PITTSBURGH:

TUESDAY MORNING, MAY 6, 1856.

Republican Declaration of Principles.

ADOPTED BY THE PITTSBURGH CONVENTION.

1. We demand and shall attempt to secure the repeal of all laws which admit the introduction of slavery into territories once consecrated to Freedom, and will resist by every constitutional means the existence of slavery in any territories of the United States.

2. We will resist by every lawful means our brethren in Kansas in their constitutional and manly resistance to the usurped authority of their lawless invaders, and will give the full weight of our political power in favor of the immediate admission of Kansas to the Union as a free, sovereign, Independent State.

3. Believing that the present national administration has shown itself to be weak and faithless, and that its continuance in power is identified with the progress of the slave power to national supremacy, with the extinction of freedom from the territory, and with increasing civil dissension, it is a leading purpose of our organization to oppose and overthrow it.

JUDGE M'LEAN.—Some weeks since the *Toledo Blade*, referring to the proposition to nominate Judge M'LEAN for President, on the Republican ticket, said:

"In 1848 he took the ground boldly that the Wilmot Proviso was unconstitutional, and published an article upon the subject in the *National Intelligencer*, and after wards, when applied to by Gen. Cass, he approved of the position taken by him in his Nicholson letter, and was referred to by the General as his authority for that opinion."

We copied this at the time it first appeared, and added the following remark:

"We think there must be some mistake about this; our recollection does not accord with this statement of the facts; if it is true, the documents will substantiate it; and if otherwise, it ought to be corrected at once."

Subsequently we called the attention of a friend of Judge M'LEAN, at Washington, to the charge, as one calculated to do that distinguished gentleman much injury among that large class of citizens who are opposed to the extension of slavery, and the reply we have received authorizes us to say that the above statement of the Toledo paper is entirely untrue. Judge M'LEAN never doubted the power of Congress to prohibit slavery in the territories, and he has uniformly so stated, and never uttered a word to the contrary, either in writing or conversation. This is explicit and emphatic, and those who assert the contrary must bring the proof of their statement.

If the *Toledo Blade* had re-published the letter in the *National Intelligencer*, attributed to Judge M'LEAN, its readers would have seen at once that its statement was not sustained by that document. If there is much curiosity to see that letter, we shall publish it in a few days, when it will be seen how far the Toledo paper has erred.

We have made no secret of our preferences in regard to the standard bearer of the Republican party in the approaching campaign, but this shall not prevent us from doing full justice to the claims and character of any of the distinguished gentlemen whose names have been mentioned as candidates for the Presidency. It gratifies us much to know, that with such a galaxy of names from which to choose, the Convention can hardly go amiss, and that its choice will be hailed with almost entire unanimity by the Republican party, let it fall upon any of the gentlemen whose claims have been prominently canvassed.

THE MUNICIPAL ELECTION IN PHILADELPHIA takes place to-day. The *North American*, on Saturday, openly took ground in favor of the Democratic ticket, basing its support on the ground of the welfare of the city. The result will most probably be the election of the Democratic ticket by a handsome majority. On their part the campaign has been managed with much shrewdness. They have kept out of view all National issues, and every thing relating to the Presidency, never referring to it in their resolutions. This was to pave the way for the vote of the old line Whigs, and other voters who affiliate with neither of the leading parties. On the other hand, the American ticket has been paraded everywhere as the "Fillmore" ticket. While the result, therefore, will pretty nearly indicate the Fillmore strength, it will not be a correct indication of the Democratic strength. We think it is highly probable that thousands will vote for Vaux to-day, who will not vote for the Democratic candidate for President.

PRENTICIANA.—The Louisville *Courier* says that the presentation of the plate to Harney, of the *Democrat*, will be the death of Prentice of the *Journal*. "He" the editor of the *Journal*, "is perfectly savage and raves like a madman;" and the *Courier* adds:

"The *Journal* of yesterday contained more vile, villainous, abominable, atrocious, blackhearted falsehoods than we ever before saw in a newspaper. If the father of lies himself would attempt to keep pace with the editor of the *Journal*, he would soon be compelled to acknowledge how unequal he was to the task."

On turning to the *Journal* we find two columns of the fiercest invective, and the foulest billingsgate. It asserts that the editor of the *Democrat* in "shamelessness in lying," "is unapproached and unapproachable," and it depicts his influence on Louisville in the following classical and chaste style:

"He is unquestionably the most pestilent thing than Louisville ever had. He is not a mere trouble to her but a dire calamity. He is not a mere fly in her butter, a crow in her cornfield, a bug in her garden, but an earwig in her ear, a serpent in her bosom, a cancer in her nose, a tapeworm in her belly, and a fistula in her rectum."

* * * * *

"The wretch deserves to have his nose bored through with his own pen, and his tongue with red hot iron, for daring to speak thus of a city which is infinitely too good for him to live in.—For a whole year past he has been slandering her with the concentrated venom of a whole den of rattlesnakes, copperheads, and scorpions. He has said that there is but one city in the Union that even approaches her in meanness, and that even that one is not so mean and vile as she.—And it is for such things that silver plate is presented to him and that purses of gold are put into his hand amid the shouts of Sag Nicht leaders and strains of Sag Nicht music."

The best evidence we have seen of the meanness of Louisville is, that she can tolerate such a controversy from one year's end to the other, in her midst. What a fine education for her rising youth.

"SHERIFF" JONES.—In the St. Louis *Republican*, of April 30th, we find a letter from a correspondent, dated at Westport, *Missouri*, from which we clip this extract, concerning the shoot ing of Jones, at Lawrence:

"Gen. WHITFIELD sent a dispatch by an express rider to Col. Boone, *of this place*. The latter received it this morning early, and immediately left in a hack for Lawrence, with Mrs. Jones, the wife of the unfortunate Sheriff. It is sincerely hoped that she will get there before the brave fellow dies."

From this it is plain that the bogus "Sheriff" Jones lived at Westport, in the State of Missouri, and was not a resident of Kansas at all. There his wife and family resided, and thither he sent for her. And yet it is for resisting the usurped authority of this Missourian that the people of Kansas are called traitors and law-breakers. As well might the people of Pittsburgh be called traitors for questioning and resisting the acts of a citizen of Virginia claiming to be a Sheriff.—We do not seek to justify the shooting of this creature, nor do the free State men of Kansas palliate or defend the assassination; if they can find the assassin they will bring him to justice, and that is more than the general government has done with the pro-slavery murderers of that Territory, one of whom holds office under the President; but we hold that they *are* justifiable in refusing to obey the orders of a man who claims to be an officer in a territory of which he is not a resident.

THE KANSAS COMMITTEE.—A Lawrence correspondent of the N. Y. *Tones*, writes that the Kansas Investigating Committee is in that city, and adds:

"The investigating Committee are dispatching business rapidly. Over 500 pages of foolscap are already written, and they intend to sift the affair thoroughly."

THE Washington correspondent of the N. Y. *Commercial Advertiser* says:

"A rumor prevails that there will be bolting at the Cincinnati convention, if the South should succeed in their purpose of establishing an ultra pro-slavery platform, and the seceders will nominate J. C. Fremont as the representative of the Silas Wright, Van Buren, Benton Democracy."

PITTSBURGH, FORT WAYNE AND CHICAGO R. R.—The Railroad conference has not yet terminated its duties, although it has now been arduously engaged for six days.

The following points have been agreed upon:

1st. The stock in the several roads having been conceded to be of different value, the relative values were agreed upon as follows:

Ohio and Indiana Stock,	100
Fort Wayne & Chicago "	106
Ohio & Pennsylvania "	120

2. Interest in stock on stock entitled to draw interest to be allowed to the first of July, 1856.

3. The name of the new corporation to be the Pittsburgh, Fort Wayne and Chicago Railroad Company.

4. The number of Directors to be fifteen, of whom one shall be a resident of the city of New York, four of Pennsylvania, four of Ohio, four of Indiana, and two of Illinois.

5. The articles of consolidation to be submitted to the stockholders of the respective companies on the second day of July, 1856.

6. If assented to by the stockholders the election of Directore to be held in the city of Pittsburgh on the 24th day of July, 1856.

7. There shall be a President and Vice President who shall be elected by the Directors from their own number.

KENTUCKY.—The Newport, (Ky.,) Daily *News*, which takes bold ground for the abolition of slavery in that State, thus speaks of the cordial support it is receiving at home:

"Should subscriptions continue to come in for six months as they have this last week, slavery may begin to look about in vain for neighbors in Kentucky; and if our working men, mechanics, and friends of education do their duty, our State will elect Anti-Slavery men to the next State Legislature at the next election in spite of the slave power. There is a stronger determination for freedom in Kentucky than slaveholders imagine.

Slaveholders are also sending their names and money for "THE KENTUCKY WEEKLY NEWS," and there is no plainer proof than this that many of them hate the position into which circumstances have thrown them with regard to owning slaves.

DESPERATE CONDITION OF WALKER AND HIS MEN.—It is exceedingly difficult to get at the truth of occurrences in Nicaragua, through first accounts of them, which usually reach the United States only after being supervised by Walker's agents, appointed to prevent any other than statements likely to aid his cause from obtaining publicity here. Our private advices assure us that in the recent battle of Rivas, Walker's loss was 150 men, and not 300 as published in W.'s newspaper; and further, that the Costa Ricans lost 150 men in that engagement, and not 600, as that paper published.

As we anticipated, he and his filibusters are at the mercy of the Costa Ricans, who to the number of 5,000 have cut off all his hope of supplies and reinforcements from the United States. His ammunition has also given out.—His force (according to himself) is about 1,000 Americans and 1,800 natives, who, being pressed, are guarded by the Americans pretty much as prisoners of war, rather than being treated as allies.

As we anticipated, the failure of the filibusters who went down from San Francisco (on the Cortez) to reach him, was a severe blow to him, incurring his subsequent disastrous defeat at Rivas; and as we also anticipated, many of the passengers who left New York on the Orizaba were compelled to return on her to the United States.

According to the correspondence from Nicaragua to the New York Times and Tribune, his men are deserting him on all convenient occasions, being starved and unpaid; and according to the proclamation of the Costa Rican commander, all filibusters who surrender and abandon Walker's fortunes are spared and provided for. The consequence is, that a number of his men have gone over to his enemy as the only means left them of saving their lives. The transit route is closed, all stempting to travel it being sure to fall into the hands of the Costa Ricans, a large proportion of whose troops are Europeans.

The above is a brief but absolutely true discription of the state of affairs there, and to cut to the letter, as we remark above, our anticipations published nearly a fortnight since.—*Washington Star.*

INSTINCT.—Mr. Putman, of the Adams' Express Co., some eighteen or twenty months since, brought to his residence on Floyd and Main streets, two fine partridges. These he kept and fed attentively until last Spring—one year ago—when they were taken to the country and set free about two miles from Middletown and ten miles from the city. During the intensely cold weather of the past winter these birds returned to the city and sought the residence of their former kind protector. One bleak wintry day Mr. Putman was astonished by a rattling at his window, and found, upon investigation, that two partridges seeking an entrance. He instantly recognized them as his old friends by peculiar marks upon their bodies. Of course, he could but take them in and treat them kindly. They are now *habitues* of his grounds, 'circulating' promiscuously among the fowls and making themselves at home within and without doors. We have never in the course of our reading met with a more striking instance of the development of instinct. It appears indeed beyond belief, that a couple of partridges released from a cage, 12 miles from the place where they were confined, should after the lapse of nearly two years, return to their old home, driven there by the pangs of hunger and cold.—*Louisville Courier,*

DIED—Yesterday evening WM. MCKNIGHT, the friends of the family are respectfully invited to attend his funeral from his late residence on Franklin street, 7th Ward, this afternoon at 4 o'clock, to proceed to the Allegheny Cemetery.

SPECIAL NOTICES.

The Liver Pills.—The Liver Pills of Dr. Mclane were first used by him exclusively in his own practice. So efficacious were they in all cases of Liver Complaint, that th y became famous, and attracting the attention of the medical faculty, passed into general use. They act with great certainty and regularity; the patient almost immediately feels the dispersion of his disease, and is gradually restored to health. With some the effect is almost miraculous. Frequently experiencing immediate relief, after having for months been subject to distressing pains of another description, in vain. Diseases of the liver are very common in this country, and are of ten frightful in character. Those who experience any of the premonitory symptoms of this dangerous and complicated disease, should at once procure a box of Dr McLane's Pills, prepared by FLEMING BROS, of Pittsburgh, and pe. haps, thereby, be saved a world of misery.

☞ Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED LIVER PILLS, manufactured by FLEMING BROS of Pittsburgh, Pa. The are other Pills purporting to be Liver Pills, now before the public. Dalley's Magical Pain Extractor.

Inflammation and Pain are as inseparable as Fire and Heat. Inflammation produces pain, and pain produces inflammation. Wherever there is unnatural heat, throbbing or redness, no matter what ther it is caused by a fever, a hurt, a sore, poison, rheumatism, piles, scald, burn or sting, there is inflammation. A hundred books or a thousand sermons cannot alter or change the conclusion. To relieve pain, and restore nature, inflammation must be subdued. To accomplish this, the efforts of the physician are always directed. Thousands of physicians, and ten thousand of the first and most egregious persons who have used DALLY'S MAGICAL PAIN EXTRACTOR, are convinced, and admit that the control over inflammation is most wonderful and immediate, instantly allaying the pain, neutralizing poison, exit acting morbid secretions and forcing nature to resume her course, r. newing and healing. No burn, scald, sore or ailment is too severe to yield to its soothing and curing influence.—Apply it immediately and the cure has commenced.

Christadoro's Excelsior Fluid Hair Dye,

Palpitation of the Heart and Nervous

HEADACHE.—D. B. Woods, late Justice of the Peace, East Birmingham, Pa., says: "I have been afflicted with a disease of the stomach, palpitation of the heart, and nervous headache for nearly 15 years, and have spent some hundred dollars in order to effect a cure, but to no purpose. After having used 3 bottles of your 'Holland Bitters,' I feel myself entirely restored. I can eat and sleep well, and attend to my business with pleasure, and would there fore recommend it to all those who are similarly afflicted."

Good and Bad Tidings.—An editor is often

called upon to indite articles that he knows will cause sorrow in many hearts; for instance, some individual or steamboat disaster is to be announced, a fatal accident is to be recorded; then is his heart sad as he thinks of the tears that will be shed as the paragraph he is inditing will be penned. But when he gets an item that will send joy to every heart, the pen glides briskly over the paper.

These are cheerful feelings as we write "Kennedy's Medical Discovery!" it is life to the dead, and health to those who are sick. All kinds of humor are cured through its magic influence from the slightest pimple to the severest case of scrofula. Its price is reasonable. It can be obtained everywhere, and there is no occasion for the afflicted to remain so.

Home! Home!—Elmira, New York, Jan.

18, 1856—*Dr. J. Scott & Co.*—Gents: I arrived here ea'e, and write thanking you for Dr. Scott's recommending to me Dr. McLane's Improved Liver Pills, a part of a box having entirely cured me from a pain in my head and headache for nearly 15 years, and have spent some hundred dollars in order to effect a cure, but to no purpose. After having used 3 bottles of your 'Holland Bitters,' I feel myself entirely restored. I can eat and sleep well, and attend to my business with pleasure, and would there fore recommend it to all those who are similarly afflicted.

Good and Bad Tidings.—An editor is often

called upon to indite articles that he knows will cause sorrow in many hearts; for instance, some individual or steamboat disaster is to be announced, a fatal accident is to be recorded; then is his heart sad as he thinks of the tears that will be shed as the paragraph he is inditing will be penned. But when he gets an item that will send joy to every heart, the pen glides briskly over the paper.

These are cheerful feelings as we write "Kennedy's Medical Discovery!" it is life to the dead, and health to those who are sick. All kinds of humor are cured through its magic influence from the slightest pimple to the severest case of scrofula. Its price is reasonable. It can be obtained everywhere, and there is no occasion for the afflicted to remain so.

A Medicine for the Million.—Dr. L. B

Wright's "Liquid Cathartic" is truly the friend of the masses. Many there are (to say nothing of the disagreeable sensations one experiences in three or four days of sickness) who cannot *afford to be sick*. This really valuable Family Physic need not require you to be sick, in order to secure Constitution of the Bowels, Headache, Dillousness, Cramps, and all impure humors from the system; nor does it nauseate the stomach, cramp the bowels, nor leave you contive like other purgatives. It acts easily, mildly and thoroughly on the secretionary powers and glandular organs, causing them to throw off all obstructions to free and unimpeded circulation of the vital fluids, giving tone to the action of the nerves and muscles, and health of the system without leaving the bowels in the least contive, or debilitating the stomach and digestive organs. It is saving hundreds daily of the old fashioned nauseous doses of pills, oil and senna, and selling with wonderful success. Try it.
