ORPHANS' COURT.—Judges McClure and Boggs on the Bench.

A case of much interest came before this Court, yesterday, in which C. O. Loomis, Esq., appeared to answer to a rule to show cause why he should not pay certain monies into Court. The case occupied the whole day.

We give below the petition and answer filed, which will explain fully the nature of the case:

The petition of Stephen Cairns, administrator, showeth that Alexander Cairns died intestate and without issue on the 5th day of August, 1853.

That on the 9th day of August, letters of administration were granted petitioner, who on the same day employed C. O. Loomis, Esq., as officer of the Court, as his counsel to advise and direct and act for him as an attorney at law in the administration of said estate, and that said Loomis then asked the petitioner if he wished to have the moneys of said estate paid into Court for distribution among those legally entitled thereto, to which petitioner replied in the affirmative, and that such was also the desire of his bail, with a view to their safety. That on the next day, in conformity to the counsel and direction of Loomis, for the purpose of having it paid into Court after deducting and paying thereout the claims against said estate, and that this would be required to be done in or within thirty days, the petitioner gave Loomis a check on the Bank of Pittsburgh for the moneys of the estate, amounting to $7066,70, for which Loomis gave a receipt, and when petitioner objected that the same did not sufficiently and distinctly express that the money was for payment into Court, said Loomis assured petitioner that that was a matter between him, said Loomis and the Court.

That petitioner entrusted said money to Loomis as his counsel and Attorney at Law, and acted therein in obedience to his directions and representatives as such, and confided in him as an officer of this Court.

That the disbursements by Loomis on account of the estate amount to $1333,62, including his fees.

That altho, upon the expiration of the thirty days, and at very many times since then, the petitioner has entreated Loomis to pay the money into court, or to return it, yet Loomis has evaded and neglected to do so, and has by repeated fallicious promises, representations and entreaties, deceived delayed and baffled the petitioner, and still withholds the amount, amounting exclusive of interest to the sum of $5773,15, whereby the petitioner has been disabled and prevented from a settlement of his administration &c.

The petitioner, therefore despairing of effecting such restitution without the intervention of the Court, supervising the conduct of Loomis as an officer thereof, or as a fiduciary of the money wrongfully withheld by him, prays the court to take such action and make such order in the premises, as shall be efficient for compelling Loomis to restore to petitioners said trust monies, or to pay the same into court.

In pursuance of a motion of G. P. Hamilton, Esq., March 31, 1855, rule on C. O. Loomis, Esq., to show cause why he should not pay into court the money referred to, and in default thereof why he should not be proceeded against according to the statute &c.

On the 29th December, rule amended by adding a rule to show cause why an attachment should not issue against Loomis in default of the payment of the money as he was notified in open court.

Mr. Loomis, yesterday filed answer, Judge Shaler and A. Burke, Esq., appearing in his behalf. G. P. Hamilton, Esq., appeared for the petitioner.

It was contended that the Court had no jurisdiction in the case, as the money of the estate was safe, the bail Cairns being good for it, and that that the money was given Loomis to be repaid at a certain time, which time had not yet arrived.

The following is a condensed statement of the answer referred to above:

That Alexander Cairns died, and that Stephen Cairns asked respondent to take the funds and give a receipt therefor, as he did in the case of Moses Marsden, dec'd, retaining the money until taken out by parties in pursuance of the order of Orphans' Court.

He gave receipt; and received $7066 76 drawn from the Bank of Pittsburgh. This was the whole arrangement. The respondent also alleges that he has his arrangements made with a view to meet his engagement, when the same shall mature, and has not a doubt of his ability to meet his liabilities when a decree of the Court shall indicate the parties to whom the monies are to be paid. He denies that Stephen Cairns called on him twenty days after August the 10th, 1853, to pay these monies into Court, and the first time was in either September or October last when the respondent was recovering from an attack of Cholera. Then respondent told him he would have the accounts made out, distribution ordered, and that when this was done, the monies should be forthcoming.

The respondent also says that from the first of July to September, he suffered under a violent attack of brain fever. Ten days after his recovery, he was taken with cholera. In early November, serious illness in his family kept him at home for two weeks. Respondent was again taken with the scarlet fever, and so soon afterwards as possible had the account of Cairns made out, and handed it to him with the vouchers as before stated.

G. P. Hamilton appeared for the petitioner, Stephen Cairns, and charged that Loomis had violated his professional oath. Under what authority did he step in as mediator between the administrator and the legatees.—He held that the money was in Loomis' possession merely as counsel for the administrator, and he had no right to fix a time himself when it should be paid out. He should have trust funds without interest or security, and refuses to give either, or yield up the money until the estate was settled up.

The papers were taken by the Court, and decision reserved.

Adjourned until Saturday week.

SHARPSBURG PUBLIC SCHOOLS.—The pupils of the public schools of Sharpsburgh gave an exhibition on Friday night last, at which were many citizens of the borough and the two cities. A very excellent band of music was present. The performances were interesting, and the performance did themselves much honor for the creditable manner in which they bore themselves.

One of the most imposing features of the occasion, was the parade through the streets of the borough. The ladies and young gentlemen were each dressed in gala costume; the members of each sex alike.

This pleasant episode, in the routine of their daily labor, so well conceived and so well carried out, reflects great credit upon the Principal, Mr. Wm. G. Thompson, upon whom the chief labor devolved.

DISTRICT COURT.—Judge Hampton on the Bench.

Yesterday the following cases were taken up:

A. G. Reinhart's admr's. *vs.* Leonard S. Johns *No. 165 July term, 1855.* Todd and Smith for plaintiff, Johns and Miller for defendant. Action to recover $200 alleged to be due for rent of an office on St. Clair street. The defendant alleged that he was the clerk of another person, who rented the office. The jury found for defendant, certifying a balance of $14,03 due to him.

Joseph Campbell, admr's. of Wm. Brown, vs. William Gladdin, *No. 559 July term, 1855.* McCandless, Miller and Mellon for plaintiff; Staunton and Hepburn for defendant. Action to recover $4000, being the remainder of the purchase money of a farm in South Fayette township. On trial.

THEFT.—Two little girls were arrested yesterday for the larceny of $14 from the mother of one of them, and taken before Alderman Major. It was discovered there that the daughter was the thief, and the mother therefore withdrew the charge. During the examination it was elicited that these girls supported themselves by theft and prostitution. They were committed to jail for further hearing.

THE SALARIES OF TEACHERS.—The salary of the Teacher in Room No. 6, Third Ward School, has been fixed at $400.

In the 6th Ward an additional teacher has been granted, the salary of the Principal to continue at $800.

The salaries of the Professors of Natural Science and Mathematics in the High School, have been fixed at $1000.

CAMP-MEETING.—It is advertised in the *Christian Advocate* that a Camp-meeting will be held on the farm of John King, ten miles from Kittanning, commencing on the 6th of June, and one on the farm of J. Ohl, six miles from Warren, Ohio, on the 12th of June.

BIGAMY.—Alderman Cummins yesterday issued a warrant for the arrest of a man named Howell, charged with Bigamy. He was united to his second wife only a few days ago by Ald. Cummins.

CATALOGUES are now ready for delivery of a very valuable collection of London Books, to be sold on Thursday evening, May 22d, at the Commercial Sales Rooms, corner Wood and Fifth streets, and the books arranged for examination.

CLOTHING, Cloaks, Dress Silks, &c., in great variety, are to be sold this morning, at 10 o'clock, at the Commercial Sales Rooms, corner Wood and Fifth streets.

PARODI AND THE CONCERT.—Masonic Hall was crowded by a brilliant audience, last evening. Strakosch maintains his supremacy upon the piano, and Parodi was as grand as ever. Her *Marseillaise* was received with the greatest enthusiasm; the expression she gives to the music does away with the difficulty interposed by the words being in a foreign tongue. Nothing can describe the effect of the minor key part of the chaunt; and the inspiriting change to the major at the conclusion just carries the hearer away. Mad. Patti, in her ballads, was successful. Mr. Arthurson made his first appearance before a Pittsburgh public last evening. He has a fine voice, well cultivated, and executed the pieces in which he was cast, with much ability.

We have the pleasure of announcing a second and positively the last concert during this visit, on Wednesday night. We need use no words to enhance the estimation in which this troupe is held by our citizens, and we feel confident that there will on this occasion, be present at least a large an audience as on last evening. One of the features of the evening will be the chaunting of the *Star Spangled Banner*, our National Air. Of the manner in which Parodi executes this piece, we are advised by the *National Intelligencer*, and we give below an extract from the article therein contained:

"The *Star Spangled Banner* excited the audience to the highest pitch of enthusiasm. It was a grand performance. We never heard patriotic sentiment, national devotion uttered in song with such bold, full and fervent expression. The delicious cadence and emphasis of the song and the swelling invocation for the "Land of the free and Home of the Brave," that seemed to come gushing from the heart, and filled the room with its bursting melody, transported with delight all who listened to it. Parodi has caught its spirit, and she gives it the grandest expression. It must excite the wildest admiration among all her American auditors."

COUNCILS.—A special meeting of Councils was held last evening.

Members present—Messrs. Brown, Calhoun, Dickson, Dalzell, Errett, Glenn, Griffin, Herdman, Hill, Hodkinson, Irwin, Kammerer, Kim, Kelly, Lare, Quinn, Scott and President.

The minutes were read and approved. The special object of the meeting was the appointment of a Committee to represent the city in the meeting of the Stockholders of the Steubenville Railroad, to be held to-day.

Mr. Errett offered the following:

Resolved, That a Committee of five be appointed to represent the city at the meeting of the Stockholders of the P. & S. R. R., on the 20th inst., three from the C. C. and two from S. C.

Mr. Errett said he understood that a Company were about to offer to take the road for twenty years, and guarantee the city four per cent. on its bonds.

The resolution was carried.

The Chair appointed Messrs. Errett, Quinn and Glenn.

Mr. Lare, from Committee on claims and accounts, reported favorably upon the bill of R. H. Hartley for $5,43 for ice.

On motion adjourned.

SACRED MUSIC.—The rendering of Mozart's 12th Mass entire—fugue excepted—is rarely undertaken but by critical artists. This we infer from the fact that the full composition had not been attempted for years save at the Cathedral dedication, when the finest talent of the city with that also of Philadelphia, was called upon for its performance. Many, like ourselves, hearing that this mass would be sung on Saturday evening delivered with a force and elegance of style most surpassing.

MAN DROWNED.—A man working upon a raft above the St Clair street bridge, fell into the river about noon, yesterday, and was drowned. A colored boy saw him fall in, and a boy engaged at the Union Office, and several others, saw him sinking some distance below the Bridge. Who he is is not known.

ECCLESIASTICAL.—The First Reformed Presbyterian Church (Rev. Mr. Douglas) will be closed a few Sabbaths until it is re-frescoed, repainted and otherwise improved.

INQUEST.—The body of Thomas Doak, the news-boy, whose death by drowning we noticed yesterday, was found last evening. An inquest was held by the Coroner.

The Greatest Medical Discovery OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common castors made a remedy that cures every case of Scrofula, from the worst down to a common *Pimple*.

He has tried it in over seven hundred cases, and never failed except in two cases (both thinner humor.) He has in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a running sore mouth. One to three bottles will cure the worst kind of pimples of the face.

Two to three bottles will scour the system of boils.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

Two to four bottles are warranted to cure all humor the sore.

Two bottles are war anted to cure running of the ear and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

One to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula. As Dr. Kennedy is always experimenting from the first bottle, and a perfect cure is warranted when the above is strictly followed.

Nothing looks so improbable to those who have in vain tried all the worthless medicines of the day, as that a remedy was found in the pastures, and in the forests of our wasts, should cure every humor in the system; yet it is a fact. MONETARY AND COMMERCIAL.

IRON.—Again our market is braced by further advices of further advances, in bars unexpectedly. Common Bars 3 c. t. Rates are now quoted from at 2¾ @3c, being an advance 2½ 0 t. For some years past the unusual scarcity in Blacksmiths have resorted to Cinder Pig for stock, and have thus injured the market for all common bars of that district. The Wash are much preferred. Welsh bars in London rated at £9 10s in Liverpool at £8 15s 6d to £9 15s. From all districts we hear that the orders are on the increase. Rails continue very firm without further advance quotation 2½ 0t. Great anxiety is expressed that there will be heavy orders from Russia. In Scotch pig, at Glasgow, there has been general activity—for speculation and legitimate trade. The latest report says 45 furnaces in blast, with the usual week's shipments. Foreign demands are increasing, and as the difference between the miners and proprietors still continues, the price of metal is rising. Garturrie's No 1 was selling at 75s 6d; good mixed brands No 1 at 77s.

At present the demands for American pig do not compare with the orders some weeks since, but the aggregate sales of the year's delivery have already been such as to warrant the movement apparent in activity. Prices are firm-ly maintained. Bars are quite active. Rails have yielded to 2½ and are now quoted at $60 to $62. Other descriptions of iron are firm. About 100 tons Bloom have been sold at $60 cash, principally at 7½, six mos; and 500 tons Anthracite Pig No 3, on the Susquehanna, on terms not public.

Some of the Banks are calling in a portion of their loans on demand, in view of the large export of specie for the past four weeks, and in anticipation of continued heavy exports. The Banks generally, however, are not calling in loans to the commercial community.
