CONGRESSIONAL.

WASHINGTON CITY, Aug. 6

SENATE.—The proceedings have been of an unimportant character.

Mr. Seward introduced a bill which was referred to the Judiciary Committee to provide for a change of venue in certain criminal cases now depending in courts of the United States for the Territory of Kansas. This is founded on the petition of Robinson and others presented yesterday.

Mr. Hunter moved to take up the Army Appropriation Bill.

Mr. Seward wanted to finish the Internal Improvement Bills to-day.

Mr. Hunter insisted that the Appropriation Bills deserved precedence.

Mr. Douglas was for setting out the Army Bills.

Mr. Clayton thought the Appropriation Bills should be first acted on as there was some danger of their being lost. He expressed his dissent from the idea of having night session for it was beyond human endurance to sit here all night this hot weather, and millions would be voted away by less than a quorum.

Mr. Hunter's motion was lost by three majority.

The Senate considered and passed bills containing appropriations for the improvement of harbors at Apalachicola, Charleston, S. C., Cape Cod, Providence, Georgetown, D. C., Hurigate, Bayou Lafourche, inland passage between St. Johns and St. Mary's Rivers, Florida, Mobile Harbor, Hudson River Steam Dredge, Lake Michigan improvement, Cape Fear, Illinois and Red Rivers, survey of Atchafalaya Bay and approaches, survey of Falls Red River, the bill for a wagon road to the Pacific and five private bills were also passed.

Mr. Fish presented a petition from the Ocean Steam Navigation Co., praying for a renewal of their contract and against the bill to make one with Vanderbilt.

The Senate adjourned.

HOUSE.—Mr. Orr presented the credentials of Mr. Kelitt, re-elected from South Carolina, who was sworn in.

Mr. Thorington reported a bill granting lands in Nebraska, Minnesota and Kansas for railroads, which was referred to Committee of the Whole on the State of the Union.

Mr. Bennett of New York reported a bill granting 1,600,000 acres of land in Mississippi for a similar purpose, which was passed—yeas 93, nays 59.

The House then went into Committee of the Whole on the Legislative, Judicial and Executive Appropriation Bill.

The clause appropriating $800,000 to pay the expenses of the Courts of the United States was read.

Mr. Grow moved the proviso that no part of this money shall be expended for prosecuting or obtaining any person charged with treason or any other political offence in Kansas.

Mr. Grow desired to withhold support from a court in the Territory, in order that prosecutions for alleged treason may terminate.

Mr. Phelps wanted the question met in an open and manly way. The amendment in effect proposed to shield traitors from deserved punishment.

Mr. Stanton moved to amend by adding, "or any prosecution which has heretofore been instituted for political offences." He wished to express his disapprobation of an army being employed in the nefarious work of crushing out Free State settlers, and to preclude the United States from paying out even one dollar to filibustering and marauding parties.

Mr. Keitt contended that these amendments asked the House to make itself a Judicial body to determine whether Treason had been committed, and decide in advance of the proper tribunal whether the laws had been violated.

Mr. Grow's amendment, together with Mr. Stanton's, was adopted by a vote of 69 against 57.

The Committee rose, when Mr. Cambell, of Ohio, offered a substitute for the bill, omitting the clause making appropriations for the Kansas legislature and excluding the provison of Mr. Dunn, Sherman and Grow, restricting the proposed expenditures.

Mr. Wade, of Me., raised the point that the substitute was out of order as it was opposed to the action of the Committee of the Whole on the Union being superseded that of Ways and Means.

Mr. Campbell replied that he did not speak for that Committee, but for himself and explained at length his reasons for offering the substitute.

The Speaker sustained the objection taken by Mr. Washburne.

The House proceeded to act on the amendments to the bill reported.

The House voted on Mr. Dunn's amendment that no part of the money appropriated be drawn from the treasury till the passage and presidential approval of the act for the pacification of the territories in Kansas such shall among others contain provisions restoring the slavery restriction to Kansas and Nebraska. Rejected by a vote.

Mr. Grow's amendment to the appropriation for the Judiciary of Kansas, that the money shall not be drawn from the treasury till the criminal prosecutions pending in the territory against persons charged with treason or alledged violation of laws passed by a body of persons at Shawnee Mission claiming to be the legislature, shall be dismissed by the Court, and every person who has been or may be restrained of liberty by reason of such prosecution be released from confinement was agreed to by a vote of 84 against 69.

The amendment of Mr. Sherman similar to the above was rejected by a vote of 89 against 111.

The clause appropriating $20,000 for the expenses of the Legislative assembly of Kansas was stricken out by 90 against 58.

Messrs. Grow and Stanton's amendment that no part of the money be expended for prosecuting or detaining any person charged with treason, &c., was agreed to by 82 against 69.

The bill was passed by 84 against 55, the Democrats, together with the South Americans and Messrs. Dunn and Burnett of New York voting in the negative.

Recess till eight o'clock.

WASHINGTON CITY, Aug. 6.—The President has communicated to the Senate in reply to the resolution calling for information relative to affairs at San Francisco, together with the correspondence on the subject. A letter from the Governor of California asked the President for 3,000 stand of muskets or rifles, 50 rounds of ammunition, 2 mortars, 200 shells, and guns of large calibre, with their ammunition and appliances, promising that they shall be paid for or returned. He likewise asked for the use of military and naval forces to suppress insurrection. The President conceiving insuperable obstacles to the action now demanded, referred the subject to the Attorney General, whose decision he approves.

Mr. Cushing argues that there is no evidence in the Governor's statements or other authentic information that in what has occurred at San Francisco there was committed or threatened any act of resistance or obstruction to the Constitution, laws, or official authority of the United States. The President is only to be moved to action by the Legislature of the State in which the insurrection exists, or if the executive of such State, when such legislature cannot be convened, and when imminent or extreme public disaster can be shielded only by such interposition of the federal government. He says the whole constitutional power of California has not been exerted and it does not appear that the Governor took any steps to convene the Legislature although that remedy might be adopted, and had its effectual application to the evils long before any such remedy could be demanded from the President.

BALTIMORE, Aug. 6.—A farther correspondence is published in relation to the Brooks affair. Mr. Lane says that inasmuch as Mr. Burlingame was willing to meet Mr. Brooks anywhere, he is directed by the latter to request that a place of meeting be designated, and that on behalf of that of Mr. Brooks, he is authorized to name any place within ten miles of Washington to accept any place within one hundred miles of Washington. Mr. Campbell replies that his authority to act as Mr. Burlingame's friend ceased on the 26th ult., and he returns Mr. Lane's note, that he may communicate with Mr. Burlingame as he thinks proper. Mr. Lane again addressed Mr. Campbell, informing him that Mr. Brooks will await Mr. Burlingame's address or return to the city until Tuesday, and then make an exposé. Mr. Campbell replies reiterating that his authority to act for Mr. Burlingame had ceased, and that he was not informed of his address, and that neither Mr. Burlingame nor himself feared the threatened exposé.

ST. LOUIS, Aug. 6.—Pike co., gives Polk and the whole Democratic State ticket 75 majority. Marion, the entire American ticket from 300 to 450 majority. St. Genevieve county gives Polk a majority of 150 over Ewing, Benton getting only 19 votes in the county. Monroe co., is reported at 350 maj. for Ewing. Rolls co., 200 maj. for Ewing. In St. Charles co., Benton has about 200 maj.; one Whig and one Democrat Representative is elected in this county.—In Cole county Polk beats Ewing 800 and Benton leads Polk about 75. Howard co., it is reported has given 300 maj. for Polk. Chawton county it is reported has given 150 majority for Polk.

PHILADELPHIA, Aug. 6.—The train from Baltimore was thrown from the track a few miles from Gray's ferry by cattle on the road. The engine, mail, express and baggage cars were demolished. Ball, the mail agent, and Erlend Scharsman were injured. The fireman had his leg broken. Passengers escaped uninjured.

HARTFORD, Ct., Aug. 6.—The two State Conventions met to-day to nominate a Fremont electoral tickets. At the American Convention Ex-Gov. Dutton presided. Each Convention appointed a committee to report an electoral ticket at that both can unite on. Both meetings were fully and ably attended.

The Kentucky Elections.

CINCINNATI, Aug. 6.—American majorities—Bullett county, 200; Hart 250; Hardin 400; Boone 200; Franklin 200; Grant 30. It is said that there is a considerable falling off in the American vote.

Democratic majorities—Nelson county, 230; Campbell, Kenton, Pendleton, Hamson and Bracken average 450 each. In the Ninth District, Moore, the Democratic candidate for Circuit Judge has 525 majority. The Democrats gain generally.

Iowa Elections.

CHICAGO, Aug. 6.—The returns to date from ten counties foot up 1950 Republican majority. Timothy Davis, Republican, for Congress in the Second District is largely ahead.

HARTFORD, Ct., Aug. 6.—The American and People's Convention have united on a Fremont Electoral ticket; Henry Dutton and Julius Catling being electors at large. Strong resolutions in favor of Freedom, Free Speech and Fremont, were passed.

WASHINGTON CITY, Aug. 6.—The new steam frigate Wabash at Philadelphia will be ready for sea in about two weeks, when it is understood that Capt. M. L. Powell will give place to Capt. Frederick Eagle now commanding the Minnesota.

WASHINGTON CITY, Aug. 6.—Messrs. Pryor and Ridgeway, editors from Richmond, Va., fought a duel at Bladensburg this morning, the distance being ten paces and the weapons pistols. No blood was drawn. The affair was amicably adjusted.

BOSTON, Aug. 6.—The brig Red Warrior from Marseilles, for New York, was burned off Cape Sable on the 18th July. The crew were saved. The vessel and cargo a total loss.

NEW YORK, Aug. 6.—The Persia, for Liverpool, sailed this morning, about 9 o'clock, with upwards of a million in specie and nearly 200 passengers.

PROVIDENCE, R. I., Aug. 6.—The stores of Samuel H. Wales and D. C. Grimwood were robbed last night respectively of $6,000 and $8,000 worth of Jewelry.

BOSTON, Aug. 6.—The ship Winged Arrow, from Manilla, went ashore this morning near Boston Light.

NEW YORK, Aug. 6.—There is less import inquiry for Flour, while we notice a better demand for the local and eastern trade, including a full inquiry for the British provinces. The receipts are moderate and the market is without import change; sales 16,000 bbls at $5,95@6 15 for common to choice superfine State; $6,25@6,40 for extra do; $6@6,40 for common to choice superfine Indiana, Iowa, Illinois, Wisconsin and Ohio; $6,70@7,50 for extra do; $7@7,25 for new extra Michigan; $6@8,50 for new Ohio, and $8,50@9 for new Genessee, the market closing quiet and the tendency rather in favor of buyers. Rye Flour scarce and firmly held at previous quotations. Corn Meal very scarce and in brisk demand at better prices; sales 100 bbls. Jersey at $3,76; Brandywine is nominal at $4,25 and puncheons at $17.

For wheat there is a falling off in the export demand and the market is 8 or 4 cents lower; holders generally seem pretty anxious to realise; sales of 46,000 bush at $1,65@1,70 for new red Free State settlers, and to preclude the United States from paying out even one dollar to filibustering and marauding parties.

Mr. Keitt contended that these amendments asked the House to make itself a Judicial body to determine whether Treason had been committed, and decide in advance of the proper tribunal whether the laws had been violated.

Mr. Grow's amendment, together with Mr. Stanton's, was adopted by a vote of 69 against 57.

The Committee rose, when Mr. Cambell, of Ohio, offered a substitute for the bill, omitting the clause making appropriations for the Kansas legislature and excluding the provison of Mr. Dunn, Sherman and Grow, restricting the proposed expenditures.

Mr. Wade, of Me., raised the point that the substitute was out of order as it was opposed to the action of the Committee of the Whole on the Union being superseded that of Ways and Means.

Mr. Campbell replied that he did not speak for that Committee, but for himself and explained at length his reasons for offering the substitute.

The Speaker sustained the objection taken by Mr. Washburne.

The House proceeded to act on the amendments to the bill reported.

WASHINGTON CITY, Aug. 6.—The President has communicated to the Senate in reply to the resolution calling for information relative to affairs at San Francisco, together with the correspondence on the subject. A letter from the Governor of California asked the President for 3,000 stand of muskets or rifles, 50 rounds of ammunition, 2 mortars, 200 shells, and guns of large calibre, with their ammunition and appliances, promising that they shall be paid for or returned. He likewise asked for the use of military and naval forces to suppress insurrection. The President conceiving insuperable obstacles to the action now demanded, referred the subject to the Attorney General, whose decision he approves.

Mr. Cushing argues that there is no evidence in the Governor's statements or other authentic information that in what has occurred at San Francisco there was committed or threatened any act of resistance or obstruction to the Constitution, laws, or official authority of the United States. The President is only to be moved to action by the Legislature of the State in which the insurrection exists, or if the executive of such State, when such legislature cannot be convened, and when imminent or extreme public disaster can be shielded only by such interposition of the federal government. He says the whole constitutional power of California has not been exerted and it does not appear that the Governor took any steps to convene the Legislature although that remedy might be adopted, and had its effectual application to the evils long before any such remedy could be demanded from the President.

BALTIMORE, Aug. 6.—A farther correspondence is published in relation to the Brooks affair. Mr. Lane says that inasmuch as Mr. Burlingame was willing to meet Mr. Brooks anywhere, he is directed by the latter to request that a place of meeting be designated, and that on behalf of that of Mr. Brooks, he is authorized to name any place within ten miles of Washington to accept any place within one hundred miles of Washington. Mr. Campbell replies that his authority to act as Mr. Burlingame's friend ceased on the 26th ult., and he returns Mr. Lane's note, that he may communicate with Mr. Burlingame as he thinks proper. Mr. Lane again addressed Mr. Campbell, informing him that Mr. Brooks will await Mr. Burlingame's address or return to the city until Tuesday, and then make an exposé. Mr. Campbell replies reiterating that his authority to act for Mr. Burlingame had ceased, and that he was not informed of his address, and that neither Mr. Burlingame nor himself feared the threatened exposé.
