Further appointments will be announced hereafter.

THE AUGUST ELECTIONS.—A great deal of interest is naturally felt in the August elections this year, because they indicate the way in which the political current is setting.

First, and most important, is Iowa. She is the only *Free* State voting in August; and her pioneer struggle is looked to as indicative of the result in the other free States. Thus "Ion," the Washington correspondent of the Baltimore *Sun*, says:

"The Iowa election has been regarded with interest both by the Democrats and the Republicans, as it was considered a test of the sentiment of the North-West. If Iowa turns up Republican, there is no doubt that it will have some political effect upon other Northern States."

No doubt; and fortunately for us, the "if" here indulged in is no longer pertinent. Iowa has done nobly.—She was the first State in the Union to go Republican, after the repeal of the Missouri Compromise; and now she leads the van gloriously for Fremont and Freedom. We subjoin the returns that have come to hand, compared with the vote cast last year, when the Republicans carried the State by 4,737 majority:

2165 Republican gain in 18 cos.

Timothy Davis, Republican, is elected in the first district in place of Thorington, Republican, the present member, and S. R. Curtis, Repub., beats Hall, the present democratic member, in the second district. This gain, with that of Blair, in Missouri, is starting out very well in the Congressional race. The Republicans elect all their State officers, and carry the legislature handsomely, securing an U. S. Senator in place of Jones, the present democratic incumbent. All hail, Iowa!

KENTUCKY has undoubtedly gone democratic. Returns from thirty-six counties show a Fillmore majority of about 2000, which is a gain to the Buchanan men of over 5,000 on the vote of last year when the "Americans" carried the State by 4500 majority. The democratic portion of the State has not yet been heard from.

ARKANSAS has also gone for the Buchaniers. A telegraphic despatch received yesterday says:

LOUISVILLE, August 7.—Returns received from Arkansas indicate the election of Elias N. Conway, the democratic candidate for Governor, by a largely increased majority, over the vote received by Pierce in the Presidential election.

NORTH CAROLINA, as will be seen by our telegraphic column, has gone for the Buchanan men by a decided majority.

From Missouri we have nothing definite as to the contest for Governor. We have Wednesday's papers from St. Louis but they fail to enlighten us. The telegraphic reports of majorities are very indefinite, as there were three candidates running for Governor, and the reports of majorities do not say against which of the three they have been counted. The official vote of St. Louis is as follows;

Benton, 6,865; Ewing, 4,713; Polk, 2,881. Congress—Blair, 6035; Kennett, 5549; Reynolds, 2181.

This puts to rest the story about Kennett's election, sent to Washington by telegraph. The *Intelligencer*, the K. N. organ, says:

We do not abandon the belief that our State ticket has triumphed—by no means. We know the zeal of our friends at the West and the North, and we look to those districts for an offset in our favor to more than counter-balance the majority against our ticket here. We look, too, for a considerable sprinkling of Americans to be returned to the Legislature—enough to secure for us one U. S. Senator, at least.

This does not seem to us a very hopeful vein.

The *Democrat*, the Benton organ, speaks as follows of Mr. Blair:

Hon. Francis P. Blair, Jr., is selected to the next Congress by a majority which in itself, transcends all newspaper compliments. He goes there to represent the *working men* of this great western metropolis. He is not a dilletante legislator. He is the embodiment of this great and growing city, in all its aspects, commercial, political, social, economical, and otherwise. He goes there, too, we must say, borne upon a victory, the like of which has never carried any other man to the Congress of the United States. His reputation—won in the hall of the House of Representatives of the State of Missouri, is that of the Randolph of the West. His triumph is unexampled in the political history of the country. His influence with men of all parties, from the north and from the south, from the east and from the west, will give him a sway from which we expect great things for Missouri. His talents—his courage—his social qualities—his generous temperament—his industrious zeal—will, make him, we dare predict, the man of the next Congress. That we should congratulate our citizens upon his election, is natural. And yet, we venture to say, that should he come up before them again two years hence, his hold upon their affections and judgment will have increased so largely, that they will wonder and marvel to themselves, how he could have met with the opposition he has received in the present canvass. He will make the star representative of the west, and St. Louis will be proud to boast that she has the most emphatic voice in the councils of the nation, of any city in the Union.

The whole tenor of these advices shows that the south is going in a body for Buchanan, and that the Free North is going against him. The old whig States, such as Kentucky and North Carolina, seem to prefer the Buchanan party, as the natural ally for Slavery; and the hopes entertained by the Fillmore men of carrying those States are idle dreams. Even Percy Walker, of Alabama, and John M. Clayton, of Delaware, hitherto leading "Americans," have come out for Buchanan, uniting, in that regard, with Reverdy Johnson, and Senators Pratt and Pearce, who represent the old-line Whigs of Maryland. Buchanan is the Southern sectional candidate and the United South will support him; and the only way to [illegible] the north to present a united [illegible]

THE THREATS OF DISUNION.—These are now an every day occurrence, and they are not confined to even uninfluential quarters. Mr. Fillmore set this ball in motion, in his Albany speech, and it has received an impetus, directly or indirectly, by nearly every person of any note who has spoken or written a letter in opposition to the Republican cause, not even excepting James Buchanan. The Fillmore men love to call themselves the Union party, and the Buchanlers claim to be the constitutional party, and they all unite in pronouncing the Republicans a sectional party, and threaten a dissolution of the Union if Fremont is elected.

What do they mean by a sectional party? Is it, that the candidates of the party are selected from the Free States? This is no new thing; it is as old as the government. At the present moment, the President, the acting Vice President, and the Speaker of the House, are all from Free States, and we hear no complaints on that score.

Is it that the opinions and principles of the party and its candidates, are peculiar to the Free States? This must be it; it can be nothing else. Well, what then? Are the people of the Free States to give up their opinions, at the beck of the South, on a threat of dissolution. The South must submit to the rule of the majority, constitutionally expressed let it emanate from what quarter it may, or rebel. There is no help for it.

The whole subject resolves itself into this—that the South has undertaken certain measures deemed necessary to her welfare, or to preserve her political preponderancy, and because the Free States object, and resist these measures as injurious to their interests, and obnoxious to their sense of justice, the South threatens to break up the Government. That is—the Slave power will either *rule or ruin!*

The offence has come from the South. The North only uses her constitutional rights in resisting in a legal way, and for this Mr. Fillmore, and a whole host of imitators, justify the extreme measure of destroying the Union. Now, we are especially anxious that Fremont should be elected to test the bravery of some of their loud voiced men, who talk of the Union as if it was a mere rope of sand to be dissolved at the whim and caprice of a set of unprincipled politicians. With Fremont in the White House, these blusterers, with a few yards of good hemp rope dangling in their vision, will hide their disunion sentiment until a better opportunity.

THE CHARTIERS RAILROAD.—In the hurry of our enumeration yesterday, of the numerous Railroads converging to this city, we overlooked one entirely, the *Chartiers Road*, which will connect us with the fine town of Washington, with its time-honored college, and its excellent seminaries; and also with the Hempfield Railroad, giving us another Railroad connection with Wheeling, in addition to those by the river Railroad, and by the Steubenville Railroad. The Chartiers Railroad will open up to us the fine Valley of Chartiers Creek, the hills bordering which contains vast beds of excellent coal, and will bring us into intimate business and social connections with Washington, both town and county. Many of our business men will seek their country homes along that charming valley of Chartiers, and not a few will locate in Washington itself, for the benefit of its college and seminaries for their children. Altogether the Chartiers Road will be a great acquisition, and will add much to the advantages already possessed by this city. We presume the Directors of the Company, now that the completion of the Pittsburgh and Steubenville road is assured, will push it on to completion as rapidly as possible.

COLLEGIATE HONORS.—At the recent commencement of Jefferson College, we notice the following Honorary Degrees were conferred: The Degree of Master of Arts upon the Rev. A. W. Cousse of Indiana; Rev. Charles Baird, of Yonkers, New York; and our fellow townsman W. Whitton Redick, late Principal of the Ninth Ward Public Schools. The Degree of Doctor of Divinity upon Rev. John Newton, Missionary to India; Rev. James Sloan of Washington; and Rev Reese Happersett. The degree of L. L. D. was conferred upon C. F. M'Kay, President of South Carolina College, Columbia, and Hon. Thomas H. Burrows, of Lancaster, Pa.

Political Items.

POLITICAL FEELING IN LEBANON CO.—Extract of a letter from a leading citizen of Lebanon, Pa., dated August 4th, 1856, to a gentleman of this place:

"What is the state of politics in your county? Will the Americans support Fremont and Dayton? We have no trouble here on that score. Fremont, with few exceptions, will get the entire Opposition vote of the county. Our people are opposed to the further extension of Slavery, and Fillmore could not be forced down their throats, even if attempted."

DR. E. W. CRAIN, says the Ravenna (O.) *Democrat*, a democrat of 20 years standing, one of the leading and most influential members of the party in the county, renounces and discards Buchanan, and declares fully for Freedom and Fremont.

FRANCIS P. BLAIR, Jr., just elected to Congress from the St. Louis district, on the Benton ticket, is a son of Francis P. Blair, Esq., of Maryland, and occupies, we believe, nearly, if not quite, the same position on the Slavery question as his father.

Col. E. D. Taylor, of Clarke Co., Ill., who has been well known, for nearly forty years past, as a firm, consistent Democrat, enjoying the confidence of the people when he represented them in the State Legislature, and of a Democratic Administration while holding office under the general Government, made a speech in Marshall, on the 72th inst., in favor of Fremont, Bissell, and reform.

ANOTHER CONVERT.—*The Columbia County Democratic Freeman*, heretofore a zealous advocate of the Sham Democracy, has hauled down the Pro-Slavery flag and will hereafter speak for Freedom.

HARRISBURG, Aug. 6.—John C. Kunkel, the present Representative in Congress from the Tenth Congressional District, has been renominated by the Dauphin County Union Convention in session here to-day. David Mumma and Dr. Wright were also nominated to-day for the Legislature, on a union ticket.

MAJOR JOHN WOODBURN, late editor of the Democratic paper in Mahoning county, Ohio, has come out for Fremont and the Republican cause.

CHAMBERSBURG, Aug. 6.—The Democratic State Convention assembled here to-day, to supply the vacancy in the State ticket, caused by the withdrawal of Timothy Ives, for Surveyor General. On the eighth ballot, John Rowe, of Perry county, was nominated, the vote standing Alexander, 4; Whallon, 49; Rowe, 60.

JOHN H. GRAHOE, of Ironton, one of the ablest lawyers and most eloquent speakers of Southern Ohio, who has never taken an active part in politics, is about to take the stump for Fremont.

WASHINGTON, Tuesday, Aug. 5, 1856.

Let the public be prepared for every sort of recession in Kansas as the party nears the definite. The game now is not to uphold what has been done, but undo all that has been attempted. The panic which is known to have seized Mr. Buchanan's prominent friends in Pennsylvania has extended to the Court circles here. And as the Administration considers its character at stake, it has the mark soaked upon the issue of the Presidential election, it is ready to make any concession to secure success. This purpose is animated by no love of Buchanan, but by a weak desire to obtain the indorsement of a Democratic triumph. It is pretty well decided to serve several of the Territorial officers after the fashion of Shannon. Judge Lecompte and Chief Justice Elmore are named as the doomed, and will get their walking papers as soon as reliable successors can be obtained, unless the President changes his mind. They are more than suspected of being engaged in speculations, at which the Administration never fails to turn up the whites of its eyes. The officers from Pennsylvania are supposed to be pure, as the candidate of the party hails from that region, and hence the uplifted ax will not fall on their heads. There is something more than a desire on the part of a majority of the Cabinet to release Gov. Robinson and his companions from custody, and directions to that effect may be issued any day. In fact, the subdoers of Kansas are frightened at the lengthened shadow of their own misdeeds, and now seek to propitiate, by temporizing and insincere retractions, those whom they have outraged by oppression, and the people whom they deceived and betrayed.—*N. Y. Trib.*

IT IS VERY MUCH THE CASE IN THIS CITY.—The Rockford (Ind.,) *Herald*, a staunch Fillmore sheet published in Jackson county says:

"The business at which old losers take most delight at present, in the free States, is getting up and attending Fillmore meetings. They are green enough to suppose somebody can be fooled by this shallow device. They throng to the American meetings, hurrah for Fillmore, and make a deal of a fuss, and then laugh like a set of shallow monkeys, which they are, at the accounts given of the enthusiasm existing for Fillmore. The world never produced a set of fellows that could beat the present members of the locofoco party at any little mean sad nasty and sneaking trick.

In time of Health prepare for Sickness.

—Nothing is more preposterous than to think that, because at the present time we may be in health, disease will never overtake us. How many have gone forth to their business in the morning, and returned before the close of the day to lay themselves down upon beds of sickness, from which they have not arisen for months. We would remind our readers that, for a family medicine, nothing can equal "Kennedy's Medical Discovery." Of humors, it is a sure exterminator. Scrofula and Cancer, Rheumatism and Neuralgia, are all cured by this magical remedy.

Dr. Keyser's Shoulder Braces.—

From Pittsburgh Dispatch, April 10th, 1856.—For more than 3 years past we have constantly worn the Washington Bus pender Brace, manufactured by Dr. Geo. H. Keyser, of No. 140 Wood st., in this city, and would heartily recommend it to all who are suffering with weak backs or round shoulders. As we have before remarked, in calling attention to its merits, it answers for a brace and suspenders, the weight of the pantaloons being so placed as to continually tend to bring the shoulders in their natural position and expand the chest. Women, hundreds of whom are annually injured by the weight of enormous "skirts," should also procure these braces. Be particular in procuring the kind mentioned, as many of the imitations sold are humbug. Sold at Dr. GEO. H. KEYSER'S, Wholesale Druggist, 140 Wood st, sign of the Golden Mortar.

Frostwort or Rock Rose.—For the cure of scrofulous Diseases.

NEW HAVEN, Jan. 1, 1855.

My son Charles has been afflicted with inflammation of the hip joint. At the age of 5 he was first attacked; inflammation increased until the hip was very diseased, and he was seriously affected his leg. drawing it up so that it was impossible to straighten it; a professor of surgery gave it as his decided opinion that the leg would never heal, and that the young man would never walk again.—The disease increased so rapidly that for two and a half years he only walked with a crutch, and the efforts to exercise the limb were attended with great pain, so that he could not sleep. I watched him so attentively, that for 6 months, did not have one full night's rest. He had been treated by distinguished medical practitioners, by leeching, blistering, &c., he had also been eeen the Medical College of Yale College. The remedies they recommended were most faithfully tried, but without avail. This was his disease and dreadful condition 18 months since when he commenced taking Hyatt' Rock Rose. One bottle was but partly taken when he was much better, continuing until three bottles had been taken, when a cure was entirely completed, now he is in excellent health. This is the testimony of and can be corroborated by addressing Mrs. Catharine Moffit, 91 Wallace st., New Haven, Conn., or can be fully substantiated by hundreds of witnesses, or by addressing a line to Rev. W. W. Belden, New Haven, Conn.

Sold wholesale and retail at the Drug Store of GEO. H. KEYSER, No. 140 Wood st., sign of the Golden Mortar.

A Great Medicine for Females.—Hun-

dreds of ad'elants have been invented and sold, purporting to be specific in the various diseases and derangements to which the delicate form of woman render her subject.—The result of all these nostrums has been to impart *unnecessary activity* to the *nervous system*, and false vigor to the *muscles*; but this relief has been succeeded by a depression and prostration greater than before; and the repeated attempts of befuddle to build themselves up by these *false remedies*, have fatally ended in destroying what little vital organization was left. But in using *Boerhave's Holland Bitters*," you will find no such disastrous results. It is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor Boerhave. Under its influence *every* nerve and muscle receives new strength and vigor, appetite and sleep return, and finally, perfect health. See advertisement to another column. jn23,2d&wT
