FREMONT HORSE CLUB.—We give below the action of the Liberty-st. Merchants, respecting the Convention. They have agreed to close their warehouses on that day:

At a meeting held at the ware-house of D. C. Herbst, corner of Liberty and Hand sts., on *Friday*, the 12th inst., at 4 o'clock P. M., for the purposes of forming a Fremont Horse Back Procession for the 17th inst., Col. Wm. B. Hays was called to the Chair, and Messrs. B. P. Pettit and Jno. White appointed Secretaries. On motion of Mr. Welfe, it was moved that this Association be called the Fremont Horse Club. A Committee was then appointed to extend invitations to individuals or similar organizations to join this Club in procession on the 17th inst. A Special Committee was appointed to confer with the 4th ward Fremont Club. The following gentlemen were appointed as Marshalls and Aids for the procession:

D. C. HERBST,.....Chief.
Wm. B. HAYS,
C. WELFE,
JAS. D. M'GINN, } Aids.
Wm. M. KEAN,
B. P. PETTIT.

A motion was next made that the proceedings of this meeting be published in the city Fremont papers. On motion the meeting adjourned to meet at 9½ o'clock, on Wednesday morning, the 17th inst., at the "Eagle Hotel Yard," Seventh street.

Persons wishing to join this Club can do so by calling on the Secretary, No. 205 Liberty street.

WM. B. HAYS, Pres't.

B. P. PETTIT, } Sec'ys.
JNO. WHITE, }

THE PROCESSION.—The *Post* and *Union* find fault with the counts of the procession published in the *Gazette*, and publish a statement of the *Chronicle*, by which the *Post* makes out that at least 9300 went out to the grounds by public conveyance. The article referred to will not give any such result. There were 1094 excursion tickets sold, and $104 taken on the trains, which would be 2,080, total 4,010 of this total, half must be deducted for the return. Excursion tickets were bought for the out and in trips. But it is not so certain that 2637 went by the railroad, as many of those who went by omnibuses probably returned by the cars. The article in the *Chronicle* also says, that 1200 arrived by the regular trains, but does not say that the 1200 came to the city and formed part of the excursion train visitors. The article in the *Chronicle* also says that 4000 visited the grounds by the Excelsior Omnibus Line. Allowing four horse—from 12 o'clock till 4—as the time employed in going, and three to each omnibus, there would be required 266 omnibuses, or 66 an hour, or more than *one a minute*. Then the figures must be just doubled to bring them all home again. We believe the Company have forty omnibusses—which, though a large stock, would be inadequate to such a business.

THE friends of Fremont and Freedom of the Third Ward, Pittsburgh, are requested to meet at the *Fort*, corner 7th and Grant streets, on Wednesday morning 17th inst., at 9 o'clock for the purpose of forming a procession.

It is hoped that all our friends will unite with us.

Persons with Banners, Devices, Wagons, &c., will report themselves to the Marshal at the stand. JAMES MONTGOMERY, *Chief Marshal.*

FROM KANSAS.—Mr. Aaron Jefferies, late of this vicinity, has arrived from Kanesa. He states that he was forced to leave that Territory on twenty minutes' notice, and was robbed by the Missourians and Georgians of all his clothing, rifle, and $400 in gold, and a draft on New York for $300. This draft was paid on the 3d instant, and of course this will be an additional loss to him.

RELIGIOUS.—The Rev. S. W. Crawford, D. D., late Principal in the Academical Department of the University of Pennsylvania, and now senior Professor in the Theological Seminary of the Reformed Presbyterian Church, Philadelphia, will preach in the First Reformed Presbyterian Church (Rev. Mr. Douglas,) to-morrow morning at 10½ o'clock.

The following is a copy of a communication addressed to the *Union* of this city:

To the Editor of the Pittsburgh Daily Union:

An article in your paper of Friday morning, over the signature "No Digestion," is full of misrepresentations, and calculated to do so great injury to the cause of public education in the Third Ward of this city, that I take occasion to request you to publish the following communication, for the purpose of correcting the allegations of your correspondent.

It is a matter of regret that the article in question should find its way into your paper, from the evil consequences that might attend upon its publication, in creating a prejudice in the minds of any portion of the citizens of the Ward. No political question has ever, within my knowledge, been discussed in the Board, nor has any application for a situation as teacher, nor any teacher been interrogated as to his or her political preferences. If the political opinions of the Directors be known to the Principal or teachers of the Third Ward Schools, they must have became known to them *otherwise than from any action of the Board, or any member of it.*

Respectfully yours,
ROBERT VANDERVERT,
President 3d ward School Board.

To Dr. Robert Vanderver, President of the Third Ward School Board:

DEAR SIR—The undersigned Teachers of the Third Ward Public School, beg leave to say for public information, that no member of the Board of Directors of the Third Ward School, has at any time inquired of us, or either of us, as to our opinion on political questions of the day, nor requested us to meet for any purpose connected therewith, nor to procure a flag to be presented to the "Republican" or any other Convention, nor as far as we know, had the Board, or any member thereof, any cognizance that any or all of said meet, or intended to meet, for any purpose whatever.

Signed by the Teachers.

DUFF'S MERCANTILE COLLEGE PITTSBURGH.—Great improvements have within the last fifteen years, been introduced into Mercantile Education, and the Principal of this establishment is well known to be the pioneer in these improvements, and this institution still stands foremost in public confidence. His system of Book-Keeping form an enduring and valuable constitution to our commercial literature; while they justly give a weight and an influence to his signature, possessed by no other living teacher in this department of Education.

THE YOUNG MEN'S BIBLE CLASS, Conducted by Prof. Jacobus, will be resumed on to-morrow (Sabbath the 14th inst.) at 4½ o'clock, P. M., at the Rooms of the Young Men's Christian Association on Fifth st., commencing with the 5th chapter of the Gospel by John. All interested in the study of Scripture are invited to attend.

LIVERPOOL CORN MARKET, Aug. 27.—From Messrs. R Malin & Son's circular.

The weather unfolded to with the greatest anxiety, its character at present being still unsettled. The Russian crop in the south, otherwise quite ready for housing, and unfavorable reports of the spring crop of wheat and barley are communicated from many directions. The progress of harvest in the midland and northern counties is also retarded, not a to the adverse change of the weather within the last ten days, and we require a renewal of favorable influences for some weeks to insure the good condition of the grain, as well as the preservation in point of soundness of the quality. In our own locality, and for a considerable distance northwards, the potato crop is reported as extensively affected by disease.

The markets of the kingdom, at the close of the past week for wheat, all kind of barley, oats, beans and peas, were, on Monday, we have had a good extent of sales, which have been liberally supplied, at a decline of extreme rates then noted. Our aggregate supplies of the week are of moderate amount, being fair of Wheat, limited of all other articles, there not being a single fresh arrival of Indian corn, and only 6007 barrels of flour from the United States and Canada.

The American markets are considerably cheaper for corn, and large quantities are offered for shipment from the exporting Indian corn appear to have almost entirely ceased, and will not be resumed to any quantity till the new crop becomes available for shipping with the turn of the year.

We had a good attendance of millers and dealers at this day's market, some from a distance in the interior; sample of wheat was somewhat better and of finer description, we exceedingly scarce, and such quality was readily sold at rates corresponding to the currency terms of our Friday last, and altogether a fair amount of business was done. Inferior parcels were difficult to sell at 1s per qr under previous quote term. Choice flour: American as well as spanish, commands more inquiry, and few sorts are left in the market at the rates recently paid.

Scarcity in better demand, and realising in advance for Egyptian. Barley without change. Oats steady at our quotations. Oatmeal in moderate request from the country, at 25 9 load advance on the week.

For Indian corn we advance our quotations on yellow and white American 1 to 2s per qr, on white 1s 6 per qr. We have has been a fair business done with consumers, some for export, and a little for soldiers over.

The receipts of the Pennsylvania Railroad for the first month of the current year compare thus favorably with corresponding time in the year 1854, '55:

Leaving to Contingencies,

This is the all yearly exhibit. The progress made to the amount of traffic between New York Trade and Chicago, is very remarkable, and indicates the advantages the line enjoys from its more southerly position to the Lakes and spring markets over the line of road to the West from New York City. The net earnings, after providing for the funded interest for the six months, are equal to about 1½ cent on the stock, of which 4 cent has been paid out in dividends at the half yearly offices, leaving to this year in hand. The policy of paying simple interest on the stock, 6 per cent, had been pursued from the foundation of the entire line.

The Money market is rather easier again to-day on call, and stocks are somewhat firmer. The 4 per cent discount rate of the Bank of England continues in full force. Paper, in the discount line, goes at 8@9; 6 per cent is the current rate and first class names, and there is no pressure on the market.

At Philadelphia, there is rather more disposition manifested to operate in stocks, but as yet no amelioration of rates in the money market. The 6 per cents are firm at par.

At Boston, money is more freely supplied on prime paper at rates recent y given. 8@9 per cent is the rate, and there is not an active demand even at 8. Ibid.
