the ensuing year:—Charles M. Reed, President; John A. Tracy, James C. Marshall, David McAllister, P. Metcalf, John Hearn, Andrew Scott, (in place of Thomas J. Power.)

PHONOGRAPHY.—A meeting of the School Directors of the city and of the Boroughs south of the Monongahela, will be held on Thursday night, in the Third Ward School House, for the purpose of hearing an address by Mr. Adair on the value of the Phonographic system of writing and printing.

SELLING LIQUOR.—Alderman Major on Saturday committed a man named James Burger to jail to answer at Court the charge of selling spirituous liquors in violation of the act of Assembly, 1855. The arrest was made upon the information of Stewart Swaney.

DRY GOODS.—Our lady readers will find at the store of D. Ahl, jr., & Bro., Market street, a very large and fine selection of fashionable dress goods suitable for the Spring, which the members of the firm have just selected in the East. Give them an early call.

SUNDAY SCHOOL TEACHERS' ASSOCIATION.—A meeting of this Association will be held this Monday evening, at 7½ P. M., in the 2d Presbyterian Church (Mr. Howard's). All friends of Sabbath Schools are earnestly requested to attend. Several addresses may be expected.

MOTION FOR A NEW TRIAL.—In the case of I. & A. Patterson vs. Western Farmers' Insurance Company, tried on Monday last, Counsel for the defence made a motion on Saturday morning for a new trial. Reasons filed.

LEVEE.—We perceive by a card upon our table that an order of the United American Mechanics will give a levee at Lafayette hall on Friday, March 21st. It will doubtless be a well conducted affair.

LARCENY.—A man named Henry Hoover was lodged in jail by Mayor Adams on Saturday, to answer for the alleged larceny of a valuable chain from a sleigh belonging to J. H. Osborne, of Butler County.

FORESTALLING.—A German named John Ormsburger was taken before Mayor Adams, on Saturday, by Constable Wyman, and was fined $5 and costs, for forestalling the Allegheny market.

A fine of five dollars was imposed, from which Ormsburger appealed.

PARDONED.—We understand that the old man Leverton Thomas received a dispatch on Saturday from Harrisburgh, informing him that his pardon had been signed by the Governor and was on the way to Pittsburgh.

DISORDERLY.—Mayor Bingham disposed of four ordinary cases on Saturday morning.

WISTAR'S COUGH LOZENGES—An excellent remedy for coughs, &c., to be had only of JOS. FLEMING.

The peace conference is progressing favorably.

The Rothschilds take the whole of the British loan at 90.

The peace conference it is supposed would meet on the 28d ult. Great anxiety is felt as to the result, but it is generally supposed that peace would be concluded as France is very anxious for it.

There is nothing more in regard to the difficulties between England and the U. S., except that the London Advertiser professes to know that Mr. Dallas brings very stringent instructions.

LONDON, Saturday 23d.—Russia, it is said, consents to the dismantling of Nicolaieff, but the report is regarded as doubtful.

The editors of newspapers in Paris are ordered to write no more respecting war or peace while the conference sits.

Letters from St. Petersburg and Warsaw in the German papers give details of preparations being in progress for the continuance of the war and state that in no point has the former energy of the military department been abated.

It is said that the amount of frauds of which Mr. Sadler, who recently committed suicide, has been guilty is not much short of £1,000,000, on Railway Shares and mortgages. He has also committed crimes of the most diabolical description.

A portion of the advanced squadron of the Baltic fleet has been steamed up ready for leaving Spithead on the evening of the 22d.

The money article of the Daily News of Saturday, says the lending of the new loan by the Rothschilds at about 90 had produced a fall of about ¾ per cent. in consols, although a part of this was subsequently recovered. The aggregate of subscriptions to the loan reached £30,000,000.

PITTSBURGH MARKETS.

PITTSBURGH GAZETTE OFFICE,
Monday Morning, March 10, 1856.

The reports on the Merchants' Exchange Books, on Saturday, showed only two sales—one of Rye at 85, and one of Bacon at 9¼ and 11 for Sides and Hams. There was, we are assured, much more done than these meagre reports indicate; but there is very little produce on hand to operate in, and figures are nearly altogether nominal.

MONETARY AND COMMERCIAL.

The following is our weekly report of mercantile failures and arrangements and suspensions:

Ouff Swedenmeister, San Francisco, California; reported some weeks since to be in difficulty. Since then two or three large remittances have been received for him. By last steamer his failure is announced. His indebtedness to New York, mostly for wines and shoes, liquors (!) and cigars (!) is said to be $500,000. His owes one firm over $150,000, and another about $100,000.

A jeweller in Buffalo has asked his New York creditors to take a small part of the amount owing them—representing that he had gone behindhand of late at the rate of $1,000 a month. His business must have been large.

A dry goods firm in the same place, hitherto in high standing, being unable to pay in full is asking a composition with their creditors. They will undoubtedly soon resume.

Davis & Williams, Syracuse, N. Y., failed, and it is thought will not pay over 50 cents on the dollar.

D P Spier, Geneva and Auburn, N Y, assigned, stated that he was robbed of a large amount of money on his way to New York.

Crandall & Modbury, South New Berlin, New York; dry goods. Small largely in butter. Efforts are being made to settle at 50 cents on the dollar.

The editors of newspapers in Paris are ordered to write no more respecting war or peace while the conference sits.

Hezekiah Bradford, Bath, Steuben county, N. Y., assigned.

A & W Lyons, Saginaw City, Mich. suspended.

Meahl & Brinkerort, Battle Creek, Mich. assigned to two New York firms for benefit of all their creditors.

James A. Hawley, Jackson, Mich. sold out to a clerk; $10,000 in favor of said clerk, including $1,000 on speculation for export. Wheat and Flour are dull and are held firmly. Corn is in good demand at le advance. Beef active. Lard firm and demanded at 54s. There is nothing doing in Pork. Bacon unchanged and in good demand. Naval stores quiet.

The Money market is tight. American Stocks quiet. The bullion in the Bank of England has decreased £80,000.

RIVER NEWS.

THE RIVER.—The river at this point was falling very slowly yesterday. In the afternoon a great deal of ice was running, supposed to be from the upper Monongahela. It came with sufficient force against some of the coals to break them in two. The Cheat river is in good stage of water, reported falling.

There were over ninety boats in our port last evening at dark—a large number, perhaps, than was ever here at one time before. Seventy-five of these steamers will be towed down the river this afternoon, if arranged to the satisfaction of the owners. The whole fleet will attempt either to arrive or depart to-day. Will be cold weather, however, for the trip. See advertisement for particulars.

IT HAS POWER TO CURE—"I had not used it twice before I felt its beneficial effects."

DR. R. R. RICHARDSON, of Nebraska, cured of a bad cough, for which I tried many remedies, without obtaining relief. I was prevailed upon to try "SPALDING'S PREPARED GLUE," and found it a duty which I owe to both you and the public in general, to positively assert, that I had not used it twice before I felt its beneficial effects, (cause and disease finally left me.) Recommended and 20 cents to obtain the book. Sold by JOSEPH FLEMING, 61 Market st.
