The Sixth Annual Exhibition

OF THE

Pennsylvania State Agricultural Society,

WILL BE HELD AT

PITTSBURGH,

Sept. 30th and Oct. 1st, 2 and 3d, 1856

a24:tall ROBT. C. WALKER, Sec'y.

A DISORDERLY PARTY.—On Thursday night, about ten o'clock, a party of four individuals visited various drinking houses in the vicinity of the canal bridge, on Penn street, and soon began to use bad language, and act very disorderly. The watchmen were called, and when the party were seized, it was found that two of the number were depraved women, who had assumed the male attire. They gave the officers no little trouble, by their resistence, but were finally lodged in the tombs. Yesterday morning they were fined five dollars and costs each, which they paid and were discharged. The women were compelled to walk home in the garb which they had assumed, not being permitted to change their clothes at the Mayor's office.

HOW AT THE CIRCUS.—Madame Tournaire's Circus visited Birmingham on Wednesday and Thursday, and received bad treatment at the hands of a dozen or two rowdies. The canvas hands of a dozen or two rowdies. The canvas was torn from top to bottom with an iron rake, and on the first evening so great was the power of the mob that the police were intimidated from making any arrest. On Thursday evening, four officers from this city were in attendance, and to succeed in keeping comparative order. A brick was thrown at officer W. O'Neil, from a crowd, but he rushed in among them, drew his revolver, and threatened to fire if the crowd was not dispersed. They left, one after another, and no further disturbance took place.

HENRY THOMPSON, a canal boat captain, was yesterday taken before Alderman Wilson, charged on oath of Vincent McCadden, also a captain, with violating the law regulating the time which boats shall remain in the lock. The prosecutor alleges that Thompson did not vacate a lock after the gates had been opened, but the latter states that it was owing to the sickness of one of his horses, and of course unavoidable. He will have a further hearing, to prove the illness of the animal.

ARREST OF AN OLD OFFENDER.—James, *alias* "Rosin" Graham, who was released on bail a few weeks ago, to answer at the next term of Court a charge of arson, was arrested and committed to jail yesterday by Alderman Neillie, of Allegheny, on a charge of beating his wife. When in the vicinity of the Post Office, in the custody of officer Swain, he broke loose and ran. The officer drew a pistol and fired, which, although it missed Graham entirely, so horrified him that he stopped and was taken to jail without further trouble.

DUFF'S MERCANTILE COLLEGE, PITTSBURGH.—The proprietor of this establishment has long been recognised as pre-eminently fitted to educate the merchant and accountant, both by his long and intimate practical acquaintance with all the details of the most extensive business, and his well known experience as a preceptor. His ample resources also make the permanence and stability of the establishment unquestionable.

ANOTHER CHARGE AGAINST HALL.—David Hall, whose imprisonment we have already noticed, had an additional commitment lodged against him yesterday, by Morris Rossenbaum, whose clothing establishment was entered and robbed of a considerable quantity of goods on the night of the 17th of July. In this case, it is alleged that Hall received clothing to the value of fifteen dollars, knowing it to be stolen.

Your Commissioners have every reason to be satisfied with the result of their labors thus far, and very confident that the remainder of the duties devolving upon them will be performed in a satisfactory manner. They believe that they will be able to close up the affairs of the Bank in a much shorter time, and more advantageously and profitably to all the parties interested, than they at one time supposed would be the case. For the manager of Dallas's Vegetable Factory says, I used it myself, and was therefore induced to try its effect upon my family. I found it to be the best medicine I ever saw. It is a compound of all kinds of roots, herbs, and barks, and is a sure cure for all diseases arising from impurities of the blood, and the only reliable and effectual known remedy for the cure of Scrofula, Scrofulous Humors, Scrofulous Sores, Erysipelas, Blotches, Boils, Pimples on the face, Tetter, Ringworm, Salt Rheum, Scald Head, Sore Eyes, Ulcers, Mercurial Diseases, Fever Sores, Swellings of the Bones, Tetter, Pimples on the face, and all kinds of Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now [illegible] since they were first introduced during which time they have been [illegible] in every section of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed; whether in town, country, hospital, or private practice, they have invariably given the most satisfactory results, and unequivocally established the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country and from the professors of several medical colleges, fully corroborating the statements made above as to the medicines and their superiority over all other preparations for such complaints as they are recommended to remedy. Numerous [illegible] of Sarsaparilla and of Bitters and various modes of preparing them have been [illegible] before the public, each claiming for their [illegible] mode of preparation which each individual may adopt.

These medicines require no [illegible] care in the preparation and the employment of different menstrua in succession operation to take up the various properties of the roots, herbs, and barks, which are frequently improperly made, and not contemporarily much impaired. The best remedies are lost by the inexperience and unskilful management of those unacquainted with pharmaceutical preparations. It is therefore, of the highest consideration for the attendance to the public and to the faculty that these should be standard preparations of known and established value, as will enable to, I have made a number of experiments of the various kinds of sarsaparilla and bitters, and to discover the true virtues of the Sarsaparilla and Bitters, and to discover the best medicine known for the cure of the various complaints I have recommended most favorably and it is with much pleasure I now offer them to the public and the profession as Dallas's Vital Extracts, which contain all the virtues of the article they are represented to be made from in a concentrated form, and which are the active preparations which can be made. Two tablespoonfuls of the Extract Sarsaparilla added to a pint of water is worth a dozen bottles of drink, and one bottle fully equals in strength one gallon of the Compound Sarsaparilla or Queensware Bitters.
