Mr. P. Goodwillie had some objections, but approved of the testimony generally.

Dr. McAlwee considered that an article in the obligation of the covenant of works on man in his natural state, should bave been inserted. He believes that if the sinner was not under the law as a covenant of works there was no transgression.

Dr. Wilson thought that the article on alaveholding is imperfect; it should be more full, for as it was alave-holders could get admission into the church.

A Card to the Ladies. GAZETTE-CITY DEPARTMENT. PITTSBURGH: FRIDAY MORNING, MAY 23, 1856. Knnsas Aid Association. as it was slave-holders could get admission into the church.

Mr. McAuley was historical; he saw fundamental defects in the Testimony; there might be some objection, but the speaker wanted to know what on earth was perfect.

Mr. McArthur approved of the remarks of the last speaker.

Mr. Hall upheld the Testimony, and replied to Dr. Wilson, and others who wished to make the argumentation a term of communion.

Dr. Patterson supported the Testimony, and was opposed to historical testimony as terms of communion.

The Synod adjourned with prayer.
