TO the Belting of this manufacture has been awarded the Gold Medal and Diplomas from almost every Fair and Institute throughout the United States; the most recent by the American Institute, New York, at their last exhibition in the Fall of 1855. It is of superior quality, every branch of the business being conducted under the personal care of the principals; their rules as to selection of stock, thorough tanning, currying and inserting freedom from cuts and scores, tanned at their own tannery, stretched upon their own patent stretcher, trimmed out returned to New York thoroughly tanned, dressed, finished immediately previous to packing, and stretched on machines with every modern improvement, cemented and riveted with their patent copper rivets, and every article made expressly even surface on both sides of the band, causing them to run truly on the pulleys, and not spring from them, as is the case where belts are made in the ordinary manner. To mechanics of all kinds, to cotton, woolen and woolen manufacturers, to millmakers, sawing and planing establishments, owners of steam boats, and to the trade generally, we would refer, to every consumer, this Belting is specially recommended, the best of duty returned, given to the quality of this Belting. ☞ For sale by DE LANGE, No. 253 Liberty st., opposite the head of Wood. au15-lawdsm1yr
