THE GAZETTE.—We shall give up our columns for the most part during this week to notices of what is to be seen and learned of everything on exhibition at the fair grounds. Now is the time for merchant, mechanic and farmer to advertise. Now is the time for those in remote portions of the State, those who may not visit us again during the winter perhaps, to subscribe for a family paper. We commend to their notice, *The Gazette*. We intend to make it a welcome visiter in the family circle, a correct and reliable source of information on all matters of public interest, and a fast friend and advocate of all that in our view can advance the interests of the commonwealth or the nation. With this determination we do not hesitate to ask all who may desire a paper which at least marks out a correct course and will endeavor to follow it, to come up and subscribe for it. Office on Fifth street, just above Smithfield, near the Post Office.

THE OCTOBER ELECTION.—As this is for the last number of our Weekly which will reach all our readers before the October election, we wish to impress upon their minds the necessity of such a demonstration at the polls on the 14th as shall clear away all doubts as to the result in November. The opposition to this administration clique is sufficient to sweep its servitors out of the road like chaff if it will only unite fully and energetically, and go to the polls with the will. The whole question is plain. Do the people wish to win the main battle for the right in November? If so, let the preliminary skirmish, the trial of strength on the 14th, be triumphantly successful.

*Let every citizen be assured. Saturday next, the 4th instant is the last day in which this can be done in order to secure the right to vote on the 14th.* Every vote counts. Let every one who has the right to cast a ballot, every one who has the right to a voice in the affairs of the State and nation, be on the alert. We need not urge upon the attention of our fellow-citizens, the important questions now up for decision. They go to the very root of our institutions. Shall Liberty or Slavery be national? Shall the Constitution be made the shield and sword of Slavery in the Territories, or shall it be what our fathers intended, a protector of the just, a shield to the good and a beneficient defender of liberty throughout the land. Let every man who loves freedom, every man who desires the perpetuity of our institutions, rally to the polls in October and success will crown our efforts and clear the track for a greater success in November.

JOHN VAN BUREN.—Among all the dirt-eaters in the north part of the country, we know of none that has taken so much as John Van Buren, who is now advocating Buchanan's election. Compare his present course with his declaration at Buffalo in 1848. The following is a specimen:

"If ever I vote for, or am advocate of, a man to office, holding views opposed to the doctrines of the Buffalo platform, may my right hand forget its cunning, and my tongue cleave to the roof of my mouth! and any man holding contrary views and living at the North ought to be preemptorily damned!"

Well, there is no surer fulfilment of the latter imprecation than in relation to John Van Buren himself.

THE Philadelphia *Daily News* still persists in calling Fremont a Roman Catholic—although it has been refuted at least *fifty* times by respectable clergymen, the Lieut. Governor of New York, and many other persons who have a positive denial from Fremont's own *lips*. We take this occasion to state that a more wilful, wicked and deliberate lying sheet, than this *Daily News*, we have never known in our experience of thirty years as the conductor of a journal.—*Fottsville Journal.*

It is only one of a class. The *Post* and the *Union*, of this city, with their little Fillmore tail, are its equals in all that pertains to mendacity.

THE FAIR.—We regret the coming of this rain on account of the State Fair. That is the only thing which could cause us to regret it. Much preparation has been made and we trust to fair prospects and brighter skies for the rest of the time, than we have had for a couple of days past.

GOV. BIGLER ON SLAVE REPRESENTATION.—Although our respected Senator declared that he had not *come* among us to misrepresent the facts or suppress the truth respecting the great questions at issue in the pending campaign, we regretted exceedingly to perceive how he had calculated upon a lack of intelligence among his auditors, and had determined to take the advantage of it. Now with respect to the three-fifths rule of representation this is what he said as we find in the *Union:*

He next referred to the system of representation in Congress, which was urged as a plea against the South. It mattered not whether a man owned five, or five hundred slaves, he was entitled to but one vote, just as is every qualified man in the North—he could have but one vote—no more.

Now there is no open falsehood in that statement. It is an instance of the suppression of truth, and a suggestion of falsehood while ostensibly every word of the sentence is true. But we wish briefly to show what is concealed under this veil of fair words.

And in the first place we say that we have no complaint to urge against that provision of the Constitution which makes every five slave-chattels equal at the ballot-box to three white men! "It is so nominated in the bond," and that *is* enough to know. What we *do* say is that there is not one word or syllable in the Constitution favoring the extension of this unequal system of property representation over free territory. On the contrary, there is every argument to be drawn from legislation cotemporary with the adoption of the Constitution, to show that the compromise granting the slave-holder the right of representation for his property was not intended to pass in its effects beyond the bounds of the then Slave States. We point triumphantly to the ordinance of 1787 by which every inch of territory then belonging to the infant republic was dedicated to freedom forever.

Now to pass to the main question. "It matters not," says Senator Bigler, "whether a man had five, or five hundred slaves; he has but one vote." True; but that *one* vote tells for three-fifths of all his slaves. When the census of any slave district is taken, three-fifths are counted as voters, and the owners in their *one* ballot carry not simply the voice of one man but in addition, that of three-fifths of all their servants. This can be made plain by examples. Compare the State of South Carolina and the State of New Hampshire.

In 1850, the former State had a white population of 274,563, and six Representatives in Congress: i. e., one representative to 45,760 free white persons.

In 1850 the latter State, New Hampshire, had a white population of 317,456, and but three Representatives, or one to 105,818 free white persons. New Hampshire is entitled according to the ratio of the North, (93,420,) to more than three and less than four Representatives; South Carolina to more than two and less than three. Yet South Carolina has six and New Hampshire but three representatives.—Whence the difference? No man in South Carolina has more than one vote, but will Senator Bigler or any other Senator deny, that in taking the census of that State for purposes of representation, three-fifths of the negro slaves are counted as voters? Will he deny, that their masters in casting the one ballot do really cast three for every five slaves they possess? Will he deny that, if a district could be found in which there were 155,000 slaves, three fifths of which number would be entitled to a representative, any man among the whole of them by his single vote could elect himself their representative in Congress? Yet that man is entitled to but one vote. Let Senator Bigler tell the *whole* truth about this slave-representation; that is all we ask.

"On the subject of slavery I have formed some opinions. They are exclusively my own, formed without consultation with any body. A certain paper in this city—the Pittsburgh *Gazette*—has done me the favor of re-publishing one of my speeches, delivered in 1848, but it does me injustice."

The *Post* in its report of the speech of Mr. Van Buren puts the above words in his mouth. The same paper in another part of its issue of Tuesday morning declares that it is a forgery and a falsehood," or, to use its own words:

"Now, the editors of the *Gazette* know that the Chicago *Press* did the same thing just before Van Buren spoke there a few weeks ago; and that Mr. Van Buren immediately published a letter denying that he ever uttered such sentiments, and that it was a forgery and falsehood."

As regards the first of the above extracts, Mr. Van Buren himself will say that he is misrepresented in it. The 4000, who, the *Post* says were present in the City Hall, will testify that Mr. Van Buren said in substance:

The report of that speech as published in the *Gazette* of your city this morning is, as I remember it, correct.

Why could not the editor of the *Post* have waited until after the meeting of Monday night was over, before he wrote the article charging us with "forgery and falsehood?" Why cannot the editor of the *Post* be manly and magnanimous? These are the distinguishing traits of an enemy flushed with assurance of success as the pro-slavery party pretends to be!

Mr. Van Buren has been treated most shabbily in the reports which his friends made of that speech here on Monday evening. They do not give one principal point he made, one which we imagine took the pro-slavery Senator from Pennsylvania, Mr. Bigler, by surprise. Mr. V. B. declared that he believed in 1848 that Congress had the power to inhibit Slavery in the Territories; he believes so still. Did Mr. Cobb, of Georgia, who was present and who labored so efficiently for the Republican cause in Maine, swallow that declaration without wincing?

However, we were well pleased with Mr. Van Buren's speech. All the people of this State, we imagine, are very well acquainted with his political antecedents. They have not forgotten his speech in Reading in 1848, nor those delivered in Utica, Albany and New York during the campaign which resulted in the defeat of General Cass. The "Democracy" are welcome to all the votes he can make for them.

IS MR. FILLMORE A CATHOLIC?—We are shocked and pained in being obliged to ask this question, but necessity, which knows no law, impels us to it. The Washington correspondent of the *Courier and Enquirer* writes to that Journal that a pamphlet is said to be in preparation there, containing surprising proofs that Mr. Fillmore, the K. N. and anti-Catholic candidate, is really, by recent conversion, a Roman Catholic himself. The following are the points which it is said, will be made out in proof of this allegation:

1st. He was a frequent attendant at the Romish church while in Washington.

2d. He ostentatiously attended the funeral of Archbishop Eccleston, with his whole Cabinet, going in procession from Georgetown to the Baltimore Railroad depot, a distance of three miles.

3d. His protracted and unexplained residence at Rome during his late visit to Europe, and the great difficulty his friends had in inducing him to abandon the papal city, even for the purpose of the present exciting canvass.

4th. The fact that during the same visit he dined and held a long personal conference with the "monster of Popish cruelty and tyranny," as he was denounced by Know Nothing papers while he was in the United States, Monsieur Bedini, who was charged with having flayed alive, in 1848, Italian patriots captured by the Austrian tyrants of Italy.

5th. That he caused his daughter to be educated in a Popish convent.

6th. That on taking the 3d and 4th degree in the Know Nothing Order, (that celebrated rite which proscribes and excludes from public office all but bigoted Pro-Slavery fanatics,) he was sworn upon the solemn symbol of the cross, as the only emblem which, in his estimation, was awful and sacred enough to bind his soul in view of his previous pledges and engagements, as an Erie county abolitionist.

7th. That he is a special favorite of the Creole Catholics in Louisiana, Missouri, the Spanish Catholics of Florida, and the old Romish seceders from the Anglican Church settled in Maryland—that those classes, in fact, constitute his whole strength at the South.

8th. That owing to the influence of the personal friends and representatives of Mr. Fillmore, the Roman Catholics of Louisiana were admitted into the National Convention at Philadelphia, and the Protestant delegates were excluded.

PITTSBURGH WATER CURE.—We have heretofore commended this Institution to invalids. It is conveniently situated on the River and Railroad, 10 miles west of the city, at *Haysville Station*. See advertisement.

THE Detroit *Advertiser* says that the *Free Press* of that city, the old organ of Gen. Cass, and the new one of Buck and Breck, is publishing a paper called the *American*, ostensibly to support Fillmore, but in fact to aid the Buchaneers.—*Ohio State Journal.*

It is the same here: the Fillmore paper emanates from the office of the *Post*; the Buchanan organ, and it does what little it can to help the *Post* and its party along.

FREMONT IN MISSOURI.—The St. Louis Republican publishes a long document, signed A. Kayser, and headed "A Democratic protest against voting for the Buchanan ticket." The writer asks why it is that the numerous friends of Fremont in Missouri have no electoral ticket in the field, whilst Kentucky, Virginia and Maryland, whose children principally peopled that State, present full tickets for him. He urges that Mr. Buchanan has no principle in common with the Benton Democracy of Missouri, and therefore ought not to be supported by it. Hence he calls upon the opponents of Slavery extension in that State to rally and form a Fremont Electoral Ticket."

AN immense Fremont and Dayton mass meeting was held at Allentown, Pa., on Wednesday. There were not less than four thousand persons present in the Court House square, and stirring addresses were delivered by Messrs. Burlingame, Wilmot and Elder. The greatest enthusiasm prevailed. Upon the arrival of the speakers at the railroad depot, during the morning, they were received by an immense concourse of citizens, and escorted to the square by a procession of a mile and a half in length, including gentlemen in carriages and on horseback.

BUCHANAN men are "rather scarce" in Bradford county. The Towanda Argus states there is one township in that county which has but *one* Buchanan voter in it, and it is very doubtful whether he will vote or not!

Two very large Fremont meetings were held at Mifflinsburg and Lewisburg, in Union county, during the past week. At the first 2000 persons, and at the last 4000 are said to have been present. They were addressed by Judge Wilmot, John Kunkle, and others.

TWELFTH CONGRESSIONAL DISTRICT.—The conferees from all the counties in this district of all the branches of the anti-Administration party met at Wilkesbarre, on Saturday week, and nominated for Congress Elhannan Smith, of Wyoming county. The district embraces the counties of Montour, Columbia, Luzerne and Wyoming. It is at present represented by the Hon. Henry M. Fuller. The nomination of Mr. Smith was unanimous.

THE Washington *Union* has a long article trying to discredit the testimony of James Buchanan, in regard to Col. Fremont's claims to be called the "Conqueror of California." Well, if the *Union* will not believe its own candidate under oath, how can it expect the people to vote for him for President.

James Buchanan has been lately on a secret visit to Senator Trompson, at Princeton, N. J. The papers say the purpose of his visit was to strike coins like Judas's "bargain and sale" for the Fillmore vote in the Jerseys. We suppose he has been as successful as he was in 1824, when he tried to "dicker" with Clay and Jackson.

## SPECIAL NOTICES.

**Medical Testimony Cannot be Contravened**—One of the most startling cases is narrated of Dr. McLane's Vermifuge by Dr John Butler of Lowell, Trumbull Co., O. The case was that of a young lady who had been very sick for *eight years*; and had consulted a number of physicians, who had treated it as one of Prolapsus Uteri or Dyspepsia, and then called in, and for a time believed with his predecessors that it was a case of Prolapsus. It was however, soon forced to the conclusion that his patient was suffering from worms, and after much persuasion prevailed upon her to take two doses of Dr. M'Lane's Vermifuge, prepared by Fleming Bros., of Pittsburgh. This medicine had the effect of removing from her a countless number of the largest size. After she passed them, her health immediately returned. She is since married, and continues to enjoy excellent health.

☞ Purchasers will be careful to ask for Dr. M'LANE'S CELEBRATED VERMIFUGE, and take none else. All other Vermifuges, in comparison, are worthless. Dr M'Lane's Vermifuge also his celebrated Liver Pills, can now be had at all respectable Drug Stores in the United States, and Canada. None genuine without the signature of FLEMING BROS

**Dr. Keyser's Shoulder Braces**—From Pittsburgh Dispatch, April 10th, 1856.—For more than 3 years past we have constantly worn the Washington Suspender Brace, manufactured by Dr. Geo. H. Keyser, of No. 140 Wood st., in this city, and would highly recommend it to all who are compelled to follow a sedentary occupation. As we have before remarked, in calling attention to its merits, it shelves the brace and suspenders, the weight of the pantaloons being so placed as to continually tend to bring the shoulders to their natural position and expand the chest. Women, hundreds of whom are annually injured by the weight of enormous "skirts," should also procure these braces. Be particular in procuring the kind mentioned, as many of the braces sold are worthless. Sold at Dr. GEO. H., KEYSER'S, Wholesale Druggist, 140 Wood st. sign of the Golden Mortar.

**Frostwort or Rock Rose.**—For the cure of Scrofulous Diseases.

NEW HAVEN, Jan. 1, 1852.

My son Charles has been afflicted with inflammation of the hip joint. At the age of 5 he was first attacked; inflammation increased, until the hip was very diseased, and the joint seriously affected his leg, drawing it up so that it was impossible to straighten it; a professor of surgery gave it as his decided opinion that the leg would never heal, and that the young man would never walk again.—The disease increased so rapidly that for two and a half years he only walked with a crutch, and the efforts to exercise the limb were attended with great pain, so that he could not sleep. I watched him so attentively, that for 5 months did not bathe one full night's rest. He had been treated by distinguished medical practitioners, by leeching, blistering, &c., he had also been before the Medical Clinique of Yale College. The remedies they recommended were most faithfully tried, but without avail. This was his disease and dreadful condition 18 months since when he commenced taking Myers' Rock Rose. One bottle was but partly taken when he was much better, continuing until three bottles had been taken, when a cure was entirely completed, now he is in excellent health. This is the testimony of and can be corroborated by addressing Mrs. Catharine McGill, 9 Wallace st., New Haven, Conn., or can be fully substantiated by hundreds of witnesses, or by addressing a line to Rev. W. W. Bolden, New Haven, Conn.

**Age and Debility**—As old age comes creeping on us, it brings many attendant infirmities.—Loss of appetite and weakness impair the health, and want of activity makes the mind discontented and unhappy. In cases where old age adds its influence, it is almost impossible to add vigor and health, and although many remedies have been tried, all have failed, and HOSTETTER'S HOLLAND BITTERS were known and used. In every case where they have been employed they have invariably given strength and restored the appetite. They have become a great agent for this aid, and are used by many people who are suffering from loss of appetite and general debility. In cases of long standing chronic diseases, they act as a charm, invigorating the system, thus giving nature another opportunity to repair physical injuries.

CAUTION.—Guard against purchasing an imitation. To prevent imposition, be careful to ask for *Hostetter's Holland Bitters.*

☞ Sold at $1 per bottle, or six bottles for $5, by the proprietors, BENJAMIN PAGE, Jr., & CO., Manufacturing Pharmaceutists and Chemists, Pittsburgh, Pa., and Druggists generally.

**The only Medal Awarded by the New** York Exhibition to the English or Foreign Sauce Manufacturers has been obtained, amongst numerous competitors, by LEA & PERRINS, or their

WORCESTERSHIRE SAUCE,

whereby further testimony is afforded of its being the best Sauce extant.

The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health is becoming daily more observed and acknowledged.

In the United States it is held to be the most agreeable condiment, and I esteemed for its tonic and invigorating properties, its natural use enabling the stomach to digest the food.

On the Continent of Europe, these qualities have been testified to by a gentleman, who writes to LEA & PERRINS thus: "I have carried a bottle of your Worcestershire Sauce in a tour I have just commited through Spain and Portugal, and believe I owe my present state of health to its use; your Sauce is stomachic, and I think medicinal, can with truth say there is nothing in a traveler's baggage so essential to his comfort, at least in these countries, as your Sauce.

In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms: "Tell Lea & Perrins that their sauce is highly approved in India, and that it is, in my opinion, the most Palatable as well as the most wholesome sauce made."

This sauce is suitable for every variety of dish, and a universal demand which its excellence has created has led to many imitations being offered to the public, under names of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottle, as well as the labels and wrapper.
