MR. SUMNER'S SPEECH.—Persons desirous of procuring copies of Mr. Sumner's celebrated speech, "The Crime against Kansas," in pamphlet form, can procure them at this office.

TURN OUT, TO-NIGHT.—There is to be another Grand Fremont Rally to-night at City Hall, for the purpose of completing the organization of a county Fremont Club. Speeches will be made by Hon. THOS. WILLIAMS, EDGAR COWAN, Esq. of Greensburg, Wm. NICHOLSON, Esq., of Philadelphia, and C. S. EYSTER, Esq., of this city. Let us have a grand turnout, and fill the hall to overflowing.

Sectionalism.

The friends of the Cincinnati nominees insist with great pertinacity that the party which nominated Fremont and Dayton is a sectional party; and that should we succeed the South will not and ought not to submit. In this last treasonable suggestion they have the voice and countenance of Mr. Fillmore, who is himself really the nominee of a sectional party, of the *South* Americans, in contra distinction from the *North* Americans. The cry of sectionalism, therefore, comes with a bad grace from him.

If it is true that we are engaged in a sectional struggle, it is because liberty, which was formerly national, has been driven from one section—utterly crushed out—and has taken refuge in the other. Liberty, therefore, has become sectional, slavery having obtained undisputed possession of the other section. We do not mean that in one section the colored man is held in bondage, for this has been so from the beginning; but we mean that there is no freedom at all for any body, so far as the great question of the day is concerned. We know that Col. Fremont has many friends in the South, but very few of them dare avow it. Mr. Underwood, of Shenandoah Valley, in Virginia, an old citizen of wealth and respectability, has been driven into exile by that uncontrollable tyranny which there overrides all law, merely for attending, as a delegate, the late Philadelphia Convention. He violated no law, did nothing at which any one could justly take offence; yet on his way back to his own home, property and family, he was met by a warning not to show his face there again; and he was obliged to get a friend to go and bring away his family. Think of that—that being free!

Well, what is to be done? Shall we come down to Virginia terms, and be slaves? Shall we crush out Liberty in Pennsylvania as has been done in Virginia? We deeply regret that the inexorable tyranny of a proud and overbearing Oligarchy has deprived the people of one section of the privileges of acting with us; but our section embraces a large majority of the American people, and we are bound by every principle of patriotism to preserve what is left of the domain of Liberty; to resist its further curtailment; to rescue Kansas from the withering grasp of that power which drove a citizen of old Virginia into exile for doing what every freeman has a perfect right to do; to re-assert the doctrines of the Declaration of Independence, and make a stand for those great inherent and constitutional rights which have been our boast ever since we have been a nation. These things we are bound to do; and if Slavery holds undisputed sway in one section, are we expected to give it equally sway in the other section, rather than incur the risk of a sectional contest?

The pending contest is a struggle into which the North has been reluctantly forced. We had either to go into it or yield to Slavery universal domination. We compromised and compromised, until, emboldened by the success of their insolence and bravado, the people of the South violated the earliest, greatest and most solemn of those compacts. Then, and not till then, the people of the North made a stand and resolved that these aggressions should go no further.

Since the North has taken its present stand and given unmistakeable evidence that it may not be safely trampled upon, we have heard no more of those threats of disunion from the Hotspurs of the South which for years kept the doughfaces of the North in continual alarm. They have played that game so long as it will pay. But now, while the lion is silent, the donkey takes up the roar. The *Post* of this city is exceedingly clamorous and noisy; but there are no visible manifestations of alarm. The Union is very safe if it shall be assailed by no more formidable enemies than now assail it. We shall elect Col. Fremont, and the South will submit very quietly, and thankfully take their share of the blessings and benefits of the Government. He will be much more just to the South than Mr. Pierce has been to the North, and all will move on as smoothly as has the House of Representatives since the election of Speaker Banks. Some of the Southerners swore that they would not submit to his rule in that house; but, after an hour or two of bluster, they knocked under, and are now tamer than they have been for years. Let the election of Banks be followed by that of Fremont, and then we may expect to see Liberty raise its head again even in Virginia, and the ruffians who are engaged in crushing it out of Kansas will skulk back to their lairs and dungeons in Missouri and Alabama. Not submit, indeed! We make no threats; tyrants and the minions of tyrants deal in threats; but dismiss all fears on that score. They know better than to resist. We all know that while the North cowered and succumbed to the Southern Oligarchy, we heard little else than threats of disunion; but since they find that the North is no longer in a humor to be humbugged with such nonsense, we hear no more of it. A few years ago, if an humble petition were offered in Congress, for the abolition of slavery only in the District of Columbia, a howl was raised that frightened nine-tenths of the Northern members out of their propriety; but now when we have put what the South calls an abolitionist into the Speaker's chair, those terrible fellows are as tame as could be desired. It is therefore amusingly ridiculous to hear our poor, soft, pliable dough faces trying, at this time of day, to imitate that obsolete thunder.

FUSION.—The Buchanan papers keep up a furious rub-a-dub about "fusion" between the Republicans and Know Nothings. We have shown on previous occasions that the fusion is all the other way—that the simon-pure Know Nothings in Congress fussed with the Democrats in the choice of Speaker; and that they have subsequently coalesced on all subjects affecting the question of Slavery. Besides this, in every State where Fillmore is supposed to be of service to Buchanan, the Buchanan men furnish them the sinews of war, and even their organs condescend to become mouth-pieces for the Fillmore party, as is shown by the *Post* and *Union* of this city.—In Congress, the two factions are fighting shoulder to shoulder, day by day, against free Kansas, and are making "arrangements" by which to combine their forces to defeat Fremont, the shallow, contemptible, and utterly fallacious subterfuge under which they are to form a coalition being, that it will be necessary to do so in order to preserve the Constitution and the Union—and at last, if successful, they will save the Union by another compromise—a compromise of the spoils—a bargain and sale. Observe the language of the Cincinnati *Times*, a Fillmore organ, in a recent issue:—

"The recent attempt in the House, verifies the statement of the Tribune, and it is very important in one particular—if the electoral colleges fail to elect, the Americans and Democrats can and will unite upon a Union, anti-sectional man.

"A few words on fusion, and there *must* be fusion somewhere, and somehow, to elect a President. A popular fusion is not likely. A fusion of Electoral Colleges is another method. The South is a unit in sentiment, and will strive to be a political unit in fact, and most likely will agree to go for Buchanan or Fillmore, whichever may get the heaviest vote in the North, thus keeping the election out of Congress!

"If this understanding should be adopted, the other fusion of parties in the House would be precluded. *The immediate future is pregnant with new and startling combinations*, and ere long the settled phase of the contest will be apparent."

THE PAST AND THE PRESENT.—In the year 1849 a Democratic State Convention met in this city on the 4th day of July to nominate a State Ticket. In the platform then adopted we find the following resolution, and, if we are not mistaken, the paternity of that resolution belongs to SAMUEL W. BLACK, Esq.:

Resolved, That the Democratic party adheres now, as it ever has done, to the Constitution of the country. Its letter and spirit they will neither weaken or destroy, and they re-declare that Slavery is a domestic local institution of the States, *subject to State legislation alone*, with which the general government has nothing to do. Wherever the State law extends its jurisdiction, the local institution can continue to exist. *Esteeming it a violation of State rights to carry it beyond State limits, we deny the power of any citizen to extend the area of bondage beyond its present dominion, nor do we consent in a part of the compromise of the Constitution that Slavery should forever travel with the advancing columns of our territorial progress.*

This was adopted only seven years ago. Compare it with the platform adopted in 1856, and with the course of the party in sustaining the extension of slavery into Kansas, and it will be seen what a *progressive* party the Democratic party is.

The Republicans occupy to-day the ground which the Democrats endeavored to occupy in 1849—determined hostility to slavery extension, and is the true democratic party; while the party claiming and abusing that name has abandoned its own ground, and arrays itself against a platform of its own making.

HON. THOS. WILLIAMS.—The late hour to which the meeting held in this city on the 16th inst. was protracted, prohibited us from taking an extended notice of the very excellent speech made on that occasion by our townsman, Hon. Thomas Williams. It was very generally pronounced the best political speech delivered here for many years, and we are glad to know that we are to have more from the same source. Our neighbor of the Beaver *Argus* thus alludes to his speech at that meeting:

"Thos. Williams, Esq., of Pittsburgh, was then loudly called for. He appeared upon the stand and made one of the most brilliant and effective speeches that we have ever heard a Pennsylvanian make. He had gone, said he, into political retirement twelve years ago—had taken no active part in politics since, nor had he intended to, but moved now by the lurid light of burning dwellings in Kansas, the outrages on her ballot-boxes, and the murders of her citizens, he was ready and willing to yield up his strength to assist in redeeming the country from an oligarchy whose avarice knew no bounds. His address was listened to with marked attention, and when he concluded a shout went up from the audience that made the welkin ring."

There is no more effective stump speaker in the west than Mr. Williams; and he his whole heart is enlisted in the campaign, he will be able to render efficient service in the cause of Freedom. He speaks to-night at the meeting of the Fremont Club in City Hall.

THE COWARD BROOKS.—There can be no doubt, now, that Brooks is a cowardly puppy. His attack on Sumner showed this to be his real character; but the poltroonish way in which he sneaks out of a duel with Burlingame, after sending the challenge himself, and getting himself bound over to keep the peace, shows him to be a caitiff at heart and thorough coward. He can assail a man who is unable to defend himself; but he dare not face a man with rifles at fifty paces. The following despatches from Washington show up this modern Bob Acres in historic colors:

WASHINGTON, Tuesday, July 22, 1856.—Mr. Burlingame, replied to Mr. Brooks note last night that he would receive a challenge in Maryland this morning and the parties proceed there, when the challenge was given and promptly accepted by Mr. Burlingame, who named the terms as follows: Ground, Canada, near the Clifton House; time, 12 m. Saturday next; weapon, rifle; paces, fifty.

WASHINGTON, July 23.—The *Union* publishes the correspondence between Brooks and Burlingame. In reply to an intimation by Burlingame that he would be at the Clifton House, in Canada, on Saturday, to settle the difficulty, Brooks declines going 700 miles, through the enemy's country, by a route through which Burlingame knows he would be running the gauntlet of mobs and assassins, prisons and penitentiaries, bailiffs and constables.

No one but a dastardly sneak would resort to such an excuse as this.

The Buchanites are furious over the defection of the Germans from their ranks. The Cleveland *Plain Dealer* especially excels in abusing the "Hair-lipped and hair-brained Dutch," and we quote the following as a specimen of the way it talks about men with whom it has been co-operating for years:

"There are little squads of hair-lipped Germans in almost every city, who, in '48, left their country for their country's good,' and who came over here to get up riots and carry on revolutions, until 'agrarian level,' as they called it, is reached; that is, the property of the rich, confiscated or equally distributed among the poor, the marriage relations suspended, and 'touch and take' the watch-word and right of every citizen. They call themselves 'Red Republicans,' indicating by that name their bloody and revolutionary purposes. They have found congenial spirits in a party in this country called 'Black Republicans,' with whom they now act as against the Democratic party, the Constitution and the Union. Whenever a half a dozen of these rebels get together, they form a *clan*, secret and active. They generally manage to get up a paper claiming to be 'reformists,' and assume to speak for all Germany. In this way they deceive many into their support, who otherwise would consider them a nuisance."

JUNIATA COUNTY.—The Mifflintown *Sentinel* says that the friends of Fremont and Dayton are up and doing in that county. A meeting was held in Fayette township on the 12th, which was addressed by W. W. Davis and Wm. Sharpe. A correspondent of the *Sentinel* says:

"Both speakers were formerly favorable to Fillmore, but the position which he occupies on the slavery question—fully confirmed by his speech at Albany—compelled them, as friends of freedom, to adopt the course they have. The nomination of Fremont is received with marked approbation by the 'Old Guard' of Juniata, and Fayette will poll an unusually large majority for FREMONT and DAYTON at the approaching Presidential election."

THE PITTSBURGH AND CHICAGO RAILROAD.—We are glad to learn that the money has been obtained to finish so much of the Western end of our great consolidated road, as will connect it with the Northern Indiana road, and thus secure us a continuous railroad to Chicago by way of Crestline and Fort Wayne. The work will be done and the connections made this fall. The remainder of the work will be pushed on as rapidly as possible.

NEW CASTLE AND DARLINGTON RAILROAD.—Our readers will be pleased to learn, by advertisement in our columns, that the New Castle and Darlington Railroad is offered for letting to contractors throughout its whole length. We presume it will be finished by the time the Mahoning and Cleveland road is finished to New Castle. This will give us a new route to Cleveland, as well as direct access to a section of rich country, with which Pittsburgh has a large trade. From the time Gen. Robinson accepted the Presidency of this company, we felt assured it would go ahead.

WASHINGTON COUNTY.—The following is the ticket nominated by the Fremont men in Washington county. It is made up mainly of men now to political life, who stand high with their fellow-citizens, and it is sure of being elected by a triumphant majority:

Congress—Jonathan Knight.
Assembly—J. S. Vanvoorhis, John C. Sloan.
Associate Judges—Jas. G. Hart, Jacob Slagle.
Commissioner—Nathan Cleaver.
Auditor—Jos. W. Dowds.
District Attorney—Alexander Wilson.
Director of Poor—Jno. McManus.
Surveyor—J. M. Lindley.

SOMERSET COUNTY.—We see by the Somerset *Herald* that a call, numerously signed, has been issued for primary meetings to be held on Saturday, August 16, to nominate a county ticket, to which all the opponents of the national administration are invited.

We have private advices from Somerset which assure us that the great mass of the opposition in that county will support Fremont cordially.

For the Pittsburgh Gazette.

The Pittsburgh "Union" and the Foreign Vote.

MR. EDITOR:—The Pittsburgh Daily *Union* of some days ago, speaks of the Foreign vote, and particularly about the Germans.

The *Union* thinks it can make the Germans believe that the Republican party is the Know Nothing party it is very much mistaken.

The time is past when the Germans went the Democratic ticket, and nothing but the Democratic ticket. We do not belong to any party, but we vote with the party whose principles are the best for this country. We find at the present time in the Platform of the Republicans.

The so-called Democrats say that their party is the only one which is in favor of the Foreigner; and the Union mentions the late riots in Louisville, New Orleans and Cincinnati. I ask the Democrats why they did not interfere with the Know Nothings, in favor of the Foreigners, during the said riots, when they were beaten so badly? I say they would not do it, because the Know Nothings are amongst their own party!—It is true that Atchison Democrats are Know Nothings! It is true that the Hard Shell Democrats of New York are Know Nothings; and it is true that the Slaveholders are against the immigration of foreigners.

The time is over when the Democratic party can make the Germans believe that it is the party of Free Principles, for it is self-evident that no man can be a Slaveholder, or a friend of the extension of Slavery, and at the same time be a friend of Freedom.

It will be better for the Daily Union to say nothing at all about the German vote, because we have the platforms of all the parties, and we are able enough to understand them; and as we are men who are in favor of Free Labor, Free Speech and Free Territories, we go for FREMONT and DAYTON. SIGISMOND LOW.

Pittsburgh, July 24, 1856.

THE editor of the St. Louis Daily Herald, which supports both Buchanan and Fillmore, has been traveling, and relates his experience thus:

"We met a great number of persons from all parts of the United States, in passing over some five or six different railroads in the West, and stopping at various hotels, and must say that "we were astonished at the extraordinary popularity of Fremont." The people seem wild on the nigger question. We met but one single Fillmore man during our trip over twelve hundred miles."

A Democrat in Susquehanna, Penn, writes to a friend in Hartford:—

"I have turned over to the Fremonters—can't go Democratic as my hunger—am completely disgusted with their whole proceedings. Hurrah for John C. Fremont, the man of the people! Old Buck can't stand a fight—even Pennsylvania will go against him. We have only three Buchanan men here, and they will dry up and blow away before November next. And in the next town to us, there is but one, and he is wavering. I guess about election time he will go Fremont."

It is said that the steamboat *Lexington*, which was burned in the Sound in 1837, had $18,000 on board, which has never been recovered. An effort is to be made to raise the treasure, if possible. The wreck lies in ninety feet water, and the spot is in an accessible place. John Green, the diver who went down to the *Atlantic*, is to operate on the wreck.

A New York paper says, the "search for the treasure on board the British frigate Hussar, sunk at Horicane during the revolutionary war, is going on actively, but with little success.—The ship's armament and furniture are all that have been recovered thus far."

There are sixty-eight Bank applications for charter and increase of capital advertised to be brought before the next Pennsylvania Legislature, showing an aggregate increase of capital asked for of $24,000,000.

The Syracuse Journal publishes a call signed by 194 Democrats of Oncondaga county, who now repudiate Buchanan, for a convention for consultation and action, of such Democrats as cannot swallow the Cincinnati platform.

At a late Democratic meeting in Holyoke, Mass. five persons were present.

SPECIAL NOTICES.

M'Lane's Liver Pills, prepared by Fleming Bros., Pittsburgh, Pa. From the unsolicited testimony continually offered from all quarters of the country it is impossible to resist a conviction of the great excellence of these Pills in all diseases of the Liver and Stomach. The following letter from Toronto, Canada, is one of the many the proprietors have received:

TORONTO, April 27th, 1854.

MESSRS. FLEMING BROS.,

SIRS,—I take this opportunity of informing you of the benefits I have derived from using M'Lane's valuable Pills. I have for two years past been afflicted with a severe pain over the eyes, accompanied with a nervous affection of the head, which was carried beyond the power and skill of our physicians to relieve, and even caused, as far as myself could judge, by a diseased state of the liver and stomach. Some of the doctors recommended bleeding, and various other remedies were tried in vain, for the deep rooted disease still stuck fast. At last I procured a box of your valuable Liver Pills from a friend who had used them, and was persuaded to try them, that the disease and painful sensation over the eyes has entirely left me. I will only add, for the benefit of others afflicted as I have been, to procure the valuable medicine at once, and save time and pain, with little expense. With sincere gratitude and respect, remain yours respectfully, CHARLES PARKIN, Yonge street, Toronto.

Frostwort or Rock Rose.—For the cure of Scrofulous Diseases.

NEW HAVEN, Jan. 1, 1852.

My son Charles has been afflicted with inflammation of the hip joint. At the age of 3 he was first attacked; inflammation increased until the hip was very diseased, and the joint entirely affected his leg, drawing it up so that it was impossible to straighten it; a professor of surgery gave it as his decided opinion that the leg would never heal, and that the young man would never walk again. The disease increased so rapidly that for two and a half years he only walked with a crutch, and the efforts to exercise the limb were attended with great pain, so that he could not sleep. I watched him so attentively, that for 5 months I did not have one full night's rest. He had been treated by distinguished medical practitioners, by leeching, blistering, &c., he had also been before the Medical Clinique of Yale College. The remedies they recommended were most faithfully tried, but without avail. The ward his disease and dreadful condition 18 months; since when he commenced taking Myers' Rock Rose. One bottle was but partly taken when he was much better, continuing until three bottles had been taken, when a cure was entirely completed, now he is in excellent health. This is the testimony of and can be corroborated by addressing Mrs. Catharine Smith, 91 Wallace st., New Haven, Conn., or can be fully substantiated by hundreds of witnesses, or by addressing a line to Rev. W. W. Belden, New Haven, Conn.

The only Medal Awarded by the New York Exhibition to the English or foreign Sauce Manufacturers has been obtained, amongst numerous competitors, by LEA & PERRINS, or their

WORCESTERSHIRE SAUCE,

whereby further testimony is afforded of its being the best Sauce extant.

The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health is becoming daily more observed and acknowledged. In the United States it is held to be the most perfect of all condiment, and is esteemed for its tonic and invigorating properties, its habitual use enabling the stomach to digest the food.

On the Continent of Europe, these qualities have been testified to by a gentleman, who writes to LEA & PERRINS thus: "I have carried a bottle of your Worcestershire Sauce to Italy; I have just commenced through Spain and Portugal, and believe I owe my present state of health to its use; your Sauce is stomachic, and I think medicinal, can with truth say there is nothing in a traveler's baggage so essential to his comfort, at least in these countries, as your Sauce.

In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms: "Tell Lea & Perrins that their sauce is highly approved in India, and that it is, in my opinion, the most Palatable as well as the most wholesome sauce made."

This sauce is suitable for every variety of dish, and the universal demand which its excellence has created has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the names of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottle, as well as the labels and wrapper.

Great Cure of Piles.

HENDERSON, N. C., Nov. 1, 1855.

Dr. C. M. Jackson—Dear Sir—Allow me to express to you my sincere thanks for your discovery of a medicine, which, to say the least of it, has effected a cure, that all other medicines that I have taken have entirely failed to do. "Hoofland's German Bitters" *have cured me of the most stubborn and aggravated case of the PILES that, perhaps, ever fell to the lot of man.* My case is not a stranger to this community, as I am well known in this and the surrounding counties, and can truly say that my recovery has astonished all my friends and relations as I had tried everything recommended, and nothing did me any good until I was prevailed upon to try the Bitters. You are at liberty to make use of this communication, for the benefit of the afflicted, as you may think proper.

Yours truly, WM. J. ATWOOD.
