GRAND MEETING LAST NIGHT

10,000 Citizens in Attendance!

The largest local political gathering ever witnessed in Pittsburgh took place last night at the Second Ward Stand, to hear Mr. Banks. The large space in front and around the stand was literally packed with human beings, and the meeting was well described by the speaker as one of which he could not descry the limits, before him, or on either hand. We think we are justified in saying that there were 10,000 persons on the ground.

The evening was beautiful, calm and pleasant; and Mr. Banks, with his fine voice, had no difficulty in making himself distinctly heard by the immense crowd. He was greeted with nine rousing cheers, when he took the stand. He proceeded to address the people for two hours in a logical and eloquent speech—calm, dignified, and well-reasoned, and the patient attention given to it by the listening crowd showed that it made a deep impression. There was a very general desire on the part of our citizens to see and hear the distinguished orator, and we are assured that his speech sustained to the full the high reputation he has achieved.

LATE ELECTIONS.—In the three counties composing the "Upper Peninsula" of Michigan, the election for Representatives takes place by law early in the fall, owing to the severe weather prevalent up there in November. This year the election took place on the 30th of September; and the Buchaniers are making much ado because they have elected a Senator and two representatives. Returns out that *both* the candidates running for Senate were democrats; one of the representatives in the last legislature was re-elected, and the other representative elect is a volunteer democrat, who defeated the regular nominee. The whole election turned upon a railroad question, and there were no Republican candidates in the field.

IN MARYLAND, the Fillmore men have carried Baltimore by 2000 maj. They carried it two years ago by the same majority.

IN CONNECTICUT, the living reports sent by telegraph have been overtaken by the true returns. The Republicans have succeeded in carrying a majority of the towns, notwithstanding an open fusion between the Fillmore and Buchanan men.

EASTERN PENNSYLVANIA.—We are pleased to learn that the difficulties in the Chester Congressional district, among our friends, have been settled by the withdrawal of Mr. Broomall, and JOHN S. EDWIN is now the only candidate. He will be triumphantly elected over Hickman, the present member.

In the 1st (Philadelphia) district, now misrepresented by Florence, Mr. ACKER, the Republican candidate, has withdrawn, leaving the coast clear for Mr. KNIGHT, the other anti-Buchanan candidate. We hope the example may be followed by the candidates in the other Philadelphia districts, so that the opposition may present a united front.

P. S.—Since the above was written, GEO. H. STUART has withdrawn in the 2d district, leaving the coast clear for Hon. E. JOY MORRIS. This secures his election, and the telegraph informs us that ASHMUN has also been effected on the county legislative ticket.

M'KEESPORT MEETING.—The grand demonstration at M'Keesport comes off on Saturday. Those who desire to go from this city can take the 11 A. M. train for Turtle Creek, and they will find a boat in waiting at Port Perry to take them up to M'Keesport. The arrangements have all been made in the best manner, and we have no doubt the demonstration will be an imposing one.

FOREIGN DISPARAGING ISSUE.—We publish today, in full, the extraordinary application of 6 South Carolina Catholic Buchanan men to Archbishop Hughes for absolution from his allegiance to this government. It is not only a novelty, but an astounding developments, of the tendencies of political Catholicism.

A few days since we had a threat from MCMASTER, backed by all the episcopal and archiepiscopal authority of the Catholic Church, to apply the tortures of the Inquisition to an American citizen; and now this is followed by an assertion, in a public manner, of the church's claim to absolve men from their allegiance to the government. Thus, step by step, we are marching to a realization of the Middle-Ages practice of the Roman hierarchy. His Grace the lordly Archbishop of New York, is to preside over the Inquisitorial dungeons, while MCMASTER applies the "HOT IRON" to stubborn heretics, *"quick and sure,"* and fill up the intervals of his leisure by absolving ardent BRISBANES from owning allegiance to the government of a Protestant. The days of King John are to come again; and if success lags in the steps of these bold measures, the country may be put under papal interdict. Who says the Millennium is not coming!

It has often been denied by Catholics who have been reared in the lap of a Republican government, that the Catholic Church claimed supreme power over earthly governments, with authority to bind or absolve the allegiance of the people at pleasure; but here is demonstration clear as holy writ that not only is such power claimed, but its exercise is openly asked for. The loyalty of the Catholic masses in this nation would seem to hang upon nothing more substantial than the breath which issues from the nostrils of "JOHN, Archbishop of New York."

That the democratic party of this nation should encourage such a spirit as this, and cling to it as one of its hopes of success, sufficiently betrays the depth of its degradation and judgment. It sees defeat boldly staring it in the face; and with the true spirit of treason, casts about for methods to overturn the government it cannot control. Let us be thankful that gibbets are not extinct; a few traitorous BRISBANES dangling from them, should the threatened resistance be attempted will doubtless bring these schemers to their senses.

We have no appeal to make to Protestants, in view of such a development as this. They know the worth of their civil and religious liberty, and the best means of protection for the free institutions under which they live.

BULLY BROOKS.—This silly creature has had his head turned by the ovations paid him in South Carolina for his brutal assault on Sumner. He recently made a speech at home, from which we take the following extract:

"I am by no means confident of the election of Mr. Buchanan. I think it probable that John C. Fremont may be the next President. With the platform upon which he goes into power, with $80,000,000 at his control, with the Army and Navy at his command, what is to be done to you when all these elements of power are in the hands of a dangerous, bad man?

I speak on my individual responsibility; if Fremont be elected President of the United States, I am for the people in their majesty rising above the law and leaders, taking the power into their own hands, going by concert or not by concert, and laying the strong arm of Southern freemen upon the Treasury and Archives of the Government. [Applause.] I speak for myself; I do not say what I do not intend to do. If you, people of the Fourth Congressional District, 50, 100, 500, or 1,000 of you, intimate to me that you want me to go with you, my life, my fortune, my reputation shall be at your service. I have even now men in my eye who are soldiers, and who have been tried. I see here Col. Gladden and Major McCullom, and I tell you that their patriotism will rise superior to their price. If you say you want me to go, humble as I am, and superior as they are to me, I am ready, and I know their patriotism will call upon them to take, if it must be, a subordinate command in doing their duty. [Loud applause.]"

This seems to be a natural development of Buchanaism. If we can't succeed, youth Brooks, in electing our man President, we will turn thieves and rob the exchequer of the government. These are your true Buchaniers. It is not the Union they want to dissolve, but the Treasury they want to rob.

THE REACTION.—A friend has placed in our hands the following paragraph, which is now going the rounds of the Buchanan papers at the West:

"One hundred and seventeen members of the Methodist Church in Pittsburgh, Pa., who were in favor of *Fremont*, have come out and repudiated the Black Republican Party, on the ground that its leaders are aiding and abetting the treason, and civil war now existing in Kansas.

This is a sign that the entire religious element of the country is not fanatically blind. There is hope that, during the intervening month until the election, many more church members may see the error of their ways and repent, as have one hundred and seventeen members of the Methodist Church in Pittsburgh.

We doubt whether so extraordinary an event has occurred in political history as the instigation of civil war in Kansas by political leaders, in the manner in which they have turned it to their own account. In view of it, other men may well lose confidence in the public intelligence.

But following the event is plainly a *reaction*, an indication of which is the movement of one hundred and seventeen members of the Methodist Church in Pittsburgh."

There is not one word of truth in this. No such event ever took place in this city. The only changes that have taken place among the Methodists in Pittsburgh have been from Buchanan to Fremont. The party must be badly off for comfort when it has to resort to such fabrications as this.

BOGUS DISPATCHES.—The Buchanier managers are striving to arouse a little enthusiasm at the East by fabricating dispatches. The following, which we clip from the N. Y. *Times*, is a specimen:

HARRISBURG, Pa., Tuesday, Oct. 7.

A large and enthusiastic Democratic mass meeting was held here this evening. It was addressed from two stands by Hon. James B. Clay, George R. Riddle, Charles Brown, Gen. Coons, of Wisconsin, and others.

No democratic meeting whatever was held at Harrisburgh on that day; on the contrary, Mr. BANKS spoke there on the night of the 7th, to an enthusiastic crowd of Fremonters.

WHAT AILS MR. BUCHANAN?—A letter to a New Orleans gentleman, from his son in Lancaster county, says that the writer had, on the previous day, met and (only think of it!) shaken hands with the late James Buchanan. He adds that James "looked haggard, care-worn and dejected, just as though the blight of a life-long ambition was upon his soul." We have heard reports of this kind before, and the symptoms we are told, are much more distressing as the State election approaches. It appears, however, that Mr. Buchanan is not without the best medical advice, for the organ of Wheatland, the Lancaster Intelligencer, yesterday, says that "Sir Henry Holland, physician to the Queen of England, was a visitor at Wheatland, Mr. Buchanan's residence, on Wednesday last."

All this intelligence is painful in the extreme, and the country wants to know what is the matter with Mr. Buchanan. Does he want bleeding, as he did once in his old federal days? Or is he troubled with the old Democratic complaint of weakness in the back-bone? Pray, Sir Henry Holland, physician to the Queen of England, do tell us what is the matter with Mr. Buchanan. And if he is really in such a very bad way, have mercy upon him and upon his disturbed Democratic friends and advise him to withdraw. That will be the best thing for him, for the Democracy and for the country. Do tell us, Sir Henry? Will Mr. Buchanan withdraw? —*Phila. Bulletin.*

THE SHAKERS FOR FREMONT.—A gentleman who lives at the Shaker establishment in Lebanon last Sunday, states that he heard Elder Evans deliver a very earnest and effective Republican discourse to four hundred of his Shaker brethren, all of whom intend to vote for Freedom and Fremont in November next. The Elder said that when there was nothing of more importance in politics than questions of tariffs and sub-treasuries, it was not their duty to interfere—then politics might be left entirely with the world's people. But when freedom was at stake it became a duty to let their votes be given in its defence. The announcement was received with great applause.—*N. Y. Evening Post.*

THE COLUMBIA RAILROAD belongs to the people of the State, but it is now used by the Democracy for party purposes. Between four and five thousand passes have been issued to the faithful to secure a full attendance at the Lancaster Convention, and hands of quasi are transported up and down the road on the orders of Superintendent BAKER. This is a shameful abuse of power, for the Canal Commissioners and their agents have no right to rob the State of its revenue. Such things should arouse the taxpayers to the protection of their interests.—*Phil. Bul.*

THE Republican Torch Light Procession last night was the most imposing demonstration of the kind ever witnessed in this city. It disappointed everybody. We anticipated a great turn out; but did not expect to see ten thousand men in the procession. The rowdyism of the Fillmore men was a disgrace to the city and to the party with which they are connected. To the credit of the Buchanan men be it said, that so far as we observed they behaved like gentlemen. Stones were thrown indiscriminately and several persons, *chiefly ladies*, were injured quite seriously.

Let nobody suppose that such conduct can advance the interests of any party. Our people will neither favor nor tolerate this species of ruffianism. It was suggested that rowdy Buchaneers shouted for Fillmore and helped commit the outrage. We do not know whether this was so or not. All we know is that there was very little shouting for Buchanan, and the stones proceeded from crowds who made demonstrations in favor of Fillmore. Every stone thrown last night made votes for Fremont.—*Cin. Gaz.*

THE Boston Journal is informed that since the defection of N. B. Bryant (who was on the Committee to receive the President) from the Buchanan Party at Concord, N. H., twenty men who voted for Pierce in 1852, ten of whom also voted for Gov. Wells, have announced their intention to vote the Fremont ticket. It was announced that the visit of the President to New Hampshire would bring many wanderers back to the Democratic fold, but no such result has followed.

THE Philadelphia Daily Times says that the Democrats have two secret sworn associations in that city. One of the societies is known by the initials L. D. P., that is the "Living Democratic Party." Its purpose is to bring out men to the polls and vote them whether they are citizens or not. If any precinct threatens to give a majority against them, and it does not suit their purpose to permit it to be counted, they are sworn to break the ballot boxes or carry them off.

NEW YORK, Oct. 7.—The German Republican meeting at the Academy of music to-night was a great demonstration. The building, which will hold six thousand persons, was crammed to overflowing, and for more than an hour after the organization, people continued to arrive and depart in great numbers. The most intense enthusiasm prevailed. Mr. Hecker, of Illinois, made the principal speech of the evening, and the bravas that interrupted him from his German friends were at times deafening.

WHEN Colonel Fremont took his seat in the United States Senate, the Washington Union spoke of him as follows:

His character is marked by so many traits of enterprise, sagacity and energy, that we are disposed to augur the best results from his participation in the civil concerns of his country.—His own genius has raised him to the distinguished post which he occupies—a self balanced character will maintain him in it.

A case for Brooks was voted some time since by the chivalrous young gentlemen of Alexandria, Va., who wished to show their admiration of the assault on Mr. Sumner. The money was raised, but when they came to look about among their fellow-citizens, they found there was none that could make it, and they were compelled to send to a Northern city to have it manufactured.

CONSISTENT.—The Buchanan party who have been abusing and villifying every clergyman who dared to open his mouth for Fremont, as a "political parson," now bring out Rev. J. C. Lovejoy, of Cambridge, on the stump for "Old Buck" and cackle over the event like a hen over a new laid egg.

DIED—At St. Louis on the morning of the 5th inst., Mr. WALTER F. JONES in the 30th year of his age.

SPECIAL NOTICES.

Important Notice to those Afflicted WITH CHRONIC DISEASES, by Dr. A. B. HEATH, New York City. Finding it impossible to attend personally to all my patients, and being unwilling to trust such responsible duties to assistants or students, and for the purpose of suppressing the sale of worthless and injurious quack medicines, as well as the impositions advertised under fictitious names, offering to send recipes gratis, or on receipt of letter stamps or one dollar, &c.—to obviate the above, and to accommodate patients in all parts of the country, I send medicines, with full directions, to cure any disease, for $5, unless treatment is required for a longer period than one month, when the fee is the same for each month. The fee for all curgical operations, including that for the medical cure of hernia, will depend upon the peculiarity of the case. Patients will give a full statement of all their symptoms, as the remedies are prepared with an especial reference to each case. All money letters should be registered. The first part of my illustrated work will be sent to any address on the receipt of 10 cents. A. B. HEATH,

Liver Complaint.—The only remedy ever offered to the public that has never failed to cure, when directions are followed, is McLANE'S Liver Pills, prepared by Fleming Bros., Pittsburgh, Pa. It has been several years before the public, and has been introduced in all sections of the Union. Where it has been used, it has had the most triumphant success, and has actually driven out of use all other medicines. Its excellence has created has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the names of "M'LANE & PERRINS" being impressed upon the patent metallic capsules or patent glass stopper of the bottle, as well as the labels and wrapper.

Dr. Keyser's Shoulder Braces.—From Pittsburgh Dispatch, April 10th, 1856.—For more than 3 years past we have constantly worn the Washington Suspender Brace, manufactured by Dr. Geo. H. Keyser, of No. 140 Wood st., in this city, and would heartily recommend it to all who are compelled to follow a sedentary occupation. As we have before remarked, in calling attention to its merits, it answers for a brace and suspenders, the weight of the pantaloons being so placed as to continually tend to bring the shoulders in their natural position and expand the chest. Gentlemen, hundreds of whom are annually injured by the weight of enormous "skirts," should also procure these braces. In particular is procuring the kind mentioned, as many of the braces sold are humbug. Sold at Dr. GEO. H. KEYSER'S, wholesale Drug-ist, 140 Wood st., cor. of the Golden Mortar.

Frostwort or Rock Rose.—For the cure of Scrofulous Disease.

NEW HAVEN, Jan. 1, 1855.

My son Charles has been afflicted with inflammation of the hip joint. At the age of 5 he was first attacked, inflammation increased until the hip was very diseased, and the joint seriously affected his leg. During the time of this it was impossible to straighten it; a professor of surgery gave it as his decided opinion that the leg would never heal, and that the young man would never walk again. The disease increased so rapidly that for two and a half years he only walked with a crutch, and his efforts to exercise the limb were attended with great pain, so that he could not sleep. I watched him so attentively, that for 5 months did not have one full night's rest. He had been treated by distinguished medical practitioners, by leeching, blistering, &c., he had also been before the Medical Clinique of Yale College. The remedies they recommended were most faithfully tried, but without avail. The case was his disease and dreadful condition 18 months; since then he commenced taking Myers' Rock Rose. One bottle was but partly taken when he was much better, continuing until three bottles had been taken, when a cure was entirely completed, now he is in excellent health. This is the testimony of and can be corroborated by addressing Mr. Silas Bradley McGill, 91 Wallace st., New Haven, Conn., or can be fully substantiated by hundreds of witnesses, or by addressing a line to Rev. W. W. Belden, New Haven, Conn.

WORCESTERSHIRE SAUCE,

whereby further testimony is afforded of its being the best Sauce extant.

The creativity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health is becoming daily more observed and acknowledged.

In the United States it is held to be the most agreeable condiment, and I esteemed for its tonic and invigorating properties, in the Hotel use enabling the stomach to digest the food.

On 12 Outhouses of Europe, these Sauces have been testified to by a gentleman, who writes to LEA & PERRINS thus: "I have tasted a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe my present state of health to its use; your Sauce is excellent, and I think moderately can with truth say there is nothing in a traveller's baggage so essential to his comfort, at least in these countries, as your Sauce.

In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms: "Mr. Lea & Perrins that their sauce is highly approved in India, and that it is now in fashion. The most Palatable as well as the most wholesome sauce made."

This sauce is suitable for every variety of dish, and a universal demand which its excellence has created has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the names of "LEA & PERRINS" being impressed upon the patent metallic capsules or patent glass stopper of the bottle, as well as the labels and wrapper.
