FREMONT MEETINGS.—There will be meetings of the friends of Fremont and Freedom, in the following named Townships and Boroughs. Eloquent speakers will be in attendance:

Phillipsburg—Beaver county, Monday, Sept. 15th, at 1 o'clock.

West Deer township—at Haslett's School House, Sept. 16th, at 6 o'clock, P. M.

"HANG OUT THE BANNER ON THE OUTER WALL!"

Friends of Freedom! Show your colors! Your friends are coming to greet you on Wednesday, and they will want to see, by the flags that are flaunting in every breeze, that the Fremont feeling is developed here. Out, then, with a Fremont flag upon every house, and if you cannot get a big flag, let a small one answer.

Gov. ROBERTS.—The meeting held at Washington, Pa., on Wednesday last, to hear Gov. Roberts, of Kansas, was an unprecedented outpouring. The people came in from all parts of the county, with banners and music, and he addressed them for several hours, commanding their undivided attention to the end. The *Tribune*, of that place says:

"Gov. Roberts then took the stand amid prolonged cheers. It was a greeting worthy of the man and his noble mission in the cause of Freedom. For three long hours he held that mass of human beings in an electric chain, upon which his eloquence came down in burning, dreams. Truth is eloquent and that it is the perfection of eloquence, was attested on this occasion by the weeping of strong men, when the gallant speaker depicted the wrongs of Kansas,—the virgin daughter of the Republic. It was a plain and practical speech, one that will tell in the sale again when those who heard it go to the polls."

Gov. Roberts addressed three meetings in Greene county, following his Washington appointment, and speaks to-day at Uniontown. He will be here on Wednesday.

"THE LATCH STRING OUT."—Our friends from abroad who have been urged to come to the Convention of the 17th have been assured that the latch string of genuine hospitality will be out on that occasion. We trust that no appeal is necessary to render secure the redemption of this pledge. In fact, we feel that it is barely necessary to say to our Fremont friends that they are *all* expected to keep open house on that day, and that they will convey to the passer-by the knowledge of this fact by some outward designation. To-day and to-morrow only are left for preparation; and we content ourselves with merely mentioning the fact, without presenting any appeal in the premises. Any draft upon the hospitality of our friends will, we know, be fully met.

The outrageous assault committed upon Dr. Morrison at Monongahela City by MONTGOMERY, the Border Ruffian candidate for Congress in the Washington district, appears to be rousing up the people of Washington county to the necessity of giving him a terrible defeat at the polls in October. We are glad of it. The lovers of peace and decency and propriety in that county, are numerous enough to administer to him a rebuke that he will never forget; and as he has now put himself beyond the pale of their support, let them rally as one man in October, and that notorious demagogue and bully will get a castigation that will reach into the very marrow of his bones.

The New York *Tribune* says that Maine has been carried by contesting every square inch; and that if Pennsylvania is to be carried, we will have to cover it over with documents, as Maine was covered. We can only say that if other parts of Pennsylvania come no better speed in obtaining documents from the *Tribune* office than our County has done, the prospect will not be brightened by the energy manifested *there*. It is now nearly three weeks since a lot of documents was ordered and paid for at that office, for this County, and there is no sign of them, yet.

As an evidence of the growing zeal in the cause of Freedom, we may note that on Saturday there were no less than *thirteen* Fremont meetings in various parts of the county. On Friday there were five or six, and to-night there will be at least a dozen. On every hand our co-workers seem to be earnest and enthusiastic, and the din of preparation and the mustering of men give token that the day of battle will not come on them at a disadvantage. The Buchaniers have had no meetings since the grand fizzle of the 10th; and from the supineness they show it would seem they have made up their minds for a rout in November.

MR. HASSAUREK, of Cincinnati, delivered three addresses in German, last week—one in this city, one in Allegheny, and one in Birmingham —in behalf of Fremont, and speaks to-day in Phillipsburg, Beaver co. His audiences have been quite large, and his addresses, we are told, powerful and unanswerable. He is an able and eloquent speaker, and we learn that he has not only carried conviction to the hearts of many German-born citizens before, but he has aroused up the zeal and enthusiasm of those who were for Fremont before.

NORTH WARD.—The Fremont men in the Ninth Ward will meet at the usual place to-night, to arrange for the Convention on the 17th.

SLAVERY AT WAR WITH CONSTITUTIONAL RIGHTS.

The Constitution of the United States is in nothing more explicit than in its guaranties of freedom of speech and the freedom of public assemblage. In these respects it adopted the forcible and expressive language of Magna Charta; and if our government possessed an administration at all imbued with the spirit of the constitution, the enjoyment of these rights would not be, as they now are, put in absolute peril in one half of the confederacy.

For it is a fact—stern and unquestionable—that in fifteen of the States of this Union there is now no such thing as true freedom of speech, nor can the people exercise the right of peaceably assembling together. Mr. UNDERWOOD has been exiled from Virginia for no other crime than that of appearing as a delegate in the Republican National Convention at Philadelphia; the citizens of Wheeling who undertook to hold a Fremont meeting were mobbed; threats are constantly fulminated in other Slave States against any who shall dare to utter a word in behalf of freedom in the national territories; and now we have an account of the mobbing of a Fremont meeting in Baltimore. We extract our account from the columns of the Baltimore *Sun*:

REPUBLICAN ASSOCIATION OF BALTIMORE.—This association held a meeting last evening at the Temperance Temple, and in the absence of the President, Mr. Elias Hawley, on motion of Mr. Wm. Gunnison, Mr. F. S. Corkran was called to the chair, and Mr. Wm. E. Coale, Jr., was selected as Secretary *pro tem.*

Mr. Wm. Gunnison, from a committee appointed to report an address to the Republicans of this State, submitted one which set out with the declaration of their devotion to the Constitution and the Union, and of their adhesion to free-soilism in Territories admitted; declaring the repeal of the Missouri Compromise to be a breach of faith on the part of the South, and that peace and unity could not again exist without the same was restored.

It also declared that the charge made against them of being in favor of abolitionism was unjust and unfounded, as they held the opinion that the emancipation of the slave would tend to render his condition worse, and fatal to the black race, unless the government should take steps to colonize the manumitted slaves. It declares slavery to be pregnant with difficulty by causing a monopoly of the soil in the slave States, and that it tended to subjugate the rights and interests of the non-slaveholder to the slave owner. The Kansas act it denounces as a fraud, and also denounces the administration for employing the government troops in the civil war existing in that Territory, as the address sets forth, against the free State men.

At this stage of the reading of the address a large number of persons who had assembled in the room and around the door created some slight confusion by crowding and laughter, when a Mr. Meredith, well known as a Sunday street preacher, passed down the room to them and commanded silence and ordered them to leave the room or take seats. This was succeeded by loud laughter, applause and hisses, and three cheers being proposed for Fillmore, they were given amid the utmost confusion and terrific noise produced by stamping, clapping of hands, &c. Next three cheers were given for Buchanan in the same fashion, and for some twenty minutes there was kept up a succession of cheering for those gentlemen, alternated with loud groans for Col. Fremont, Corkran, Gunnison, Fussell and others taking part in the meeting—the whole being interspersed with cries of "turn off the lights," "tar and feather them," &c., while loud calls were made by the same parties for speeches from those concerned in the meeting. Some of the lights here being turned off, these gentlemen commenced leaving the room, when they were saluted as they passed through the crowd with groans, hisses and other similar sounds and remarks, they making as hasty retreat as possible, followed by the crowd, where an immense concourse had assembled, and upon reaching the street loud cries were made for rails, upon which to ride them, and the cheering and groaning was renewed. Messrs. Corkran and Col. Wm. E. Coale, were followed by the crowd and roughly hustled about until they had reached the corner of Gay and Fayette streets, where the former was tripped up or knocked down and the tails of his coat cut entirely off; while the latter named gentleman, although not so roughly treated, was pushed and hustled about in other than a pleasant manner, and his hat mashed in. They were then allowed to take their departure, while the crowd amused themselves by cutting the portion of Mr. Corkran's garment they had secured into strips and distributing it among them.

Those taking part in the meeting numbered from thirty to forty persons, while the outside crowd amounted at least to two thousand persons; in fact to such a pitch did the hall together with the street was almost entirely blocked up.

From those concerned in the meeting we learn the association had determined upon presenting an electoral ticket in this State, and that the names of those selected was to have been announced at this meeting.

It will be noticed that all these attacks upon the constitutional rights of the freedom-loving men of the South come from the border Slave States; and if intolerance reigns thus supreme upon the border, where the mollifying influence of northern sentiment must be felt to some extent, what must be the feeling in the fire-eating states to the southward?

Why these things should be is apparent. Slavery cannot tolerate freedom of opinion or freedom of action, except in one direction, and that in its own behalf. The oppression it entails is not confined to its immediate victims. All who live under its baneful shadow are subject to its code of terror. They may hug to their bosoms the delusion that they live in a republic, and that they enjoy the invaluable right of free speech; but they are made to feel with terrible force that there is *one* subject upon which they must neither speak nor act, no matter what outrage may call for their condemnation or what crisis may demand their aid. Upon that subject their hands and tongues are tied; and their constitutional guarantees are not worth the paper they are printed on.

While Slavery thus tramples on and oppresses the nominally free citizens of the slaveholding States, the question comes home to the people of the free States—will you permit such a system to be extended into Kansas? That is the question to be decided in this Presidential canvass.

MERCHANTS! BUSINESS MEN!—Have you got flags and streamers ready for your buildings on Wednesday next? If not, no time is to be lost. Every street ought to be radiant with flags on that occasion.

Dr. Keyser's Shoulder Braces—From

Pittsburgh Dispatch, April 10th, 1856.—For more than 2 years past we have constantly worn the Washington Shoulder Brace, manufactured by Dr. Geo. H. Keyser, of No. 140 Wood st., in this city, and would heartily recommend it to all who are compelled to follow a sedentary occupation. As we have before remarked, in calling attention to its merits, it answers for a brace and suspender, the weight of the pantaloons being so placed as to continually tend to bring the shoulders to their natural position and expand the chest. Women, hundreds of whom are annually injured by the weight of numerous "skirts," should also procure these braces. Be cautious in procuring the kind mentioned, as many of the braces sold are humbug. Sold at Dr. GEO. H. KEYSER'S, Wholesale, Retail and Manufacturing Druggists, 140 Wood st. sign of the Golden Mortar.

Grey, Red and Rusty Hair,

dyed instantly to a beautiful and Natural Brown or Black, without the least injury to Hair or Skin, by Wm. A. Batchelor's Hair Dye.

Fifteen Medals and Diplomas have been awarded to Wm. A. Batchelor since 1839, and over 50,000 applications have been made to the Hair of his patrons of his famous Dye. It produces a color not to be distinguished from nature, and is *warranted* not to injure in the least, however long it may be continued.

Made, sold, or applied (in nine private rooms) at the Wig Factory, 223 Broadway, N. Y.

Sold by all cities and towns of the United States, by Druggists and Fancy Good Dealers.

A Great Medicine for Females.—Hun-

dreds of certificates have been invented and sold, purporting to be specifics in the various diseases and derangements to which the delicate form of woman is under her subject.—The result of all these stimulants has been to impair woman's delicacy of constitution, and raise a host of fair sufferers; but this relief has been succeeded by a depression and prostration greater than before; and the repeated attempts of invalids to build themselves up by these deceptive nostrums, has left them a legacy of debility, and secured into strips and distributing it among them.

Those taking part in the meeting numbered from thirty to forty persons, while the outside crowd amounted at least to two thousand persons; in fact to such a pitch did the hall together with the street was almost entirely blocked up.

Frostwort or Rock Rose.—For the cure

of Scrofulous Diseases.

NEW HAVEN, Jan. 1, 1852.

My son Charles has been afflicted with inflammation of the hip joint. At the age of 5 he was first attacked; inflammation increased until the hip was very diseased, and the limb entirely shrunken. Seeing your Frostwort, that it was impossible to straighten it; a professor of surgery gave it as his decided opinion that the leg would never heal, and that the young man would never walk again.—The disease increased so rapidly that for two and a half years he only walked with a crutch, and his efforts to exercise the limb were attended with great pain, so that he could not sleep. I watched him as attentively as I could, and perceived that he was fast losing all his strength. I then procured a bottle of your Frostwort. He had been treated by distinguished medical practitioners, by leeching, blistering, &c., he had also been under the Medical Clinique of Yale College. The remedies they recommended were more harsh in their application, and without avail. This was his disease and dreadful condition 18 months since when he commenced taking Myers' Rock Rose. One bottle was not partly taken when he was much better, continuing until three bottles had been taken, when a cure was entirely completed, now he is in excellent health. This is the testimony of and can be corroborated by addressing Mrs. Catharine Medill, 91 Wallace st., New Haven, Conn., or can be fully substantiated by hundreds at this place, or by addressing a line to Rev. W. W. Belden, New Haven, Conn.

WORCESTERSHIRE SAUCE.

whereby further testimony is afforded of its being the best Sauce extant.

The success of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health is becoming daily more observed and acknowledged.

In the United States it is held to be the most valuable condiment, and it estemed for its tonic and invigorating properties, its natural use enabling the stomach to digest the food.

On the Continent of Europe, these qualities have been testified to by a gentleman, who writes to LISA & PERRINS thus: "I have carried a bottle of your Worcestershire Sauce in a cruse; I have just returned through Spain and Portugal, and believe I owe my present state of health to its use; your Sauce is stomachic, and I think medicinal, can with truth say there is nothing in a traveler's bag, more essential to his comfort, at least in those countries, as your Sauce.

In India, also, where it is spoil at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms: "Tell Lea & Perrins that their sauce is highly approved in India, and that it is in my opinion, the most Palatable as well as the most wholesome sauce made."

This sauce is suitable for every variety of dish, and the universal demand which its excellence has created has led to many imitations being offered to the public under a variety of names, but the genuine may be known by the names of "LEA & PERRINS" being impressed upon the bottle, outside wrapper, and upon glass stopper of the bottle, as well as the labels and wrapper.
