ACCIDENT ON THE CENTRAL RAILROAD.—A long freight train, empty cars, on the Central Railroad, went to pieces near Bolivar, about ten o'clock on Friday night, without any visible cause. The train was going at a rapid rate, when it broke in two, many of the cars smashed to pieces, and a number thrown off the track.—The watchmen notified Conductor Scely, of the mail train, due here on Friday night, in time to prevent another accident, and he, and a number of his passengers went to work with energy and perseverance to clear the track—which they accomplished in about four hours. The lightning train, which was also detained, and the mail joined locomotives, and came into the city downed at 4 o'clock on Saturday morning. Much credit is due Conductor Scely for the active part he took in the matter.

THE UNIVERSITY.—We are pleased to learn from the *Chronicle* that the University has opened its fall term with the most flattering prospects. The number of students is large, and the professors are all at their posts. The faculty now consists of Rev. J. F. McLaren, D. D., Principal, and Professors McDonald, Grierson and Grigge, with instructors in French, German, and other "extra" branches. All the classical, mathematical and scientific branches taught in collegiate institutions, are embraced in the *curriculum* of the University, and in addition to these the ordinary rudimentary branches are taught by skilful instructors. As a *home* college we wish this institution every success, and trust it will be generously supported by our citizens.

ENTHUSIASM.—Some gentlemen having on Saturday to excite speakers for a Fremont meeting to be held this evening, found it a work of difficulty to find orators, numerous as they are in this cause which brings out all who can utter a word, owing to previous engagements. On Saturday there were not less than sixteen meetings to have been held in the cities and townships, and to-night there will be nearly as many. Since Friday morning there have been thirty-two Fremont meetings held in the city and vicinity.

Four or five speakers are engaged for every meeting, and there will be not less than six at Tarentum this evening. There are too many meetings for so many speakers to be at one, and the consequence is that some are not supplied at all.

The Price of Tobacco.—The tobacco market seems steadily advancing from the unfavorable condition of the growing crop. A tobacco firm in New York in their circular is quoted on Tuesday thus:

It is needless for us to set forth the gloomy forebodings of a majority resident at the West, but we are free to admit that in all human probability the western growth will this year be reduced one-third at least, and without a lengthened and favorable season a still further deficiency may occur and with the reduced stocks, both at home and abroad, followed by another short crop, it is scarcely to be expected that any decline can occur in the present market value, and for some description we further advance 1@2c. per lb. It will be seen that the value of the manufactured article has greatly improved certificates and declarations, as evidenced by the purchases in this city, where prices of leaf, we may notice that manufacturers of cutting tobacco have made a progressive advance of 10@15 per cent. on their former quotations, which has not been done without much reluctance on the part of those largely interested.

MEDICINE.

DR. L. B. WRIGHT'S
VEGETABLE
LIQUID CATHARTIC.

OR, PLEASANT FAMILY PHYSIC—An entirely vegetable preparation, pleasant to the taste, unexcelled in its action upon the Liver, Stomach and general system. As an Anti-Bilious and Alterative Purgative, this Medicine

HAS NO EQUAL IN THE WORLD.

I have used it constantly in my practice for upwards of 10 years in all cases where a good Physic and Alterative was required, and would not now, without it. It is the
FAMILY PHYSICIAN'S ASSISTANT.

As well as the safest family medicine to use. *Children drink it with pleasure.* It will not nauseate the most delicate stomach. *It produces no griping, nor operates edably, thoroughly, and is sure to eradicate all impurities from the system of it is properly taken. Always!*

THOUSANDS OF LIVING WITNESSES

are ready to testify to its superior virtues, independent of its purgative and anti-bilious qualities. It has cured the worst cases of Dyspepsia, Piles, Gout, &c. It is a
NEVER-FAILING CURE

for Headache, Liver Complaint, Jaundice, Kidney Complaint, Bilious Fever, Pains in the Side, Back, Breast and Limbs, Colds, Cramps, Worms, Lumbago, Blotches on the Skin, Pimples, Cutaneous Eruptions, Obstructions in the System, Complaints of the Bowels, Dizziness, Mercurial Diseases, Pleurisy, Female Irregularities, Bowel Complaints of all kinds, &c. It cleanses by its superior medicinal virtues, the viscerous humors from the blood and corrupt bile from the stomach, carrying it off through the natural channels; IT INVIGORATES THE BLOOD and leaves the system healthy. I ask my friends to test the above medicines, and pronounce a verdict as they shall be impressed, by the evidence. Those who know me professionally will not doubt its virtues.

Since its first introduction, my medicine has sustained such wonderful popularity and its sales have increased beyond the most sanguine hopes of its friends. Neighbors recommend it as a sure and *UNFAILING FAMILY PHYSICIAN*. Physicians carry it with them. *CHILDREN will FIND IT A FAKE NO OPIATE.*

after one trial, such a panacea should not be other in their families. People living in low and marshy countries, subject to deadly miasma, where Fevers, Ague and Fever and Bilious complaints are more apt to be, will find the *LIQUID CATHARTIC* the most potent remedy yet tried.—Give it a trial.

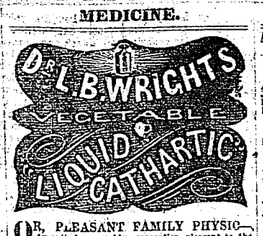
BOERHAVE'S
HOLLAND BITTERS



THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND,
FEVER AND AGUE,

AND the various affections consequent upon a disordered Stomach or Liver. Such as Indigestion, Costiveness, Acidity of the Stomach, Oppression, Loss or Appetite, Despondency, Giddiness, Blind and Bleeding Piles, Nervous Disorders and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

Nature finds no new enemy to combat, with this delightful tonic in the system. Its effects are almost magical, yet the cure *permanent*. It communicates no violent shock to the system. but by arousing the vital energies to normal action, enables it to throw off the *cause*, and thus permanently eradicates the disease.

When the medicinal virtues are so universally acknowledged, and particularly here, where the Bitters become so famous, that for 2 years it has been sold by nearly all the druggists, as well as all the druggists, it would seem needless to offer further evidence; yet as there are doubtless some who have but recently attended remedies, and still others from the remote parts of the country, the proprietors think it necessary to give the following certificates, the authenticity of which cannot be doubted, coming as they do from persons well known.

What it is doing for the Sick.

Wm. Schuchman, Esq., the well known photographer, says: "I have used Boerhave's Holland Bitters, and find it invariably relieves indigestion and debility." *Rev.* Isaac Newton, of Lancaster, says: "I have found its use for a severe headache, with which I had long suffered."

J. W. Woodruff, Esq., says: "I have used Boerhave's Holland Bitters myself and family, and find it a valuable remedy, knowing it to be just what it is represented."

Aid Jonathan Kelly, of Lower Dublin, says: "I have derived great benefit from its use for weakness of the stomach and indigestion."

Mr. Jacob Hoffman says: "After several physicians had failed, Boerhave's Holland Bitters rescued the pain from my breast, and my spirits from indigestion."

The editor of the Kittanning Free Press says "After having used Boerhave's Holland Bitters, we can recommend it as a sure and *UNFAILING FAMILY PHYSICIAN*. Physicians carry it with them. *CHILDREN will FIND IT A FAKE NO OPIATE.*

after one trial, such a panacea should not be other in their families. People living in low and marshy countries, subject to deadly miasma, where Fevers, Ague and Fever and Bilious complaints are more apt to be, will find the *LIQUID CATHARTIC* the most potent remedy yet tried.—Give it a trial.

HOW IT CAME TO BE KNOWN.

When I first commenced practice in New York some 20 years ago, my attention was almost immediately called to the many and increasing cases of Scrofulous complaints, and for which no certain or permanent cure of treatment in all its dire worst forms, and after ten years of study, I succeeded in discovering a remedy, which, with their Capital and Premiums, shortly invested. I offered it publicly in my practice for upwards of 10 years, and would not now, without it. It is the *Scrofulous Antidote* in my practice, with the *MOST REMARKABLE SUCCESS* in many cases that I have been known in my practice over eight years, and so great has the demand been, (on account of advertising in the newspapers) from reports of its miraculous cures, which have come from mouth to mouth, that I have determined to give the suffering throughout the country, the benefit of its wonderful curative properties. I can fully assure those who may feel disposed to try it, that it is perfectly harmless, and a

Purely Vegetable Preparation.

And has made more permanent cures than all other medicines given by forty physicians. I have now in my desk over one hundred *UNSOLICITED TESTIMONIALS* which, can be seen and read by all who desire it, and not one of them are ordinary cases, but such as to inspire the
