HABEAS CORPUS.—Before Judge Lowrie.

Petition of Matthew Coward to recover the body of Thyrza Coward, his daughter.

Some two or three weeks ago, Matthew Coward sued out a writ of habeas corpus in the Common Pleas to recover possession of his daughter, Thyrza Coward, a child of about eight years of age, who was at that time in the possession of her aunt, Mrs. Lawrence, to whom she had been given by her mother, before her death, when the child was an infant of fifteen months old. Evidence of the intemperate habits of the father was produced and the Court ordered the child to be left in the possession of the aunt.

The father, through his attorney, E. P. Jones, Esq., sued out a writ of habeas corpus in the Supreme Court, to obtain the child, and yesterday the writ was returned and hearing had before Judge Lowrie.

T. B. Hamilton, Esq., attorney for the respondent, proceeded to read the answer to the petition, in which it is set forth that the father agreed at the time the child went into the aunt's possession, to relinquish his claim if she would do for it as she would for own child. That since that time he never made an effort to get the child until lately; that he is a man of intemperate habits, has been in the habit of ill-treating his family, that the child does not wish to leave her aunt, and that the costs of the writ of habeas corpus in the Common Pleas have not been paid. To which the petitioner responded, denying that the child had been in possession of the aunt since it was fifteen months old; he always paid its board; he never ill-treated his family; the business of the aunt and uncle was such as prevented them bringing the child up rightly.

Judge Lowrie decided that no title to the child had been set up by the respondents. In view of a similar case, which was decided by the Supreme Court some time ago, though it resulted in a very painful scene, he must remand the child into the custody of the father. As the child's age, positive assertion was required; when a child reaches the age of fourteen years, it is allowed some liberty, and then its wishes might be in some degree attended to. There was but one way of transferring the title in a child from a parent to another, and that had not been adopted here. The child is remanded into the custody of the petitioner.

The father then proceeded to where the child was sitting by the side of its aunt, and took it in his arms. The child kicked and screamed very violently; but the father was determined, and made his way from the Court room as expeditiously as possible.

COURT OF OYER AND TERMINER, SESSIONS, &c. —Judge McClure and Associates on the Bench.

The Jury in the cross suits of Assault and Battery in which James Walker and Theodore Walker, and Wm. H. Mary and William Arrolt were the parties, returned into Court unable to agree upon a verdict, and were discharged.

The Jury in the case of Commonwealth vs. Harriet Murray and others indicted for keeping a house of ill-fame, found a verdict of guilty.—The prisoners were remanded for sentence.

John Carr, a teacher in a Catholic School of this city, was arraigned for abusing a pupil named Robert Saxe, aged about ten years. The prosecuting witness, Catharine Denny, failed to make out the case for the Commonwealth, and a verdict of acquittal was accordingly rendered.

John O'Brien and John O'Brien, Jr., were arraigned on an indictment for Burglary. The property alleged to be stolen, was clothing, table cloths, &c., from John O'Connor, Fifth Ward. After the case was commenced, the Prosecuting Attorney asked for a conviction for larceny only. The Jury returned with a verdict of acquittal, and the prisoners were discharged. *Nol pros* on the other charges against them was entered by the Prosecuting Attorney.

Enos Busby was convicted of the larceny of Carpenter's tools from a man named John Brown, and was sentenced to three months in the County Jail.

John Wintergill was arraigned upon an indictment for Affiliation. His attorney put in pleas of abatement, the same in the indictment being "Wittensgalx." The Commonwealth demurred, but the Court sustained the plea. The defendant then made application for his discharge, there being nothing against him, but the Court, the prisoner having acknowledged his identity in the plea, refused and ordered him to give bail in $800, which he did.

DISTRICT COURT.—Hon. Judge Williams on the Bench.

In the case of *Wm. M. Edgar*, Administrator *vs Jas. Shields' et. ux.*, reported yesterday, the jury returned a verdict for defendant, under the instruction of the Court.

J. H. Hays *vs* Cas. Gibbs. B. Washington, Esq., the examiner appointed in this case, having died before the testimony was returned, the Court appointed Augustus Washington, Esq., examiner in his stead.

Rowan for use of Sampson *vs* Sampson's Executors, with notice. The Court appointed Rupt. Shaw, Guardian *ad litem*, of Thos. Neel, anos B. Neal, Wm. Neal and John A. Sampson, minors and defendants in the above suits. The same appointment was made in the cases of Forsyth for use of Sampson *vs* same, and John Sampson *vs* same.

Samuel Fleming and Matilda his wife, *vs.* Tas. Ball. Action to recover damages for malicious prosecution. The defendant in this case was convicted of Fornication and Bastardy in the Criminal Court, on oath of Matilda Becket, now Mrs. Fleming. After the conviction the defendant made an information against Mrs. Fleming for perjury, alleging that she (Mrs. Fleming,) swore that the child she took before the Grand Jury and swore to, as the child of which Bell was alleged to be the father, was not the child, but one that belonged to some one else, her child having died some two or three months before she appeared before the Grand Jury. In the action for perjury the Grand Jury ignored the bill and thereupon this suit was brought.

THE EXPLOSION.—The report of the explosion of the *Metropolis* have proved a terrible blow to very many of our citizens who are either related to; or are connected in ties of friendship, to those from this city who lost their lives thereby.

James Rose Bryan, the son of Rev. A. M. Bryan, late the pastor of the Cumberland Church, Sixth street, was a fine lad of about thirteen.—The Reverend Mr. B. had waited all winter to take passage on the Metropolis.

James W. Roberts, brother of Mr. John M. Roberts, Jeweler, of this city, is well known here and highly esteemed. He was his brother's partner, and carried on business on Fifth street, near Wood. Last week, the prinarship was dissolved, and the stock sold off, the deceased intending to emigrate West. He missed the boat on Tuesday, and was obliged to be taken off to it in a skiff.

Capt. Hazlett was very widely known in this city. He resided near Manchester.

PATENT EXTENSION TABLE.—A novel, and apparently an excellentidea for an extension Dinner Table may be seen at the Mansion House, Liberty street. It is the invention of Mr. Joel Haines. When shut up, the table resembles an elegant sideboard, and may be used therefor. When it is to be used as a table, a lid in the front is lifted, and the table, which is so jointed that it closes up in as many inches as there are feet in length, is drawn out. The cover is rolled on a cylinder above, and may be drawn out very expeditiously.

For Hotels; Banks, Law offices; in short wherever an extension table is needed; this invention presents advantages we have never seen combined in any other. The agent wishes to sell this or any unsold state, and will receive proposals for a few days at the Mansion House.

A FIRE.—On Wednesday morning, at two o'clock, the dry house at the Keg Factory of the Oriskha Iron Co., Newcastle, Pa., took fire from the flues and burned down. Building and stores with which it was filled all lost; no other damage done.

CHEAP BLACK SILKS.—A. M'Tighe, corner of Grant and Fifth streets, has just received a fresh supply of superior Black Dress Silks, embracing Plain, Moire Antique, Striped Figured, and many other styles.

A WILD STEER.—Yesterday morning a wild steer broke loose in the Fifth Ward, and gored a man named George Haley very severely. It also knocked down several people before its course was arrested.

EXCELLENT household and kitchen furniture will be sold this morning by Mr. Davis, Auctioneer, at the private dwelling, No. 89 Fourth st. between Market and Ferry, commencing at 10 o'clock.

FIRE.—About half-past one o'clock yesterday afternoon some chemicals in the Varnish Manufactory of Mr. L. Wade, on Liberty street, took fire. The flames were speedily extinguished,—and the loss is trifling.

CORRECTION.—It was incorrectly stated in the *Chronicle* yesterday, that Mr. John D. Miller and family were on board the *Metropolis*. They took passage on the *Metropolis*.

LUNACY.—A lad named William Strub was lodged in jail yesterday by Alderman Parkinson, on complaint of his brother-in-law, John Bass, for the larceny of sixty cents.

ARRIVAL OF THE CANADA.

NEW YORK, March 28.

The steamer Canada, which left Liverpool on the morning of the 15th, reached Halifax this evening at 7 o'clock.

Mr. Dallas, immediately on his arrival proceeded to the Adelphi Hotel, where a deputation of the American Chamber of Commerce presented him a congratulatory address. No excitement exists regarding American affairs.

Nothing definite has transpired respecting the doings of the Peace Conference. All the accounts agree on almost a certainty of Peace, and the advices from Germany and Russia bear the same tone generally. It is rumored that a Treaty of Peace will be signed on Saturday. All the difficulties however are not yet adjusted. Several important dispatches respecting the Principalities and the Asiatic frontier, are left as undecided as when the Congress first met. It is also rumored that the ratification of the treaty and the adjustment of unarranged difficulties are to be referred to Commissioners on the spot. Sardinia will not be represented in this Commission.

Dispatches from Berlin and Vienna state that Russia has been invited to send representatives to the conference; that she will accept, and that Baron Montenfel would leave Berlin on the 14th for Paris as Minister Plenipotentiary. The admission of Prussia is said to be especially based on the ground that the discussion respecting the treaty of 1846, by which the Dardanelles were closed to ships of war is to begin forthwith. Palmerston, however, refused to answer Disraeli's question as to whether Italian affairs occupy the attention of the convention.

At the Crimea the Russians and allied generals had met on Watka Bridge, and exchanged propositions. The Tchernaya has been traced between the two armies.

Selim Pasha was preparing to take command of the Turkish army.

The Ottoman Ministry was occupied with measures for alleviating the crisis.

The General in command of the Turkish forces at Kars is to be Court Martialled for the fall of that place.

Free export is permitted from the Turkish ports, but is prohibited from the ports east of the Dardanelles.

Baltic advices state that the British flying squadron is passing towards the Gulf of Finland.

FRANCE.—Paris commercial letters speak with confidence of peace. The more cautious fear that peace will bring a commercial crisis.

SPAIN.—The Madrid papers officially denies that Napoleon had addressed a remonstrance to the Spanish Government respecting the internal affairs of that State.

RUSSIA.—Prince Gortschakoff is going from Varna to St. Petersburg to take part in the deliberations relative to the diplomatic attitude to be taken by Russia after the peace. Ontiloff returns from Stuttgardt for the same purpose.

CONGRESSIONAL.

WASHINGTON CITY, March 28.

The House resumed the consideration of the bill defining the rights of votes and the duties of the commissioners of elections at Washington.

After a struggle of two hours the bill was recommitted to the Committee on the District of Columbia.

Mr. Lane, of Oregon, called attention to the horrible sufferings of the whites in Oregon and Washington Territories, caused by the unchecked outrages of Indians, 200,000 of whom of the various tribes are located therein. He alluded to the frequent murders committed, and said that no step of the administration had thus far been of service in restraining these savage allies of the Government. He stated what steps had been taken by the citizens of Oregon to protect themselves, and unless some severe step is taken the whites will be wiped out entirely. He earnestly appealed for an appropriation of $300,000 to secure the services of friendly Indians, who alone could in the summer penetrate to the hiding places and fastnesses of the foe. He introduced a bill for that purpose; and the same was referred to the Committee on Ways and Means.

Mr. Campbell, Chairman of the Committee of Ways and Means, said the matter would be considered immediately.

The House adjourned until Monday.

A Circular Address to the people of the United States inviting co-operation in the course above indicated, has been prepared by F. P. Blair, but not finally approved by the Committee.
