GAZETTE—CITY DEPARTMENT.

PITTSBURGH:

FRIDAY MORNING, SEPT. 26, 1856.

The Sixth Annual Exhibition OF THE Pennsylvania State Agricultural Society, WILL BE HELD AT PITTSBURGH, Sept. 30th and Oct. 1st, 2d and 3d, 1856 ADAM ROST, C. WALKER, Sec'

THE STATE FAIR.—For the information of our readers, who intend to become exhibitors, we take occasion to say, that Tuesday will be the last day on which articles can be entered. Every arrangement has been made to accommodate them. Already innumerable articles and animals have been entered, and the prospect is that this will be the greatest exhibition ever given by the Pennsylvania State Society. We hope Pittsburgh will be not merely well, but exceedingly well represented, that every variety of manufactures will be represented. It will be seen by a reference to the premium list that Pittsburgh manufactures have the honor of a special premium, and a handsome one at that. We give below the programme of each day during the fair week:

A grand cavalcade of all the horses on exhibition will be made in the Horse Course every morning at 9 o'clock. The Marshals, preceded by Young's Brass Band, will head the procession. No person will be allowed in the Course but the members of the Awarding Committees, the owners or exhibitor of the stock, and the Officers of the Society. No person will be permitted to ride or drive at a faster gate than a trot, rack, or pace, under penalty of forfeiture of premium for the first offence, and for a second, expulsion from the course.

On Wednesday morning, at 10 o'clock, the Awarding Committee will take their position on the Judges stand and proceed to the receiving of Stock.

On Wednesday morning, at 10 o'clock, Stallions for all work will be called; at 10½, brood Mares for all work; at 11, heavy draught Stallions; 11½, heavy draught Geldings and Mares; at 12, quick draught Stallions; at 2, P. M., quick draught Mares and Geldings; at 3, draught Stallions.

On Thursday morning, at 10 o'clock, 3 year old Colts; at 10½, 2 year old Colts; at 11, 1 year old Colts; at 11½, matched Horses and matched Mares; at 12, draught farm Horses and Mares; at 1 P. M., Geldings for draught or farm; at 2, Geldings or Mares for saddle; at 3, Geldings or Mares for harness; at 3½, single Mares for saddle and harness.

On Friday morning, at 10 o'clock, foreign imported and thorough bred Horses; at 11, Jacks and Mules; at 12, horse-shoeing will commence in the Course. After 1 o'clock, P. M., the Judges will recall any stock they may wish to examine.

Persons having charge of Horses for exhibition will be careful to observe the foregoing regulations as to time and order. Care will be taken to have each class called at the proper hour. Every evening at 4 o'clock the course will be appropriated for the trial and speed of the trotters, rackers and pacers alternately, each class using the track one half hour. Every exhibitor of course stock will be expected to have his animals ready to join in the cavalcade at the appointed hour.

A FINE STOCK OF GOODS.—We spent a short time yesterday in looking over a large and exceedingly rich stock of Goods just brought on from the East by Mr. J. LAUGHLIN, Clothier, No. 39 Market-st. Mr. L. has been engaged for many years in this line of business, and has devoted his entire attention and a great deal of taste to master the difficulties of it, and place himself in an enviable position. So when Mr. Laughlin goes East his numerous customers are fully aware that he will bring home with him the very richest, rarest and choicest goods in the market, and the present trip has not resulted in the selection of such a stock as he has never before brought on, and unsurpassed in extent and richness by any other in the city. As he spread out on his capacious counters a portion of his costly velvets, silks, satins, cassimeres and broadcloths, we were surprised at the variety of patterns, the great ingenuity and taste of design exhibited therein. In the department of vestings we have never seen any thing approaching the variety and beauty of this year's styles. There is every imaginable figure and shade of color to suit the most fastidious taste; especially is this the case in velvets. The stock selected by Mr. L. for fall and winter business use is handsome, including the varieties most in vogue in Eastern cities. He has also a fine selection of broadcloths and single and double milled cassimeres of the most costly styles. The smaller but no less necessary articles of the gentleman's dress have not been over-looked by Mr. L.

We will close this notice by impressing upon our readers the fact that in no other establishment of the city can they be more certain of a successful fit, a finer variety of goods to select a suit from, and a more courteous merchant than in the establishment of Mr. Laughlin.

SPAULDING & ROGERS BALL ROOM CIRCUS.—"Shrieks of laughter," "Thunders of applause," are constantly heard resounding from the mammoth pavillion of the above establishment during the performance of their superb troupe.—They possess "the even tenor of their way" without the usual accompaniment of exaggerated advertisements filling the columns of daily papers, quotes processions of broken down, worn out wagons, &c., &c. We are decidedly in favor of the new and novel mode of transportation, for it enables them to produce in the most brilliant manner, every variety of equestrian and gymnastic performances in a style heretofore unheard or thought of. They exhibit in the American House to-day afternoon and evening this week.

A BOLD SCOUNDREL.—On Wednesday evening, Mr. Benjamin Trimble, proprietor of the American Hotel, Penn street, made information before Mayor Bingham, charging one Henry Gardner with passing counterfeit money. It seems that Gardner had succeeded in palming upon Trimble a counterfeit five dollar bill on the Bank of Commerce, Virginia, and on being informed that the note was spurious, he actually redeemed it with a counterfeit "ten" on the State Bank of Ohio. Trimble concluded that Gardner was "pulling it on" rather heavy, and had him arrested. He was committed to jail to await the charge.

LARCENY OF A HORSE.—A man named James Maguire yesterday made information before Alderman Parkinson, to the effect that on the evening of the previous day he had a small black horse stolen from the stable attached to the Wm. Penn House, kept by S. Slocum, on Penn street, in the Fifth Ward. The horse was valued at $100. The thief was traced as far as the Monongahela Bridge, where he crossed the river.—He will no doubt offer the animal for sale, or trade it off. Persons should be on their guard, as a good bargain made with a thief generally turns out hum poor investment.

We wish to call particular attention to passers by to a very handsome model by D. C. King, of Mr. Isaac Gregg's Patent Brick Machine in the window of Mr. W. W. Wilson, corner Fourth and Market streets. Mr. Gregg is about introducing his invention in this country after an absence in Europe of some years, where he has patented his machine which the correspondent calls the best machine he has come in competition with there. The model is well worth obvervation by machinists, brick makers and others.

TO MERCHANTS AND MANUFACTURERS.—This coming week, during which the great State Fair will be held in this city, will be a busy one for Pittsburgh, as thousands upon thousands of strangers will be among us. What preparation have our merchants and manufacturers made to bring themselves and their various businesses before this multitude? It will be an opportunity for increasing their business perhaps to an extent not appreciated by themselves. The only way in which this can be effected is by *judicious advertising*. Let your business be known.

FARMERS' CLUB ROOMS, Pittsburgh, Thursday, Sept. 25, 1856. "The Allegheny County Fremont Club," will meet this evening, (Friday,) at the City Hall, at 7 o'clock. The Associate and Auxiliary Clubs of the cities, towns and county are respectfully invited to attend.

Messrs. Ritchie, Johnston, Williams and other distinguished speaks will address the meeting.

W. ROBINSON, Jr., President
Allegheny Co., Fremont Club.

CORONER'S INQUEST—*Man Killed.*—A coal digger named Samuel Cutts was crushed to death, on Wednesday, morning by the falling of a mass of slate in a coal pit owned by Mr. Rwart, on the Allegheny river, about ten miles from the city. The deceased was about thirty-two years of ago, and resided in Westmoreland county.—Coroner Alexander held an inquest upon the body, and the jury found a verdict of accidental death.

We notice in the *Union* that a distinguished Professor from Tennessee was present at the Democratic meeting, in Pitt township, on Tuesday evening last, but refused to make an address. The gentleman is a profound scholar and distinguished in science, and we think very properly declined to immerse himself in the dirty pool of party politics." We heartily commend his course and trust it will be imitated.

POWERS' GREEK SLAVE.—We are glad to learn that this exquisite work of art, now in the possession of Mrs. Kate Gillespie, Freeport, will be in the city during the term of the State Fair. To those who have never seen this celebrated work of art, this will be a rare opportunity of gazing upon the "statue that enchants the world."

THE CENTRAL GLEE CLUB.—We were honored last night by an out-door visit of this excellent Club which gave us some of their very best songs. One of the features of the present glorious campaign is the amount of excellent musical ability which it has developed in our midst. It is what might be expected.—The sentiment of a large majority of our Fremont songs is of the most inspiring and ennobling character. Freedom goes always and everywhere crowned with flowers and singing her songs of joy, for she walks ever in a land of plenty and of beauty. Poetry does her earnest service; literature brings to her its choicest offerings and for her the muse of song attunes her sweetest lays. Slavery on the contrary has no literature, and no music but the sad clank of chains or the doleful song of brutal unconsciousness of misery.

We hope our good friends will continue to sing their choice songs of freedom until the hearts of all the people are kindled into a glow of love for liberty, the parent of all which adorns and enriches life. Sing on with good heart

"And golden leaves of Autumn be
Thy surcoat of victory
And thy triumphant song."

CARD PRESENTATION.—Yesterday the employees of the *Gazette* presented Mr. JOHN LAYTON, the late Clerk of this establishment, with a very handsome, massive gold-headed cane appropriately inscribed. The cane is of Fort Pitt wood, and was prepared by J. P. McFadden & Son. The following is the inscription:

"Presented
by the employees of
The Gazette
to
John Layton, Esq.,
who retires after five years
connection with the
establishment
as Clerk.

Pittsburgh, Sept. 25, 1856."

On the side is the inscription:

"Wood from Fort Pitt,
1758."

DISTRICT COURT.—Before Judge Williams.
THURSDAY, Sept. 25.

In the case of Jacob Hinds vs Wm. C. Denny, the jury returned a verdict for the plaintiff for $1,038,18.

The case of Anderson et. ux. vs. the Pennsylvania Railroad Company occupied the whole day and will probably go to the jury this morning.

FIFTH WARD FREMONT COMMITTEES.—There will be a meeting of the Executive and Block Committees held at Fremans' Hall, O'Hara-st., this evening, Sept. 26th, at 7 o'clock.

JOHN T. BROWN, Sec'y.

From the Boston Saturday evening Gazette.

"A Perfumed Breath.—What lady or gentleman would remain under the curse of a disagreeable breath when by use of the "*Fairy Queen's Flowers*" as a dentrifice would not only render it sweet but save the teeth while it is abstersed. Many persons do not like their breath is bad, and the subject is so delicate their friends will never mention it. Put a single drop of "Balm" on your tooth-brush and wash the teeth night and morning. A fifty cent bottle will last a year.

A BEAUTIFUL COMPLEXION may easily be acquired by using the "Rights of a Thousand Flowers," for it removes tan, pimples, and freckles from the skin, leaving it of a soft and roseate hue. Wet a towel, pour on two or three drops, and wash the face night and morning.

SHAVING MADE EASY.—Wet your shaving-brush in either warm or cold water, pour on two or three drops of "Rights of a Thousand Flowers," rub the beard well and it will form a beautiful lather more facilitating the operation of shaving. Price only fifty Cents.

Prepared only by the proprietors, New York.

DR. J. DUPONCO'S GOLDEN, PERIODICAL PILLS are infallible in correcting irregularities, and removing obstructions of the Monthly Turns, from whatever cause.

All Medical Men Know

as well as many others, *that no female can keep good health unless the Monthly and Hepatic* are regular, and whenever an obstruction takes place, whether from exposure to cold, or any other cause, the general health begins immediately to decline, and the want of such an invigorator has been the cause of many consumptions among young females. Headache, pain in the side, weakness of the back, nervousness, loss of appetite, and disturbed sleep most always arises from the interruption of the menses, whenever that is the case, Duponco's Pills will invariably remedy all these evils.

Full and explicit directions accompany each box, which cannot be safely followed, and all diseases peculiar to females may be speedily cured.

Duponco's Pills are sold by all the Druggists and by SAMPLE & REED, Agents for Allegheny; FULTON'S Agents for Birmingham; HAMILTON & BRO., Agents for Manchester; GEO. H. GILDENNEYNNY & CO., 67 Fifth st., Pittsburgh. They will compose the trade at wholesale prices, and send the Pills by mail on receipt of $1.00 through Pittsburgh P. O.

The Money Market has been relieved to a considerable extent, from the stringency which we noticed in our last weekly review by an increased supply of currency, and the interest thereon is now generally in a more favorable position. Good paper is not offered freely, and it is taken as rapidly as it is put upon the street, and we hear of no large actions at 8 @ cent. The low stage of water present and prospective, upon the principal lines of trade, renders the need for money is therefore much less than usual at this period of the season.

With the ample supply of currency, which comes chiefly through the Pan Handle route, the demand for Eastern Exchange has improved, and rates are advanced in the market being firm at ¼@¾ premium. We hear of one little order in New York Exchange, at which terms are nominal. Eastern bills, which are offered less freely than they were, are in good demand at par interest, and one-half off for first class names.

The Ohio River is now at a low stage, and any former period within the memory of the oldest inhabitant. The water is not navigable for steamboats, and the only boat that can be called a steamer, is the trackline at various points above and below the city, and drives a small stern wheel boat, called the Western Star. Steamboat navigation is wholly suspended and the large fleets have been laid up, which usually run the trade to Louisville and other down river points. The prospect for a change in the weather is gloomy in the extreme. The usual "equinoctial" has passed, leaving only a cloudy sky and cold breezes for results. The Ohio has fallen rapidly and continues to recede with rain in the latitude, and the weather is setting apparently for another "dry spell" which experience has pretty full demonstrated, is fatal to navigation for a private residence. They will, however, be well supplied with all necessaries, manufactured to receive their supply of goods, and supply their customers in turn with groceries, &c. Times is the order of the day, and comparatively, about low water. The heavy produce business, and the dominant trade, outside the reach of Railroads, suffer most. Can the ice current?

NEW YORK MARKET.—COTTON—The business to-day has been mostly confined to the auction room; the balance of the Barrow's cotton, amounting to 1,000 bales, was sold, which was the figure that 6,000 of the same invoice brought at the first sale, 3,163 bales of the Kingston of Boston, were also offered at public sale, and brought 8¾@10c, average 9,09, which, considering interest, shows up the market. At a private bargain, 1,200 mats Java have been sold to the trade at 10½@10¾c, and 1,000 mats Manilla at 11¼@c. The stock of the article to-day is 44,000 bales.

FLOUR—Limited business has been in animated request, and prices are firmer. The sales to-day and yesterday embrace about 16,000 bbls, from first to last, at 5 @10c on the spot, 9¾@10c with bills of lading on hand, and 10@10½c for 60 days to be shipped. We also learn, of 10,000 gals. from second to third hands at 31. A sale of 2,000 gals, was reported to-day, and 5,000 gals. on private terms. All the oil on the way has now been disposed of, and the market closes with an upward tendency. Receipts to-day run up 17,000 gals. at 96@96c. In Crude White we learn of no further movement worthy of note. Refined Winter Strained but prices are freely maintained. Refined Winter Bleached is steady and in fair request at 95@96c. Crude Lard Oil is in steady request, and the trustees are limited to the high range of prices. Olive is selling moderately at $3,25@3,40, for quarts, and $2,25@2,35 for pints. Crude Whale Oil is selling steadily in small parcels at 9¾@10c per gl. Camphene is rather lower, sales are now making at 65c cash.—N Y Trib.

The tax payers of the towns of Genoa and Venice, in the State of New York, are resisting, by suit at law, the payment of interest on certain bonds issued by said towns in aid of the Lake Ontario, Auburn and New York Railroad. This is a very important question, and if decided in favor of the bonds, large interest extending throughout the State will be affected. The case will be argued at the next term of the Supreme Court.

Iron remains steady, but rather quiet at previous quotations; further sales of 2000@3000 tons are reported at $22 for Anthracite No 1, and $27 for No 1 six mos, including 1200 tons Orane Co. at the latter rate, and some lots of No 2 delivered on the Susquehanna at $23@ ton on the usual terms; in other kinds, the transactions have been moderate, and prices remain the same.—Phil. N. Amer.

PROVISION WOOL MARKET—The market closed with the very firm feeling. The following are the sales for the week:—Fleece—118,100 lbs at from 43 to 50c. Pulled—12,100 lbs. at from 42c to 45c. Total—2000 lbs at 20c. Total sales of the week 130,200 lbs.

Warren's Improved Fire and Water Proof Composition Roofing.

HAVING been for the last eleven years extensively engaged in the manufacture of the above roofing now much used in all the principle cities of the Union, during which time it has been subjected to every variation of weather experience showed that it could not be improved, and therefore I have become satisfied to leave the Company to do a job to this city in 1845, and again to cover the *Depository* in 1847, which is still in use, and has undergone very severe weather, and is now in good repair. I have also covered a number of buildings in this city, and being engaged to fill orders to the extent of 100 squares this season, I am desirous of giving any extensive operations in a few days, when I can have the most desirable roofing in use.

The best pitch for this roofing is from one-eighth inch to one inch per foot, according to circumstance and as apply it to a much greater pitch, even five or six inches to the foot, when necessary, and every roof on which I have been employed by this method with the positive assurance that it is the best roof that can be laid on, as the testimony of hundreds of my customers will abundantly confirm of some of our roofs, which may be examined. For further information and reference, apply to the subscriber.

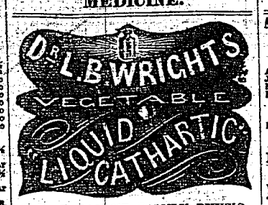
MEDICINE.



DR. PLEASANT FAMILY PHYSIC—"An entirely veritable preparation, pleasant to the taste, unwarned in its action upon the Liver, Stomach, and general system; and an Anti-bilious and Alterative Physic this Medicine

HAS NO EQUAL IN THE WORLD.

I have used it constantly in my practice for upwards of 10 years in all cases where a good Physical and Alterative was required, and would not now do without it. It is the PHYSICIAN'S ASSISTANT.

As well as the Patient family medicine in use. *Children drink it with pleasure.* It will not *nauseate the weakest stomach*, but *gently stimulate, and operate with ease*, thoroughly, and do more to *eradicate all impurities from the system* than all the boasted pills ever offered. A decided cure.

THOUSANDS OF LIVING WITNESSES

are ready to testify to its superior virtues, independent of its purgative and anti-bilious qualities! I have cured the worst cases of Scrofulous in a few days. H. L. P.

NEVER FAILING CURE

for Headache, Liver Complaint, Jaundice, Kidney Complaint, Bilious Fever, Pains in the Side, Back, Breast and Limbs, Colds, Cramps, Worms, Lumbago, Blotches on the Skin, Pimples, Cutaneous Eruptions, Obstructions in the System, Constipation of the Bowels, Dizziness, Nervous Diseases, Dysentery, Female Irregularities, Bowel Complaint, Ulcers of all kinds &c. It cleanses by its superior detergent qualities, the unsavory humor from the blood and system, thereby preventing it of through the corrupt bile from the stomach, carrying it off through the kidneys, and invigorates the whole blood and leaves the system healthy. I ask my friends to test the above Medicine, and pronounce a verdict as they shall be impressed by the evidence. Those who know me personally will not doubt its worth.

Since its first introduction, no medicine has attained such wonderful popularity as the sales have increased, beyond the most sanguine hopes of its friends. Neighbors recommend it as a sure and *UNEQUALLED PHYSIC FOR CHILDREN* will

BOERHAVE'S
HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND,
FEVER AND AGUE,

AND the various affections consequent upon a disordered Stomach or Liver. Both as indigestion, Acidity of the Stomach, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles, Pain in all Nervous Diseases, Sick Headache, Dizziness, it has in numerous instances proved highly beneficial, and in many cases effected a decided cure.

HOW IT CAME TO BE KNOWN.

Nature finds for new enemy to combat, with this delightful tonic in the system. Its effects are almost magical. Its powers to restore health to the afflicted, is truly wonderful. Its power to relieve, but by arousing its sister energy to normal action, enables it to throw off the cause, and thus restore health and vigor to the system.

When its medicinal virtues are so universally acknowledged, and particularly here, where it has become so popular a family medicine, that it is sold by many of the druggists in this city, it would be useless for me to attempt to recommend it to the public, further than to say, to offer further evidence; yet as there are doubtless some who have tried many other remedies, and are still afflicted, I ask them to give one or more of its dreadful forms, and I will guarantee a perfect cure, and to refer to the following certificates, the authors of which are as familiar to me as household words, as far as from persons as well known.

What it is doing for the Sick.

Wm. Schuchman, Esq., the well known lithographer, says: I have frequently used Boerhave's Holland Bitters, and find it invariably relieves me of my disability."

Rev. Samuel Babcock says: "I found special relief from the use of a few bottles of this medicine, and can recommend it as a safe and *UNEQUALLED PHYSIC FOR CHILDREN* will

You have yours. Dr. L. B. Wright says: "I have derived great benefit from its use (or weakness of the stomach and liver complaint.)

James M. Murphy says "After several physicians had failed to relieve my daughter of Scrofula, she was given up by her friends. She commenced taking your Bitters, and before she had taken one bottle, was entirely relieved, and is now in good health."

Mrs. Rachel Ann Smith, of Lowell, Mass., says: "After one of the best physicians in this place had failed, Boerhave's Holland Bitters was given to my daughter, with the most perfect success."

Francis Feltz, only manufacturer of the "Original Extract of Ochre," says: "I know that your Holland Bitters is one of the best medicines in the world for a disordered stomach or liver."

Dr. Lansley, editor of the "Packet," Baltimore, pronounces it a medicine deserving the confidence of the public.

Dr. Eberhart, the leading German physician of Pennsylvania, says: "I have used your Holland Bitters in my practice with great success in debilitated states of the digestive organs."

The manager of Ballou's Vinegar *Factory* says: I used it myself, and was thereby relieved from a severe attack of dyspepsia; my wife, (troubled with the great debility common to all of a sensitive temperature,) has also found it to do her more good than anything she has ever taken."

HOSTETTER—"Words are wanting to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a blessing, and a boon beyond all human calculation. Try it, and you will be convinced."

CAUTION.—The great popularity of this *Holland Bitters* has induced many imitations, which the public should guard against in purchasing. Be not persuaded to buy anything else
