CHERRY PECTORAL

TO CURE A COLD, WITH HEADACHE AND SORENESS OF THE BODY—take the Cherry Pectoral on going to bed, and wrap up warm, to sweat during the night.

FOR A COLD AND COUGH, take it morning, noon and evening according to the violence of the symptoms. Difficult will soon be removed. None will long suffer from this treatment when they find it so readily relieve. Persons afflicted with a seated cough which breaks them of their rest at night, will find by taking the Cherry Pectoral on going to bed, they may be sure of sound, unbroken sleep, and consequent refreshing rest. Great relief from suffering and ultimate cure, is offered to all such cases who are thus afflicted, by this invaluable remedy.

For Croup in children, it is a sure cure, many find themselves unwilling to forego its use when the necessity for it has ceased.

TO PREACHERS AND PUBLIC SPEAKERS this remedy is invaluable, as by its action on the throat and lungs, when taken in small doses frequently repeated, it clears and strengthens the voice, and wonderful y increases the power and flexibility of the voice.

ASTHMA is generally much relieved, and often wholly cured by Cherry Pectoral. But there are cases of confirmed obstinate asthma to yield entirely to no medicine. Cherry Pectoral will cure them if they can be cured.

BRONCHITIS, inflammation of the throat and upper portion of the lungs, may be cured by taking Cherry Pectoral as it is small and frequent. Throwing on the counter irritation is soon relieved.

FOR CROUP and all cases of consumption, to be followed by large and frequent doses of the Cherry Pectoral, until it subdues the diseases. If taken in season, it will not fail to cure.

WHOOPING COUGH may be broken up and soon cured by the use of Cherry Pectoral.

THE INFLUENZA is speedily removed by this remedy. Numerous families have been kept from being afflicted when others were protected from any serious consequences, while their neighbors without the Cherry Pectoral, were suffering from the disease.

Repeated instances are reported here of patients who, by this remedy, have been cured.

LIVER COMPLAINTS by this remedy, so many that have suffered long and severely, have been relieved by a few doses. It should be perseveringly taken until the pain in the side and other symptoms of disease cease.

FOR CONSUMPTION in its earliest stages, it should be taken under the advice of a skillful physician, if possible, in a case of such a careful regard to the printed directions on the bottle. Injudiciously used, it will seldom fail to subdue the most confirmed consumption, and the disease.

For settled CONSUMPTION in its worst form, the Cherry Pectoral should be given in doses adapted to what the patient can bear without injury. In this way the most confirmed and hitherto incurable cases have been relieved, and unfrequently cures have been effected. Explained and proved in this way, the Cherry Pectoral is a boon to suffering humanity, who feel and say that they owe their lives and present health to the Cherry Pectoral.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unrivalled benefits conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies are discarded, this has gained friends by every trial, and every year's benefits on the afflicted, these are numerous, and throughout the land, are unsurpassed and unparalleled in the annals of medicine.

Warren's Improved Fire and Water Proof

Composition Roofing.

HAVING been for the last eleven years exclusively engaged in the manufacture of the above roofing, now guarantee it in all the principle cities of the Union, during which time it has been tested in every variety of circumstances, and been improved and perfected, wherever experience showed that it could be done, and having been called upon by the *Pennsylvania Railroad Company* to do a job for this city in 1854, and again to cover the *Duquesne Depot* in 1855, (or both of which jobs they transported our materials from Philadelphia, free of charge), we have been induced to open a branch of our business in this city, and being prepared to fill orders to any extent, we confidently offer our roofing to the patronage of the citizens of Pittsburgh and vicinity. Its cheapness, durability and perfect protection against *fire and water* render it the most desirable roofing in use.

The best kind for this roofing is from one to two ply. Those wishing to use a cheaper article than ours can be supplied with a much greater variety of styles and kinds of felt. Roofs of any kind of old roofing can be covered by this method with the positive certainty of having good tight roofs. No appeal will be taken on some of our roofs, which may be examined. Roofs put on in the coldest weather and otherwise. Please call at our office. All work warranted.

FAMILY MEDICINES—Graham Station,

Ohio, Nov. 15, 1855.—MR. R. S. HAZARD—I think it right, for the benefit of others, to state what benefit I received from your excellent family medicines. I have used your Sarsaparilla for a year past, and can say that they owe their lives and present health to the Cherry Pectoral.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unrivalled benefits conferred on thousands of sufferers, could originate and maintain the reputation it enjoys.
