From the Council But's Chronotype, July 30th.
Borden Ruytans Invaduo Nemaska.—We have startling intelligence from Southern Re-brasks. The Border Ruffinns, from Missouri, have invaded the Territory, and, up to Sunday, that arrived within 20 miles of Nebraska City. They are over one thoseand strong, are composed of Mirsourians, South Carolinians, and Georgians, and are fully strond with caunon, deep flams, prepared for war. Their object is to stop the Free State astiters on their way to Kansan, through the Territory.

The news of this invasion reached Nobrasks City on Saturday, and caused great systement. About 150 men immediately volunteered to go

of it, and drive every Northero man out of Kansas.

It is a certain curious fact that nearly two-thirds of the rags annually imported into the United States from all foreign countries, come from Luly. This circumstance is due to two course: let, Italy is in fact the receptable of all the old rags in the Levant. The Turks, Greek and Syrians, use vast quantities of cheap cotton cloth; and the Archipelago and the whole Levant is swept by Greek and Italian coasting samake, about the size of boats that brings clams to Heriford, who trade for the rags which course to Genos, Trieste, &c., and are thus shipped in the Gans, Trieste, &c., and are thus shipped for the pediers collect. These rags ultimately get to Genos, Trieste, &c., and are thus shipped for the first of the rags up into paper. The population of two ket be rags up into paper. The population work the rags up into paper. The population in the Buchans; which is just tree is the support to menus returns yield a clear to the actual table of soft in New Yerk Tribute.

PERSONAL ATTACKS OF PENTINENTIAL CARDITALS.—Nothing like the attacks that are being make upon Colonel Fremont has ever been with marsed in this country elace the time of General Jackson. The news of this invasion resched Nebrants in the Hours; but it is by defrauding the galdity on Saturday, and caused great excitement. About 150 men immediately, coluntered to go to the assistance of the Free State settliers, and measures were dispatched to learn the true state of affairs. Some 80 men were also raised to go to the sid of the Border Rufflins.

We gather the above facts from passengers who arrived in the stage on Banday evening, and we presume they are in the main correct. Persons from Kansas, by the same artiral, also reports a most disastrous state of affairs in the Hours; but it is by defrauding the galding and provided with the good name of elander darse meddle with the good name of the string all decempt of the mode of the same artiral, also reports a most disastrous state of a fiftig in the Territory. The Free State men are everywhere being driven from their dwellings, and compelled to leave the Territory. The Pro-Slavery party seem to be determined now to make clean work of it, and drive every Northero man out of Kansas.

Ing. is a bad canse indeed?

PARTS HIS HAIM AS JETTHENEX DID.—We heard, the other day, an old Federalist, who was looking at a portrait of Fremont, in the window of a book-store, swearing at the original because he wears his hair a little different from the prevailing mode—"parting, it in the middle."—Said he, "that's just the way Jefferson did; Fremont is as much of a scoundrel as he was, I believe!" "I congratulate you that your choice has fallen un a man who stands on the IDENTICAL PLATFORM THAT I OCCUPY, and that he will take the SAME with the standard lowered never an inch!"

Stephen Arneld Douglas in his late New York speech said:

union, said that it reminded him of the mate of the American clipper, who, when the captain persisted in standing out to see in a gale of wind, jumped into the yawl boat and said, "if you don't bout ship, I'll cut painter and let you go to the d—l, str."
