CARDIDATE FOR CONGRESS -The name of Hon.

David Blichie having been mentioned in sounce tion with the nomination for Congress by the gent population. Mr Ritchis will not be a candidate for Congress

Mr. Ritchie will not be a candidate for Congress at the next election.

This purpose on the part of Mr. Ritchie renders it necessary that the people should look about them for same proper person as his successor. These are times requiring much care and prudence in making such a selection; and it behooves those who wish this auti-slavery district to be properly represented in the next Congress to give the needed attention to the subject.

Mr. Ritchie has been a faithful and honest representative, and many of his constituents will regret his determination not to run sgain, among whom the idea is gaining ground that it is not always good polloy for nerthern constituencies to change their representatives frequently. We are assured, however, that he has not taken the step without fally weighing the urgent requests of he friends to remain in the field, and has declined only because his private interests imporatively require it.
