CONGRESSIONAL.

WASHINGTON, Aug. 15

SENATE.—Mr. Wilson introduced a bill to secure to actual settlers the benefits resulting from grants of lands for Railroad purposes, reserving to them the alternate sections at $2.50 per acre. The Senate then resumed the consideration of the civil appropriation bill.
The Senate made an amendment appropriating $750,000 for capital extension and $500,000 for construction of the Washington Aqueduct and then took a recess of two hours
HOUSE.—The House took up and passed the Senate bill regulating diplomatic and consular salaries. Fifty thousand copies of the report of Mr. Campbell, of Ohio, on the subject of the modification of the tariff, were ordered to be printed.
The House passed the bill appropriating $200,000 to the establishment of a Naval Depot at Brunswick, Georgia.
They then took up the Senate Bill regulating the pay of members of Congress.
Mr. Orr offered a substitute. Instead of paying $2,500 a year he proposed $6,000 for the entire Congress leaving the milage remain as it now is, with deductions made for voluntary absence, books voted for members to be paid for out of their compensation. Mr. Orr said members were poorly paid and if there was a desire to preserve anything like purity they must be placed beyond the reach of reasonable temptation. After various ineffectual motions to lay it on the table the bill passed as amended by Mr. Orr, by a vote of 101 against 98.
A resolution giving the usual extra compensation to the House employees was adopted.
There was much confusion throughout the proceedings, and occasional desperate efforts by crowds of members to have their several bills taken up under a suspension of the rules. The presiding officer was frequently annoyed by a hundred voices at once crying "Mr. Speaker," in order to secure an individual recognition that they might move the consideration of their respective measures. Amid the turmoil the House passed the bill providing for the appointment in the army of four surgeons and eight assistant surgeons. The bill providing for the survey of the Southern boundary of Kansas. The Senate bill amendatory of the act regulating the fees, costs and general expenses of the Judiciary.—The bill making appropriations for carrying the mail on Ocean steamers and considered an amendment adopted in committee authorizing notice to be given of the termination of the arrangement for an additional allowance for carrying the mails between New York and Liverpool, on the Collins Line, and without disposing of the bill adjourned.

WASHINGTON, August 15.—The Democrats anticipate that a sufficient number of Republicans will secede for the purpose of defeating the Kansas restrictive amendments to the appropriation bills, while on the contrary the Republicans declare they will continue in solid phalanx without wavering.
The last vote of the President is of a bill to improve the Patapsco river, Maryland. Votes in this session become so common as not to excite surprise.
The Navy Appropriation Bill has been finally acted on by both Houses. It appropriates about $15,000,000.
The mileage and per diem to Mr. Reeder amounts to little over $4,000
The Cabinet has not ordered the discontinuance of the Kansas prosecutions.

NEW YORK, Aug. 15.—The Dutch steamer Borussia has arrived from Hamburg. Advices from St. Domingo to the 31, state that a revolution progresses there, growing out of the terms of the Spanish treaty, which favors the discontents of Spain. The Spaniards, being most numerous, wish to hoist the Spanish flag again. The citizens and soldiers are hastening to the Spanish Consul to get registered as Spanish citizens. Great excitement has arisen in consequence. All the tribunals are closed and business suspended. The President and Cabinet threaten to resign. Foreigners and liberals are looking anxiously for a government vessel to protect them. The liberal flag shall never again be hoisted there. The Spanish Consul opposing the ratification of the American treaty and threatening the American Consul.

ALBANY, August 15.—The Whig Convention yesterday adopted a series of resolutions, and an address antagonistic to Mr. Buchanan on account of the Cincinnati platform, and to Col. Fremont because of the sectional character of his party. The American platform was not endorsed, but the Whig organization and its principles are to be maintained. The full delegation to the Baltimore Whig Convention was chosen

HALIFAX, August 15.—The steamship Arabia, from Boston, arrived here this morning. She is delaying in consequence of having twice struck the rocks near Seal Island. She will remain here to day to ascertain the extent of the damage received, which it is feared is serious, as she is leaking considerably.
