N. Sewickly, Beaver county, near the Knob, Sept. 29th, at 10 o'clock. Speakers, B. B. Chamberlain and others.

Mifflin township, at Dravesburg, Sept. 27, at 7½ o'clock. Speakers, Kirkpatrick and others.

Wilkins tp—at Linhart's School House, Saturday, Sept. 27th, at 7½ o'clock. Speakers, Eaton and Eyster.

OUR SUCCESS.—The friends of Fremont in Philadelphia are daily having their hearts cheered with new and important accessions to their numbers. Among them may be enumerated the following:

JOHN M. READ, one of the foremost men at the Philadelphia bar, and Attorney General under Gov. Shunk. He has taken the stump and will do good service.

SAMUEL D. INGHAM, of Bucks county, who was a member of Gen. Jackson's Cabinet, and who has always heretofore acted with the democratic party. His letter to the Republicans of Philadelphia is a stinging rebuke of the Pierce administration.

WM. M. MEREDITH, a member of Gen. Taylor's Cabinet, and a distinguished son of Philadelphia. He has hitherto held aloof, but is now on the side of Freedom.

WM. J. DUANE, one of the fathers of the Democratic party, and who knows, if any living man knows, the elements of true democracy.—He repudiates Buchanan and the sham democracy of which he is the embodiment.

EDWARD COLES, formerly Governor of Illinois and the intimate friend of Thomas Jefferson.—He is, we believe, a native of Virginia, and was Governor of Illinois when it was a Territory.—In that position he gave his valuable influence against the insidious scheme then attempted, of making Illinois a Slave State, and saved it to freedom. He is true to the faith of his early days.

—Here is an array of venerable names of which any cause might well be proud. Of such it may truly be said—"Thou shalt rise up before the hoary-headed and honor the face of the old man." A cause must be sacred indeed which induces such men to come from the retirement of old age.

THE OCTOBER ELECTION.—We trust that every friend of freedom will remember the October election and be ready to give the Union Ticket such a support as will pave the way for an overwhelming victory in November. Mr. Cochran, the candidate for Canal Commissioner, is an able and reliable man, who made his mark in our State Senate when it boasted among its members many of the leading men of the State. His political relations are such as will, we believe, draw to his support all those with whom he has been found acting heretofore, to wit: the Old Line Whigs.

Hon. Darwin Phelps has been placed upon the ticket for the office of Auditor General as a representative of the free Americans. Mr. Phelps has for a long time been a resident of Allitanning and is well known as a man of integrity and talent. We find a notice of this gentleman in the Lancaster *Whig*, from which we make the following extract:

"The office of Auditor General is one of the most important to the Commonwealth, and it is one that peculiarly requires a knowledge of the laws, habits of close investigation, industry, and a character of stern and unbending integrity. The accounts of all our public officers are examined there and finally settled, and intelligence, integrity and business habits, should be united in the person of the Auditor General. All these qualities are found in Mr. Phelps, and he ought to be sustained by every American, by every good citizen and by every good man in the Commonwealth."

The Candidate for Surveyor General, Bartholomew Laporte, Esq., of Bradford county, is the Representative of the Republican wing of the Union party. He has always been a thorough opponent of the extension of slavery, and stands now as he always has stood for the constitution as the palladium of liberty, not as the shield of slavery.

The Union of parties now happily consummated upon these candidates cannot fail of success. We wish, however, that that success shall be so triumphant as to dishearten our enemies, and carry terror into their ranks. Let the October fight be the first grand charge upon the faltering ranks of the enemy preparatory to the pitched battle of November. Vigilance and determination will secure the first, and give us a pledge of triumph in the final struggle.

Upon our own county ticket we look for such a concentration of strength, such an overwhelming majority as shall leave no hope to the pro-slavery party. But conscious strength, may be as disastrous as absolute weakness, if it is not put forth. One man may say, "there are enough votes without mine, so I will not go to the polls to-day." That will never do. Every one can see what the result of that feeling would be if carried out generally. A United States Senator is to be elected this winter. We wish to place in that position a man who can speak for *free* Pennsylvania. She has long enough been chained like a captive in the Roman triumphs to the car of the conqueror who would enslave her. Every true man, laying aside all personal bias, sinking all personal preferences, should rally for justice and for truth; should see that such men are elected as will truly reflect the spirit of Pennsylvania in their representative capacity.

BUCHANAN ARGUMENTS.—The spirit and the temper of the Buchaniers may be inferred from the abusive epithets they hurl at FREMONT. The subjoined list comprises the storehouse of their campaign arguments:

Catholic	Thief,	Cheat,
Know Nothing	Dog Eater,	Millionaire,
Jesuit,	Bastard,	Pauper,
Swindler,	Sot,	Frenchman
Mutineer,	Filibuster,	Canadian,
Gambler,	Adventurer,	Slaveholder,
Foreigner,	Coward,	Animal,
Duelist,	Bully,	Bankrupt.

For the Pittsburgh Gazette.

Messrs Editors: I thank you for the favorable notice of the *"Christian Citizen,"* just issued from the press of W. S. HAVEN, corner of Market and Second streets. It is but right that I should state that it is through the generous donation of three gentlemen of this city, that this little publication was stereotyped in duplicate, so that Mr. Haven can afford to furnish it at the very low price of 25 cents per hundred or $2,50 per thousand, which barely covers cost. I trust that it will do its part in promoting the cause of Freedom; for it is now manifest that it will have a wide circulation. Mr. Haven is the only vendor. THE AUTHOR.

THE PANAMA MASSACRE.—We find in the New York journals an important and interesting official document of great length in reference to the massacre of American citizens and the pillage and destruction of their property near the Panama Railway Station on the 15th of April last. It will be remembered that Mr. Corwine was dispatched by this Government to the Isthmus to inquire into the difficulty, and, as we now learn, with the following specific instructions:

First—As to how the affair commenced, and who began it? and to detail as minutely as possible the successive steps in the riot.

Second—Was the assault upon the Railroad Station and citizens of the United States, and the robbery and destruction of their property, unpremeditated? or was it made in pursuance of a previous arrangement?

Third—Was there any hostile feeling on the part of the natives or residents of Panama against citizens of the United States? and if so, how did it originate? Was it occasioned by any improper conduct of persons passing through Panama to and from the steamers, on any occasion anterior to that of 15th April?

Fourth—Did the authorities of Panama fail in their duty to suppress the riot? and if so, was this occasioned by the confusion of the scene, or was it intentional on their part?

To the end that just conclusions might be arrived at, various persons were examined under oath, and the body of this report is their testimony. The facts were laid before the public in the newspapers soon after the events in question occurred. It is not necessary to repeat them here. The conclusions which Mr. Corwine has deduced from the evidence elicited are now however, and we give them in brief as follows:

First—That the affair of the 15th April was begun by the colored man, Miguel Habrahao, firing a pistol at the intoxicated passenger.

Second—That the assault upon the passengers and railroad depot was made in pursuance of a previous arrangement; that the dispute and affray relative to the slice of watermelon was seized on as a pretext by the colored population of Panama to assault the persons of Americans *in transitu*, and plunder their property, and that of all other Americans with which they came in contact; but that the assault on the railroad station was, in the language of one of the witnesses, *deliberately planned* by the police and mob, who conjointly made the assault.

Third—That there was, anterior to the 15th April, considerable ill-feeling cherished by the colored natives of Panama towards citizens of the United States; and that this ill-feeling was engendered by various causes, such as the compilation of the Police Code, and the employment by the Pacific Mail Steamship Company of the small steamship *Tobogta* to convey passengers to and from the landing and ocean steamers, by which most of the blacks were thrown out of employment.

Fourth—That the authorities of Panama did most signally fail in their duty to suppress the riot: that it could not have been by the confusion of the scene, because when they arrived on the ground the riot, which was confined to the Chenaga, had, in a measure, ceased; and the passengers had, with perhaps a few exceptions, sought refuge on board the steamship *Tobogta*, lying alongside the railroad wharf, and in the railroad station house. And the attack by the police and mob on these buildings was the result of connivance; and that, the police, instead of affording protection to the station and the passengers, assaulted them and united with the mob in murdering and plundering.

Fifth—That the Government of New Granada is unable to maintain law and enforce order on this Isthmus, and afford adequate protection to the transit.

This is shown by the repeated outbreaks at this place during the past six years, and by the admission of the Governor, Prefect and others that the mob could not be restrained or controlled on the night of 15th April last.

In view, therefore, of this state of things, and of the repeated outrages committed upon our countrymen and their property, as well as the immense amount of American capital invested in the Panama Railroad, the steamships employed in connection therewith, the great amount of travel and treasure constantly going to this route to and from our Atlantic and Pacific possessions, I feel it a duty incumbent on me *to recommend the immediate occupancy of the Isthmus, from Ocean to Ocean, by the United States, as the best practicable mode to insure safety and tranquility to the transit*; unless New Granada, after the proper representations shall have been made, and the necessary demand made upon her, in pursuance of treaty stipulations, can satisfy us as to her ability and inclination to afford the proper protection and make speedy and ample atonement for the wrongs inflicted upon our countrymen by the people and officials of the State of Panama.

The amount of capital invested in the Railroad is $7,500,000, and in the steamships nearly the same amount, approaching the enormous sum of $15,000,000. By the accompanying statement, furnished me by the Agent of the Pacific Mail Steamship Company at this place, it will be seen that the total amount of treasure brought to this place by the steamships of that Company during the months of January, February, March, April, May and June, of this year, foot up $21,383,-604 46. Of this sum $17,469,483 63 belonged to citizens of the United States, the balance to British subjects and to parties in Panama.

During the same period the total number of passengers from the Atlantic States, and conveyed by the same line of steamers to California, was 10,774; and from California to the United States, on the Atlantic, 6,745, making in all, 17,519.

Thus is shown the immense interest citizens of the United States have at stake on this Isthmus, and the absolute necessity of protecting them therein. Either the plan I have suggested will have to be adopted, or else our Government will be compelled to keep constantly in this harbor, as well as that of Aspinwall, the Atlantic terminus of the railroad, a ship-of-war, with an extra marine force, to be landed in case of an emergency.

The interests our countrymen have here are too great to be neglected, and left at the mercy of an ignorant, brutal race, such as infest the Isthmus, and who can neither be restrained nor subdued by the authorities of the country. Nor are they to be driven hence by the enactment of oppressive, arbitrary laws, in violation of their rights, guaranteed by treaty. They need the protecting arm of our own Government, and I feel a confident assurance that it will be extended to them.

The phraseology of Mr. Corwine's recommendation reminds us of a leading passage in the celebrated Ostend Manifesto, as follows:

"After we shall have offered Spain a price for Cuba far beyond its present value, and this shall have been refused, it will then be time to consider the question, does Cuba in the possession of Spain seriously endanger our internal peace and the existence of our cherished Union? Should this question be answered in the affirmative, then by every law human and divine WE SHALL BE JUSTIFIED IN WRESTING IT FROM SPAIN IF WE POSSESS THE POWER. Under such circumstances, WE OUGHT NEITHER TO COUNT THE COST NOR REGARD THE ODDS THAT SPAIN MIGHT ENLIST AGAINST US."

Mr. Corwine's advice, presents but another phase of this same mad spirit of filibusterism which brought together at Ostend our Ministers Plenipotentiary, as a Committee of Ways and Means on stealing Cuba. Should the advice of Mr. Corwine be followed, the whole question of Central American relations between us and Great Britain, now so nearly settled, would be reopened with a fair prospect of plunging us into a war with that power. Let us wait a little, and see what the President will do after his anticipated visit to Concord.

MR. BRECKINRIDGE ON THE DECLARATION OF INDEPENDENCE.—On the second of September, Hon. J. C. Breckinridge made a speech at Hamilton, Ohio, from a report of which we make the following extract:

"Look at the principles of this party (the Republican.) Listen to the ignominy and revelling which they combine to hurl on your sister States! We are told the Declaration of Independence is embodied in the Constitution of the United States. *The Declaration is an abstraction.* Put it in the Constitution and what would follow? It would follow that the Constitution must protect every man in his right to life, liberty and the pursuit of happiness! * * * You would find it interfering with the institutions of the States, and it would lead our country rapidly to destruction. But why do I speculate upon what it would do? Long before this our Union would be obliterated forever. It would become as INTOLERABLE and HATEFUL, as its past has been beneficient and glorious."

Now we do exceedingly regret that the fruitless labor of the 10th in this city should have had such a crushing effect upon the candidate for the Vice Presidency, as to render it necessary for him to retire to his home to fortify his health! That speech should have been delivered throughout the Free States. We might then have been able as Republicans to have passed resolutions of thanks to the honorable candidate for his efficient aid. Mr. Breckinridge prefers Disunion to even a practical recognition of the Declaration of Independence! Let the people observe whence come the threats of Disunion; let them mark those leaders who by idle bravado would drive men to vote contrary to their convictions of duty. Let every man in the crisis which unscrupulous demagogues have forced upon us, vote and act as his conscience dictates, though the heavens fall.

GRAND MASS MEETING.—The first day of October is named by the patriotic Fremont men whose name is legion in Lancaster county, for a grand rally. Many eminent speakers are advertised for the occasion, and we hope they will have such a gathering as was here on the 17th. More than fourteen hundred names are signed to the call. Lancaster is all alive. It will set an example to the other counties which we trust will be followed. The meeting will be held at Lancaster city.

FREMONT MEETING TO-NIGHT.—A Grand Rally of the Fremont men of the two cities and neighborhood will take place *to-night* at City Hall. Hon. DAVID BARCLAY, of the Clarion district, a democratic member of the present Congress, whose manhood leads him to the side of Freedom, will be present and speak; and speeches are also expected from Hon. THOS. WILLIAMS, Gov. JOHNSTON and Hon. DAVID RITCHIE. Let City Hall be filled to its utmost capacity.

CHANGE OF TACTICS.—Last week the Forney State Committee imported into Pennsylvania a crowd of Southern speakers, who proceeded to lay open their stores of Southern eloquence before the faithful; but these speakers being more honest and frank than Forney, were too outspoken in their pro-slavery harangues, and they have been dispatched to other fields. The list of appointments in this State is now to be filled by *Northern* speakers. Even Forney is beginning to see how the wind blows.

"JIM WATSON'S BOOK."—On the plantation of James Watson, near Fort Gibson, Mississippi, may be witnessed an exhibition of memory that is truly remarkable. An African girl, about fourteen years of age, answers to the same name which heads this article. It is the custom of Watson to give rewards for over work, and during the cotton picking season the amount each hand picks is weighed twice per day—noon and night. The girl stands by the overseer, and runs to the number of pounds announced to each hand, and at night the result is reported with the utmost accuracy. Her correctness is repeatedly put to the test by Watson and others who keep memoranda during the weighing, and a day or two afterwards she is catechised, and her memory found perfect. Mr. Watson works from sixty to seventy hands.

SPECIAL NOTICES.

Facts without Comment.—The Public SHOULD KNOW THEM.

NEW YORK, October 10, 1852.
☞ MRS. Hardy, No. 119 Suffolk street, writes us that she has been troubled with worms for many years. She procured one vial of Dr. Mclane's Celebrated Vermifuge, prepared by Fleming, Pittsburgh, Pa., which brought away over *fifty large worms*. Her usual health immediately returned.

Mrs. Quigby, No. 152 Essex street, New York, under date of November 1st, 1852, tells us that she had a child which had been unwell for better than two months. She procured a bottle of Mclane's Vermifuge, and administered it. The child passed a large quantity of worms, and it is now quite healthy as ever. It had been pronounced by Dr. Fareels, with good testimony besides, that there was no remedy when there is any reason to suspect worms, and lose no time in procuring and administering Dr. McLane's Vermifuge. It never fails, and is perfectly safe.

☞ N.B. Purchasers will be careful to ask for Dr. McLANE'S CELEBRATED VERMIFUGE, and not take some else. D other Vermifuges, in comparison, are worthless. Mclane's Vermifuge, also his celebrated Liver Pills, can be had at all respectable Drug Stores in the United States, and Canada. None genuine without the signature of FLEMING BROS

Age and Debility—As old age comes

creeping on us, it brings many attendant infirmities.—Loss of appetite and weakness impair the health, and want of activity makes the mind disconsolate and unhappy. In cases where old age adds its influence, it is almost impossible to add vigor and health, and although many remedies have been tried, all have failed, until SCHENCK'S HOLLAND BITTERS were known and used. In every case where they have been employed they have invariably given strength and restored the appetite. They have become a great agent for this alone, and are used by many people who are suffering from dyspepsia and general debility. In cases of long standing chronic diseases, they act as a charm, invigorating the system, thus giving nature another opportunity to repair physical injuries.

CAUTION—Guard against purchasing an imitation. To prevent imposition, be careful to ask for *Boerhave's Holland Bitters.*

Kennedy's Medical Discovery.

—We have been perusing, within a few days, one of Mr. Kennedy's Circulars, not to convince us that his medicine was what it purported to be, for we have had occasion to witness its magical effects in curing the particular class of diseases for which it is recommended, viz., humors. But if we had not this personal acquaintance with its virtues, we could not but be convinced of its worth when such a man as Erastus H. Doolittle, Esq., former proprietor of the Old Elm Street Stage House, Boston, says, that he has been cured of a disease that was hurrying him to his grave, and the remedy used was Kennedy's Medical Discovery. This is proof enough for us, and we trust that it will prove an inducement to the afflicted to *try it* at least.

Frostwort or Rock Rose.

—For the cure of Scrofulous Diseases,

NEW HAVEN, Jan. 1, 1852.

My son Charles has been afflicted with inflammation of the hip joint. At the age of 5 he was first attacked, inflammation increased until the hip was very diseased, and the joint seriously affected his leg. Having it up so that it was impossible to straighten it; a professor of surgery gave it as his decided opinion that the leg would never heal, and that the young man would never walk again.—The disease increased so rapidly that for two and a half years he only walked with a crutch, and the efforts to excercise the limb were attended with great pain, so that he could not sleep. I watched him so attentively, that for 6 months did not have one full night's rest. He had been treated by distinguished medical practitioners, by lanching, blistering, &c., he had also been before the Medical Clinique of Yale College. The remedies they recommended were most faithfully tried, but without avail. This was his disease and dreadful condition 18 months; since when he commenced taking Mystic Rock Rose. One bottle was but partly taken when he was much better, continuing until three bottles had been taken, when a cure was entirely completed, now he is in excellent health. This is the testimony if and can be corroborated by addressing Mrs. Catharine McGill, 82 Wallace st., New Haven, Ct., or can be fully substantiated by hundreds of witnesses, or by addressing a line to Rev. W. W. Belden, New Haven, Conn.

The only Medal Awarded

by the New York Exhibition to the English or foreign Sauce Manufacturers has been obtained, amongst numerous competitors, by LEA & PERRINS, or their

WORCESTERSHIRE SAUCE,

whereby further testimony is afforded of its being the best Sauce extant.

The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health is becoming daily more observed and acknowledged.

In the United States it is held to be the most agreeable condiment, and is esteemed for its tonic and invigorating properties, its habitual use enabling the stomach to digest the food.

On the Continent of Europe, these qualities have been testified to by a gentleman, who writes to LEA & PERRINS thus: "I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe my present state of health to its use; your Sauce is stomachic, and I think medicinal."

can with truth say there is nothing in a traveler's baggage so essential to his comfort, at least in these countries, as your Sauce.

In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms: "Tell Lea & Perrins that their sauce is highly approved in India, and that it is, in my opinion, the most Palatable as well as the most wholesome sauce made."

This sauce is suitable for every variety of dish, and is a universal demand which its excellence has created has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the names of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottle, as well as the labels and wrapper.
