We are not able to give the new buildings commenced this year, as the assessor has not yet completed his tour of the city. Enough is known however, to show that this year will be the busiest for builders of any for some years. Already they are busy, and it is remarked that the business has not opened so early for many seasons.

It is not to the city, however, that we must look, to ascertain how much Pittsburgh is growing; her business men, as they grow wealthy, have their residences out of the city. Allegheny is nothing in reality but a suburb of Pittsburgh, having but little within herself to create a city. Manchester, the other Boroughs, and the innumerable villages, hamlets, and country seats around are Pittsburgh, being built with her money, to supply a demand made by Pittsburghers, who are anxious to escape for the night from the dirt and smoke by which they are surrounded by day. So that while the increase of one year or two of the actual building operations in Pittsburgh proper may appear small, the aggregate of the improvements in these other districts, if we could procure them, would be formidable.

We shall some time again refer at length to the prominence this county is beginning to enjoy as regards Horticulture and Agriculture. Though the coal smoke and the practical life led by our citizens seem hardly the requisite things to induce a taste of that kind, the facts will show that nearly all of our merchants and mechanics who have accumulated money, buy a place in the country, and turn their attention to the cultivation of the soil, and become in a short time skilful and enthusiastic amateurs.

THE INVALID'S GUIDE AND CONSUMPTIVE'S MANUAL: or suggestions for the prevention and relief of Consumption, Asthma, Catarrh, Bronchitis, Dyspepsia, &c., by Calvin M. Fitch, A. M., M. D.

Under the above title, Dr. C. M. Fitch, whose success in the treatment of Pulmonary Affections has won him an enviable position among the great men of our country, has published a treatise upon the causes, prevention and treatment of Consumption and some other forms of disease of the Lungs, designed especially for the use of patients under his care. But though intended more particularly for his patients, this work is nevertheless admirably adapted to general circulation. It condenses in a compass of less than 200 pages a rare amount of valuable information upon the subject of health, which few, if any, could peruse without advantage.—The work may be had at the principal Bookstores. Price in muslin 40 cents.

THE FLOATING PALACE, with a large collection of curiosities, natural and artificial, on board, will give its first exhibition this afternoon, at the foot of St. Clair street, below the bridge. Madame Olizza, the Polish performer on the tight rope; Mr. Nelles, the man born without arms, but who does with his feet what few people would attempt to execute with their hands, accompany the Museum. The exhibition is one of much interest, and will no doubt attract large audiences during its stay in the city.

GAS WORKS, ALLEGHENY.—We are informed by a legal gentleman that the Allegheny Gas Company can be indicted for nuisance in permitting the gas pipes in different parts of that city, to leak. The gas of that city has a peculiar and powerful scent; rotten and suffocating. The portion of the city to which we have reference now is Federal street near the Bridge. For sake of the hundreds who are constantly travelling that throughfare, we beg the pipes may be repaired speedily.

THE ANNUAL EXAMINATION of the Western Theological Seminary in Allegheny city, commences to-day at 10 o'clock, A. M., and will probably close on Wednesday morning. There are twenty students in the graduating class, which is one of great promise. The public addresses by the students and awarding of diplomas will take place on Wednesday evening.—Rev. Dr. Rice, of St. Louis, who was expected here to deliver an address on the occasion, will be unable to attend.

KENNEDYS' COINS OF THE WORLD.—The Brothers Kennedy, of the "Review," have laid upon our table a beautiful copy of the coins of the world, bound in a convenient form for reference, and just issued by them; all the coins in use, of every nation in the world, are here faithfully represented, with their values, and much other interesting matter, and the pamphlet is therefore of great value to every business man.

RIOTERS HELD TO BAIL.—On Saturday a number of persons charged with riot at the Brewery of Andrew Hoofman, Third Ward, Allegheny, had a fourth hearing by Mayor Adams on Saturday morning. The examination resulted in David Dill, James Crow, Samuel Crow, G. W. Smith, and Hugh Bloom, giving bail to answer the charge at Court, and the discharge of the others, they not being identified by the prosecutor.

INQUEST.—Coroner Alexander, on Saturday morning held an inquest on the body of an unknown man found floating in the Monongahela river. The body was first seen from the steamer Black Diamond, at this side of the river, but it was not picked up until it had floated to the West Pittsburgh shore, where it was caught and secured. The deceased wore a check shirt and from all appearances, seemed to have been a laboring man.

ARREST OF AN ALLEGED BURGLAR.—Alderman Major's police arrested a man named Enoch Howell on a charge of burglary. The store of Mr. Tim on Wood street, near Virgin alley, was entered about a week ago, and a quantity of whips and some money carried off. It is alleged that Howell was among the party who committed the burglary—hence his arrest. He was fully committed for trial.

APPOINTMENTS.—On Saturday night the following persons were appointed by the Mayor, and confirmed by the Police committee as members of the night watch to fill vacancies caused by dismissals and resignations:

Patrick Fender, James McBorney, John Gordon, David M. Spence, Alexander Dalzell and Hugh Rice.

HIGHWAY ROBBERY.—George Hall and John Noland were committed on Saturday by Mayor Bingham for further hearing on a charge of highway robbery, upon oath of a man named John Bell. The prosecutor was knocked down on 6th street, on Friday night and robbed of $80, and the prisoners were arrested on suspicion.

COUNCILS.—A special meeting of Councils will be held this evening. It is rumored that the conference committee on the question of the right of Way into the city for the A. V. R. R. have disagreed, and the meeting is upon their call. What will be the next move we do not know.

ARRIVAL.—The body of Frank Hepburn, deceased, arrived in the city on Saturday, and was taken to the residence of his father, Judge Hepburn, on Penn street.

We understand Mr. D. Shryock is to give a monster concert in City Hall, on Thursday evening May 15th, in which nearly one thousand singers will take part. The singers are collected from the medium and Grammar departments of six of the Public Schools of this city, in which Mr. S. is employed as teacher of music. The singers are principally girls, and will be appropriately and uniformly dressed. The entertainment promises to be one of unusual interest, and will no doubt be well patronized.

THE Merchants' and Farmers' Bank, of Allegheny, having failed to get a charter, have taken out a broker's license, and will transact business as a private institution. The office of the bank will be in the Diamond, Allegheny.

The officers are named below:

President, James Marshall. Directors, J. Taggart, W. Walker, J. Graham, John Dann, A. M. Marshall and D. Shryock.

POLICE RATTLE.—The Police committee on Saturday night resolved to change the mace, now in use by watchmen, for the "rattle," a complicated instrument, which when whirled emits a piercing sound, that can be heard from one end of the city to the other. It is also a convenient instrument to knock refractory culprits down with—in which case, it might as a friend observes—prove a death rattle.

DISTRICT COURT.—Citizens' Deposit Bank vs. James Howard & Co.: No. 137, Argument List. Rule by defendants to show cause why the costs in this case and others should not be consolidated. W. J. Howard, Esq., for rule. On motion of J. A. Dunlevy, Esq., Attorney for plaintiff, rule stricken off.

CORRIGAN.—The *Chronicle* says that Henry D. Foster, Esq., one of Corrigan's counsel, is making an effort to get a writ of special allocatur, and have the case reviewed by the Supreme Court.

DISTRICT COURT.—The new trial list will be taken up to-day. The first sixty-eight cases form the list for this week.

BOARD OF COUNT AUDITORS.—We understand the Board of Auditors will rise this week, their duties being now nearly completed.

DR. C. McLANE'S
Liver Pills and Vermifuge,
IMPROVED.

DR. I. SCOTT, a regular graduate and physician of extensive practice and experience, induced by a commendable desire to alleviate human suffering, has at length succeeded in procuring the services of DR. C. McLANE on the original LIVER PILL and VERMIFUGE of DR. C. McLANE and combining these remedies with his medical formula of Dr. C. McLane, for many years.

The Liver Pills and Vermifuge possess greater efficacy and are more mild in their operation than the Liver Pills and Vermifuge prepared by Dr. McLane, as sold and recommended by Dr. C. McLane. We make this declaration understandingly, and recommend them to the afflicted as being both powerful and safe. They are decidedly superior to any other Liver Pill or Vermifuge ever prepared.

Read Certificate of Dr. C. McLane, below.

The Whole World Conquered!

Dr. I. Scott's Celebrated White Circassian Liniment.

The universal relief afforded by application of this *Celebrated King* of Pain Killers in cases of Rheumatism, Contracted Cords, Sore Throat, Bruises, Sprains, Swellings, Stiff Joints, Sore Joints, Sciatica, Lumbago, Burns, Scalds, Frosted Feet, or any other disease or which a Pain Killer or Liniment is used, enables us to recommend it as the best article in the world, and the remedy yet discovered, surpassing all other rubbing properties *for healing disease and the prompt eradication of pain.* The many attempts of imitation and base counterfeits of late years have rendered some strict investigation necessary, should indicate all to adopt it as a standard family remedy. The most incredulous will, read and believe, when more than the following testimony of Dr. C. McLane, distinguished as a great, deserving and successful chemist.

The Liverpool steamer Africa from New York on Wednesday took out $1,041,558 in gold. The shipment by the Illinois on the 1st inst. was $1,000,000. The Illinois, on the 17th inst., brought about $1,500,000, of which $1,000,000 consists of 15 kegs, 2000 pieces (more or less) and all the small change—and also, all the coal in the Cortes, and $116,478 by the Uncle Sam. This is much larger amount than was expected. The Liverpool and New York Steamship Company brought over their road, for English account, $451,997 in gold, and $151,000 in silver.

THE RIVERS—A BIG RISE COMING—The river had risen half three feet, during the 24 hours ending at nine o'clock on Saturday morning. At this hour the depth at the locks and dams was as follows:

Dam No. 1	8 " 6 "
" 2	8 " 6 "
" 3	8 " 6 "

" 5	8 " 6 "

The rivers were falling rapidly at Dubuque, Rock Island and Keokuk, on the 28th ult., and the Mississippi was falling above the Rapids.—St Louis Int., Wednesday.

There is a largely increased activity in call loans, and the money market is assuming one of those sudden spasms which are the natural result of an incandescate expansion of credit by the Banks. Without, as yet, any real scarcity, or money, the difference between supply and demand is sufficient to send the rate of interest up. Some of the banks keep parties in the street who are carrying large amounts of stock sufficiently long to enable them to realize. This operation has been partially occasioned by the drain on the bank vaults for Eastern shipments, and partly by preparing down of country bank balances which is now going on. We shall not be surprised to see 1 per cent. paid for call loans before the next statement equal to a million and a half of dollars. The activity of money to-day has been increased by the payments for Saturday. Call loans are quiet at 7 @ cent. Paper feels the effect of the demand, and is 1 per cent. easier. First class names go at 8@9 cent.—N. Y Trib.
