TELEGRAPHIC.

CONGRESSIONAL.

WASHINGTON, August 8.

The Senate passed several privates bills, and adopted the report of the Committee on Indian affairs after a discussion of nearly five hours. No further legislation is necessary to enable R. W. Thompson to receive $42,000 for services rendered the Menominee Indians.

Mr. Weller moved the consideration of the Pacific Railroad bill. No quorum. Adjourned.

House considered the bill making appropriations for expenses of light houses, coast surveys, custom houses, marine hospitals, etc.

An amendment was made that $200,000 be appropriated to the continuation of the Washington aqueduct. Lost by twenty-five majority.—Dull proceedings. Without disposing of the bill, the House adjourned.

WASHINGTON, Aug. 9.—SENATE.—The SENATE took up and passed the joint resolution authorising Professor Bache, of the Coast Survey to accept a medal presented to him by the King of Sweden.

Mr. Hunter reported a substitute for the bill regulating the compensation of members of Congress, giving them $2,500 instead of $3,000 a year, with a section providing that if any books be distributed among the members by a resolution of either or both Houses, the price given for the same shall be deducted from their annual compensation, provided that this shall not extend to books ordered to be printed during the Congress for which the members respectively shall have been elected.

Mr. Thompson, of New Jersey, made a speech to show that Commodore Stockton and not Col. Fremont is entitled to the honor claimed by the latter's friends as conquerer of California.

Mr. Jones, of Tennessee, examined the platforms of the parties now in the Presidential field, and endorsed that of the Democracy. He declared that he should support Buchanan, believing that the safety of the country depends on his election.

Mr. Bell, of Tennessee, felt imperatively called upon to define his position. He was not a member of the American party, but should support Fillmore.

Mr. Bigler submitted a resolution which lies over, calling on the President for copies of the vouchers on which Fremont's accounts as an officer of Government, from his first expedition to California were settled, so that the nature of the disbursements may appear; also enquiring whether there is public money in his hands unaccounted for, or whether there are any papers on file in the department from officers, charging him with malfeasance in office, &c.

Mr. Foote made a speech on the subject of the wrongs of Kansas, maintaining that the repeal of the Missouri Compromise is the cause of the present excitement throughout the country threatening the perpetuity of the republic. The primary purpose and chief fruits of the obnoxious measure, was to make Slavery on Kansas, either peaceably or forcibly. He spoke of Squatter Sovereignty as a fleeting phantom now abandoned by its original friends and of the subjugation of the people of Kansas by invaders and usurpers.

The Senate adjourned.

HOUSE.—On motion of Mr. King, a Resolution was adopted requesting the Postmaster-General to make a special and vigilant inquiry as to the places where and the persons who have unlawfully abstracted or detained from the mails transmitted from Washington, books and public documents distributed by members of Congress.

The House resumed the consideration of the Bill making appropriations for light houses, coast and land surveys, Custom Houses, Marine Hospitals, etc. Among the items, are appropriations for the Post office, Custom and Court House at Philadelphia; six Revenue Cutters on the Lakes $75,000 for the purchase of castings and a mould for distributing the Capitol Office. It provides that after Nov. 15th the millitiary superintendency of public buildings be abolished. The vote was 93 against 30.

Mr. Sherman rising to a question of privilege, called attention to the fact that Mr. Savage had in a speech characterized the report of a majority of the Committee on Kansas affairs, a compound of gross partiality, misrepresentation and perversion of truth, put forth with impudence and unblushing falsehood. All that Mr. Sherman had to say was that such language was a violation of the rules of the House and a breach of parliamentary decorum and courtesy which should prevail among gentlemen, and it was not true.

Various bills were passed and the House took a recess till 7 o'clock, for general debate.

ST. LOUIS, Aug. 9.—Returns from 13 additional counties sum up as follows on the vote for Governor: Benton, 3,115; Polk, 0,877; Ewing, (American) 7,429. In three of these counties the vote for Benton is not counted. The Congressional returns are meagre and unreliable.

SECOND DISPATCH.

ST. LOUIS, Aug. 9.—Returns from 31 counties give Ewing, (American) 19,248; Polk, (Anti-Benton) 17,621; Benton, (Democrat) 11,671. Mr. Carothers is doubtless re-elected to Congress.

THIRD DISPATCH.

ST. LOUIS, Aug. 9.—In the 24 Congressional District, Anderson's majority in 9 counties is 600 over Richmond, Democrat, two counties to hear from, but Anderson's election is considered certain. In the 2d District, Lindley, Democrat, 300 over Lindley, American.—Lindley is consider bly behind his vote in 1854; in these counties his defeat is looked for.—6th District, 7 counties give Woodson, American, for full term 400 over Price, Bentonite; Douglas, Democrat, is about 650 behind Price in the same district; Ackers, American, for the vacancy, has 600 majority over Jackson, Democrat.—6th District, the few returns from this district indicate that Phelps will be elected for another term
