MEETING OF COUNCILS.—A special meeting of Councils was held last evening, to receive the report of the Street Committee.

In S. C., on motion of Mr. Kincaid, Dr. Pollock took the Chair.

Members Present—Messrs. Alexander, Drum, Kincaid, Lambert, Murdoch, Pollock, Reed, Smith, Varnum, Weaver, Galway.

Absent—Messrs. Allen, Clarke, Jones, McCutcheon, Taylor, President.

The reading of the minutes were dispensed with.

Mr. Smith, from the Committee on Streets, to whom was referred the communication of the Board of Health relative to the stagnant pools in the Ninth ward, presented a report, stating that the ponds were a serious nuisance, but that in the opinion of the Committee, a large proportion of the evil was attributable to the neglect of the property holders themselves, in not filling in their lots, and attending properly to their drainage, as it is their duty to do. The report also states that the appropriations for cleaning streets in the First District is expended within a few dollars.

The report was accepted and filed.

Mr. Smith presented the report of the Committee on Streets, Grading and Paving, which sets forth that the estimated net amount of the Improvement Fund for 1856, is about $17,100. Of the very large amount of work asked for, which it was desirable should be done, the Committee selected that seemingly most needed by the general interests of the public, and after having set aside the amount absolutely necessary for repairs, and other contingencies, have apportioned the remainder of the Improvement Fund as would be seen by the ordinance submitted with the report, the passage of which they respectfully recommended.

The report was accepted and ordered to be filed.

The following is the substance of the ordinance submitted:

It provides for the grading, and paving, and construction of sewers, as follows:—

On Penn, from Clymer towards Taylor—amount not to exceed $2,135.

On Pennsylvania Avenue, towards city line, $900.

On Centre Avenue, eastwardly, $800.

On Webster street, towards Fulton, $1,765.

On Ann street, $200.

On Marion street, $1,177.

On Barker's Alley, from Penn to Liberty, $170.

On Green street, beginning at Webster, $826.

On Locust street, towards Allegheny river, $475.

For construction of sewer on Carson street, $1,550.

For sewer in the Fifth ward, as may be hereafter directed by the Committee, $725.

Mr. Kincaid submitted the following amendment:

For repairing Second street from Ferry to Redoubt alley, $800.

For repairing Redoubt alley from Second to First street, $200.

For repairing Exchange alley from Bells alley to Water street, $200.

Mr. Lambert moved to lay the amendment on the table, and called the previous question.

The question then recurring on the amendment, the yeas and nays were called, with the following result:

Ayes—Messrs. Drum, Kincaid, Pollock, Reed, Smith—5.

Nays.—Messrs. Allen, Lambert, Murdoch, Varnum, Weaver.—5 Lost.

Mr. Reed then offered the following as an amendment:—

For grading and paving on Strawberry alley, from Grant to Webster streets, amount not to exceed $412.60, and that said sum be taken out of the amount appropriated for Webster street.

The yeas and nays were called, and the vote stood as follows:

Ayes—Drum, Kincaid, Pollock, Reed Smith, Varnum—6.

Nays—Alexander, Clarke, Lambert, Murdoch, Weaver—5. Adopted.

Mr. Drum offered the following amendment:

The ordinance was laid over.

CHARLES KIMBLE, the lad whom we mentioned as having been so seriously injured on Sabbath evening, by a horse, is still lying in a critical condition, with no signs of an improvement. His physicians think that by to-day they can determine more satisfactorily in reference to his case.

THROWN FROM A HORSE.—A lad named James Turner, was yesterday thrown from a horse on Penn street, and had an arm broken.

BITTEN BY A RAT.—On Tuesday night, a lady named Johnston, residing in the Fourth Ward, Allegheny, while sleeping upon the floor with a child on her arm, was bitten upon the temple by a rat. The blood flowed profusely, and on lighting a candle she found that the child had been bitten upon the top of the head. The wounds soon became very much swollen and inflamed, and a physician was called. Persons should avoid sleeping upon the floor in rooms infected with these rapacious vermin.

TEACHER ELECTED.—An election for an additional female teacher in the Second Ward Public School, was held on Tuesday evening. The Directors chose Miss McFaden, a young lady of excellent education and well qualified as a teacher. She passed a very creditable examination before the County Superintendent, Mr. B. M. Kerr, and her certificate was marked No. 1 throughout.

THREATENING AN OFFICER.—A canal boat captain named Henry Mundil yesterday threatened to stab officer Baer, of the Fifth ward, while he was endeavoring to arrest his brother Thomas Mundil, on a charge of assault and battery, on oath of John Bansin. A warrant was issued for the arrest of Henry, and Thomas was committed to jail.

CASE SETTLED.—Mrs. Hubbles, whose commitment on a charge of larceny, we mentioned a few days ago, was yesterday released on bail, and at the instance of the prosecutor, Mr. O'Reilley, the parties met at Alderman M'Kenzie's office, when the merits of the case were further examined into, and the defendant was discharged—O'Reilley assuming all the costs.)

CHILD SCALDED.—On Tuesday evening, a little child of Mr. Wilson, residing in Buena Vista, near the outer depot of the Ohio & Pennsylvania Railroad, was dreadfully scalded by the upsetting of a vessel of boiling water. The skin was hanging loosely upon the thighs and legs of the little sufferer, and its life is in danger. It is not quite three years old.

ACCIDENT.—A man named Robt. Miller was run over last evening by a two horse buggy, driven by Mr. Master, of Seventh street. The horses had taken fright in consequence of having water thrown on them from a street hose. Mr. Miller had one leg badly injured, but no bones were broken.

A NUISANCE IN ALLEGHENY.—There is much complaint by the citizens residing in the vicinity of Morgan street, from the disagreeable smell arising from the carcass of a dead dog! It should be attended to at once. Where is the Street Commissioner?

ZIMMERMAN, arrested in St. Louis a few days ago, on a charge of having murdered a negro in this city a year or two since, on board the steamer Coroplaster, at the Allegheny wharf, has been brought to this city on a requisition, and was yesterday lodged in jail.

THE DOG LAW.—High Constable King has issued a proclamation, notifying citizens that unless they comply with the provisions of the ordinance against dogs running at large in the streets, the animals will be summarily dealt with. Those who prize their dogs will please take notice.

DEMOCRATIC PRIMARY ELECTIONS.—The Democrats of Allegheny county hold their primary meetings on Saturday, the 23d inst., to elect delegates to the Convention to be held on Wednesday, the 27th, to nominate a county ticket.

THE CATHEDRAL.—Stone-masons are at work cutting out blocks for the bases of the Grant st. towers of the Cathedral.

From the Boston Saturday Evening Gazette.]

GENUINE Perfumed Breath.—Every gentleman would remain under the curse of a disagreeable breath when by using the "*Balm of a Thousand Flowers*," as a dentrifice would not only render it sweet, but leave the teeth white as alabaster! Many persons do not know that their breath is bad, and the only time to be assured by friends will never mention it. Put a single drop of the "Balm" on your tooth-brush and wash the teeth night and morning. A fifty cent bottle will last a year.

A RESTFUL COMPANIONSHIP easily to be acquired by using the "*Balm of a Thousand Flowers*," as it removes *tartar, pimples, and freckles* from the skin, leaving it of a soft and tranquil appearance. Use it in the morning to shave and wash the face night and morning.

FOR SHAVING.—Wet your shaving-brush in either warm or cold water, pour on two or three drops of "Balm of a Thousand Flowers," rub the bristles of the brush well together much facilitating the operation of shaving. Price only 50 Cents

MONETARY AND COMMERCIAL.

Money to-day was very easy, and speculation in Stocks having come nearly to a stand, the demand from that quarter was quite limited, and many of the leading brokers refuse money, even at the low rate of six per cent per annum. If we are to rely upon the opinion of our leading importers, who have built the goods required for the fall business has arrived, and of costly fabrics the import for the rest of the season will be small. Should that opinion prove correct, the payment of duties, during the next two months will amount to a very large sum, as during June and July. It is even said that several Paris houses have sent orders for silk goods, prices ruling lower here than in France, where the enormous rise of the raw material has caused a large advance on manufactured goods. Considering, however, that nearly all the silk goods have already been entered for consumption, the duties paid, together with the charges of transportation, insurance, and commission both ways, would enhance the price at least fifty per cent, which is more than the advance on the other side.
