Mr. Miller, chairman of the committe on resolutions, reported the following:

Resolved—That, esteeming it safe to follow in the footsteps of Washington, Jefferson and Madison, and approving of their policy as shown in the Ordinance of 1787, which prohibited the existence of Slavery in all national territory then under national control, we plant ourselves upon the platform of the Patriot Fathers, and proclaim our unalterable hostility to the further extension of Slavery, either into Kansas or any other national territory.

Resolved—That the effort of the present national administration backed by the so called "democratic" party, to force slavery into Kansas, at the sacrifice of all the rights cherished by a free people, demands not only the emphatic condemnation of the country, but the union of all the friends of freedom under one banner for effectual resistance to a policy so much at war with the genius of our free institutions.

Resolved—That the approaching Presidential contest, involving the freedom of the public domain, the freedom of speech, freedom of the press and all the Constitutional rights of a free people, we call upon the friends of constitutional liberty the duty of enlisting under one banner for the defense of Freedom; and believing that JOHN C. FREMONT represents fully the free sentiment of the country, we pledge him our cordial support and will labor earnestly to promote his election.

Resolved—That the Northern representatives in Congress who have nobly and manfully stood up for the protection of the people of Kansas against the tyranny of the administration, deserve our unqualified admiration.

Resolved—That the Union State ticket nominated at Harrisburg in March last, and the Union County ticket this day nominated, are worthy of the united support of all the opponents of the national administration and we pledge to both a determined effort to secure their election and a triumphant majority.

The resolutions were adopted and ordered to be published.

The Chair was instructed to appoint an executive committee of fifteen, the committee to have the power to fill vacancies in the ticket.

The thanks of the Convention were returned to the officers for their able discharge of duties.

The Convention then adjourned, the XXIId District delegates to meet in the Commissioner's office and the XXIst District delegates in the room occupied by the Convention, immediately.

XXIst CONGRESSIONAL DISTRICT CONVENTION.—The Convention was organized by calling Mr. John J. Muse to the Chair, and appointing A. M. Brown and David E. Bayard, esq'rs., Secretaries.

Messrs. Thos. M'Kee and C. B. M. Smith were elected Vice Presidents.

On motion the Convention proceeded to nominate candidates for Congress for this district.

Hon. J. Eward,	26
David Ritchie,	41
T. J. Bigham,	9

Hon. David Ritchie, the present Representative, was declared unanimously elected.

On motion the Convention adjourned.

XXIIn CONGRESSIONAL DISTRICT CONVENTION.—The delegates from the North side of the Allegheny met in Convention in the Commissioner's office, when Dr. Wood of Sewickley was called to the Chair.

Mr. Jno. Miller, of Duquesne borough, acted as Secretary.

The following gentlemen were named as members of the Committee of Conference to meet the Butler county Committee, and received the following votes:

R. P. M'Dowell,	26

FREMONT MEETING IN BIRMINGHAM.—On Tuesday evening, August 19, the people of Birmingham held a Fremont meeting at the Public Square in that borough. Although the night was wet and cold more than twice the number were present than at the late Buchanan meeting there, and which they claimed at 2500 persons, were present on this occasion.

The meeting was ably addressed by E. H. Irish, Wm. E. Stevenson, G Neuffer, (in German) and P. H. Collier. The Second ward Glee Club also present and created a perfect furor of enthusiasm by their matchless singing. The people stood in the rain until near 11 o'clock and attested their zeal in the cause of Fremont and Freedom.

Early in the evening, owing to the disagreeable weather, application was made to the Clerk of the Market for permission to use the Market House (the unoccupied part) for the meeting. The Clerk informed the Committee that it would require the consent of a majority of the town Council; afterward the consent of a majority was obtained, and application again made to the Clerk, who *then* required the consent of Council to be in *writing*, which owing to the lateness of the hour, and the difficulty of finding the members of Council, was impracticable. Consequently the people were compelled to stand out in a cold drizzling rain, the whole time of the meeting. But they will remember this piece of "red tapism" and abuse of "brief authority." The Clerk is President of the Buchanan Club in that borough.

A LARGE quantity of valuable real estate and stocks will be sold this evening at 7½ o'clock, at the Merchants' Exchange, Fourth street. The list comprises about 120 acres of the well known "Greer Farm," on the Allegheny Valley Railroad, which cannot be surpassed as a location for country seats; and 18 lots in the Eighth ward. See advertisements and attend the sale.

ANOTHER distinguished convert to Homœopathy, Dr. S. M. Ogden, eminent for his success as a Surgeon and Physician in the treatment for all diseases, more especially in the treatment for all affections of the throat and lungs, and a graduate of one of our Eastern old School Medical Colleges, after thorough examination of the different systems as now taught and practiced, unhesitatingly declares himself in favor of the reformed practice in the treatment of diseases generally.

THE Pittsburgh Conference of the Methodist Protestant Church will commence its annual session on Wednesday, September 3d, at Cherry Tree, Indiana county, Pa. An arrangement has been made with the Superintendent of the Central Railroad to furnish to the members of the conference excursion tickets to Indiana, good for ten days.

RECOVERING.—Charles Kimble, the lad who it will be remembered, was so shockingly injured by being dragged by a horse, is now recovering. The injuries which were inflicted on the brain wounds have so favorable appearance that his physician, Dr. Ferd. H. Grose, apprehends no further danger.

WE would direct attention to the sale of Mr. Chambers' Sash and Door Factory, Engine and Machinery, this morning, at 10 o'clock, on the premises, by Mr. Davis, Auctioneer.

[From the Boston Saturday Evening Gazette.]

as well as many others, that no female can enjoy good health without the regular discharge of the menses; when these take place, whether from exposure, colds, or any other cause, the general health begins immediately to decline, and the seeds of such a remedy has been the careful study of many consumptive as have been made known to the public, and the substitution of the most exciting drugs in place of the healthful ones, which arise from the weak and disturbed sleep most females suffer from at this period of nature's change—however, that is the case, the Pills will invariably remedy all these evils.

The figures of the Bank Statement show a general contraction. The loss of specie is rather less than was expected. The loss of deposits is due rather to an increase in the amount of bills in circulation than to the regular customers of the banks for discounts. Their loans have decreased about $250,000, owing to the high rates and the difficulty of obtaining over a million below the highest point.

The Statement was generally considered in the street as a healthy one, and the action of the Banks in contracting in accordance with the demand for expansion of the last six or 8 months, was approved of. The contraction of the loans of the banks has been quite essential. The comparison with the previous week is as follows:

	Loans & Dis.	Specie.	Circulation.	Deposits.
Aug. 9,	$112,744,622	$12,270,672	$5,616,752	$10,220,370

MONETARY AND COMMERCIAL.

The figures of the Bank Statement show a general contraction. The loss of specie is rather less than was expected. The loss of deposits is due rather to an increase in the amount of bills in circulation than to the regular customers of the banks for discounts. Their loans have decreased about $250,000, owing to the high rates and the difficulty of obtaining over a million below the highest point.

The Statement was generally considered in the street as a healthy one, and the action of the Banks in contracting in accordance with the demand for expansion of the last six or 8 months, was approved of. The contraction of the loans of the banks has been quite essential. The comparison with the previous week is as follows:

	Loans & Dis.	Specie.	Circulation.	Deposits.
Aug. 9,	$112,744,622	$12,270,672	$5,616,752	$10,220,370
Aug. 16,	111,494,744	12,854,172	5,844,407	10,230,370
Decrease,	749,866	483,931	33,269	1,307,141
