THIS INSTITUTION (formerly a Day and Boarding School) is situated in one of the most fashionable and healthy localities in the city, commanding a fine view of Allegheny City and the surrounding country. A lot adjacent to the building has been secured, which will give a spacious play ground for exercise, and a garden will be attached for each young lady to cultivate. Every exertion for the practical development of Science and the Arts will be exercised, and the rooms are large and well ventilated.

Only select pupils can be received into the family, which is limited, and we will find in this institution the comforts of home, with all the advantages for obtaining a superior education.

The Principal's attention in taking a limited number, is to be also given to a domestic superintendence by ladies, committed to her charge and studies, for the proper discharge of her responsibilities of Woman's life, and to qualify her for every, whilst accumulating knowledge in every department of useful and elegant learning, to instil into the minds of her pupils those principles of virtue, which are the best adornment and safeguard of the female character.

The services of Teachers and Professors of long experience have been secured for the coming year.

Besides the usual branches of a solid education, French, Italian, Spanish and German will be spoken in the Institution.

Lectures will occasionally be given on Chemistry and Natural Philosophy, illustrated by the necessary apparatus.

Gentlemen will have access to a well selected Library.

Arrangements have been made during the summer and autumn, to visit the country once a week.

The duties of this seminary will not admit of visits or parties of pleasure, except on the occasion of the annual examination of the pupils, which will be held in the presence of their parents, and to which they will be invited.

The next session will commence on MONDAY, the 1st of September, 1856. Applications must be made a few weeks before.

ADMISSION, &c.

It is desirable, when possible, that application for admission should be made before the commencement of the Term; and that information be furnished in regard to the age and general habits of the applicant, her progress in study, and the time she has attended any other school. Those who do not contemplate finishing the course, will pursue such studies as may be selected, and as are judged most profitable for them; but none will be admitted for a less period than one Quarter, unless by special arrangement.

General experience has proved, that absence from school, in Term time, is very injurious, not only to those who are absent, but also to those who remain; and prejudicial to the interests of the Institution. It is, therefore, especially requested of parents, not to enter a pupil for a less period than a Session, except in cases of sickness or other circumstances equally unavoidable.

Payment of tuition will be required to entitle the family vacation, their parents will deem suitable to send them to attend on Sunday. One of the teachers will accompany them to the place and will be requested to return with them.

Each young lady boarding in the family is expected to furnish herself with two sheets and table napkins for her own use, and is required to have every article of clothing distinctly marked with her own name.

It is desirable that each young lady, should be supplied with a Dictionary, Geography, Grammar, Atlas, Bible, Prayer Book and Hymn Book.

PHILADELPHIA, Sept. 10.—The steamer City of Baltimore arrived this evening with Liverpool dates to the 27th. The steamer Indian from Quebec arrived there on the 27th.

LIVERPOOL, 26th.—We are still without arrivals of consequence from the States, and, with a continuance of showery weather, the grain trade has been steady. At Tuesday's market there was a good attendance of the millers and dealers, who paid the full prices of Friday for all the fine wheat they could get, and would have taken more, had it been obtainable. Inferior kinds however, are still quite unsaleable.

Flour was in good demand and rather full rates; in some cases an advance of 6d per bbl being established. For Corn there was somewhat speculative inquiry, and 58s 6d@59s was paid for mixed and yellow, and 34s@35s for white.

We quote red wheat at 7s@8s 9d; white 9s 6d @11s per 70 lbs. Philadelphia and Baltimore flour 30s@33s; Ohio 33s@34s 6d.

Provisions.—The sales of Beef continue in request retail, without change in prices. Pork is steady with but little doing. Bacon quiet with a very limited demand for the country. About 70lb boxes were sold at auction, but only 30 were sold at 55s for long middles, boneless, and 57s for Cumberland cut. Lard very scarce, and 71s paid for 120 tons.

PROVIDENCE, R. I., Sept. 10.—The Fremont Mass Meeting held here to-day is an immense gathering. Delegations are pouring in from all quarters, and are marching through our streets with music and banners. The houses are decorated with flags, and the greatest enthusiasm prevails. J. Prescott Hall presided over the Meeting, which was much the largest ever held in this city. Henry Wilson, Judge Tyler, H. D. Stanton, Gov. Cleveland, James T. Simmons, and Thomas Darby were the speakers.

When the procession entered the hall the band company, with the bands, joined in a rally ing song at the sight of the Republican flag. Delegates are now present from every quarter of the States to the Fremont Convention. The factories are all closed to-day in honor of the occasion.

NEW YORK, Sept. 10.—The Democratic torch light procession at night was the greatest demonstration of the kind ever witnessed in this city. It was over two miles in length, and it is estimated that 20,000 persons took part in it. There were fifty bands of music, and the torches, banners, and other devices were to be counted by tens of thousands. The streets through which the procession passed, were in a perfect blaze of light, for miles in extent. The wildest enthusiasm was manifested, and at the close the masses dispersed without any occurrence to mar the harmony of the demonstration.

PORTLAND, Me., Sept. 10.—In two hundred and sixty-four towns Hamblin has 63,216; Wells 32,078; Payson 4,690. Forty members of Congress and the whole Senate, with the exception of perhaps one, vote Republican.

Hamblin's majority for Governor over Wells will be 20,000. Fremont's over Buchanan 30,000.

In Bangor, Me., Washburn, Republican, has over 3,000 majority. Every town coming in shows a large Republican gain.

By South.—Sept. 10.—The Republican has advices dated Kansas 31st ult. Reports on the 4th a party of 150 of Jim's men attacked Osawatomie, where Brown was in command. Judge Lecompte has issued orders to the Marshal of the territory to arrest Lane and other agitators. Gen. Smith has instructed Col. Cook, commanding 14 companies of U. S. troops now stationed in Kansas to aid the Marshal in the execution of the orders. Lane has left the territory for Missouri. The Governor and Council are still in session at Lecompton.

Gen. Smith has instructed Col. Cook, commanding 14 companies at Fort Riley to give the necessary assistance to arrests. Lane left the Borough of East Birmingham and the special parliamentary train for London, on the 23d inst. Lane was received very coldly in Glasgow. Tuesday evening. He met ex-Governor Shannon there on his way down the river.
