"A well-known personal friend of Mr. Brooks publicly stated, to-night, before a dezen gentlemen, that the assault was premeditated and arranged for at a private conclave, held last evening, at which the individual who made the statement was present. P. S.—Forther exciting news will be found in our telegraphic column.

This is the villain who tried to make it appear. in the House, that he was wholly innecent. Another fact in regard to this matter is deserving of notice. On the proposition of Mr. Mason, the Senate elected the committee to inquire into the facts of the outrage, and the Democratic majority took care that not one political or personal friend of Mr. Sumner should be upon it. Cass, Allen and Dodge, are dough-faced pro-slavery Democrate from the Pres States: Pearce is a Know Nothing and Geyer a Whig, both from Slave States. All of them support the Nebraaka received by Gildenfenny & Co., Fifth st., and swindle, and all the outrages which have grown Miner & Co. Smithfield st. out of it. We trust, however, that the Commissioners will adopt the suggestion made in our columns, and appropriate the \$10,000 stready received, as well as all likely to come from the same quarter, to the purchase of county bonds. That suggestion was warmly endorsed by the public when first made, and the Commissioners cannot do better than follow it. The future must be looked to as well as the present; and

this is the only practical way to prepare for its emergencies.

Prepare for an awful chock. Hold a steady helm, or the old ably will be wrecked. Armed men are rushing into the territory. The destruction of Lawrence is meditated. Civil war is just upon us.
