BELTING
Patent Stretched
LEATHER BELTING.
From the Manufactory of Hoit & Brothers,
NEW YORK.

TO the Belting of this manufacture has been awarded the Medal and Diploma from almost every Fair and Institute throughout the United States for the past twenty by the American Institute, New York, at their last meeting in the Fall of 1855, for superior quality, every branch of the business being conducted under the personal supervision of the principals. Leathers are selected by themselves at their own receiving house, stretched from the rough, and every process, from the first to the last, carried immediately through and dry'd stretched on machines with every modern improvement for the purpose, and not shrunk by artificial heat and dry'd upon what makes a perfectly even surface on both sides of the leather, causing it to run true on the pulleys, and giving a power of more than 20 per cent. over those belts which are unstretched. No stretching of belts, prior to cotton and woolen manufactures, rolling mills, paper makers, sawing and planing establishments, owners of grist mills, cotton gins, bleach works, tin houses, in short to every consumer, this Belting is specially recommended. Belts can be put up in the cities of Pittsburgh and Allegheny. For sale by M. DE LANGE, No. 233 Liberty st., opposite the head of Wood. mch18-ly
