The Adams Express Company,
Pittsburgh, Rochester and Buffalo and Brighton Express.
FOR the especial accommodation of this large population along the line of the Ohio and Pennsylvania Railroad, between Pittsburgh and New Brighton, and the Rochester and Buffalo Railroad, between Rochester and Buffalo, the Adams Express Company have made such arrangements with the Railroad Companies as to establish a Messenger on the Accommodation Train, who will take charge of all property and business promptly entrusted to him. This Train will leave New Brighton at 6 o'clock, A. M., arriving in Pittsburgh at 9 A. M., returning leave Pittsburgh at 5 P. M., arriving in New Brighton at 8 P. M. The Messenger will have an Iron Safe in the Baggage Car, for the deposit and safe security of Money, Jewelry and other valuables. He will leave New Brighton and Pittsburgh, respectively, each morning, and during his stay in the city is authorized to attend to such commissions as may be entrusted to him, and return by the Evening Train with the answers, if any, to the same. He will be in the city sufficiently early to receive all parcels, packages, orders, money, &c., which will be delivered in the proper party soon after the arrival of the train at the Allegheny City Depot. His will also receive verbal messages, so as to be delivered in the city—communicate intelligence, obtain information, and return replies—order, goods and return them—purchase small articles, as a pair of shoes or pair of pins to a steam engine. All goods, &c., will be delivered or called for in the two cities, within reasonable distance, without extra charge, but it insures such delivery, if directed specially for private business, should be explicit.
At Way Stations, mail matter will be left with the Station Agent of the United Company, when the proper party is not at the Station on the arrival of the Train, to receive his goods.
The charges for carrying packages, 25c, and for services rendered by the Messenger, are designed to be within reasonable limits. When the nature of the business is such as to require more time, a charge will be made.
As the Messenger is required to settle his bills and business daily with the Company, and to pay in to it the net proceeds of the same, the Company will be entitled to a commission of 10 per cent. on the amount collected, and 5 per cent. on the amount paid out, for which they will be responsible.
